

WOODHILL MURDER CASE VERDICT

Coroner's Jury Says Eastman Either Killed the Woman or Was Accessory to Crime.

FINDING WAS A COMPROMISE.

Wife Claims Money and Property and Is Granted Letters of Administration.

St. Michaels, Md., June 28.—The verdict of the coroner's jury in the Woodhill murder case was that "Eastman killed Edith May Thompson Woodhill or was accessory to the murder."

It was a compromise verdict, as four of the members of the jury refused to sign until the words "or was accessory to the murder" were added.

WITNESSES' TESTIMONY.

Three witnesses gave interesting testimony before the coroner's jury, but developed nothing to change materially the complexion of the strange case. William Sutton, who went to the shack to ask Eastman to attend a religious meeting, definitely fixed the time of his visit as Sunday afternoon between 6 and 8 o'clock. This also definitely fixes the time of the murder as occurring on Sunday night. Sutton swore positively that he heard Mrs. Woodhill's voice. There was nothing to indicate that she and Eastman were or had been engaged in quarrel.

PICKED UP SOME GIRLS.

Powell said Eastman told him he had picked up some girls at St. Michaels, on Saturday, and had asked them, if they would go to the bungalow in his launch. They agreed and everything went well until the launch grounded off Robert Smith's place. Then the girls were "cold feet." Eastman said, and wanted to go home. Eastman said he wanted the girls to take off their shoes and stockings and wash ashore. This they refused to do. He then asked them to get into the launch and asked them to land him a boat as he had two ladies to protect.

Eastman said he eventually got the girls ashore, stole George Taylor's team and drove them home. The witness presumed he meant the girls' "home." Robert Smith testified that Eastman appeared at his place Sunday night between 11 and 11:30 o'clock, saying his launch was ashore, that he had a "lad" on board and that he would not have Seth know who she was for \$1,000. Seth said he agreed to let Eastman have a team and to place it where he and the girl could reach it without being seen. The team was placed at the point agreed upon, but remained there uncalled for all night. Eastman wanted to take no other action, but Seth said he would wait until the next day he told Seth he had decided to take Taylor's team instead.

S.S.S. CURES BLOOD POISON

When the blood becomes infected with the virus of Contagious Blood Poison, the symptoms are soon manifested. The mouth and throat ulcerate, copper-colored spots appear, a red rash breaks out, the hair begins to come out, and usually sores and ulcers show themselves on different parts of the body. At the first sign of the disease S.S.S. should be taken, for the tendency is to work down and attack the bones and nerves, and sometimes it makes a complete physical wreck of the sufferer. The disease can make no such headway if S.S.S. is commenced and used according to directions; its progress can be stopped, the poison removed, and health preserved. S.S.S. goes into the blood and removes the insidious virus, cleanses the circulation and makes a complete and permanent cure by driving out the cause of the disease. As the blood is improved, the gradually the symptoms disappear and the patient is restored to health. All spots, sores and blemishes, and when S.S.S. has thoroughly purified the circulation no trace of the disease is left. S.S.S., a purely vegetable remedy, cures Contagious Blood Poison because it is the greatest of all blood purifiers, tested and proven for more than forty years. Many a man goes broke—in Health—then wealth. Blames his mind—says it don't work right; but all the time it's his bowels. They don't work—liver dead and the whole system gets clogged with poison. Nothing kills good, clean-cut brain action like constipation. CASCARETS will relieve and cure. Try it now.

CASCARETS are a box for a week's treatment. All druggists. Biggest supply in the world. Million boxes a month.

Sixties purchased much New York real estate, died at his home from apoplexy. Henry Sargent Crandell, who was among the first to go to California in 1849, died in a sanitarium at the age of 82 years. When in California he became a close friend of William M. Stewart, leader of the famous vigilance committee, and there met and became the life long friend of William Tecumseh Sherman. Crandell was one of the founders of the Republican party in the state of New York and held several important government positions.

THE SALTION SEA.

According to U. S. Geological Report Will be Evaporated by 1925. Los Angeles, Cal., June 28.—According to a report issued by the United States geological survey, the great Saltion Sea will completely disappear from evaporation by 1925. The sea, which was formed a few years ago by overflow from the Colorado river into a depression in the Imperial valley, is about 40 miles in length and in places 15 miles wide. The basin is 275 feet below sea level and the water in places is nearly 100 feet deep.

SUFFRAGETTES VOW TO BEND OR BREAK ASQUITH

London, June 28.—The "militant suffragettes" yesterday vowed their determination to bend or break Prime Minister Asquith. The declaration was made at a crowded meeting, preparatory to another attempt to raid the house of commons today. The premier recently again refused to receive a deputation of women and the latter want to get at him. It is said 3,000 special policemen have been ordered on duty and other preparations have been made to guard against planned attacks.

ILLEGAL PROFITS OF A STREETCAR CONDUCTOR

New York, June 28.—When a street car conductor was convicted of pilfering from the company in Brooklyn it was shown by his own diary that his profits had ranged from \$2.50 to \$11.05 a day. He will start today for Sing Sing prison, where he must serve two and a half years at least.

GEN. REYES HAS FLED FROM BOGOTA

Chicago, June 28.—A special cable from Panama to the Tribune says: Reports from Bogota state that when Gen. Reyes fled the capital, leaving Senor Holguin as the acting president, he had already decided to quit the country, fearing personal violence. He covered his retreat strategically, issuing manifestos and official decrees until he reached Santa Marta late at night, where he took the steamer for England, traveling incognito. General Gonzalez Valencia, the vice president, will assume the presidency until his term expires. He will reorganize the government, which is in accord with the majority in the coming Congress. He will be supported by all parties.

