MESSAGES at Deseret Telegraph Office for 12 m.:

MEETINGS.—Wm. Marsden informs us, by letter, that two days meetings were held at Parowan, Iron Co., March 1st and 2nd, and a very profitable and enjoyable time was spent by those who attended.

PERSONAL.—We were called upon this morning by T. G. Woodmancy, representing the firm of Wm. Resor & Co., Manufacturers of stoves and hollow ware, and dealers in tin plate, sheet iron, copper, &c., Cincinnati, Ohio. This is a most reliable house, and they have done a large business with Utah for a number of years. They are manufacturers of the celebrated "Monitor" stove. Mr. Woodmancy is staying at the Walker House.

SPRING CITY.—G. Brough writes from that place, in Sanpete, March 4th:

"Spotted fever has somewhat abated. There is only one case of small-pox here. Measures are being adopted to prevent the spread of the disease."

THE CHURCH IN THE STATES.—Elder Henry G. Bywater writes from Williamsburg, Feb. 28th, that he visited Providence, Rhode Island, recently, where he organized a branch of the Church, numbering twenty-five members. It is expected that the emigration of Saints from the States will be large this coming season.

FOR EMIGRANTS.—A new and substantial building is in course of erection in the Tithing Office yard, which is to be used for the accommodation of emigrants arriving here without any home to go to, until they are in a position to provide for themselves. The building will be 43 by 20 feet, two storeys high, and will have a porch on the south side.

THE VALLEY HOUSE.—Quite a large addition is being erected on the North end of this building, increasing business we understand, demanding more accommodation.

A HANDSOME PRESENT.—Brothers William Ashman and George Chandler have presented to the Tenth Ward a very handsome silver sacramental set, consisting of seven pieces, which was dedicated yesterday, by Brother Adam Spiers. They were used yesterday, for the first time, for sacramental purposes.

TRIED.—The case of Jack Biegan, Jas. Dunn and Charles Studer, for robbing Wm. Sharp, a miner, on South Temple street, of about $90, was tried on Saturday, in the Probate Court of this county. The verdict of the jury was guilty in the matter of Biegan and Dunn and not guilty in that of Studer. The latter was discharged and the other two were sentenced to two years each in the penitentiary, at hard labor.

FATAL ACCIDENT.—It will be seen by an obituary notice, in another part of the paper, that Thomas Fennemore, a young man who formerly resided here, and whose relatives are well known and respectable citizens of Salt Lake, met with an accident a week ago last Saturday, at Portland, Oregon, receiving injuries which terminated his life a few days afterwards. Immediately on the receipt by his brother, Mr. James Fennemore, of this city, the latter set out for Portland, but he would arrive there too late to see his brother alive. An arm and leg of the unfortunate youth were fearfully crushed by the accident. He has been cut off in the very spring time of life, being only about twenty years of age when he died.

B. A. & M. SOCIETY.—Here are the minutes of a meeting of the Board of Directors of this Society handed to us by the Secretary:

"Board of Directors, March 8th, 1873, President Woodruff in the chair.

"The chairman introduced the subject of procuring a race track, which was canvassed at length, and laid over, for further investigation, with instruction to the committee on track to continue their labors.

"The resignation of Director W. C. Staines was read and accepted.

"Christopher Layton, of Kaysville, was unanimously elected a Director.

"The Secretary was instructed to get up a circular addressed to the Female Relief Societies, asking them to contribute to the coming Fair.

"The Supervisory Committees were allowed until next meeting to complete their premium lists.

"Board adjourned for two weeks.
ROBT. L. CAMPBELL, Secretary.

SIXTEENTH WARD.—There will be a children's party on Wednesday afternoon and one for the bigger folks in the evening, at the Sixteenth Ward School house, for the benefit of the Sunday School.

The painting of the new schoolhouse will probably be finished before Conference. The new seats and desks combined arrived on Friday, and are being put together and arranged. They are models of neatness as well as convenience. For every purpose of a public character, it is questionable whether a more commodious building of the same size could be found in the country. The different compartments are so constructed that the classes of a formal and common school could prosecute their studies without the least interruption from each other. The way the space is economized and the means of ingress and egress arranged shows that Bishop Kesler, who drafted the design and superintended the construction, is a thorough and experienced mechanic.

THIRD DISTRICT COURT.—The March term of the Third District Court opened this morning, at the Court House. The United States Court was opened by the U. S. Marshal, and the Territorial Court by the Territorial Marshal. Among other matters of business attended to was the reading, by Judge McKean, of a lengthy opinion on the meat market question; which, it will be remembered he decided, at the previous term, adversely to the city.

Of the eighteen jurymen summoned fourteen answered to their names.

The Judge ruled that all papers in equity matters should be served by the U. S. Marshal and not by the Territorial Marshal.

The court adjourned till to-morrow at 10 o'clock.

Bill for the Relief of Joseph L. Haywood and Others.

The next bill on the Calendar was bill (H. R. No. 2909) for the relief of Joseph L. Haywood and others, which was considered as in Committee of the Whole. It authorizes the proper accounting officers of the Treasury to adjust and settle, at a reasonable sum and on satisfactory proof, the suspended or disallowed items in the accounts of Joseph L. Haywood, late marshal of the Territory of Utah, for compensation of guards, and provisions and supplies for same, escorting the judges to court, and guarding court-house; for compensation and supplies for aids and guards employed to assist in the execution of process, and in guarding prisoners after arrest, for payment of rent of court-room; for marshal's personal expenses incurred while serving process; and for a reasonable allowance for guarding and boarding prisoners in the penitentiary; the amount allowed not to exceed $30,000, and to be paid from any unexpended balance of appropriations for expenses of United States courts prior to July 1, 1873, and distributed and paid *pro rata* among the holders of the drafts and certificates drawn by Haywood and now in the Treasury Department.

