

# ABOUT ROOT'S PET MEASURE

Militia and Army Staff Bills Likely To Become Laws.

## CHANGE OF SENATE FEELING

Alger's Influence in Favor of the Measure—Liquor Selling in Alaska—Eight Hour Law.

Special Correspondence.  
Washington, Jan. 29.—Early in the session it looked as if two bills which were so anxious to have passed—militia and the army staff bill—could not get through at this session, yet here we find the militia bill has passed both houses and is in conference over the amendments made by the senate, and the staff bill has passed the house and has been favorably reported by the senate committee on military affairs and with so little opposition there that there is a good prospect of its becoming a law if time can be found in the few weeks yet remaining of this session. There has been a change in the feeling of the senate, and the change is due to the influence of Senator Alger, who, from his position as secretary of war during the Spanish war, said it was very important and necessary legislation.

## MAHON ON MONROE DOCTRINE

Essential to Interest and Peace of United States.

New York, Jan. 30.—The February number of the National Review, says a dispatch from London to the Herald, contains an article by Capt. Mahon on the Monroe doctrine, in which it is pointed out that the United States considers it "essential to her interests and to those of peace to withstand the beginnings of action which might lead to European intervention in the internal concerns of an American state."

## CHANGES MADE

The opposition of southern men in the senate to the friends of the militia bill has finally abandoned section 1, which organized the militia of the army, and has provided for the militia of the states, yet they finally decided to allow the section to be defeated rather than endanger the bill. Some changes have been made in the militia bill, but they are of minor importance and will not endanger it if the senate is willing to accept a general staff for the army. The house has provided for the militia of the states, yet they finally decided to allow the section to be defeated rather than endanger the bill.

## IS LICENSE A FAILURE?

Senator McCumber has introduced a bill repealing the license law in Alaska and proposing to prohibit the sale of liquor in that territory. When the license system was adopted, it was upon the demand of the governor and other officials of the territory. When the bill was introduced, it was in the hands of the committee on the judiciary, and it was there that the bill was defeated. The bill was defeated because the committee on the judiciary was not in favor of it. The bill was defeated because the committee on the judiciary was not in favor of it.

## SENATOR HOAR'S THIRST

When Senator Hoar introduced his bill repealing the license law in Alaska, a copy of it was taken to Representative Jenkins, chairman of the judiciary committee, and he criticized it severely. Right alongside of Senator Hoar's bill appeared the denunciation of Jenkins, and he handled the measure without gloves. When Jenkins introduced his radical resolution regarding the seizure of the coal mines and coal carrying roads, Hoar was asked for his opinion of it, and this is the way he got even with Jenkins. "I am chairman of the judiciary committee," he said, "and I am not in the habit of criticizing the bills of other members of the house."

## THE GERMAN GUNBOAT PANTHER AND HER COMMANDER, CAPTAIN ECKERMANN.

The Panther is the German warship that has been so busily engaged in shelling Venezuelan forts. She is a wooden ship and is not a very formidable antagonist. She carries two four and one-eighth inch quick firing guns, eight machine guns and a crew of 132 men.

## THOUSANDS HAVE KIDNEY TROUBLE AND DON'T KNOW IT

To Prove What Swamp Root, the Great Kidney Remedy, will Do for YOU, every Reader of the "Desert News" May Have a Sample Bottle Sent Free by Mail.

Weak and unhealthy kidneys are responsible for more sickness and suffering than any other disease, therefore, when through neglect or other causes, kidney trouble is permitted to continue, fatal results are sure to follow.

Your other organs may need attention—but your kidneys most, because they do most and need attention first.

If you are sick or "feel badly," begin taking Dr. Kilmer's Swamp-Root, the great kidney, liver and bladder remedy, because as soon as your kidneys are well they will help all the other organs to health. A trial will convince anyone.

The mild and immediate effect of Dr. Kilmer's Swamp-Root, the great kidney, liver and bladder remedy, is soon realized. It stands the highest for its wonderful cures of the most distressing cases. Swamp-Root will set your whole system right, and the best proof of this is a trial.

14 West 11th St., New York City.  
Dear Sir: Oct. 11th, 1901.

"I had been suffering severely from kidney trouble. All symptoms were on hand; my former strength and power had left me; I could hardly drag myself along. Even my mental capacity was giving out, and often I wished to die. It was then I saw an advertisement of yours in a New York paper, but would not have paid any attention to it had it not promised a free guarantee with every bottle of your medicine, assuring that your Swamp-Root is pure vegetable and does not contain any harmful drugs. I am seventy years and four months old, and with a good conscience I can recommend Swamp-Root to all sufferers from kidney troubles. Four members of my family have been using Swamp-Root for four different kidney diseases, with the same good results."

