The Elections—Dead—Liberal.

NEW YORK, 4.—Very little business is doing down town to-day, election day being now a legal holiday. The larger establishments were open in the morning, but were closed at noon. The day is fine, and all interested are exerting themselves to obtain a full vote.

Louis Gaylord Clark died at his residence at Pierpont, on the Hudson, last night, after a sickness of only a few hours, resulting from a paralytic stroke. Mr. Clark was editor of the *Knickerbocker* Magazine from 1832 till it ceased to exist, and subsequently was engaged in the New York Custom House, frequently contributing however to literary periodicals. His home at Pierpont was the gift of his associates on the *Knickerbocker* Magazine.

The contributions to the Memphis fund at the different polling places are liberal.

It is claimed that the city has gone Tammany democrat by 15,000 to 20,000 majority. If the latter figures prove correct there is not much doubt but the State has gone democratic by several thousand. The election of S. S. Cox to Congress is conceded.

The returns from Brooklyn indicate that the democratic candidate for mayor is elected.

Democrats Carry the City and County.

The democratic majority in this city is 25,000; on the county ticket 29,000.

The *Herald's* special from the City of Mexico, Oct. 31, via. Matamoras 4, says the revolutionary forces in Sonora have been annihilated, and it is expected that those in Coahuila will soon be vanquished. The forces of Alquestar have submitted.

Massachusetts Election.

BOSTON, 4.—Boston, with the exception of three wards, gave Gaston about 1500 plurality; Lowell gives Washburn 1,584, Gaston 2,170; Worcester gives Washburn 2,162, Gaston 3,780, and also elects a democratic senator and members of the house. The vote in 122 cities and towns foots up as follows: Washburn 33,023, Gaston 30,917. Last year the same towns gave Washburn 46,160, Bird 24,110. Washburn's plurality last year was about 25,000, which the returns so far indicate has been brought down about one half. The republican ticket for State officers is elected, and the republican councilors' ticket, together with a republican majority in both branches of the legislature. Banks' plurality for State senator is over 1500. Charles Hale is elected to the legislature from Boston by a large majority.

Won't Pay Depositors.

CONCORD, N. H., 4.—The Board of Trade passed resolutions, recommending the Savings banks in this city, in case of a run, to refuse payments altogether rather than attempt to raise money at a ruinous sacrifice; the Savings banks have determined to pay none of their depositors till January first.

Legislature in Session.

CHEYENNE, 4.—The third legislative assembly met here, to-day and organized. They elected Francis E. Warren, of Cheyenne, president of the council; S. H. Wilkinson, of Sweetwater, Speaker of the lower house, and then adjourned till tomorrow at ten o'clock. The legislature will remain in session forty days.

Louisiana Outrages.

WASHINGTON, D. C., 4.—Attorney-General Williams, to-day, received a telegram from Governor Kellogg, saying that the military in Grant parish are aiding the civil authorities to arrest the perpetrators of the Colfax massacre, but they did not arrive until after the Grant parish outrage is alleged to have taken place. The telegram also says that later advices indicate that the outrage is a fabrication.

Treasurer's Report.

Treasurer Spinner, in his thirteenth annual report, says the falling off in the receipts for the past year from customs, amounts to $28,280,764, and from internal revenue $16,912,788; while the expenditures are largly in excess of previous year. The treasurer descants on the monetary trouble and favors, as a remedy, the issue of convertable legal tenders.

R. R. Trouble.

KNOXVILLE, Tenn., 4.—The trouble on the East Tennessee, Virginia and Georgia railroad has not yet been adjusted, and the men wont allow freight trains to move. No freight has been carried over the road since Friday. Mail trains are running regularly. Great inconvenience is caused to the merchants.

Democrats Victorious.

BALTIMORE, 4.—The Democrats elect the entire ticket, with from 13,000 to 15,000 majority.

Chinese Workmen.

AUGUSTA, Ga., 4.—Thirty-five Chinese arrived to-day from Indianapolis, to work on the Augusta canal; more are expected.

That Outrage.

NEW ORLEANS, 4.—The account of the Grant parish outrage, telegraphed hence Nov. 1, as shown by all accounts, was perpetrated after the arrival of the metropolitans, and had been fully confirmed by publication in the Sunday's papers of the proceedings of a public meeting in Alexandria to consider the subject.

Democrats Elected—Found Dead.

ALBANY, 4.—The county gives fifteen hundred majority to Dayton, democratic senator, and three out of the four assemblymen are democrats.

Captain Cramieres, U.S.A., was found dead in his room at the Delavan House to-day. It is supposed that he died of apoplexy. He was on his way to the west.

Texas Pacific Defaulters.