The Committee on Claims reported the bill, with an amendment to strike out "$30,000" and insert "$10,000."

The amendment was agreed to

The bill was reported to the Senate as amended and the amendments were concurred in. It was ordered that the amendments be engrossed and the bill read a third time. The bill was read the third time, and passed.—*Report of Senate Proceedings Feb. 26, in Congressional Globe.*

THERE is said to be some difficulty about the telegraphic communication in Wisconsin, but they hope to set it right as soon as they can clear away the snow deep enough to get down to the wires.

☞ NEGLECTED COUGHS AND COLDS.—Few are aware of the importance of checking a Cough or "Common Cold" in its first stage; that which in the beginning would yield to "*Brown's Bronchial Troches*," if neglected, often works upon the lungs.
d91 3 eod

☞ WE direct attention to a list of leading Organists and others, comprising the best musical talent in the United States, published in to-day's paper, in favor of the Estey Organ, for which Mr. C. W. Stayner is the agent in this Territory. The "Estey" has a well deserved reputation. Read the advertisement. d91 1

☞ THE attention of the public is called to the advertisement in another part of the paper, of Messrs. Carter & Burns, who have just opened a Real Estate, Auction and Commission House, in the Groesbeck Block. Both gentlemen are well known in the business circles of Salt Lake City, and there can be no doubt that parties who have real estate or other property to sell, money to loan on real estate, or who desire to transact any other business of the kind advertised by Messrs. Carter and Burns, will find it to their interest to negotiate with them.

☞ THE "HOUSEKEEPER" OF OUR HEALTH.—The liver is the great depurating or blood cleansing organ of the system. Set the great housekeeper of our health at work, and the foul corruptions which gender in the blood and rot out, as it were, the machinery of life, are gradually expelled from the system. For this purpose Dr. Pierce's Golden Medical Discovery is preeminently the article needed. It cures every kind of humor, from the worst scrofula to the common pimple, blotch or eruption. Great eating ulcers kindly heal under its mighty curative influence. Virulent blood poisons that lurk in the system, are by it robbed of their terrors, and by a persevering and somewhat protracted use of it, the most tainted systems may be completely renovated and built up anew.

Enlarged glands, tumors and swellings dwindle away and disappear under the influence of this great resolvent. It is sold by all druggists. s12 2 wd 1

☞ NOTICE.—The Wholesale Grocery and Wholesale Dry Goods Departments of Z. C. M. I. will be closed on Monday and Tuesday, 17th and 18th inst., for taking stock. The other departments will be open as usual. We invite our friends to make their purchases accordingly.

We would suggest the Music Hall, 14th Ward, as a central, convenient place in which to have the Organs tested.

THE BEST THING OUT!
No Farmer should be Without Them!
H. L. SMITH has recently applied for a Patent for a
CLOD CRUSHER & WORM DESTROYER,
which is said to surpass anything ever offered to the Farming Community. The advantages claimed by Mr. Smith are as follows:
1st. It runs easier than any other land roller.
2nd. It destroys all worms and insects near the surface.
3rd. It is a better clod crusher or pulveriser than any other manufactured.
This roller is a construction of seventeen cast iron rings and may be used either as a clod crusher, land press, or cultivator, as it leaves sixteen small furrows four inches apart each time it passes over the land. Those sowing broadcast have only to sit on the back of the roller and sow the seed, which, falling in the furrows, is covered with a brush harrow. Again, it is only necessary after the seed is up to commence with the roller half a furrow out and you have a water furrow on each side of seed.
In conclusion I have only to add, where this implement is used an increase of one third the usual crop is the result.

THIS IS THE
MEDICINE OF NATURE.
HE WHO CURES IS THE BEST PHYSICIAN.
PLANT'S
HERBAL MEDICINE STORES,
10th Ward—E. L. PLANT.
Composition Essence.
"Composition" is extensively used and much valued in Colds, Influenza, Pains in the Stomach and Bowels, Bowel Complaints, Cold Feet, Cold Sweats, &c., &c. As a general remedy it is a sure preventive of Colds, if taken freely, and the best substitute for all stimulants used by parties exposed to cold weather. By many it is used as a substitute for tea and coffee, and instead of brandy or such liquors, after dinner or supper, who find it much better than those stimulants, and without any of the bad effects intoxicating drinks produce.
The "Essence" makes a much more agreeable tea than the "Powder"—agrees better with the stomach, does not require boiling water, is made ready at once, and will keep any length of time. Families will do well to keep so useful a remedy by them for a time of need. Prepared and sold only by E. L. PLANT.
Pulmonary Lozenges.
Nothing that has yet been discovered can be compared with these Lozenges in their beneficial action upon all diseases of the respiratory organs; so simple, that they may be administered with the most perfect safety to the youngest children, yet sufficiently strong to arrest the progress of many of the most formidable pulmonary complaints, whether cough, croup, hooping cough, pneumonia, pleurisy, asthma, difficulty of breathing, and that fell disease, Consumption, of which over 60,000 die annually in England. 10, 25 and 50 cts. per package.
Plant's Waterdock and Bilious Pills.
As a remedy for loss of appetite, flatulency, sick headache, giddiness, acid eructations, costiveness, languor, nervous debility, heartburn, waterbrash, oppression after eating, depression of the mind, and all the distressing symptoms dependent upon indigestion, they surpass any remedy ever before presented to the public.
