By Telegraph to the NEWS.

Going Rightly to Work.

PHILADELPHIA, 30.—A Washington dispatch to the *Times* says: Secretary Fairchild is seriously contemplating a movement with the approbation of the President and his colleagues looking to the concentration of the democrats in the House of Representatives and Senate upon a measure of tariff reduction. After the experience of the past two congresses the President is convinced that but one course remains open to the democratic party, and this the formulation of a bill. In consultation with such men as Randall and Carlisle and others representing different positions, the democratic sentiment on the subject is for the bringing of them together on some common ground of agreement. The President has seen for some time that an issue will be made on the tariff and has urged that it would be more sagacious to get to work at once and prepare a bill to be submitted to Congress as a measure of the administration policy, than to let the question continue to play havoc as a firebrand in the ranks of the party.

The Pope's Temporal Power.

ROME, May 30.—The *Osservatore Romano* interprets the Pope's utterances in his allocution as meaning that no reconsideration is possible between the Vatican and the Quirinal without a restitution of the Pope's temporal power. Well informed circles declare that the *Osservatore Romano* only echoes the feeling of the Intransigeant party of the Vatican. The *Reforma*, government organ says that reconsideration is the only question and that Italy can wait quietly.

A Big Haul.

VIENNA, May 30.—A postal clerk named Zaleveski has absconded with registered letters containing bank notes to the amount of $75,000.

The New Cabinet.

PARIS, May 30.—It is reported that President Grevy, in order to avoid the certain defeat of the new ministry on one important issue, will close the session of the Chamber of Deputies on June 15th.

At a meeting of the cabinet as first constituted, General Saussier announced his intention of withdrawing the military bill. His colleagues opposed such action on the ground that it would be inconsistent with the dignity of the country, but Gen. Saussier insisted on withdrawing the bill, and was obliged to surrender the war portfolio.

The Big Strike.

BRUSSELS, May 30.—The metal workers' strike is extending. New dynamite outrages are reported.

Manning.

LONDON, May 30.—Daniel Manning left Bournemouth for Liverpool today. He is well.

Not Filled Yet.

PARIS, May 30.—A meeting of ministers was held to-day at President Grevy's residence. The final completion of the cabinet is not entirely settled. M. Heredia has rejected the portfolio of minister of public works, and henceforth this department will be combined with the department of commerce.

Searching for the Bodies.

EDINBURGH, May 30.—Search for the bodies of the miners who lost their lives in the explosion in Udston colliery pit still continues. Sixty-two bodies thus far have been recovered.

Adjourned.

OMAHA, Neb., May 30.—The Presbyterian assembly adjourned this morning to meet in Philadelphia on the third Thursday of May of next year.

W. B. H. M. S.

MINNEAPOLIS, May 30.—The Woman's Baptist Home Mission Society met this morning and listened to an address by Mrs. J. N. Crouse, president of the western branch, and others. The Baptist union has agreed to hold an anniversary in Cincinnati next year if an invitation is extended by that city. Dr. Henry M. King has been selected to deliver the anniversary sermon.

Observing the Day.

NEW YORK, May 30.—Business was very generally suspended in this city to-day and the streets were thronged at an early hour with dense crowds of people waiting with patient expectancy, for the coming of the usual decoration day procession. Thousands of people are visiting the tomb of General Grant to do honor to the illustrious dead. The procession, composed of militia and veteran organizations interspersed throughout with carriages containing maimed and invalid veterans, was reviewed by Governor Hill accompanied by Generals Sherman, Sheridan, Sickels and many other distinguished people. It is estimated that about 15,000 people were in line.

Early in the day Mrs. Grant stood at the tomb of the

HERO OF APPOMATTOX

and on entering placed her personal token of flowers upon the casket within. Though the narrow space within was filled with foliage, hers was the only offering of blooming flowers, all else was heavy leaved and dark green. Mrs. Grant went away to her home, not to be present when the public should come to the services. There were offerings from the viceroy of China, his minister here, from the Loyal Legion and many others. Twenty thousand people were there when the services began at 4. Grant post at Brooklyn was in charge, assisted by Morgan and Hamilton posts. Fifty colored ladies in uniform marched to the tomb with flowers. There were appropriate services according to the G. A. R. ritual. John Rhey Thompson, D. D., now of Washington Square M. E. Church, delivered the oration.