With many thanks to you, I remain,  
Very truly yours,  
ROBERT BERNER.

You may have a sample bottle of this famous kidney remedy, Swamp-Root, if you have the slightest symptoms of kidney or bladder trouble, or if there is a trace of it in your family history. Write to me by mail, immediately, without cost to you, a sample bottle of Swamp-Root and a book containing many of the thousands upon thousands of testimonial letters received from men and women cured. In writing, be sure to say that you read this generous offer in the Salt Lake City Daily Desert News.

Salvadoran and Guatemalan armies, commanded by their respective presidents, Cabrera and Regalado, were on the frontier, accompanied by revolutionary refugees and on the point of hostilities. According to previous dispatches the retiring president of Honduras, Gen. Sierra, had refused to turn over the presidential power to Senor Bonilla and had made efforts to flee to the United States. The president of Honduras, Senor Bonilla, had left the capital to engage the rebels.

Want Commodore for Captain.  
Chicago, Jan. 30.—The Illinois commandery of the naval order of the United States, at its annual meeting has adopted resolutions requesting Congress to substitute the rank of commodore for that of captain in the United States navy. The change is urged on the theory that, inasmuch as the master of any small merchant vessel is called a captain, the naval officers should have more distinction.

Actors Stranded in Mexico.  
San Francisco, Jan. 30.—The Pacific Mail steamer City of Panama brought from the isthmus three members of the theatrical profession who were stranded in Panama. The trio formed part of the Gillette company, which left here several months ago and stranded in Guayaquil. There were six women of the company stowed away on the steamer Colombia, and beat their way to Panama. Only three were fortunate enough to get passage to this city. The remainder are penniless in Panama.

Salvador and Guatemala May Fight.  
San Francisco, Jan. 30.—When the steamer City of Panama, which has arrived here, was at San Jose de Guatemala, the rumor was current that Guatemala intended to go to war with Salvador. Troops were being mustered in Guatemala City.

L'pool and Manchester in Partnership.  
New York, Jan. 30.—Liverpool and Manchester, hitherto deadly rivals in trade, have, according to the London correspondent of the Tribune, entered into a partnership in order to bring about cotton-growing within the British empire. The two great Lancashire cities are actively supporting the British cotton growing association, which has already begun operations on the west coast of Africa, and hopes shortly to be at work in the east Indies, the Sudan and British East and Central Africa.

Severe Winter in Alaska.  
San Francisco, Jan. 30.—Alaska is undergoing the severest winter in twenty years. Even the Esquimaux, who are accustomed to the cold, are suffering. The little codfishing schooner Pearl, which has arrived from the north, brings news of the condition of affairs in the ice-bound land. The Pearl comes from Unga, Alaska, with 15,000 codfish. Her officers state that the harbor at Unga fluctuates between 10 and 12 degrees below zero. Snow had fallen, covering the ground to a great depth. The white men residing in Unga were greatly affected by the cold. The crew of the Pearl also suffered.

The Pearl had a hard time fighting her way out of the ice. For sixteen days the schooner lay motionless in an ice field 200 miles from Unga. Only by strenuous efforts was Capt. Ipsen able to free his vessel from the pack and reach open water.

Big Bituminous Coal Combine.  
New York, Jan. 30.—A powerful bituminous coal combination has just been formed in this city by the coalition of the Consolidated Coal company of Maryland, the Fairmount Coal company, of West Virginia, and the Somerset Coal company, of Pennsylvania. The new company is to retain the title of the Consolidated Coal company and will have a total output of nearly 10,000,000 tons a year. It will load 400 steel cars a day and will have two piers in Baltimore at which it will be able to load a steamer in over 7,000 ton hours. The principal sales agency will be in this city.

Vessels for China Trade.  
San Francisco, Jan. 30.—Gen. Manager Van Buren of the China Commercial Steamship company, who is here arranging terminals for the line, has secured four steamships to run between this port and the Orient. They are the British freighter, Athalia, Lochina, Clive, and Chung Wo. The first steamer will leave Hongkong on April 1. Manager Van Buren states that for the present the itinerary of the line will include Hongkong, Japan, Manila, Manila, Mexico, and San Francisco.