KILLED BY TRAIN.

Body Caught by Pilot and Carried Into Station. Chicago, June 28.—An express train struck and instantly killed Dr. William M. Tomlinson yesterday as he was crossing the railroad tracks at Wilmette. The train was going at a high speed and the body of the physician was caught upon the pilot beam and carried about a mile to a passenger depot in Evanston before the train was brought to a stop. Dr. Tomlinson was 81 years old.

EX-CONVICT ACQUITTED.

Chicago, June 28.—Joseph A. Joyce, accused of burglary, proved his innocence to the satisfaction of a jury in court yesterday. Mrs. Maud Falkenburg declared Joyce entered her house with a companion and stole her jewelry. The case had attracted further attention because Joyce, an ex-convict, was released after the first arrest by the police and Lieut. Robert J. Schlau was dismissed in consequence. Friends in the police department of former Lieut. Schlau believe he will be reinstated as the result of the acquittal of Joyce.

KILLED IN KNIFE DUEL.

Tacoma, Wash., June 28.—As the result of a desperate knife duel which took place between two Indians mounted on the same horse on the Colville reservation yesterday, Little Tom killed Bill Allen by nearly severing his head from his body. The Indians were astride the same horse at a round up and after engaging in a drunken quarrel they pulled knives with fatal results to one.

PROBABLY KILLED BY INDIANS.

Clearwater, B. C., June 28.—The body of an unknown man, believed to have been killed by Indians who have been making threats against the settlers in the Kootenai reservation, was found floating in the Skeena river yesterday. There was a bullet wound in his breast and one in his hip. His hands and face were badly cut, and his appearance gave evidence that he died after a hard struggle. From the appearance of the body the man had been dead three or four days.

MARTIN J. KEESE DEAD.

New York, June 28.—Martin J. Keese, who was custodian of the New York city hall for 28 years, died yesterday in a hospital, aged 72 years. "Marty" Keese achieved fame in many ways, not the least of which was in the sensational capture and arrest of "Boss" Tweed. He had been a cripple since the battle of Bull Run in which he was wounded, but he considered himself too much of a patriot to ever ask a pension.

THE TRUTH ABOUT KIDNEY TROUBLE

(ALBUMEN AND CASTS)

People have been led to believe that the strings and flocks in urinary sediment mean disintegrating kidney tissue (otherwise known as casts), and have been frightened into the belief that this meant death.

As a matter of fact casts cannot be seen with the naked eye, only through a high power microscope; and even when found they are no longer evidence of absolutely incurable cases.

In those cases in which the degeneration has not proceeded so far but what if healed the kidney can still perform its functions the albumen and casts respond as definitely to the reduction of the inflammation by Fulton's Renal Compound as the other symptoms, and the number week by week until the inflammation and albumen have completely subsided.

If asked what percentage of kidney cases that show casts have enough of the kidneys left for the patient to recover, we would say that the percentage of cases beyond recovery is small.

One of the reasons for this belief is that there are very few records in the Text Books of cases in which the autopsies disclosed the nearly complete destruction of the kidneys. Such are rare. Then again, Fulton's Renal Compound gets such a high percentage of recoveries in cases that show casts and albumen that this also sustains the above conclusion.

The high efficiency of 87 per cent heretofore established by this Compound was in a line of cases all of which so far as was known, were considered chronic and incurable.

CHICAGO PHYSICIAN HELD AFTER ODD DEATH OF WIFE.

The Chicago police are holding Dr. Haldane Clemenston, a prominent young physician, whose wife was found dead in her home after what was reported a visit of burglars. The theory at first was that burglars had choked or suffocated Mrs. Clemenston and that the drug had caused her death. Later the detectives grew suspicious of conflicting stories regarding the burglar episode and arrested Dr. Clemenston. He was allowed to attend the funeral of his wife under guard and stoutly denied any complicity in the murder, if such it was.

CLAIMS HE WAS TOO FAT TO COMMIT BURGLARY

New York, June 28.—Benjamin Pagan, a lawyer of Ossining, will file a notice of appeal to the appellate division from the conviction and sentence of William Green, who is the fattest convict in Sing Sing, for burglary alleged to have been committed at Ossining. Green, who weighs 285 pounds, was sentenced to prison under an indeterminate sentence of three years to three and a half years. He was accused of having dragged Frank Baker through an alleyway, nine and three-quarters inches wide between two brick buildings at Ossining and then robbing the man of \$10. Green's counsel said today that on the appeal he will contend that such a fat man as Green could not have squeezed through the alleged hole at Ossining. Green was turned out, and if he had tried to get through he would have wedged in the opening.

Kidnaped!

Read "The Red Dress"

A great detective story written around a heart-absorbing and timely topic, the kidnapping of a little boy. Luther Trant, psychologist detective, brings him back by the aid of the automograph. The logic and grasp of this story are indescribably amazing and you will find it a real fiction treat to read it.

More treats:

"Mr. Marston's Chauffeurette," by Ellis Parker Butler, author of "Pigs in Pigs." Mr. Marston buys an airship and hires a lady-like chauffeur to chaunt it. The things that happen make minutes of the funniest reading that has been printed in English in thirty years.

An exceptional story, called "The Wood Box," by Gouverneur Morris. The leading character is one of the most remarkably interesting women you have ever met in a story. Full of life and vigor and color, and the "Wood Box"—well, it was used to hide a Frenchman—and a romance.