More Quaking.

CITY OF MEXICO, May 30.—Up to 1 o'clock this morning, no second shock of earthquake has been experienced. The earthquake shock has created fresh alarm about the safety of roofs in buildings of great age.

NOGALES, A. T., May 30.—There was a pretty severe shock of earthquake here this afternoon about one o'clock, which in its severity crossed much excitement though no damage was done. Ten minutes after there was another shock, but it was very light. Last evening a terrific dry cyclone visited this city. It came from the mountains on the east side of town and swept away a great many Mexican jackals and unroofed several more substantial buildings. No one was injured.

Kissane at Home.

SAN FRANCISCO, May 30.—The whereabouts of William Kissane has been definitely learned. He is not secluded in Victoria but remains at his ranch near Sonoma. Deputy U. S. Marshal Hopkins went to Sonoma three days ago commissioned to serve a subpœna on him in a case entitled "The Chemical National Bank, New York, vs. Wm. Kissane, alias Wm. K. Rogers," an action brought to recover on certain alleged forged notes in the possession of the bank. Hopkins states that on arriving in town he began inquiry among the citizens of the place as to where Kissane could be found. The answer invariably was that he had gone to British Columbia, coupled with a denunciation of his supposed persecution. The deputy says, however, he found him at his ranch and served the papers on him. Hopkins says other suits of a similar character will be started. The deputy says in Sonoma County the feeling against Kissane's prosecution is extremely bitter.

The Regular Explosions.

PORTLAND, N. Y., May 30.—A boiler in the Hitchcock Manufacturing Company exploded this morning, burying a number of men in the ruins. One man is already dead, two more are fatally injured and two seriously so.

HUNTINGTON, W. Va., May 29.—About ten o'clock this morning a boiler on the elevator at the foot of Twentieth Street, exploded killing T. N. Reece, John Kelly and W. M. Albertson and badly injuring five others besides slightly hurting a dozen or more others.

Buddenseik in St. Louis.

ST. LOUIS, May 29.—About noon today a three-story brick building on North Third Street collapsed and several men are supposed to be buried in the ruins. Several men sitting near windows escaped by jumping. The work of digging for those buried under the building has already begun, and one man has been taken from the debris badly crushed but still living.

Terrific Cyclone.

CLEVELAND, May 30.—A special from Upper Sandusky, Ohio, reports that a cyclone passed over that place between five and six o'clock in the afternoon, doing great damage to trees, fences, etc. The spire of the Catholic church, 200 feet high, was blown over and the front of the church wrecked. Particulars later.

Gaudaur Defeats Hanlan.

CHICAGO, May 30.—Jacob Gaudaur to-day defeated Ned. Hanlan, the great ex-champion oarsman, in a race for the championship of America and $5,000, a three mile pull on Calumet Lake. When the two men came out on the course, the water was a little rough, but this had no deterring influence, and the start was made with promptness. Hanlan was at once a trifle in the lead, pulling short, quick strokes, forty-two per minute. Gaudaur kept close to him with a long, steady sweep, about thirty-eight per minute. Gradually Hanlan forged ahead and at the end of the initial mile was fully a

LENGTH IN ADVANCE

Before the turn was reached, the wind suddenly freshened and rain began to pour. The lake was soon lumpy from end to end and the downpour was almost blinding. Hanlan turned first, two lengths ahead; time, 10:02. He was pulling about 25 strokes a minute and rounding to when Gaudaur struck about the same gait. Hanlan kept well to the front until entering the third mile, when he commenced to flag. His stroke became uneven and rowing seemed to require great exertion. Gaudaur was rowing magnificently, at the same long, steady sweep, but faster. He soon passed Hanlon, first one then the another, and at last three lengths between them could be seen. Hanlan then made a

TREMENDOUS SPURT

for a very short time, but could not stand the pace. He lay back an instant, and glancing over his shoulder saw himself beaten. Gaudaur was six lengths away from him. Gaudaur then slackened his speed and passed the stand an easy winner by four lengths. Time 20:29. It was a fine performance under the adverse conditions. After the race, Hanlan said he did not think the best man won, although he acknowledged himself fairly beaten. He claimed to have been suffering from severe cold, which told on him at a critical time. Gaudaur said it was the hardest race he ever rowed. Hanlan gets 40 per cent. of $5,500, which were total gate receipts.

