## UNIQUE PLAN TO COLLECT BILL.

Contractor Farrel Forces the County Commissioners to Pay Up.

## WEBER COUNTY FAIR OPENS.

Texas Has a Mexican Band to Force Attention—A Pennsylvanian in Ogden.

(Special to the "News.")

Ogden, Sept. 15.—The Weber county fair opened today for a four days' session. At the fair grounds the fruit exhibit of the Irrigation Congress is attracting attention, the exhibit being one of the most magnificent ever gathered in the west, comprising as it does some of the finest specimens of all kinds of fruit ever brought together at one time. The exhibit includes vegetables, an excellent display of sugar beets and, in fact, all kinds of farm products grown in the arid states. It will be visited at 4 o'clock this afternoon by the delegates.

At the fair there is a splendid display of cattle, horses and sheep, and during the course thereof there will be horse racing, automobile racing and many other attractive features.

### WANTED HIS PAY.

That Contractor Farrel, who built the new cells in the county jail recently, and has had considerable trouble over getting his pay, was determined to bring the commissioners to time was evidenced yesterday by his workings. At a meeting Saturday, the price to be paid was fully agreed upon and the auditor authorized to draw the warrant, but when Mr. Farrel called for the warrant the auditor informed him he had been instructed not to pay it.

### TAKES POSSESSION OF JAIL.

The key to the new cells had been turned over to the sheriff and he had four prisoners in them. Mr. Farrel on learning that he was not going to get his money, went to the deputy sheriff and told him he must have the key to turn over to the auditor. The sheriff gave him the key, but instead of his going to the auditor with it he left the jail. When on camp the deputies went to feed the prisoners but could not get the key. They hunted the town over for Farrel, but did not find him until late in the afternoon, and as the cells are so arranged that the prisoners could not be fed until the key was found they did not get any dinner. When Mr. Farrel was found he refused to give up the key until the warrant for the work was forthcoming. The commissioners and he had some lively words, but at last the commissioners gave in to him and paid the warrant in full of account and then the key was delivered to them and the prisoners fed.

### BRIEFS AND PERSONALS.

J. K. Kutz of Ephrate, Penn., lives no doubt the greatest distance from Ogden of any delegate in attendance at the Irrigation Congress. Joseph L. Hunting of St. George is in Ogden on business for a few days. Mr. and Mrs. Henry Carr are in Salt Lake this week visiting with friends. The El Paso delegates with the Mex-

### A Purgative Pleasure.

If you ever took DeWitt's Little Early Risers for biliousness or constipation you know what a purgative pleasure is. These famous little pills cleanse the liver and rid the system of all bile without producing unpleasant effects. They do not gripe, sicken or weaken, but give tone and strength to the tissues and organs involved. W. H. Howell of Houston, Tex., says, "No better pill can be used than Little Early Risers for constipation, sick headache, etc." Sold by all druggists.

### FAUST.

A GOOD WOMAN HONORED.

The New Depot Station—To Change Mail Route—Married—Notes—Personals.

### Special Correspondence.

Faust, Tooele Co., Utah, Sept. 12.—Mrs. E. A. Bennion of this place was pleasantly surprised at her home last evening by a number of friends, who assembled to show her their respect. A pleasant evening was spent and all felt to wish her every success in her new home. Mrs. Bennion leaves on Sept. 14, for Vernal, where she will make her future home. She will be missed by old and young at this place. She was among the early settlers of this valley. Mrs. Bennion is a good woman and has always taken an active part in the Relief society and other church duties.

### A NEW STATION.

A fine new station is going up at the new town of Faust. Stock yards are also to be built and other conveniences. This will be good news to sheepmen and other shippers, as it will enable them to ship their sheep and other products to and from the edge of the desert.

### TO CHANGE THE MAIL ROUTE.

A petition has been sent to the de-

partment asking that the Deep Creek mail be taken from Faust instead of Fairfield. This present station. This change will make a difference of 25 miles, enabling the stage to reach Deep Creek several hours sooner. This will also be a great advantage to those who travel back and forth by stage.

### MARRIED IN THE TEMPLE.

Mr. Archie Bennion of Vernon and Miss Sadie Squires of Salt Lake City were united in the Salt Lake Temple last Wednesday. They will make Vernon their home in the future.

### BRIEFS AND PERSONALS.

James Chipman and Wm. Grant of American Fork have gone to their mining property in Idaho; they expect to return in about five days.

Frost has damaged nearly all the late corn seed of this valley. Potato vines also are frozen down to the ground. There was a light fall of snow in the mountains yesterday.

