OGDEN NEWS.

MARCH 9, 1901.

THE VALUE OF A LIFE.

J. J. Henderson Sues S. P. R'y Co. for \$25,000 Damages for the Death of His Son.

John Staker Pleads Guilty to Charge of Malicious Mischief and Pays Fine of \$28.55.

Suit was filed in the Second district court by F. J. Henderson against the Southern Pacific Railroad company to recover judgment in the sum of \$25,000, alleged to be due for the killing of his son, James C. Henderson, of whose estate the plaintiff is administrator. The complaint sets forth that the deceased, James Henderson, was employed by the defendant company on February 18, 1898, as a helper engine.

James Henderson was killed by a train running between Hot Springs and White Plains, Nev., that on the same day was driven by Charles Scribner, who was in charge of said engine as engineer, and that said Scribner was incompetent and negligent in his duties.

It is further alleged that the fact that the plaintiff's son was killed by the engine of the defendant company was known to the defendant company at the time of the accident, and that the defendant company was negligent in its duties.

Therefore the plaintiff brings suit to recover damages as above.

MALICIOUS MISCHIEF.

The case against John Staker, charged with grand larceny, was dismissed before Justice Barker, who was in charge of the case, for taking the horse and buggy belonging to Mr. Hoag from the front of the postoffice and driving it to Williams lane. To this charge Staker pleaded guilty, and was given a severe reprimand, he having committed such violations of the law before. The court also fined him \$20 and costs of suit, amounting to \$28.55, which he paid and was released.

The home of Mr. and Mrs. William James at Wilson Ward was visited by the angel of death Thursday evening, and the spirit of his little six-month-old daughter, Nellie Alberta, was called to the great beyond, the cause of death being pneumonia. The funeral services over the remains will be held at the family residence in Wilson Lane, Sunday afternoon at 2 p. m.

BRIEFS AND PERSONALS.

Miss Emily Bannister has returned from a pleasant visit in Salt Lake.

Last evening the fire department was called out to a small blaze on 23rd street, where the barn of street superintendent Joseph Sanders was partly burned.

The drunk was sent up for 5 days yesterday.

The board of education held a meeting last evening and transacted some routine business.

The pupils who had been expelled from the district school, pending an investigation of their moral conduct, upon a unanimous vote of the board will be again permitted to attend the school.

PYRAMID PILE CURE

Physicians Recommend It, Druggists Sell It, Everybody Praises It.

If we could sell one package of Pyramid Pile Cure to every person in America who is troubled with piles and who would gladly give the 50 cents to be rid of piles, we would have about ten million dollars. The only reason that we don't sell that many packages this year is that we will not be able to get ten million people to try it. Just one application will prove its merit and amply repay the cost of a whole box.

The effect is immediate. Comfort comes at once and continued treatment will cure any case no matter how bad. Pyramid Pile Cure soothes the inflamed surface the instant it touches it. It reduces the swelling and puts the parts into a healthy, active condition. There is no substitute for it. Nothing compares with it.

We have never heard of a single case that it failed to cure; we have heard of thousands that it has cured quickly and completely. Here are a couple of letters recently received.

From Geo. C. Gelek, Owens Mill, Mo.: "Some time ago I bought a package of Pyramid Pile Cure for my wife who had suffered very much. The first trial did her more good than anything she has ever tried. It is just what is claimed for it."

From Richard Loan, Whipple, Ohio: "I have used the Pyramid Pile Cure and am entirely pleased and satisfied with results. It does the work and no mistake."

The proprietors of the Pyramid Pile Cure could publish columns of similar letters, but these are enough to show what it will do in different cases.

All druggists sell Pyramid Pile Cure and will get it for you. It is 50 cents per package and made only by the Pyramid Drug Co., of Marshall, Mich.

the day, the program was carried through essentially as planned. The early part of the program consisted of musical numbers and recitations by students and teachers, and addresses by President Kingsbury of the University, Senator R. K. Thomas of Salt Lake City, and Mrs. R. K. Thomas.

After this all the upper floor of the building was thrown open, through which the great crowd moved at will in the assembly room through the courtesy of the Cedar orchestra, dancing was provided for those who wished it. Games were played in the art room for the amusement of those who did not care to dance, and the library offered a seat and reading matter for those thus inclined.

Great interest is being taken in the election of city and precinct officers, to take place on Friday. Rallies are being held by both parties. On Wednesday evening the conservatives met and the radicals on Thursday. Tickets have been printed, copied from the regular political ticket and party emblems adopted.

Messrs. Decker, Tipton, Lewis, Anderson and Clark have spoken in chapel this week. The attendance is increasing with the coming of the pleasant weather.

Teachers are again making preliminary preparations for the issuing of the quarterly report card.

Summer school for the coming vacation is being discussed. The courses have not yet been outlined, but will be soon, and circulars making announcements issued.

