## ROOSEVELT VISITS TUSKEGEE SCHOOL.

Rode in Carriage Made by Students of Institute and Drawn by Horses Raised There.

## SAW AN INDUSTRIAL PARADE.

Fifteen Hundred Young Negro Men And Women Passed In Review Before Him.

## ADDRESSED THEM ON PROBLEMS.

First Must Make Themselves Useful—South Needs Them—White Man's Interest to See They Are Protected.

Tuskegee, Ala., Oct. 24.—President Roosevelt arrived in Tuskegee at 8:30 this morning, his train being on time. The city was beautifully decorated. A number of arches, the foundations of which were made of bales of cotton, had been erected and covered with bunting. The platform from which the president spoke to the people of the city was made from \$20,000 worth of cotton in original bales.

The president's address was short and at its conclusion he left for the Tuskegee normal and industrial school. President Roosevelt reached the grounds of the Tuskegee normal and industrial institute after a brief stop in the town of Tuskegee where he was received by the mayor and other distinguished citizens of Alabama. The president's train was brought directly into the grounds of the institute over its private tracks. From midnight until this morning great crowds of country people, white and black, were arriving from all sections surrounding Tuskegee. A motley assortment of vehicles brought hundreds of persons and they were allowed to come into the institute grounds where the president sat the collection and signed autographs by the light.

## RECEIVED BY PRINCIPAL.

The president was received by Principal Booker T. Washington and members of the faculty and the institute board of trustees. He then entered a carriage made by the students of the school and drawn by horses raised at the school and driven by a student in the school uniform. Four other carriages, also made by the students, in which were seated other members of the president's party, followed in an orderly procession. The president's carriage was escorted by a band of the Tuskegee institute. The president's party proceeded immediately to the Tuskegee normal and industrial institute, where the president was met by the faculty and the board of trustees. The president's party then proceeded to the Tuskegee normal and industrial institute, where the president was met by the faculty and the board of trustees.

## TUSKEGEE STUDENTS' DUTY.

"Hitherto I have spoken chiefly of the obligations existing on the part of the white man. Now let me speak to you, young colored men and women, educated at Tuskegee, must by precept and example lead your fellows toward sober, industrious, and upright lives. You are in honor bound to join hands in enforcing the laws and to war against all crime, and especially against crime by men of your own race. The heaviest wrong done by the criminal is the wrong to his own race. You must teach the people of your race that they must scrupulously observe any contract into which they enter, and that they must be true to their word. It is hard to keep a promise, but it is harder to keep a promise when the promise is to a fellow man. If you save money, secure homes and lead clean, decent, modest lives, you will win the respect of your neighbors of both races. Let each man strive to excel his fellows only by rendering substantial service to the community in which he lives. The people have many difficulties to pass through but these difficulties will be surmounted if only the policy of reason and common sense is pursued.

## GREAT PROGRESS MADE.

"You have made real and great progress. According to the census the colored people of this country own and pay taxes on something like \$300,000,000 worth of property, and have blotted out over 30 per cent of the literacy. What you have done in the past is an indication of what you will be able to accomplish in the future under wise leadership. Moral and industrial education is what is most needed in order that this progress may continue. The race cannot expect to do everything at once. It must learn to wait and bide its time; to prove itself worthy by showing its possession of perseverance, of thrift, of self-control. The destiny of the race is chiefly in its own hands and must be worked out patiently and persistently along these lines. Remember also that the white man who can be of most use to the colored man is that colored man's neighbor. It is the southern people themselves who must and can solve the difficulties that exist in the south. It is the course what help the people of the rest of the Union can give them, must and will be gladly and cheerfully given. The hope of advancement for the colored man in the south lies in his steady, common sense effort to improve his moral and material condition and to work in harmony with the white man in upbuilding the commonwealth. The future of the south depends upon the steady, common sense effort to improve his moral and material condition and to work in harmony with the white man in upbuilding the commonwealth. The future of the south depends upon the steady, common sense effort to improve his moral and material condition and to work in harmony with the white man in upbuilding the commonwealth.

## PRESIDENT'S ADDRESS.

"To the white population as well as to the black it is of the utmost importance that the negro be encouraged to type of usefulness. It is the interest of the white people and the negro to be conscientiously pursued, and to the interest of the colored people that they clearly realize that they have opportunities for economic development here in the south, not now offered elsewhere. Within the last 20 years the industrial operations of the south have increased so tremendously that there is a scarcity of labor almost everywhere; so that it is the part of wisdom for all who wish the prosperity of the south to help the negro to become in the highest degree useful to himself and therefore to the community in which he lives. The south has always depended, and now depends, chiefly upon her native population for her work. Therefore, in view of the scarcity not only of common labor, but of skilled labor, it becomes

## SHOCKING MURDER AT POCATELLO

Frenzied Man Rushes Into Saloon and Without the Least Provocation Fires Into Crowd, Killing Jim Ryan, an Employee, and Smashing Things Right And Left—Had Quarreled With His Wife.