Funston May Go to Philippines.  
Topeka, Kan., Jan. 29.—Gen. Frederick Funston said tonight he would not be surprised if he were ordered back to the Philippines before long. He has recovered from all his wounds, he says, and can well endure active service for a while. In answer to a question, Gen. Funston said he was not sure of the stability of the Cuban government. He said, however, it had a better chance for prosperity than South American republics on account of high character of the men in control.

Overman Selected for Senator.  
Raleigh, N. C., Jan. 29.—Lee S. Overman was nominated for United States senator in the Democratic caucus tonight at the State house. The final vote was: Overman, 73; Watson, 53; Craig, 11. The nomination is equivalent to an election.

J. E. Kelly, Sporting Man, Dead.  
New York, Jan. 30.—It is stated that James E. Kelly, the well known sporting man, is dead in Paris. The statement is made on the strength of private advices received in this city. It is stated that Mr. Kelly's relatives have received any notice of the death of their kinsman.

Mr. Kelly at one time owned a number of racing horses, among them Dry Monopole, Jacobus and Sister.

Choked to Death Eating Meat.  
Chicago, Jan. 30.—James Tulloch, a soap manufacturer, choked to death last night while eating supper at a downtown restaurant. A large piece of meat lodged in his wind-pipe, and he died before a doctor could dislodge it. Mr. Tulloch was 38 years old, and was the son of a well known family in Chicago. He was unmarried and so far as is known had no relatives.

A Body Washed Ashore.  
Victoria, B. C., Jan. 30.—The steamer Queen City, which arrived last night brings news that a life buoy from the bark S. C. Allen of Port Townsend, has been found at Neuchâtel, Switzerland. The S. C. Allen was last reported at Honolulu on Dec. 22, and is understood to have left there for Puget Sound. She had a rough trip, and the crew may have been washed from her.

The steamer also brings news that the body of a man has drifted ashore near Claydon, and it is evident that of a sailor for the remains were clad in oil skins. There was nothing in the pockets to identify the corpse, which was probably that of one of the crew of the bark Arthur, wrecked on Jan. 4 near Ozeite for the current carried wreckage from that vicinity onto the Vancouver Island coast.

MUST PAY TAXES.  
Will be Collected from Americans in Isle of Pines.  
Havana, Jan. 30.—Gen. Nunez, governor of the province of Havana, in which the Isle of Pines is included, says that the government has directed the municipal officials in the Isle of Pines to collect the taxes which the American residents there decline to pay. In default of payment the officials will have recourse to the courts. Nunez attributes the memorial on the subject, recently sent to Washington by the American residents, to land speculators, who he alleges, misinformed the buyers to the effect that the island was bound to belong to the United States.

RANK RACE PREJUDICE.  
Booker T. Washington Not Allowed To Lecture in Florida.  
Gainesville, Fla., Jan. 30.—Recently W. N. Sheets, state superintendent of public instruction, invited Booker T. Washington to deliver an address before the joint convention of county superintendents of public instruction, and the general educational board to meet here. Sheets is severely criticised in this, his home town, and W. M. Holloway, county superintendent of public instruction, has telegraphed the Gainesville Sun, that Washington will not be permitted to speak in the auditorium on the occasion.

Want Venezuelan Affairs Terminated.  
New York, Jan. 30.—The nation is anxiously awaiting the end of the Venezuelan affair, says a dispatch to the Tribune from London. A temporary measure has been adopted by the government, but the refusal of the three powers to admit equality of treatment all around, but there will probably be a way out of the difficulty. No solution of the Venezuelan problem, however, will remove the deep impression which was made when the policy of the British foreign office was first revealed to the country. The policy of the government has been seriously damaged, and a warm time, consequently, is in store for the ministers when parliament meets on Feb. 17.

Volcano in Salvador Active.  
San Francisco, Jan. 30.—The volcano of Isalco in the Central American republic of Salvador has increased in activity. For several months the volcano has been in a state of great activity, and is accompanied by subterranean rumblings. The officers of the steamer City of Panama, which arrived here, state that the volcano belches smoke as first at intervals of about 15 minutes. The inhabitants of Sonsonate, a small town at the foot of the mountains, are deserting the place because of fear of an eruption.

Lawrence Slater Benson Dead.  
Newark, N. J., Jan. 29.—Lawrence Slater Benson, author of "Benson's Geometry" and "Benson's Algebra," as a novelist, philosopher and mathematician, is dead at the city hospital here, penniless. Death was due to paralysis.