THE RECORD BROKEN.

The figures 20 29 were taken from the president of the Farragut Club, who was understood to be timekeeper. The timers of the referee boat, however, agree that three miles were made in 19 30. This has been declared official. Gaudaur, therefore, broke the record, the best previous time being his own against Teemer over the same course, 19 54, though it is announced that Hanlan also broke the previous record, having finished in 19 34. His backer says he will send Hanlan to Australia and if he defeats Beach he will once more put him against Gaudaur.

Senator Sherman.

CHICAGO, May 29.—Senator Sherman spent the day here quietly and this evening attended an informal reception at the Union League Club. There was no speech-making.

Warren Beats Danforth.

MINNEAPOLIS, Minn., 29.—No event since the Sullivan-Cardiff fight has caused so much interest as the fight between Tommy Warren, of Louisville, champion featherweight pugilist, and Tommy Danforth, of New York, at Washington Rink to-night. It has been an open question which is the better man and they are so nearly matched in size and weight that the contest between them depended entirely on pugilistic ability. Warren is a quarter of an inch taller than Danforth, while the latter is a little broader across the shoulders than Warren. The men were weighed this morning. Warren 118¼, Danforth 117¾. The articles of agreement called for a 15 round contest with two ounce gloves, Queensbury rules, the man having the best of the fight at the end to be declared the winner, fight to be for a purse of $600 and the entire gate receipts, the winner to take all.

After several preliminary set-tos the

TWO PRINCIPLES

appeared, Warren was seconded by Patsy Cardiff and and John Donaldson and Danforth by John P. Clow and Daniel Needham. Both men appeared in perfect condition and when time was called respended promptly for the first round. For ten rounds the men were pretty evenly matched and it was give and take with the odds, if anything, in favor of Warren. The last three rounds Danforth was plainly beaten, but fought bravely to the end, when he was laid out for good by a blow on the ugiar.

Rich Gold Mines.

FORT SMITH, Ark., May 30.—A report from Golden City mining region is received to-night bringing glowing accounts of rich gold finds in that vicinity. Rich placer claims are located and said to extend for six miles. Assays to-day from quartz mines show from $36 to $50 per ton free smelting gold. Large quantities of gray copper are found in the mines and many capitalists from this city are investigating these and the promise is great results.

More were caught by others of the party. After dinner, President and Mrs. Cleveland, Col. and Mrs. Lamont, Dr. and Mrs. Rosman and Riddle, of the Saranac Inn, drove in buckboards seventeen miles to the Roy Brook House to try brook trout fishing. The trout preserves were opened early to give the President a chance to try the fishing before the fish had seen a fly. Just befor sunset the President cast flies, and when he came into supper, he proudly exhibited a catch of handsome speckled trout. President and Mrs. Cleveland are in excellent health.

The Day at Springfield.

SPRINGFIELD, Ill., May 29.—Imposing memorial ceremonies were held today. A great number of visitors from outside points attended the exercises. At Lincoln's monument, Senator Cullom welcomed the visitors and veterans, and delivered a brief eulogy upon the martyred President. He was followed by other speakers, after which a number of handsome floral tributes were placed on the tomb.

Gaudaur's Time Badly Beaten.

NEW YORK, 30.—Wallace Ross and Geo. Hosmer rowed a single scull race near Flushing. The evening announcements were for a three mile race for $1,500. The start was made in choppy water. There were three turns, and the announcement was made by the judges that the first half was made in seven and a half minutes. On the first turn Ross fouled both Hosmer and the stake boat, but secured the lead, and held to the end, winning by two feet, in what was announced as 14.05. The judges were not in a position to see the finish, and a man in a boat told them about the time, which is correct. The explanation of this phenomenal time must be found in the measurement or non-measurement of the course.
