

LOCAL AND OTHER MATTERS.

CONSEQUES OF PRESIDENT JOHN YOUNG.

The funeral services of President and Patriarch John Young took place in the Tabernacle at mid-day, the building being pretty well filled with those who had assembled to pay their last tribute of respect to the deceased.

The services commenced by singing the hymn

"Thou dost not weep to weep alone," After which prayer was offered by Elder Geo. Q. Cannon. The hymn

"O, my Father, Thou that dwellest," Was next sung, when an instructive and appropriate address was delivered by President Geo. A. Smith, in which the chief points of the life and labors of the deceased, before and since his connection with the Church of Jesus Christ of Latter-day Saints, were dwelt upon, and also the hopes of glory and immortality enjoyed by the faithful in this work.

Remarks by Elder Geo. Q. Cannon followed, of the Book of the 15th Section, page 134, of the Book of Doctrine and Covenants. The hymn "Farewell all earthly honors" and prayer by President Geo. A. Smith, closed the services.

The remains of the deceased were followed to the cemetery by a long procession, in carriages, in the following order: President Brigham Young, and the remaining brothers of the deceased; the hearers, the counselors of the High Priests' Quorum; six pall bearers; the family and relatives of the deceased, members of the High Priests' Quorum, and citizens.

THE MATINEE.—The Matinee to-morrow afternoon will no doubt be a big affair. Every head of a family that can possibly afford it, should let the children go to the Theatre on that occasion, to see the infant, juvenile and adult performers of the "Jap" troupe in their surpassing and sensational programme. Let the children have their fun, they will not have another chance like it in a hurry.

THE JUVENILE EXCURSION.—On Monday next, the juvenile portion of the community will have an opportunity to gratify their curiosity regarding the iron horse, as arrangements have been made for a grand juvenile excursion to Ogden on that day. We trust that the weather will be propitious for the occasion, that the little ones may have a day of enjoyment. As the excursion has been gotten up in connection with the Sunday School Union, the children will be under the care of the Superintendents and teachers. The train will be the largest that has yet run on the Utah Central Rail Road.

THE JAPANESE.—Remember this is the last night but one of this extraordinary band of equilibrist and jugglers, and as their like will probably not be seen again for years, the present opportunity should be embraced. To-night at eight they will again appear in their programme of surprises and sensations.

MAEPEPA.—During Conference week the performances at the Theatre, we understand, will be of an entirely new character. Leo Hudson, the famous performer of "Maeepepa," and other dramatic pieces of that class, will appear in some of her famous characters. She arrived in this city last evening, and makes her first appearance on Monday evening, the 2d proximo.

THE GRASSHOPPERS.—The warm weather of the last few days has had a wonderful effect in enlivening these "peaky critters," and in many localities in the city the juvenile "hoppers," in myriads, are as busy as it is possible for them to be. They have already commenced their depredations on the garden stuff, and unless Providence otherwise orders it there is every prospect that considerable damage will result from their ravages again this season.

DISORDERLY SOLDIERS.—About 12 o'clock on Wednesday night a party of twelve or fourteen soldiers, on First South St., supposed to be returning to camp from the Theatre, when they reached the 11th Ward, commenced breaking fences and windows, tearing up footboards, hallooing, yelling and otherwise acting more like a pack of drunken Indians than white men wearing the honored livery of "Uncle Sam."

One of the citizens, aroused from slumber by the breaking of his fence, arose, and having obtained the assistance of several neighbors, they went in pursuit and on overtaking the crowd remonstrated against such lawless conduct. The military began talking big things, about what they would do if these citizens interfered with them, and finding that remonstrance was useless, the citizens, who had unfortunately taken the precaution to arm themselves, drew their revolvers, and by this means quieted their bellying and they were succeeded in capturing three of the most turbulent, and with a good deal of trouble lodged them in the City Hall. Yesterday the precious trio were brought before Alderman Clinton, when the ringleader was fined twenty-five dollars, and the other two ten dollars each.

Disturbances by soldiers stationed at Camp Douglas, were formerly common occurrences, but for several years past, owing to the excellent discipline maintained there, they have been very rare. It is to be presumed that these delinquents belong to some recently arrived here, and that they have not yet got the "hang" of their new "meetinghouse." It is probable that the fine assessed by the Doctor may have some effect in convincing them of the impolicy and impropriety of such conduct.

NOTICE TO PRE-EMPTION SETTLERS.—We have received the following circular, which we publish pro bono publico.

Department of the Interior,
General Land Office,
March 22d, 1870.

Pursuant to instructions from the Secretary of the Interior, it is hereby ordered: That settlers upon unsurveyed lands (including those within railroad limits settled upon prior to withdrawal) shall file their declaratory statements with the Register of the proper land office (or with the Surveyor General, where the plat has not been filed in the district office) within six months after survey in the field, and shall make proof and payment within twelve months from the date of filing, as required by law. Where parties have failed to comply with the above provisions, they must file for lands settled as survey, proof and payment must be made within twelve months from the first day of June, 1870, at which date this notice will take effect.

Settlers, prior to withdrawal on lands

surveyed at date of settlement, within railroad limits, must file their declaratory statements within three months from said first day of June next, and thereafter make proof and payment as required by law. Full information will be furnished upon application at the respective United States District Land Offices.

JOS. S. WILSON,
Commissioner.

The subject to which the above refers, is one of great importance to hundreds of our people, but it is one upon which we think many of them have manifested considerable apathy. The great majority of them lived here for years before the pre-emption or other land laws were practically applied by the Government to this Territory; and though many have availed themselves of the opportunity to purchase their homesteads presented by the opening of a land office here a year or two ago, we are satisfied that many have not yet done so. This neglect, if persisted in, will lead to unpleasant results; and we urge all, who have not hitherto complied with it, to adopt without further delay, the course indicated in the circular of Commissioner Wilson.

ON DR.—Rumor sent a dwelling, occupied by a negro woman, in Ogden, last night, and murdered her, knocking her brains out with a railway coupling pin.

AUSTRALIAN GOLD.—The value of the Australian gold imported into Great Britain in 1869 was \$39,463,785, an increase of \$4,515,815 over 1868, and of \$10,457,550 over 1867. This year commences with a receipt of \$3,766,825 for January, a large increase over previous years. The opening of new gold fields in New Zealand, Queensland and Tasmania has contributed to the increase during the past year. Recent official returns show that 2,651 distinct quartz veins have been proved to be auriferous in Victoria, and at the same time 884 square miles of gold fields were worked, and the value of gold mining claims was estimated at \$44,347,520. The gold production of Victoria in 1868 is given as 1,657,498 oz., of which about one-third was from quartz veins.