When Sandow poses and the muscles ridge his back and knot his arms, we think we have before us the very secret of strength in those magnificent muscles. But we haven't. Starve Sandow, or, what is practically the same thing, let him be dyspeptic, and his muscle would soon fail. Strength is made from food properly digested and assimilated, and no man is stronger than his stomach, because when the stomach is diseased digestion and assimilation are imperfect. Dr. Pierce's Golden Medical Discovery cures diseases of the stomach and other organs of digestion and nutrition. It enables the perfect digestion and assimilation of food so that the body is nourished into perfect health and strength.

"I had what my physician called indigestion. He gave me medicine for the trouble, but it did me no good," writes Mr. W. H. Wells, of Willard, N. C. "I wrote to Dr. Pierce and told him my case. He sent me a descriptive list and a bottle of his 'Golden Medical Discovery.' I carried out these as best I could, bought a bottle of his 'Golden Medical Discovery' and commenced taking it. A few days later I noticed a great change. First like a new man. Before I began the use of Dr. Pierce's Golden Medical Discovery, my stomach was in a state of chronic indigestion, my nerves seemed all run-down. I was very thin and weak, but now I eat heartily and sleep good at night."

Dr. Pierce's Common Sense Medical Adviser is sent free on receipt of stamps to pay expense of mailing only. Send twenty-one one-cent stamps for the paper-covered book, or thirty-one stamps for the cloth-bound volume. Address Dr. R. V. Pierce, Buffalo, N. Y.

In his earlier days Mr. Benson wrote a number of successful and interesting works, among them a novel, "The Philosophy of Thought." He issued pamphlets after pamphlets, which cost a good deal of money and brought no return in cash. From his parents he inherited valuable property in the south. This he lost through financial disaster, and was left without means of support.

He was born in Aiken, Ga., about 70 years ago.

Healing Value of Hypnotism.  
Berlin, Jan. 30.—The commission of experts in mental diseases appointed by the ministry of education to investigate the healing value of hypnotism, report that it is essentially worthless. The commission, which is composed of Prof. Mendell and Doctors Gock, Munster and Aschenberg, was appointed during the faith healing excitement here a year ago. The report declares hypnotism cannot produce organic changes nor suppress organic functions, but is used helpfully in some instances by removing symptoms through suggestion. No good physician would leave out of account the influence of suggestion upon patients, but hypnotic suggestion may intensify disease when laymen apply it who do not know when to use it and when not to do so. The influence of hypnotic suggestion diminished in proportion to the knowledge of life. It is most powerful when regarded by a subject as marvelous and supernatural. The commission also notes that hypnotism is less used than formerly.

English Revenue Returns Good.  
New York, Jan. 30.—Revenue returns are more favorable than everybody has been willing to admit, says a London dispatch to the Tribune. The estimated revenue will be exceeded in nearly every instance. Income taxation will yield the largest aggregate on record. Customs receipts will show a substantial increase, the coal export, sugar and grain registration duties having largely exceeded the estimates and Mr. Chamberlain's work offers promise of relief for the next fiscal year. A reduction of the income tax by three pence is expected by the financiers and politicians. No probability that the sugar, grain and coal duties will be touched. The grain tax is likely to remain as long as it exerts no appreciable effect on the price of food. There is no talk of relaxation of the duties of the colonies. Mr. Chamberlain may have something to say about it in another year. Meanwhile, there is an academic discussion of the general subject of trade relations within the empire.

To Syndicate Holland Street Ry's.  
New York, Jan. 30.—An American syndicate, capitalized at \$3,500,000, in which are well known New York financiers, has been formed to take control of the principal street railroads and electric lines in Holland. The following directors have been elected: Henry J. Pierce, W. C. Little, secretary, and Edwin Henderson, treasurer.

To Command Arctic Expedition.  
Edgartown, Mass., Jan. 30.—Capt. Edwin Coffin, of Edgartown, Martha's Vineyard, a veteran whaler, says he is to command the William Zeigler Arctic expedition, which will start from Tromsø, Norway, in June, and make another effort to reach the North Pole. Mr. Zeigler has placed no limit on the expense.

"One thing I shall insist upon," said Capt. Coffin, "is the selection of men. I shall have every man on board a Yankee, and I shall pick them from the most experienced ice sailors of this section."

Capt. Coffin purposes to provision the America for about three years. There will be about 200 Arctic dogs to draw the sled party.

