IMPORTANT TO THE TRAVELING PUBLIC.

It is the duty of all persons before starting on a journey to ascertain by what route they can reach their destination with the least trouble, and if there are two or more roads leading to the same point, to decide which is the safest and pleasantest to travel.

We take pleasure in stating, that the CHICAGO & NORTH-WESTERN RAILWAY is the oldest, and several miles the shortest, route between Omaha and Chicago. Within the past two years the road bed has been put in admirable condition, and almost the entire line has been re-laid with steel rails.

The Depot in Chicago is centrally located, and as their trains arrive there thirty minutes in advance of all other lines, passengers can always be sure of making Eastern connections.

Close connections are made at Chicago with the Lake Shore & Michigan Southern, Michigan Central, Baltimore & Ohio, Pittsburg, Fort Wayne & Chicago, Kankakee Line and Pan Handle Routes, for all points EAST and SOUTH-EAST.

If you are going to Chicago, or East, you should, by all means, purchase your tickets the Old Pioneer Route—

The Chicago and North-Western.

You will find on all through trains Pullman Sleepers, new and magnificent Day Coaches, and the best Smoking and Second Class Cars now on any road in the United States.

Particular information with maps, time tables, etc., may be had at any of the Through Ticket Offices in the West, or upon personal or written application to J. W. Irons, Ticket Agent, Salt Lake City, A. H. Earl, Ticket Agent at Ogden, or to J. H. Mountain, Western Traveling Agent, Omaha, Neb. or to W. H. Stennett, General Passenger Agent, Chicago. d54

Recipe For Cholera Morbus.—The following is the latest—

New buttermilk and sweet milk, equal parts boiled together and strained, and taken inwardly by the sufferer.

Living on the Cheap.—Yesterday a man was arrested on a charge of living on the cheap, by obtaining meals under false pretenses, at the Valley House, and not paying for them. He will be tried to-morrow, before Justice Pyper.

A Petrified Stockade.—The Bozeman (Montana) *Avant Courier* tells of Tom Tignor, an old mountaineer, finding a stockade and building, the timbers of which were petrified. It was in the Gallatin basin, "about one mile this side of the Wyoming line."

Any Amount of It.—A brisk wind this afternoon stirred up the dust from the parched streets, whirling clouds of it through the air, filling the eyes, ears, noses, hair and clothing of pedestrians. It has been gathering up cloudy overhead to-day, as if portentous of an approaching storm.

Rush and Skull Valleys.—A gentleman just in from Rush Valley states that the crops in that part of the Territory are good, the only drawback being that about a fourth of those of the settlement of Vernon have been destroyed by crickets.

About two weeks ago some of the people of St. John's were baptized for a renewal of their covenants, preparatory to commencing living in a united condition, temporally and spiritually.

There is scarcely any feed for stock in Rush Valley, owing to the range being overstocked and the intense heat of the season, and Skull Valley is, if possible, in a still worse condition in that respect.

Speculatory. — Speculations are being indulged in with regard to who is likely to be the next Chief Justice of Utah, the general supposition being in favor of Judge C.W. Bennett, of this city, a gentleman who has a good reputation among his brethren of the bar for sound legal attainments. Some of the rabid "ring," probably without much hope, are anxious for the reappointment of Mr. McKean to the position from which he was so summarily hoisted. So far as we are concerned it is a matter that gives us no anxiety whatever, although, like every right-minded person, we desire to see a man in the position who will administer the law strictly, firmly and impartially, but we have an abiding faith that truth and justice will eventually prevail, and that intermediate conditions of an opposite character, at this stage of things, will but tend to hasten that desirable result.

Officers Quarters.—The work on the officers' new quarters, at Camp Douglas, is going ahead rapidly. All four of the buildings are rock structures, and the walls are already up, the roofs of two of them are finished, the workmen are laboring on a third, and the plastering in the interior is progressing.

Watson Brothers are contractors for the mason work, and William Paul, Sons and Brooks for the carpenter work, plastering and painting.

The government intend soon to erect four or five other buildings, of a similar character, the contracts for building which have not yet been awarded.

The way in which Camp Douglas is being built up indicates that it will soon be a military post of considerable magnitude, all of which building up and improving helps business along.

Another Chance.—On Tuesday, September 7th, will be presented another opportunity for the public of this city to take a cheap ride to Cache Valley and return. This excursion will probably be the last of the season in that direction, and it is therefore likely that not a few will take that chance to, as those getting up the affair say, "catch mountain trout, shoot prairie chickens or visit their friends." A band of music will accompany the train, and a ball will be given in Logan on the Wednesday evening. The party will return on Thursday, September 9th, leaving Franklin at 12:30 p.m., and those wishing to return on the 8th or 11th can do so by paying one dollar additional. The tickets will be $2.50 for the round trip, and will be for sale at the office of John W. Young, on and after Sept. 1st.

Time Saving.—The workmen on the Z. C. M. I. new building are on the brick work of the second story. An expeditious and time-saving method of reaching the bricklayers with material is in operation. An elevator is operated by a small steam engine, and each time it goes up it carries a couple of barrow loads of brick and four hod carriers, each with his quantum of mortar, and each time it descends it brings down a couple of empty barrows and four tenders with empty hods, and thus the concern keeps moving like clock work, without loss of time, the four hod carriers above being always ready to descend and replenish as soon as those below reach the top.

The second floor rafters, which are very heavy, are nearly all in, and the first course of floor boarding is being laid.

As the building progresses one cannot help being struck with its mammoth proportions and substantial character.

Grand English Opera.—To-morrow and Saturday evening English opera will be the great attraction at the Theatre. For to-morrow evening Balfe's romantic opera of "The Bohemian Girl" is announced, with Miss Julia Rosewald as "Arline," Mrs. Zelda Seguin as the "Gipsy Queen," Mr. W. Carleton as "Count Arnheim," Mr. Henry Peakes as "Devilshoof," and Mr. W. Castle as "Thaddeus."

A delightful entertainment may be expected.

The Last Entertainment.—The Kennedy family gave their last entertainment in this city last night. It was as well received and appreciated as the previous two, which gave great satisfaction to the audiences.

Fixing Up.—The late residence of Mr. Henry W. Naisbitt, now the property of Mr. William Jennings, on the Hill in the 20th Ward, is in process of being altered and improved in various ways, preparatory, it is reported, to Mr. Thomas Jennings taking up his abode in it.

EASTERN.

An Awful Deed.

CINCINNATI, O., 26. — Gustave Humber, of Jamestown, Ohio, while intoxicated last evening, attempted to kill his wife; she fled across the street to the house of a neighbor, when Humber followed and made an unsuccessful effort to get into the house by breaking the windows. He then threatened to return to his house and kill the child, which was about eighteen months old, thinking this threat would induce his wife to come out; but it failing to have the desired effect, he returned to the house, procured a table knife, sharpened it upon the stove, took the infant from the arms of his little girl, twelve years old, laid it upon the floor and deliberately cut its throat from ear to ear. He then threw the child and knife upon the bed, and went back and told his wife what he had done. He was afterwards arrested, and still regrets that he did not kill his wife.

An Abominable Outrage.

On Tuesday evening three masked horsemen visited the residence of Wm. Mains, a farmer, living near New Haven, Indiana. Mains was absent from home, and the masked men, who were under the influence of liquor, took possession of the house and appropriated such articles of value as they desired to their own use; they then set fire to the house, entirely destroying it with its contents. Mrs. Mains fled from the house, for fear that she should be murdered.
