## LOCAL AND OTHER MATTERS.

**TO WHOM IT MAY CONCERN.**—This certifies that Amasa M. Lyman was out of from the Church of Jesus Christ, of Latter-day Saints, by the High Council of Salt Lake City, the 12th day of May, 1870, for apostasy.

WM. DUNFORD, Clerk.

**DEPARTURE.**—Most of the missionaries who were called at the late Conference, left this morning on their way to Europe. They were accompanied by George A. Smith and D. H. Wells, and others of the authorities. The missionary party from this city will be joined at Ogden by another party, composed of the missionaries from the northern counties. We wish them all good speed.

**SUCCESS OF THE WARD CO-OPERATIVE STORES.**—Our notice, yesterday, of the success of the 13th Ward branch of Z. C. M. I. has gladly given place in the columns of the News:

SALT LAKE CITY, May 12, 1870.

**Editor Deseret News.**—Dear Sir, While reading the pleasing account of the success of the 13th Ward branch of Z. C. M. I. in last night's News, I thought it would not be amiss to report the progress of this institution. It has been in operation nearly one year, and is now paying a second dividend, which with the first, makes about 30 per cent. on the capital stock, paid out as dividends to the shareholders, besides increasing the value of the capital stock 22 per cent. The people of the Ward, having faith in the institution, have wisely concluded to patronize their own store, thus realizing a great saving in time, shoe leather, etc. They also appreciate it as a great blessing, and are only sorry there is so little of it. Praying for the success of this and all similar institutions, I am, etc.

CHAS. SANBORN, Supt. 20th W'd. Branch Z. C. M. I., S. L. C.

**RETIREMENT.**—Yesterday afternoon the ladies of the Tenth Ward held a reunion, styled a Retirement Supper, under the auspices of the Female Relief Society, which was gotten up in a happy style; it was well attended and productive of good feeling and harmony. The times make retirement a matter of fact now; yet if the ladies can introduce systems of retirement in dress and diet that will be both pleasant and profitable, their labors will be hailed by all with pleasure.

**THE EASTERN CANAL.**—We are informed that the directors of the canal, running from Cottonwood to the east part of our city, design turning the water in the excavation to-day. We shall be pleased to hear of the progress and success of the undertaking.

**ON THE WAY.**—We learn through a telegram to President Brigham Young that Elders Felt and Jackson in charge of a company of eighteen Saints passed through Cheyenne yesterday on their way to Utah.

**SHOOTING AFFAIR AT DIAMOND CITY.**—The Helena Herald has particulars of a shooting scrape, which occurred at Diamond City a few days since, in which two men, James Tracy and Louis Johnson were shot—the former fatally and the latter severely. The fracas occurred in a house of ill-fame. It appears that Tracy and Johnson were indulging in rough and tumble fight, when some person unknown opened the door and fired two shots from a revolver, hitting the two combatants as above. It was not known who did the shooting but a man had been arrested on suspicion.

**BARNUM IS GOING TO LECTURE.**—To-morrow night, in the Theatre, his subject is "How to make money,"—a very felicitous one, and we should not wonder if there be a full house. If Barnum can tell how to make money in these tight times he has studied his subject to good effect, and the communication of that knowledge might do a considerable amount of good here just now, for it is a very long time since money was so scarce as at the present time. Let the great public remember Barnum and his lecture. If they attend it as well as remember it, Barnum will be sure to make money, whether he tells them the way to do so or not, and that, of course, is what he desires to do.

**WYOMING AND THE INDIANS.**—A petition has been received by Gen. P. H. Sheridan, signed by several hundred citizens of Wyoming, relative to Indian outrages in that Territory. They approve the policy of the General, and ask him for a force of men, under an efficient officer, to be stationed in the Wind River valley, to protect the Whites, and punish the Indians for any further atrocities they may commit. We learn the above from a recent issue of the Montana Pick and Plow.

**NEW PALACE SLEEPING CAR.**—This morning we were shown through the Chicago, Rock Island and Pacific Sleeping Car, "San Francisco," now at the Depot of the Utah Central.

This magnificent "palace on wheels" is new from the company's works in Chicago. For elegance of design, combined with luxurious comfort and accommodation, it exceeds anything of the kind we have ever seen. It is heated by an ingenious arrangement called Baker's patent heating apparatus. The car has come direct from Albany, to which place it was taken from Chicago to bring along the following party: David Dows, Esq., one of the directors of the C. R. I. & P. R. R., and family; Chas. Subbin, Esq., and family; E. W. Coleman, Esq., of New York; Samuel Coleman, Esq., and wife; Josiah M. Fluke, Esq., and wife; Mrs. Linda D. Foster and R. M. and S. H. Coe, Esqs., of the firm of Hoe & Co., New York. The party arrived last evening, accompanied by Col. E. F. Hooker, Western Agent for the C. R. I. & P. R. R., and was joined on the way by P. A. Hall, Asst. Genl. Supt.

**INDIAN FIGHT.**—A big fight with Indians and U. S. soldiers, took place on the 5th inst., at Atlantic City, W. T. According to an elaborate account of the affair, contained in the Omaha Herald of the 10th, the Indians numbered about 100 and the soldiers 25. Several Indians were killed, and on the side of the soldiers, Lieut. Stambaugh, who is said, was a promising young officer, was killed, and several others were wounded. Simultaneous with the attack on Atlantic City, another body of Indians made a descent on Camp Brown, in Wind River Valley. The infantry stationed there, together with the citizens, however, without loss, repulsed them.

**SLEEP AND HABIT.**—Sleep is much modified by habit. Thus an old artilleryman often enjoys tranquil repose while the cannon are thundering around him; an engineer has been known to fall asleep within the boiler, while his followers were beating it out on the inside with their ponderous hammers, and the repose of a miller is in no wise incommoded by the noise of his mill. Sound ceases to be a stimulus to such men, and what would have proved an insupportable annoyance to others is by them altogether unheeded. It is common for carriers to sleep on horseback, and coachmen on their coaches. During the battle of the Nile some boys were so exhausted that they fell asleep on deck amid the deafening thunder of that dreadful engagement. Nay, silence may become a stimulus, while sound ceases to be so. Thus, a miller being very ill, his mill was stopped that he might not be disturbed by its noise; but this, so far from inducing sleep, prevented it altogether; and it did not take place till the mill was set a-going. For the same reason, the manager of some vast iron works, who slept close to them, amid the incessant din of hammers, forges and furnaces, would awake if there was any cessation of the noise during the night. To carry illustrations still further, it has been noticed that a person who falls asleep near a church, the bell of which was ringing, may hear the sound during the whole of his slumber, and be, nevertheless, aroused by its sudden cessation.—Here the sleep must have been imperfect, otherwise he would have been insensible to the sound. The noise of the bell was no stimulus; it was its cessation which, by breaking the monotony, became so, and caused the sleeper to awaken.—Macnish.
