EASTERN.

Tilden and Hendricks.

NEW YORK, 12.—At the Manhattan Club reception Governor Tilden said, "Everybody knows that after the recent election the men who were elected by the people as President and Vice-President of the United States were counted out, and men who were not elected were counted in and seated. I disclaim any thought of personal wrong involved in this transaction. Not by any act or word of mine shall that be dwarfed or degraded into personal grievance, which is in truth the greatest wrong that has stained our national annals. If my voice could reach throughout our country, and be heard in its remotest hamlet, I would say, 'Be of good cheer, the republic will live; the institutions of our fathers are not to expire in shame; the sovereignty of the people shall be rescued from this peril and re-established.' Successful wrong never appears so triumphantly as on the very eve of its fall. Seven years ago a corrupt dynasty culminated in its power over the million of people who live in the City of New York. It had conquered or bribed or flattered, and won almost everybody into acquiescence. It appeared to be invincible. A year or two later its members were in penitentiaries or in exile. History abounds in similar examples. We must believe in the right and in the future. A great and noble nation will not sever its political from its moral life."

Governor Hendricks, after expressing his acknowledgements for the honor conferred upon him, said, he would not disturb the pleasure of the occasion by undertaking to recount the means whereby the will and judgment of the people were defeated. The results as declared in Louisiana, Florida and Washington could not be satisfactory to the people because it was not true. Even should the President and his cabinet adopt a part or the whole of the policies and purposes for which the democratic party had been contending for many years, and which became so distinctly defined last year, even that cannot remove or quiet the public discontent. The democrats will make no factious opposition, nor will they seek to embarrass the *de facto* administration. The fraud, first triumphant in American history, must be assigned to its proper place among the crimes against the popular government, and made so odious that no party will attempt its repetition.

Amongst the assemblage were David Dudley Field, Judge Donohue, Augustus Schell, Benj. Wood, Chief Justices Curtis, and Daly, and a number of other prominent citizens.

Gov. Robinson, Senator McDonald, of Indiana, and others made brief speeches, which terminated the proceedings.

Government Advertising.

WASHINGTON, 12. — The Secretary of the Navy has issued a circular calling the attention of the officers of that branch of the public service to the sections of the Revised Statutes regarding public advertisements, and also the opinion of the Attorney General fixing the rate for such advertisements at 40 cents per folio of 100 words for the first insertion, and 20 cents per folio for each subsequent insertion; also to the letter of the Second Comptroller of the Treasury to the effect that in the adjustment of the accounts of the disbursing officers of the navy, his office will require that all payments for newspaper advertisements must be in conformity with that opinion.

Sherman and the Silver Question.

Secretary Sherman furnishes the following as his views on the silver question. It will be observed that the Secretary advocates the purchase of silver bullion at its commercial value, and the issue of silver coins freely to all who will accept such coin in exchange for legal tender. The Secretary says, "The silver question gives me no uneasiness. There are two extremes of opinion upon it, equally threatening, and, as usual, each supported by honest conviction and plausible reasoning, like most disputes. These opinions are now localized, one in the east and one in the west. When two black clouds, angry and threatening, approach each other, we see lightning and thunder, and soon a fierce storm, and a refreshing rain or gentle shower is followed by sunshine. This dispute about silver will be followed by a refreshing supply of silver coin."

Locating Indians.

YANKTON, 12.—Gen. Hammond, Superintendent of Indian Affairs for Dakota, with the balance of the commission appointed to locate the Spotted Tail and Red Cloud agencies, returned here to-day, having completed their mission. It is understood they have selected ground at the old Whitstone agency for one of the bands, and at the mouth of Bad River for the other, both being on the Missouri River.

Suicides.

ST. LOUIS, 12.—Thomas Bolly, a gambler and confidence thief, suicided in a pawn-broker's shop, last night.

To-day, E. H. Schroir, a drinking German, shot himself in the head in precisely the same way.

Andred Schenck, stone mason, was found dead in his house this morning from the effects of paris green, which he had taken.

WESTERN.

Destruction of Property by Forest Fires.

