COUNCIL WILL HELP BOULEVARD

Pledges Itself to Appropriation \$1,000 For Bridge Across City Creek.

IMPROVEMENTS TO BE MADE.

Resolution for Immediate Action is Blocked by Black, Who Offers an Amendment.

The city council last night pledged itself to appropriate \$1,000 for the construction of a bridge across City creek at the entrance to the canyon so that the plans for the proposed new boulevard may be carried out. It also agreed to make other improvements in the canyon as suggested in a communication from the Commercial club. The money for the bridge will be forthcoming when the club raises its \$5,000 for the proposed improvement. The petition from the club asked that the council take action on the following suggestions:

(1) That the construction of a concrete bridge over City creek at a point where that stream is intersected by the proposed road, said concrete bridge to cost not to exceed the sum of \$1,000.

(2) That you direct the removal of the rock crusher now being operated in City Creek canyon at as early a date as possible.

(3) That you terminate, as soon as is consistent with the public obligations already incurred, the leases under which the sand and gravel pits are now being worked in said City Creek canyon, and that no new leases of like kind be made so far as that particular locality is concerned.

(4) That the powder house now in City Creek canyon be removed.

(5) That you direct the beginning of work on the small park lying at the intersection of Third Street and Canyon road, and that you order the grading of said Third Street from State Street to Canyon road.

(6) That your honorable body indicate your intention to acquire and otherwise maintain in good condition the proposed boulevard when the same shall have been completed.

(7) That your honorable body begin at once the work necessary to accomplish the objects herein and heretofore set forth.

BLOCKED BY BLACK.

A resolution was introduced by Wells authorizing the board of public works at once to advertise for bids for the construction of the bridge. Tildenham favored the resolution and urged its adoption. Black moved as an amendment that the whole matter be referred to the city engineer and the committee on public grounds and streets and that the engineer furnish an estimate of the cost of the work and the plans for the same. The amendment was carried and the council will act on the matter as soon as the plans are prepared and the Commercial club raises its \$5,000 towards the boulevard.