He will push directly from Franz Josef land, and then work up in the Arctic fogs as far as the ice conditions will permit.

A Weak Stomach

Indigestion is often caused by over-eating. An eminent authority says the harm done thus exceeds that from the excessive use of alcohol. Eat all the good food you want but don't over-load the stomach. A weak stomach may refuse to digest what you eat. Then you need a good digestant like Kodol, which digests your food without the stomach's aid. This rest and the wholesome tonics Kodol contains soon restore health. Dieting unnecessary. Kodol quickly relieves the feeling of fullness and bloating from which some people suffer after meals. Absolutely cures indigestion.

Kodol Nature's Tonic.

Prepared by E. O. DeWitt & Co., Chicago. Each bottle contains 12 times the dose.

Harmonie Team CUT CLEAN SWEEP

State Street Aggregation Took Five Straight Games From Elks.

THE BASKETBALL CONTEST.

L. D. S. U. Team Defeated the Woodmen by a Score of 35 to 8—Tournament for Trap Shooters.

STANDING OF THIS TEAMS.

Bruswick, ... 15 7 75  
Harmonie, ... 15 12 400  
Holladay, ... 15 15 400  
Elks, ... 9 21 300

The State street bowlers known as the Harmonie aggregation, took on a great streak of bowling last night in their contest with the Elks, and it netted them a just 200 in the good in the second place in the race for the city championship.

The antlered crowd were never in the running for a minute. The Harmonie people started out to win and they kept it up until the last pin was down. They took five straight games and might have taken more had there been any more pins to be bowled. The Elks were the only one which was close; then the Elks came within seven points of making it a tie. Bauer, for the Harmonie team, came pretty close to the league record, making the high average of 144.5. Three others made scores above the 800 mark. The averages and scores for the five games follow:

HARMONIE TEAM.

Bauer, ... 175 170 181 192 211—929  
Alder, ... 125 132 162 150 169—729  
Seltz, ... 129 140 160 155 137—721  
Hamilton, ... 156 169 191 136 134—825

Totals, ... 585 651 694 632—3,265

Averages—Bauer, 154.5; Alder, 155.4; Seltz, 144.5; Hamilton, 163.5.

ELKS TEAM.

Lyons, ... 140 147 129 156 141—713  
Tobin, ... 135 179 189 159 187—833  
Talamantes, ... 131 170 132 170 181—834  
Farrell, ... 141 136 122 142 146—684

Totals, ... 548 635 622 625—3,065

Averages—Lyons, 143.5; Tobin, 165.4; Talamantes, 158.4; Farrell, 137.5.

GUN CLUB TOURNAMENT.

Crack Shots of Three States to Compete in Event.

The leading members of the local gun club, having met yesterday afternoon for a big shooting tournament to be pulled off in this city probably during next month. It is the intention to make the event one that will attract the crack shots of Utah, Idaho and Montana. The main event of the tournament will be a 25 live bird shoot, which will be a handicap affair in order to get a large entry, and the entrance fee will probably be fixed at \$2.50 so as to insure a good purse for the winners.

Cal Callison says that he is sure that he can secure entries from outside the city, as the Oregon team, Matt and John Browning, Bigelow, Becker and Brewer, will enter such an event. But Idaho Falls shooters have also signed a desire to take part in a tournament, so the promoters feel sure that it will be a grand success.

BASKETBALL CONTEST.

L. D. S. U. Team Defeated the Woodmen in Good Game.

The L. D. S. U. and Woodmen basketball teams met for the first time at the former's gymnasium last night in a league game, and it was duck soup for the Stars. They carried off the honors by a score of 35 to 8.

In the first half the Woodmen appeared to be frightened, while the other side began running up the scores and made the score 22 to 2 in the second half things were different, and the Woodmen held the enemy down to 8 points, while the Stars were unable to score. It was evident that the Woodmen are capable of playing good ball if they practice up more on team work. The L. D. S. U. team played ball all the time and there was some very good individual work on the part of Stanton and Smith. The score was as follows:

L. D. S. U., 35  
Stanton, ... 15  
Stewart, ... 10  
Lund, ... 5  
Christy, ... 3  
Smith, ... 2

Referee—Jensen. Umpires—Rasmusen and Dunn. Scorer—Grove. Time-keeper—Rodebaugh. Twenty-minute halves. Goals from the field—Stanton 10, Smith 4, Hirschvogel 2, Bean, Stewart, Christy, Lund. Goals from free throw—Lund 1, missed 2; Stewart 1, missed 2; Clark 1, missed 2; Hirschvogel 1, missed 2; Foulis—Hirschvogel 2, Deitz, Malin, Lund, Stewart.