Charles Trimson, superintendent of Utah mine at Fish Springs, passed through here on his way to Salt Lake Friday. He reports all well at the Springs.

Mr. and Mrs. James Sharp will be in Salt Lake for a month.

William Sharp, son of David Sharp of Vernon, leaves this week to attend high school in Salt Lake City.

### RICHFIELD.

A Heavy Storm Prevailing—Crops Being Gathered—Threshing On.

Special Correspondence.

Richfield, Sept. 14.—Another heavy storm of rain and sleet visited this valley last night and continued all night. The snow fell low down on the foothills and has the appearance of being heavy high up in the mountains.

Since the recent storm the weather has been very cold with killing frosts two nights in succession. All tender plants have been killed and it is necessary now to cut and store the corn.

Threshing is well under way and the grain yield is about up to the average. Judging from the yield of early potatoes the late crop will be good.

### CROP INTERESTS.

The beet crop is reported to be in excellent condition and the yield will be heavier than ever before.

### PARK CITY.

ALMOST CRUSHED TO DEATH.

A Miner Severely Injured in the J. I. C. Mine.

### Special Correspondence.

Park City, Sept. 14.—James McNelis, a miner employed in the J. I. C. mine, was killed yesterday while working in the mine. McNelis was crushed to death by a large rock which fell from the ceiling of the mine. He was about 35 years of age and had been in the mine for several years.

### MAPLETON.

To Increase Water Supply—Beet Crops Splendid—Cold Wave.

Special Correspondence.

Mapleton, Utah, Sept. 12.—Work began yesterday on the ditch in Maple canyon to increase the capacity for irrigation purposes. Most of the water in this canyon sinks before it reaches the ditch. It was found that the ditch made of rock a distance of two miles.

The beet crop is better than for some years, as there has been more water and fewer grasshoppers. The crop is now being gathered.

### WEST WEBER.

POPULAR COUPLES MARRIED.

Ball and Receptions Tendered—Farm And Crop Notes, Etc.

### Special Correspondence.

West Weber, Utah, Sept. 12.—The following couples were wed in the Salt Lake Temple on the 2nd and 9th of Sept.:

Mrs. Annie Gibson to Mr. Harry Penman, Miss Ellen Hunter to Mr. Chas. Rogers, Miss Margaret Hipwell to Mr. Frederick Walker. All are young people of this place holding a high place in public estimation, are active workers in the various church organizations, and generally very popular & respected. A wedding was given in honor of each couple by their parents, and a ball was also tendered the little band of benefactors, et al, in the amusement hall this evening.

### FARM AND CROP NOTES ETC.

Nearly all the farmers in this vicinity are busy hauling beets and tomatoes, the latter have been injured some by frost.

We have had a very dry summer with but little water for irrigation. But our crops are doing well all around, will be about an average.

This last few days we have had some heavy showers of rain, which has softened the ground and made beet digging much easier.

We have no sickness of a serious nature at the present time.

Next Sunday we hold our ward conference. Some of the state presidents and members of the High Council will be present.

### IONA, IDAHO.

DEATH OF GRANDMA GRIBBLE

An Estimable Lady—New Meeting House—Notes.

Special Correspondence.

Iona, Idaho, Sept. 12.—Slater Adella M. Gribble, a much respected member of this community, died here the 5th inst. of general debility. She would have been 88 years of age Oct. 14 next. She was the mother of eight children, 5 grandchildren and about the same number of great-grandchildren. The funeral services were held in the Iona meetinghouse Tuesday, the 8th, and was largely attended. The speakers were President E. Steele, and A. J. Stanger, Counselor Geo. P. Ward, Bishop C. W. Rockwood and Sister Elvira C. Steele.

The deceased is believed to tell of her personal acquaintance with the Prophet Joseph Smith and never missed an opportunity of bearing testimony to his divine mission on earth. She endured many hardships, having crossed the plains in 1847. She was converted to the principles of "Mormonism" by Elder Farley P. Pratt and was baptized by him at the age of 19, and remained faithful to the cause up to the day of her death.

### NEW BUILDINGS, ETC.

Work on our new meetinghouse and new brick schoolhouse is progressing favorably. Geo. W. Corson and his son-in-law, Arthur Dahlstrom, have commenced the erection of a store building; they expect to engage in the general merchandise business. Mr. Ainsworth has opened up a new and up-to-date building, called Frank Herbert, R. H. Fife, and James Hutchins are all building neat and cosy brick cottages.

