Ogden, Dec. 31.—A serious wreck occurred on the Union Pacific yesterday morning near Peterson, Morgan county, resulting in the death of Engineer J. A. McFeely and the serious wounding of Fireman A. F. Trash and Head Brakeman H. A. Tice.

The wreck occurred at east bound freight No. 1506. The train was moving at a speed of about 15 miles an hour, going through Peterson station. When the engine struck the switch it jumped the track and ploughed through the dirt for a short distance, then turned completely over, coming to rest on its side. The engineer, fireman and brakeman were all on the engine when it left the track and realizing the great danger, jumped, but were caught in the coupling and were badly injured. The engine was badly damaged, also their contents.

A wrecking crew and physicians from Ogden were dispatched to the scene of the wreck, and the train engine was brought to this city, McFeely dying soon after his arrival at the hospital. His wife arrived from Evanston just before he died and arranged to ship his body to his former home at Forest Home, near Chicago. The wrecking crew had the track cleared yesterday afternoon, hence traffic was not delayed but a few hours. The freight cars were piled up and badly damaged, also their contents.

## Nervous Worn-Out

If you are in this condition, your nerve force is weak—the power is giving out—the organs of your body have "slowed up," and do their work imperfectly. This failure to do the work required, clogs the system and brings distress and disease. When the nerves are weak the heart is unable to force the life-giving blood through your veins; the stomach fails to digest food; the kidneys lack power to filter impurities from the blood, and the poisonous waste remains in the system to breed disease. Nerve energy must be restored. Dr. Miles' Nerve Tonic will do it. It stimulates the nerves; it is a nerve medicine and tonic, that rebuilds the entire nervous system.

Several years ago I was all broken down. I was nervous, worn-out, could not sleep, and was in constant pain. I doctored for months, and finally the doctor said he could do nothing for me. I began taking Dr. Miles' Nerve Tonic, and almost altogether eight weeks later, I became strong and healthy, and now weigh 110 pounds.

103 Elmwood Ave., Albany, Pa.  
Dr. Miles' Nerve Tonic is sold by your druggist, who will guarantee that the bottle will benefit. If it fails, he will refund your money.

The girl, who has not yet turned 15 years, is the mother of a three months old babe, and evidence secured by the officers places the responsibility of the girl's sad condition on Peterson, her stepfather. When the officers reached him at Eden, Weber county, they also took the girl in custody, but she was left at the Critchenden home with her babe.

At Last a Row is Arranged to

## RILEY STANDS HITCHED.

He Refuses to Make Peace When He  
Knows It Would Spoil a Good  
Story for the Fans.

Tonopah, Nev., Dec. 30.—The serenity which has marked the relations between club officials and fighters since the signing of the articles, was broken today for the first time. A dispute arose between Gans and Manager Riley of the Casino Athletic club over alleged flaws in the moving picture contracts, and a lively tussle between the two took place in the office of the manager. It threatens to eliminate the pictures from the coming fight. It seems that in signing the pictures for the pictures, Riley had affixed his personal signature as an individual, while the contract between the fighters and the club, Riley has placed his name thereon as representing the club. Gans claims that such contracts were not binding and insists that the club manager take out fresh contracts and destroy the old ones. He was supported in this contention by Herman, the club manager. Riley refused to agree to this.