PHILADELPHIA, 4.—A late edition of the *Evening Telegraph* says the California and Texas Construction Company, engaged in building by contract the Texas and Pacific railroad, was unable to meet all the paper maturing to-day. The present financial condition of the company has rendered it impossible for the company to realize ready cash on its assets, although they are very eagerly in case of their liabilities, and over $300,000 of its paper, most of it endorsed by prominent stockholders, went to protest. The liabilities of the construction company are reported at four and a half million dollars in notes, variously endorsed, all maturing within ninety days. Sixteen hundred thousand of the loans are on collateral and individual security; six hundred thousand on unsecured obligations in the shape of drafts, and two hundred and fifty thousand the floating debt, amounting in all to near eleven millions. This amount, with over four millions cash paid in on the stock of the construction company has been expended in constructing the Texas Pacific railroad, and there are three hundred miles of the road completed, equipped and in operation, and about one hundred and fifty miles additional graded, bridged and ready for the iron. The resources of the construction company consist of $35,000 per mile of the completed road, in the first mortgage bonds of the railroad company, secured by the lien on the road and its equipment, and a thousand acres of land per mile granted by the state of Texas, over two million of unpaid construction stock, most of which will be promptly paid, and the private property of individual endorsers, which is very large. It is believed that the creditors, most of whom hold a large amount, will speedily arrange for an extension of their liabilities, so as to give time to realize without sacrifice.

CANADA.

Five Hours' Speech.

OTTAWA, Canada, 4.—In the Dominion Parliament, last night, Sir John A. McDonald delivered a five hours' speech, lasting till two o'clock this morning. He reviewed the constitutional question and the appointment of the commission, observing that he relied upon the report, and considered it beneath him to vindicate the character of the commissioners. Judge Wilson, long a political opponent of his, had declared that he saw nothing to criminate the government. Had he, Sir John, yielded to the blackmailing attempt of McMullen, these charges would never have been heard of. He referred to the charges made against him in connection with the Washington treaty, and to his triumphant refutation of them. He alluded to the policy of his government respecting Nova Scotia and British Columbia, challenging the leader of the opposition to appoint a committee to investigate the whole question of expenditure in reference to the elections, and expressed confidence that the result would show that more members of the opposition owed their seats to corrupt means than on the ministerial side. He strongly blamed Sir Hugh Allen for delay in apprising his American friends of the fact that the government had determined to have nothing to do with them, and would not screen the living at the expense of the dead, that neither Sir George Cartier nor any other single member was to bind the government. He defended the directors of the Pacific railroad and quoted English precedents for his own handling of the selection fund. He expressed regret that Huntington had not been before the royal commission to cross-examine him, and defied his opponents to show him anything in the Pacific charter which bore out the charge that Sir Hugh Allan had obtained any preference or advantages. He declared himself equal to victory or defeat, and appealed to the house to support a man who had spent his life time in the service of Canada.

Blake made a few remarks, and will continue the debate on the opening of the house to-day. Every member is in the capital with the exception of Riel, the member for Manitoba.

FOREIGN.

SPAIN.

Dead—Released.

MADRID, 4.—Rios Rosa, the well known Spanish politician, is dead.

Girard, the Prussian subject, who was arrested by the Carthagena Insurgents on the charge of being a spy from Madrid, has been released.

GREAT BRITAIN.

More Hopeful.

LONDON, 4.—The latest advices from India are a little more encouraging, the crops in some districts in Bengal are improving, and with the continuance of favorable weather there are hopes that the famine may be averted or greatly mitigated.

FRANCE.

Amendment.

PARIS, 4.—The Left, at a meeting to-day, resolved to introduce an amendment to the motion for the prolongation of MeMahon's term of office, requiring a definitive recognition of the republic. Some deputies of the left centre, are in favor of it.

Bazaine's Trial.

In the Bazaine courtmartial to-day Col. Stoffel was sworn. He said he never saw or opened despatches addressed to MacMahon until the Marshal had perused them. He knew of only one dispatch received from Rubase and Wies, they stated that they were unable to obtain the information they were sent for. He did not examine the accounts these men gave. On returning to camp at Bethel they never informed him that they had important papers. He alluded to the fact that he gave them no recommendation, as a proof that he had received from them no information. He declared that he shared the sentiment of the whole army in regard to Riviere, for whom the only feeling was contempt and disdain. The witness refused to retract the expression, at the request either of the Duke d'Aumale or the counsel for the defense. The president consequently caused a report of the language used to be drawn up for presentation to the authorities.

Rubase and Wies were recalled. The president called attention to the discrepancies between their testimony yesterday and the evidence given to-day. The witnesses then circumstantially contradicted Stoffel, and declared that when they arrived in camp he read their dispatches, and remarked that the information they contained was the same that had been telegraphed by the government. The commissioner read an argument in favor of the information which he had filed against Col. Stoffel, for making away with the dispatches, and said he reserved the right to prosecute. The court adjourned amid great excitement.

Organization of the Republic—Recalled.

Casimir Periers informed the deputies of the Left Centre, at their meeting to-night, that the Right was desirous of coming to some understanding with them in regard to the prolongation of MacMahon's powers, and granting dictatorial powers to his government, motions for which would be introduced immediately on the re-opening of the Assembly to-morrow. In reply to his propositions, the Left Centre resolved to demand, in the Assembly, that the question of the organization of the republic be immediately placed among the standing orders.

It is reported that the government has recalled the French consul at Carthagena.