Our old friend, John C. Rushton, after an absence in Oregon for three or

For over half a century we have maintained our reputation as roasters and blenders of coffee that is always uniform in quality.

**J. A. FOLGER & CO.**  
San Francisco.  
Importers of Fine Coffees.

four years, has concluded that Iona is good enough for him. And we are expecting him to arrive every day and take up his abode with us permanently. The vendor is very calm and stony and work on the farms is considerably retarded in consequence.

### ELBA, IDAHO.

Primary Association Fair—News Notes.

Special Correspondence.

Elba, Sept. 13.—The Primary association had an entertainment and fair on the 11th inst. A nice program was rendered and many creditable things made and given. The little ones were placed on exhibition. The display will be left in place until after the Relief society conference, which is to be held here on the 19th. Great credit is due those who had the affair in charge.

### NEWS NOTES.

Many of our young people are at Oakley attending the stake academy. There are two threshing machines at the school on the evening of the 11th; ice cream and cake were served.

The past few days have been very cold and a lot of the tender vegetables are frosted.

The grain and hay crops are gathered and threshing has commenced. Grain is turning out fairly well.

There are two threshing machines at the school on the evening of the 11th; ice cream and cake were served.

### HAILEY, IDAHO.

ATTEMPT AT SUICIDE.

Trice Shooting, Stabbing and Bleeding to Death—Overpowered and Life Saved.

Last Saturday evening John Lawson, a peculiar character known as "Red Water Jack," made a desperate attempt at suicide. It occurred at a sawmill about 15 miles north of this place. At the close of the day's work he laid down a short time in the sleeping tent and then suddenly, without saying a word, ran into the cook's tent and seized a revolver. He held the gun upside down against his forehead and fired, but did not fall or seem to be injured. Some of the men noticed that he was queerly followed him and tried to get the gun away from him, but he warned them away, threatening them with the revolver. He was finally overpowered by a blow, being knocked senseless, and the revolver was found the bullet had struck the top of the forehead and glanced, plowing a ridge through his scalp. On coming to he fought desperately for the revolver, but was finally put to bed with a watch. His head was covered and after a time it was noticed he was breathing hard when an examination was made and it was found that he had secreted a knife in his belt, with which he had opened the veins in his wrists and tried to bore through his left side into his heart. He was removed to Hailey yesterday and will recover.

He attended a circus a few days ago and on returning to work was despondent, though he had no known troubles except an over-drawn bank account. He is well known throughout southern Idaho, having worked through the mines for 20 years or more.

### THATCHER, ARIZONA.

ENJOYING THEMSELVES.

Apostle Clawson Loses His Glasses—A Horticultural Display—Mellon Feast.

### Special Correspondence.

Thatcher, Ariz., Sept. 10.—An interesting convention of the M. I. A. society was held here yesterday at which Elders Rudger Clawson, in liquidation, Murrin and Sister Aggie Campbell were in attendance. The weather was delightful, rain had fallen and the atmosphere was clear and exhilarating. That all conspired to make the event a memorable conference.

### HE LOST HIS GLASSES.

Elder Rudger Clawson while returning home could not resist the temptation to revisit one of his boyhood bathing resorts at the Cliff's ranch. In a cave at the foot of Mount Graham is a large pool, where he and other boys learned to swim and dive. Here he induced the gentlemen of the party to remain and enjoy a bath. And here he was drowned, while sliding off the "booby trap," where he had no other help, learned to swim and dive. Here he induced the gentlemen of the party to remain and enjoy a bath. And here he was drowned, while sliding off the "booby trap," where he had no other help, learned to swim and dive. Here he induced the gentlemen of the party to remain and enjoy a bath. And here he was drowned, while sliding off the "booby trap," where he had no other help, learned to swim and dive.

### AT A MELLON FEAST.

While the visiting brethren were at this place they became the guests of Mr. Nichols our successful gardener and aided him in the disposition of over a half dozen water melons, ranging in weight from 30 to 40 pounds each. It is needless to say all enjoyed the feast.

### A HORTICULTURAL DISPLAY.

On the stand during our conference was a beautiful display of fruit and vegetables. A variety of apples called the "Wolf river" were in the display and proved to be the largest ever seen by any one present. Beautiful peaches, and peaches, some weighing over one-half pound each, luscious grapes of several varieties, the pomegranate; the quince, plums and other fruits, large sweet potatoes.

### DO YOU ENJOY WHAT YOU EAT?

You can eat whatever and whenever you like if you take Kodol. By the use of this remedy disordered digestion and diseased stomachs are so completely restored to health, and the full performance of their functions naturally, that such food as would be one into a double-broiled and with a positive pleasure and enjoyment. And what is more—these foods are assimilated and transformed into the kind of nutrient that is appropriated by the blood and tissues.