(Special to the "News.") Pocatello, Ida., Oct. 24.—A cold-blooded murder occurred here this morning in the Elks' saloon, which for pure wantonness has yet to be duplicated in this section of Idaho. Because William McClure had apparently had some disagreement with his wife, he felt called upon to kill somebody and accordingly shot an entirely innocent person, one Jim Ryan, an employee of the saloon.

This morning McClure entered the saloon in company with another man

## SHOCKING MURDER AT POCATELLO

Frenzied Man Rushes Into Saloon and Without the Least Provocation Fires Into Crowd, Killing Jim Ryan, an Employee, and Smashing Things Right And Left—Had Quarreled With His Wife.

(Special to the "News.") Pocatello, Ida., Oct. 24.—A cold-blooded murder occurred here this morning in the Elks' saloon, which for pure wantonness has yet to be duplicated in this section of Idaho. Because William McClure had apparently had some disagreement with his wife, he felt called upon to kill somebody and accordingly shot an entirely innocent person, one Jim Ryan, an employee of the saloon.

This morning McClure entered the saloon in company with another man

and they walked into a room in the rear. Shortly afterwards McClure returned into the saloon proper and entered into conversation with the barkeeper. The man was apparently in an ugly mood and went on to state that he had just had a row with his wife. Suddenly he shot, viciously, "I guess I am going to shoot somebody."

Hardly had the words left his mouth than he drew a revolver and started in shooting up the place in a promiscuous manner. At the sight of the big gun the barkeeper dropped behind the bar and commenced to crawl for the rear door. Two shots went among the

glasses at the rear of the bar. Another shot was fired and as the barkeeper crept around the corner of the counter he saw that McClure and another man were lying on the floor. McClure was unhurt, but the second man, who proved to be Ryan, was in his death throes. The only words he uttered were, "I am dying," and then he expired.

McClure was overpowered before he could do any more damage and was handed over to the officers to be placed later in the county jail.

## A SPECTACULAR POLICE MYSTERY

Supt. of Walkill, Orange, N. J., Transit Company's Lines Said To Have Made a Confession.

Had Finest Bachelor Apartments in The Town—When Searched Found Filled With Stolen Goods.

## WAS A PROFESSIONAL THIEF.

Middletown, N. Y., Oct. 24.—By the alleged confession of Charles Boos, until a few days ago superintendent of the Walkill Transit company's lines in Orange, a spectacular police mystery has been solved. According to the police he admitted to them yesterday that he had robbed one of the largest department stores in the city besides several residences in the last few months.

Boos, formerly a high minded private detective, had been in the town for some time before he got out of the house, and that he ran ahead of them shouting, "Stop thief, catch that man."

This case worked so well that Boos was given a high rank in the police. He was apparently one of the busiest men in town, had no time for anything but his work and seemed an exemplary man of business.

Great was the amazement when it became known last Friday that Boos had been arrested and locked up. The charge against him was made by officials of the transit company. It was charged that the superintendent had stolen a large quantity of copper wire from the company and sold it to a junk dealer.

A subsequent search of Boos' fine apartment revealed plunder for which the police had long been looking, and which it is alleged was taken from a department store and private residences. Confronted with the goods Boos, it is said, confessed.

Boos' bachelor apartments were the best in town and incidentally he had added to their comfort by tapping the wires of the company from which he drew a large salary and furnishing his rooms with five incandescent lights.

FOR SILE PROTECTION. Carbon County Wool Growers Will Purchase the Red Desert.

## FOR SILE PROTECTION.

Carbon County Wool Growers Will Purchase the Red Desert.

## PATENTS FOR WESTERNERS.

(Special to the "News.") Washington, D. C., Oct. 24.—Patents issued: Utah—Frank S. Lattin, Corrinne, device for changing stroke adjustment of windmills.

## KILLED BY FALLING TREE.

(Special to the "News.") Cody, Wyo., Oct. 24.—Rudolph Born, while cutting trees for the Shoshone Lumber company, was killed by the falling of a tree. Born chopped down a tree, which, as it fell, lodged in another, causing the second to fall, and it was impossible for Born to get out of the way. He was working alone, but his body was found a few hours after the accident.

## CAN'T SELL WHISKY TO THE INDIANS.

Atty. Gen. Moody Holds That Allotted Lands Are Still Indian Country.

Department of Justice Dissatisfied With Decision of the Ninth Circuit Court of Appeals.

## HEFF CASE DON'T AFFECT THEM

Moody Will Retire, Bonaparte Taking His Place, Ambassador Meyer Becoming Secy. of the Navy.

## CORTELYOU TO SUCCEED SHAW.

Chicago, Oct. 24.—A dispatch to the Tribune from Washington, D. C., says: Soon after the return of President Roosevelt to Washington from his southern tour there will be a renewal of the rumors regarding impending changes in the cabinet and within six months or so after the re-opening of Congress it is more than likely that the complexion of the cabinet will be completely changed.

This does not mean that every one of the present cabinet of ministers is to go out, but there will be two or three new members and probably three radical changes in position before the close of the current fiscal year.