Last Saturday evening Mr. Lewis gave a very interesting talk on "The Growth of Civilization." The subject was treated from the historical standpoint, comparisons of civilized and uncivilized peoples of today being made for illustration. The lecturer closed by calling attention to some of the dangers which confront the civilization of today.

Next Saturday evening Mr. Decker will talk on "Mythology." The lecture will be illustrated by lantern views.

FILLMORE.

Millard County Business—Library Day in the Schools.

Special Correspondence.

Fillmore, Millard Co., March 7.—The county commissioners were in session Monday and Tuesday transacting the regular monthly business.

County Treasurer Frank Rogers has gone to Salt Lake for the purpose of procuring an artificial leg, he having lost one by an accident at the saw mills a few years ago and has been on crutches for more than a year.

The schools are preparing to celebrate library day which has been designated such for the purpose of increasing their library and will occur on March 15th. Many valuable contributions are expected.

OUR NEIGHBORS.

BYRON, WYOMING.

Interesting News Notes from Big Horn Colonies.

Special Correspondence.

Byron, Big Horn Co., Wyoming, March 6.—The colonists are enjoying good health and plenty of the comforts of life. We have had one or two little snows and some wind, but neither lasting long. We have been able to go out for a few days. We are progressing nicely with our railroad work, and completing the middle of the month, about six miles from here. It is to be called Garfield. It will be a shipping point for all the Basin.

The Relief Society of this ward are giving to give an entertainment on the 15th of this month.

HIS FIGHT FOR LIFE.

Police Commissioner Murphy is a physical wonder in that for the last ten years he has not tasted food, says the New York World. He smokes with his friends, talks with his friends, and is a pleasant companion generally, but when meal-time comes he is compelled to retire to a private room and pump specially prepared food into his stomach through a silver tube inserted below his esophagus.

Colonel Murphy's case has attracted the attention and excited the wonder of the medical world. In 1889, in the midst of an exciting political campaign, he was attacked with acute indigestion, which caused a stricture of the esophagus. He was unable to swallow anything. To prolong his life eminent physicians decided upon what they informed him might be a fatal experiment.

They decided to cut into his throat and afterward remove his stomach. It was first decided that his stomach should have rest, and for fifty-nine days he was fed unassisted.

In describing this operation Colonel Murphy has told how the physicians would rather see him die than refuse to take an anesthetic, even when the

Poison Oak Poison Ivy

are among the best known of the many dangerous wild plants and shrubs. To touch or handle them quickly produces swelling and inflammation with intense itching and burning of the skin. The eruption, soon disappears, the sufferer hopes forever; but almost as soon as the little blisters and pustules appeared the poison had reached the blood, and will break out at regular intervals and each time in a more aggravated form. This poison will linger in the system for years, and every atom of it must be forced out of the blood before you can expect a perfect, permanent cure.

Nature's Antidote FOR Nature's Poisons.

is the only cure for Poison Oak, Poison Ivy, and all noxious plants. It is composed exclusively of roots and herbs. Now is the time to get the poison out of your system, as delay makes your condition worse. Don't experiment longer with other drugs and applied externally numerous lotions and salves with no benefit. At times the swelling and inflammation was so severe he was almost blind. For eight years the poison would break out every season. His condition was much improved after taking one bottle of S. S. S., and a few bottles cleared his blood of the poison, and all evidences of the disease disappeared.

Mr. S. M. Marshall, bookkeeper of the Atlanta (Ga.) Gas Light Co., was poisoned with Poison Oak. He took Sulfur, Arsenic and various other drugs and applied externally numerous lotions and salves with no benefit. At times the swelling and inflammation was so severe he was almost blind. For eight years the poison would break out every season. His condition was much improved after taking one bottle of S. S. S., and a few bottles cleared his blood of the poison, and all evidences of the disease disappeared.

People are often poisoned without knowing when or how. Explain your case fully to our physicians, and they will cheerfully give such information and advice as you require, without charge, and we will send at the same time an interesting book on Blood and Skin Diseases.

THE SWIFT SPECIFIC CO., ATLANTA, GA.

operation became one of the most painful under the knife, and chatted with his doctors while it was going on.

Colonel Murphy has told how he was forced, morning after morning, to swallow a yard of flexible rubber tubing until it reached his stomach. Through this tubing the doctors would pour a solution intended to cleanse the stomach and heal the ulcerated parts. The medicine was highly poisonous and had the tube failed to reach the proper place, or had it been displaced, the patient would have been dead in a few minutes.

During this operation one of the doctors always held a watch, for it was dangerous to leave the solution too long, for fear it might be absorbed by the system. When the solution had been there the proper length of time it was pumped out.

At the end of sixty days the stomach was pronounced healed, but meantime the colonel almost died from starvation.

He had been a man physically sound, weighing 240 pounds. After the operation he was reduced to 86 pounds. Col. Murphy weighs today about 90 pounds.

After a consultation of the most famous doctors of the country it was decided that the only thing that could keep Colonel Murphy from starving to death was to cut into the abdomen and insert a silver tube. He was told that there was little chance for him to survive.