Kodol is the only digestant or combination of digestants that will digest all classes of food. In addition to this fact, it contains in assimilative form, the greatest known tonic and reconstructive properties.

Kodol cures indigestion, dyspepsia and all disorders arising therefrom.

### Kodol Digests What You Eat

Makes the Stomach Sweet.

Bottles only. Regular size, \$1.00, holding 24 times the dose. Each bottle contains 50 cents.

Prepared by E. A. DEWITT & CO., Chicago, Ill.

Sold by All Druggists.

eral varieties, the pomegranate; the quince, plums and other fruits, large sweet potatoes.

On the evening of the 9th inst, the Y. L. M. I. association of Thatcher entertained on the grass out side the hall a large company of people together with our visitors. Interesting singing and recitations were on the program, and the whole interspersed, with cake, ice cream and fruit.

The beautiful moon light night and everything was so cheerful, the occasion was delightful. Throughout our whole conference and convention everything was a success, we not only had good time but a profitable season.

### HOW TO ACQUIRE MENTAL VIGOR.

Mental vigor is gained, not by memorizing through teachers and professors, but by that mental self-help which utilizes knowledge as it is acquired. We grow in power by investigation, deep concentration, thinking, planning, and bringing about results without the assistance of others. One self-wrought problem will give more vigor than a thousand worked out for us. It is the constant stretching of the mind over large problems, over large models—it is independent thought that increases mental power.

Memorizing is a parrot's work; it does not bring much mentality into the brain; but to think along original lines, to investigate, to reach out into new fields, to reason independently for oneself, to grow. Power should be the goal of all ambition. This can never be gained by imitating, leaning upon others, asking advice or going on crutches.

The greatest sign of creation is a normal mind of power which is firm on its feet and does not wobble or stagger or tremble on a man who dares to think his own thoughts, to live his own life—who does not lean, or imitate, or sham—who can look the world straight in the eyes without wincing, and who is not afraid of a hair's breadth to the right or the left, though a paradise tempt him, but goes straight to his goal—Orison Swett Marden in Success.

### HOSPITALITY IN THE NAVY.

In regard to the recent festivities at Kiel, Portsmouth and Lisbon the Army and Navy Journal says: "The visiting officers of the United States navy 'held its end up' with their German, British and Portuguese entertainers in the genial rivalry of good fellowship and social cheer. Yet back of all these gratifying reports there is an unwritten story of uncomplaining financial self-sacrifice and consequent embarrassment on the part of our navy officers which is far from creditable to the American government. The plain truth is that in order to make the absolutely necessary return of courtesies extended to them at Kiel, Portsmouth and Lisbon, the officers of the European squadrons had to draw upon their personal means to an extent which, in many cases, has proved or will eventually prove seriously embarrassing. It is estimated that every officer of the squadron has been obliged to devote to this program of reciprocal entertaining a sum equivalent to 50 per cent of his pay for three months, result of which some officers who have no means beyond their pay will be 'hard up' for months to come. They did only what custom and usage required of them. They were not entertaining on their own account. The functions for which they taxed themselves were formal and official, and morally at least, obligatory. It is not for the government to importunate foreign ports and required to maintain the American reputation for hospitality by paying for it out of their own pockets. They paid the price for the credit which the government gets the credit."—Chicago News.

### ADMIRAL CERVERA.

It is probable that the brief dispatch telling of the resignation of Pasqual Cervera as chief of staff in the Spanish navy will stir kinder feelings in this country towards the dauntless admiral than in Spain itself. And the kindness will be without reservation of arriere pensee; for if Admiral Cervera lost his fleet in Santiago bay he subsequently won the hearts of his victors.

The demeanor of the admiral after defeat was so perfect that it made even magnanimity impossible. There was not a touch of self-consciousness, no truckling, no bid for sympathy, no heroics. In his quiet dignity and superb aplomb. Vanquished, he came to our shores, saw us, and conquered. The spontaneous exuberant hospitality extended to this true Spanish hero was all deserved, and it is unique in history.

If Admiral Cervera is resigning his berth under a cloud, he knows where to come for consolation.—New York Mail and Express.

### BOOKS! BOOKS!

And then some. All of the popular fiction of the day as soon as issued. All of the University, College and Public School Text-Books, Children's Story and Picture Books. All of the Mormon Church publications.

We are the largest book concern of the state.
