TIN HATS.

An Order Placed for a Lot for Use on I bor Day.

Tinners of Salt Lake are to take a prominent part in the big parade of the trades that is to take place here on Labor day under the auspices and direc tion of the Federated Trades. They have placed an order for a lot of tin "plug" hats and tin canes. These are to be worn and wielded by the tinners in the parade. In the east a good deal of merriment is sometimes caused by the hat smashing that is carried on. After the parade there may be seen scarcely a tin hat without a "stove" in Some of them look like concertinas after their rough usage, and the canes are also seen to have suffered.

nces against vic It was announced that an effort was being made to establish a kindergarten training class in the near future.

The members of the theological and ormal departments were invited to attend Stake conference Sept. 8. Twenty per cent of the class enrollment was expected to attend.

WAR AGAINST VICE.

Upon reassembling Supt. Chas. B.

Felt, chairman of the Sunday school committee on municipal reform, chosen two months ago, made a report of its efforts to have the mayor and city officers enforce the ordinances for the suppression of vice-gambling, Sunday liquor selling, and selling liquor and cigarettes to minors. Petitions had been sent to the city council and the mayor respecting this matter, but no résponse had been received from the mayor to whom the city council referred the matter.

Benj. Goddard moved that the action and work of the committee of Sunday school superintendents be endorsed and ustained by the Sunday School Union, and that the work be continued even to the election of officers who will enforce the laws against vice. After some discussion the motion was adopted unanimously

The closing prayer was offered by Elder Thos. Johnson, and the meeting ad-journed for one month, to meet at 7:30 clock the third Monday in Septemb The Eleventh ward school will furnish the music on that occasion.

The crowd at the Salt Palace last night, while not large, was much better than had been looked for owing to the downpour of rain during the day. The bill was one of vaudeville, and the expressions of pleasure were as gen-eral as ever over the various acts pre-

There is now little doubt that the balance of the season will be devoted to vaudeville, as the box office receipts show that these entertainments please a larger section of the public than opera. The same bill goes tonight and opera. or the remainder of the week.

The Shepherd testimonial at the Thetter occurs on Thursday evening and good number of seats is reported to ave been sold. Messrs. Lund and Weihe have the affair in hand and the hoice program to be presented is attracting considerable attention among musicians.

County Clerk James has received a lispatch from ApMadoc saying that he will arrive here at 9:30 tomorrow morn-ng. All the arrangements are closed for his entertainment at the Assembly Hall Friday evening. Prof. Giles will be the accompanist, and the local Cam brian society will attend the entertainment in a body. ApMadoe is known from Maine to the Pacific as an artist in song. He is also a fluent speaker in English, and all who attend his performance may be assured of a royal good time.

JENNINGS-SPOOR MARRIAGE. Friends of the Young People Are

## Surprised.

Harry Jennings, son of the late Wiliam Jennings, and Miss E. M. Spoor, late of Wisconsin, were clandestinely married about six weeks ago. - The place and the exact time of the marriage is not known, but when the fact leaked out there were many surprised looks among the friends of the couple. A. Sudbury to have shooting pains i her head for hours afterward. The lightning struck a stately popla tree in the rear of Mr. Calder's house severing it about ten feet from the top as cleanly as it could have been don with an ax. About half-way down th boit laid the tree open and cut out large piece of the trunk. A bar wire fence enclosing the next lot was caught and burned up, and a great mass of smoke and timber was scat-tered broadcast. One piece of the tree about a foot long was caught and carried over into Liberty park, acros the street, and a number of window panes in the neighborhood wer smashed. Mrs. Sudbury, who was sit ting at the window of her house when the bolt came, was stunned for the mo ment, and seemed to see the earth ree and shake. For hours afterwards, sh was troubled with acute pains in he head which she had never experience

before Shortly before noon, a poplar tree i front of the residence of Joseph F Nixon at 563 east Third South was al so struck by lightning, the bolt cuttin a strip off the tree and shattering board fence before passing into the ground. The shock was felt by many persons in the neighborhood. All the lights in a residence near by wer turned on, though the power was of and they had not been lighted since th Was of evening before. Telephones were als affected in curious ways.

# THE RUBBISH NUISANCE.

### Petition for Its Abatement Goes to th Council Tonight.

The petition of the residents of the southwestern part of the city, for the abatement of the noxious rubbish nuisance-burning and otherwise-will go to the City Council tonight. It has signatures of a considerable number of taxpayers and would have had many more had the circulators of it been aware that the Council iwas not going to meet on Tuesday last when the doc ument was filed with Recorder Ny

strom. The nuisance, with all of its adoriferous and slokening smells, and its corpost covered fire traps, still exist. 1 is a danger to life as well as health. On August 1st a small boy passed over one of these "blind" holes, entirely ig-norant of the smouldering debris and red hot ashes underneath. The result was he received a very badly burned foot. The limb is yet in a frightfu condition and may never be restored to its former usefulness. This mishay occurred near where a horse was roast-ed allve a few days ago, and shows the fearful menace the place is to the unsuspecting.

A YOUNG LADY'S LIFE SAVED.

At Panama, Columbia, by Chamberlain Colle, Cholers and Diarrhea

Remedy. Dr. Chas. H. Utter, a prominent physician, of Panama, Columbia, in a recent letter states: "Last March I had as a patient a young lady sixteen years of age, who had a very bad at-tack of dysentery. Everything I pre-scribed for her proved ineffectual and she was growing worse every hour. Her parents were sure she would die. She had become so weak that she could not turn over is hed. What to do at not turn over in bed. What to do at this critical moment was a study for me, but I thought of Chamberlain's Colic, Cholera and Diarrhoea Remedy and as a last resort prescribed it. The most wonderful result was effected.