SAN FRANCISCO, 12.—A dispatch from Lompoc, Santa Barbara Co., says an extensive fire is raging in that vicinity, burning over many miles square, destroying the grass and grain crops. A great number of cattle were overtaken by the flames. The fire will necessitate the slaughter of a great deal of stock on account of lack of forage.

A Los Angeles dispatch says an extensive forest fire is burning in the mountains east of that city, extending down to the plains. Details are wanting, but it is known that many homesteads have been destroyed, and a great amount of hay, lumber, and other property burned.

Yesterday afternoon half the business portion of Plymouth, Amador County was burned; loss $35,000, insurance light.

Volcanic Eruption.

A Los Angeles dispatch says a volcanic eruption occurred in the mountains opposite the Flowing Wells Station, on the Southern Pacific, about sixty miles from Yuma, at nine o'clock yesterday morning. It was preceded by a violent vibration of the earth; about half an hour after which a dense volume of smoke and huge black and broken boulders were observed to issue from the mountains. It continued in an active state all day, but became nearly passive at nightfall.

FOREIGN.

GREAT BRITAIN.

Gen. Grant for Scotland.

EDINBURGH, 12.—General Grant evinces particular pleasure at receiving the invitation of the Lord Provost of Edinburgh. He intends to make a long stay in Scotland after his return from the continent.

Capital Punishment.

LONDON, 12.—In the House of Commons the motion for the abolition of capital punishment was rejected, 155 to 50.

Eastern War News.

After fifty-five hours of hard fighting near Kerstaz, carried on mostly at close quarters, the Montenegrins have withdrawn to Banjani. The losses on both sides will amount to several thousands.

The Prince of Montenegro has withdrawn his headquarters from near Nicsics back to Ostrok.

The Russians are retiring from the direction of Erzeroum in order to prosecute the siege of Kars.

It is stated that Deryish Pasha will supercede Mukhtar Paska.

A son of Schamul, the Circassian chief, has left Osrebezoud for Erzeroum.

Ten thousand Servians are concentrated at Belgrade and five thousand at Kragujevatz.

The invasion of Wassojevic by the Turks is making progress, the Montenegrin forces there being only three battalions, and the Turks have fifteen battalions of regulars advancing *via* Berain from the Servian frontier, and a body of irregulars coming from Gunsije. It is rumored that they intend passing by way of Brobniak to assist in the relief of Nicsics.

The total loss of Suleiman Pasha at Kerstaz is estimated at 4,000.

A Bucharest dispatch reports that the Roumanian government has addressed a note to the powers protesting against the barbarous acts of the Turks, and stating that if the powers do not intervene to prevent these depredations, Roumania will be compelled to carry the war into Turkey.

FRANCE.

Dissolution.

PARIS, 12.—It is reported, on good authority, that President MacMahon has decided on immediate dissolution.

Distress in Germany.

There is much distress in this city among the working classes. In the manufacturing faubourg of Oranienburg, about one-half of the operatives in the factories and the foundries are out of employment. Unfortunately, also, there is a rise in breadstuffs and provisions generally, while, owing to the heavy municipal taxation, there is little abatement in rents. In Northern Germany the shipping interests are suffering from the stoppage of the Black Sea trade, in which there was a profitable field of occupation in the carrying trade. Berlin, up to the war with France, was one of the principal banking centers of the continent. The immense indemnity levied on France, stimulated speculation to fever heat. No enterprise was too gigantic not to be undertaken. Private buildings in entire blocks were put up as well as public edifices of all kinds, and railroads were built in all directions. The satirical journal here once offered a reward for any new invention for the application of capital, giving as a reason that all known expedients had been exhausted. Over-production and over-speculation produced their natural effects. A leading banking institution failed; next followed a manufacturing establishment, and then the crash became general. To-day Berlin is covered with the wrecks of speculative credulity. Many of the millionaires of a few years ago are in a state verging on absolute poverty. The prostration is so general that few have escaped uncathed. The government's military reserve funds are a specialty, devoted to war purposes and the protection of the empire against invasion. They cannot be touched for other uses. Could they be drawn on at the present time, they would obviate the necessity of imposing new burdens on the people.—*Berlin Cor. Phila. Press.*