Shaw is to go out of the cabinet of his own motion as a preliminary to his formal entry into the presidential race. The vacancy at the head of the United States treasury department will be filled, according to the present outlook, by the transfer of Postmaster General Cortelyou.

Atty.-Gen. Moody has been expected to go out for some time. He remains at the head of the department of justice largely if not entirely that he may carry on the prosecution of the beef trust cases. His place probably will be filled by Charles J. Bonaparte, the present secretary of the navy. This in turn will create another vacancy, and the new head of the navy, according to the present state, will be Geo. Von L. Meyer, the present ambassador to St. Petersburg.

United States District Attorney Lippman and Deputy Marshal Page left for Vernal yesterday afternoon with a view to enforcing the law with regard to the matter set forth in the above dispatch. Several arrests are to be made of individuals who have been selling liquor to the Indians. The papers will be served by Deputy Page and the cases will be prosecuted by Mr. Lippman before Commissioner Mitchell at Vernal. It is understood that Mr. Lippman proposes to push the prosecutions to the limit and see to it that the guilty parties are severely dealt with under the United States statutes.

## FIFTY PERSONS KILLED.

Buenos Ayres, Argentine Republic, Oct. 24.—A dispatch from Santiago de Chile says that about 50 persons were killed and 500 wounded during the recent rioting there. It is hoped that order will be restored today.

## A NEIGHBOR'S QUARREL.

Mrs. Thompson Tried to Burn Mr. Thompson's Home.

## DEFEND MRS. MATHEWS.

Friends Say Her Relations With Womack Were Perfectly Legitimate.

## NEWLY DECORATED.

The store was beautifully furnished and many new improvements were being completed at the time of the blaze. Potted plants, fine carpets, tapestry beside pianos, organs, phonographs, violins, mandolins, guitars, sheet music, etc., were burned to cinders. The big safe containing the company's books and valuable records fell into the basement bottom side up. It will be some time before it can be taken out and the records recovered.

## ON THE SECOND FLOOR.

The fire started in the basement. But just how or when may for ever remain a mystery. As late as 1:30 o'clock last night workmen were there putting in a new hard wood floor. Charles Ross, one of the carpenters, stated this morning that he was there until that hour and that so far as he knew there was no fire in the building, either on the ground floor or in the basement. One of the employees expressed the opinion that the fire was caused by defective electric wiring.

## IN THE BASEMENT.

## CAUSE OF BLAZE A MYSTERY

Flames Started in Basement of Building at 4:35 and Burned Fiercely For Four Hours.

## INSURANCE AMOUNTED TO \$20,000

Company Will Find a New Location And Will at Once Resume Business—Story of Conflagration.

## SERIOUS CONFLICT BETWEEN TROOPS AND RUSSIAN PEOPLE

Rharkoff, Russia, Oct. 24.—A serious conflict between the troops and the people during which there were many casualties on both sides, occurred here last night. While a meeting of 20,000 citizens, students and workmen was in progress, the cry of "the Cossacks are coming" was suddenly raised, and a panic followed. Many persons were injured in the crush. Subsequently the crowd came into conflict with the forces of cavalry. Revolver shots were fired by some of the civilians and small bombs were hurled among the cavalry. The latter thereupon fired two volleys which caused a panic among the crowd. Both sides suffered seriously. Many of the wounded were left on the ground when the crowd dispersed.

Strikes have since plundered the grocery stores and have armed themselves. A number of bakeries have been destroyed and all work has been stopped at others. Scarcity in the necessities of life is already felt here.

## OFFER TO SELL A RAILWAY FRANCHISE FOR MONEY

Chicago, Oct. 24.—A dispatch to the Record-Herald from Milwaukee, Wis., says: Mayor Ross yesterday made a sensational charge that those back in Milwaukee, Southern road, which is trying to get an entrance into Milwaukee, had offered to sell the franchise, provided they got one, for \$100,000, and this offer being turned down, they offered the price to \$15,000. This statement was made to the common council in a message. The mayor said:

"The offer was made by the treasurer, S. E. Hall. He does not care to say to whom it was made or to whom it was made. If the council wishes to investigate the matter I stand ready to prove the charge."

To this statement Treasurer Hall came back with the reply:

"It's a lie. I throw the charge back in the mayor's teeth. I challenge him to present his proof in public or otherwise."

President H. C. Wood of the company wired from Chicago:

"There is absolutely no truth in the statement that the pending franchise has been offered for sale for \$100,000, or any other sum. We challenge proof of any such statement."

Mayor Ross sticks to his original statement and says the offer to sell was made within a few days.

## FIGHTING NEW ARCADE RATES.

New York, Oct. 24.—Fresh impetus was given to the fight against the new rates established by the New York Arcade yesterday by a new application by James Lawrence for a permanent injunction to prevent the new rates from taking effect. The increased dues put in force Oct. 1. This application was made in the supreme court and after a brief hearing was adjourned to next Monday.

The plaintiff is a member of Berkeley Square, No. 1, which has 20,000 members of the order.

## DEFEND MRS. MATHEWS.

Friends Say Her Relations With Womack Were Perfectly Legitimate.
