

AROUND THE COURTS.

A Soldier Who Married His Wife in a Wrong Name.

SMALL SUIT AGAINST PAT RYAN.

William Lewis asks \$2,000 damages, for malicious prosecution, from Alexander Winter.

Chief Justice Merritt did nothing in open court today, but Judge Horton listened to the testimony in a divorce suit, granted the prayer of the wife's petition, and then resumed work on the Supreme Court opinions. In the lower courts nothing of any moment has transpired today.

ACCOUNTS APPROVED.
Two accounts of U. S. Commissioners Pratt were approved this morning by Judge Horton and allowed.

A DISSENT.

Both Anna Ward obtained a divorce from her husband, Wm. P. Ward, on the ground of failure to provide. The case went by default, the defendant being at present in the penitentiary at Leavenworth, Kansas, serving a sentence of two years for desertion from the U. S. army, he having enlisted in the name of Elmore.

The plaintiff was imposed by a suit filed. The parties interested in this suit in April, 1893. The plaintiff stated that when she first became acquainted with her husband, some time in the year 1888, he was known as Wm. P. Ward, and was at that time a deserter from the army, but the latter had been pardoned and was now known as Wm. P. Ward. She stated that she had been married to him for some time, and that she had been living with him in the city of Salt Lake.

SAID IT WAS REQUIRED.

A \$2000 damage suit was filed in the Third district court this morning by Wm. Lewis against Alexander Winter. It is alleged in the complaint that on July 10th in the present year this defendant wrote on a warrant against Lewis charging him with embezzling the sum of \$500. Plaintiff was imprisoned for several days awaiting trial, and upon the hearing before Judge Horton she was released.

At the University this evening, Miss Babcock will speak this evening, under the auspices of the summer school, on the subject, "The Education of Physical Culture in the Pacific Northwest." The address will be given in the hall of the University.

Vegetable and Animal Life.

On Tuesday morning Dr. Whiting spoke at the Normal Hall upon the subject, "Distribution of Animal and Vegetable Life." The speaker said in substance:

In the light of modern science we cannot view the distribution of animals and plants over the globe as either accidental or fortuitous. Many of the animals and plants which we see around us are the result of a long and complex process of evolution, and their distribution is the result of a long and complex process of evolution.

BOARD OF REGULATION.

The county board of regulation has held its first meeting this morning, and during the session, more particularly, was kept very busy. Nothing of importance transpired, the session being confined to the consideration of applications for abatement of various taxes.

COUNTY OFFICE.

The county court will not hold another session until Monday next.

MAKING A HOLIDAY.

U. S. Marshal Brigham left this morning for Park City, with the intention of spending a few days in the mountains. He was accompanied by his wife.

GETTING READY FOR FRIDAY.

As the Territorial Supreme Court will meet next Friday, Judges Merritt and Horton are up to their necks in work preparing matters for the session.

IT'S ANOTHER YOUNG.

The second adjourned hearing of the charge of assault and battery against C. T. Nelson and C. E. Scott, the principals in the case, took place this morning. The case is now in the hands of the jury, and it is expected that a verdict will be reached by the end of the week.

Pioneer Day at Taylorville.

The Taylorville Jubilee, published as occasion may require by Lee Bros., of that place, came to hand today and from the program prepared for the Pioneer celebration it is evident that a most enjoyable time was had. There was a large and very creditable procession, a salute of 24 guns at sunrise, music, speech making and athletic exhibitions of various kinds. In the evening there was a dance for all members of the ward over fifteen years of age. The day was a very successful one, and the enterprise cannot fail to be successful.

Sister Smith's Funeral.

The funeral service over the remains of Sister Caroline M. Smith, wife of Elder Oren Smith, President of Cache Valley Stake, was held in the Logan Tabernacle on the afternoon of Monday, the 23rd inst. Elder H. M. Molen presided. The speakers were Bishop Wm. B. Prosser and Elder M. W. Merrill and Miss Taylor, who sang to the strains of "The Church of Jesus Christ of Latter-day Saints." The service was a very impressive one, and the remains were committed to the earth.

Here Visiting Old Friends.

E. M. Youngblood and wife of Carbonville, Illinois, are here visiting. They arrived here on the 21st inst. and will remain here for some time. They are well known to many of our friends, and their visit is a very pleasant one.

Expensive Fishing.

C. C. Brown was seen fishing Smith today on the charge of attempting to catch fish in the city of Salt Lake. He was seen fishing in the city of Salt Lake, and was charged with attempting to catch fish in the city of Salt Lake. He was seen fishing in the city of Salt Lake, and was charged with attempting to catch fish in the city of Salt Lake.

THIEDE VERY SICK.

He is Suffering from Hemorrhage of the Bowels.

IN PRISON FOR WIFE MURDER.

The Murray Schoolkeeper is under the Special Care of County Physician Washington.

Charles Thiede, the Murray schoolkeeper, who is now confined in the County Jail awaiting trial on a charge of murdering his wife in May last, is now suffering from hemorrhage of the bowels. He has been unable to leave his bed for the past five days, and during the interval has suffered considerable pain.

Thiede is under the treatment of County Physician Washington. When asked by a News reporter today as to the state of his health, the doctor replied that although he was not yet able to leave his bed, he was improving, but the hemorrhage of the bowels was still a serious matter, and he was unable to leave his bed.

ANOTHER AFTERNOON TALK.

Miss Brotherhood speaks on the Experiments of Education.

The afternoon talk was given today before the teachers of the summer school by Miss Brotherhood, who spoke substantially as follows, concerning the experiments of education:

The principles of the new movement in education should be recognized as a whole in order to make a right application of them in practice. A statement to this effect is that we can study nothing except through the medium of the human mind.

The form should be presented by the teacher in object, method, practice, and in the medium of the human mind. The form should be presented by the teacher in object, method, practice, and in the medium of the human mind.