OUTSIDE EVENTS.

STRENGTH TEST AT HARVARD

New System for Deciding Strength is Introduced.

Cambridge, Mass., Jan. 30.—Dr. Sargent, director of Hemenway gymnasium at Harvard, in announcing the general idea of the new strength test to be put into use in Harvard, and which probably will be adopted in the intercollegiate strength contests, explains that although the present intercollegiate system has raised the standard of physical strength tests it has been open to several objections, chief of which was the expense in providing instruments; again there has been great strain in the lifting tests; has increased the blood pressure caused by holding the breath during the efforts at lifting and has not tested the heart and lungs for endurance to overcome these objections. Dr. Sargent has arranged a series of exercises in which practically no equipment is necessary and less attention is given to strength and more to speed and endurance. The score will be reached by a formula in which the weight lifted is multiplied by the height to which it is raised and the product multiplied by the number of times the exercise is completed in a given time. The total is in foot pounds. In adopting the new system, candidates for the varsity football team and the crew must score at least 50,000 foot pounds. The varsity baseball team class football teams and crew and men competing in wrestling and boxing in the gymnasium must score 70,000 foot pounds, and all other athletes 60,000. Any man trying for a scholarship, 50,000.

RACES AT OAKLAND.

Six Favorites Fell by the Way Side Yesterday.

San Francisco, Cal., Jan. 29.—Six favorites went down to defeat at Oak-

land today and the bookmakers had a profitable afternoon. The weather was fine and the track heavy. In the opening event Holman made a bad start and Hilary beat the others away and won from Nuliah and Sailer, the favorite. Handpress was plucked on to win the third race, but finished in the back. Annie Max proved the winner. Brisson fell at the post, but escaped injury.

Shaw rode his first winner in California when he took the 2-year-old race on Saturday. In the last race Stullop dragged the assailed starter's whip for half a mile, and that somewhat hampered him. Greyford got up in time to win by a neck from Frank Woods, the favorite. Results:

First race, futurity course, selling—Hilary won, Nuliah second, Sailer third. Time—1:17.

Second race, three and a half furlongs, selling—Selector won, Sofia second, Florio del third. Time—1:33.

Third race, Futurity course, selling—Annie Max won; Berendes second, Sea Lion third. Time—1:12.

Fourth race, one mile, selling—Bill Massel won; Dunblane second, Hainault third. Time—1:42.

Fifth race, six furlongs, selling—Ed Lilburn won; Medium second, Stunts third. Time—1:27.

Sixth race, one mile and a quarter, selling—Greyford won, Frank Woods second; St. Cover, third. Time—2:12.

Sporting Notes.

The L. D. S. U. basketball team is apparently in a fair way to hold their title as state champions in the basketball world.

Han Iberg, the well known pitcher, and Charlie Irwin, a reliable outfielder, have been added to the San Francisco baseball team by Manager Harris.

Cal Callison and Capt. Bartlett went down to the traps yesterday afternoon and tried their luck at shooting blue rocks, the weather was not favorable to good work but the two crack shots managed to do some good shooting. Each shot at 15 targets, Callison making 128 and Bartlett 122.

Harry Forbes and Andy Tokell of England, who have been matched to meet in a 10-round battle for the bantamweight championship of the world, have accepted the offer of the Metropolitan club of Detroit, the date to be Feb. 27.

Tacoma, Wash., Jan. 29.—Young Gibbs of San Francisco and "Indian Joe" Gregg of Seattle fought a 9-round draw in this city tonight. The fight was Gibbs' in every sense of the word and the Indian was outclassed. Referee Barnett of Seattle gave anything but satisfaction. In the 17th round Gibbs saved the fight by hitting Barnett with a right to the head, and he was knocked out by Gibbs.

It really looks as though the proposed match between Tommy Jacobs and Aurelio Herrera would take place in this city in February. The little Mexican's manager says he is willing to fight his man and wants the management of the local club to go ahead and make the necessary arrangements. He has four matches on for Herrera for the month of February. "I would like to arrange one or two more for the same month," says Bishop. "I will let him box every night in the week if he does not have too long a break. My boy," he adds, "has knocked out Toby Irwin in eight rounds, and I think that is sufficient recommendation."