"Go ahead," he said. "I've faced death before and I'll do it again. If I die I'll forgive you."

The wound from the incision healed within a few weeks and the operation was successful. Since that time no food has passed his palate.

In spite of his physical disability, the new commissioner has attended to political duties with a carefulness which

has won the admiration of all his fellow leaders in Tammany. He has set the pace, in fact, for his associates in the Democratic organization.

All his life the new head of the police department has displayed extraordinary physical courage and indomitable will. He was born on March 7, 1841, in Killalock, County Limerick, Ireland, and was brought to New York when 9 years old. His parents lived in the downtown section, in which that influence of the police department has been the strongest political factor. For several years he went to the public schools, but most of his education was received in a printer's office. He served at "the case" for five years.

The knowledge he thus secured was the only substantial link he received to supplement his brief stay in a public school.

He was serving as a compositor when the war was declared between the States, and immediately enlisted. He was only 20 years old, but was made a captain of Ellsworth's Zouaves. He made a record that won the plaudits of his superiors, and later on was offered an office in Corcoran's Irish Legion.

In this organization were some of the most impetuous fighters on the federal side, and during engagements with the confederate forces Murphy won great distinction by leading daring charges. Before the end of the war he was promoted to a colonelcy, and later on was given a brigadier general's brevet.

Immediately upon his return from the war he entered politics. He settled in the First assembly district, which has always been his stronghold.

The new commissioner of police is not rated as a rich man. He received a salary of \$7,500 as health commissioner. Before that he was port warden and president of the excise board.

Just prior to the surgical operation in 1889 he was defeated for the senate. It was said, by the influence of Inspector Byrnes, that he was defeated for the senate.

David B. Hill, who was governor, had threatened to have the police department investigated by a special committee if Murphy was sent back to the senate.

To prevent this investigation Byrnes turned in and gave his friend a good political licking. When the campaign was ended Colonel Murphy announced that he had only \$36 in the world.

Brazilian Monarchical Plot.

New York, March 9.—A dispatch to the Herald from Rio de Janeiro says: It is said that the government has received news of a monarchical plot. Great activity is being displayed by the police to thwart it. Much vigilance is being shown in certain circles.

Pan American Congress.

Lima, Peru, March 9.—The government has appointed as a delegate ad honorem from Peru to the Pan-American Congress in Mexico, Senor Carlos Magno de Ford. The government has recognized James Furlong as the British vice consul in the Peruvian and Chancery districts and has also recognized Niels Carl Lange-Petersen as the Danish consul general in Peru.

Ex Monk Ruthven Remanded.

London, March 9.—The former monk, Victor Ruthven, who March 4, drew a revolver to protect himself against a mob that attacked him on the Isle of Wight while he was delivering an anti-Catholic lecture, has been charged with shooting with intent to kill. Ruthven pleaded that he acted in self-defense. He was remanded in custody for one week.

NOTICE TO DEPOSITORS.

THE UNDERSIGNED HEREBY GIVES notice that on and after April 1st, 1901, interest on savings deposits will be computed and payable annually, instead of quarterly. Also that hereafter no deposit that will make the aggregate credit of any depositor more than five thousand dollars will be received except by special arrangement made by said depositor with the President or Cashier.

ZION'S SAVINGS BANK & TRUST CO., Lorenzo Snow, President, George M. Cannon, Cashier, Salt Lake City, Utah, February 28, 1901.

NOTICE OF STOCKHOLDERS' MEETING. Date of first publication, March 2, A. D. 1902.

NOTICE IS HEREBY GIVEN THAT the annual meeting of the stockholders of the Brigham Young Trust Company will be held on Monday, the first day of April, 1901, at the office of the President of the company, No. 61 East South Temple street, Salt Lake City, Utah, at 10:00 o'clock a. m., for the purpose of transacting the following business, to wit:

1. To consider the proposition to amend Article 9 of the Articles of Incorporation of the Brigham Young Trust Company to make the said article read as follows: "That the Board of Trustees shall consist of Nine Stockholders."

2. To consider the proposition to amend Article 10 of the Articles of Incorporation of the Brigham Young Trust Company to make the said article read as follows: "That the term of office of the Trustees and Officers of this corporation shall be one year and until their successors shall be duly elected and qualified, unless sooner removed or resigned; and any vacancy caused by the death, resignation, or removal of any of the said Trustees or Officers shall be filled by the Board of Trustees."

3. To consider the proposition to amend Article 11 of the Articles of Incorporation of the Brigham Young Trust Company to make the said article read as follows: "That the annual stockholders' meeting of said corporation for the election of Trustees and for the transaction of any other business that shall lawfully come before it shall be held on the first Monday of April in each year, at Salt Lake City, Utah, at such place as may be designated in the notice of such meeting, between the hours of 9 a. m. and 3 p. m."

4. To consider the proposition to amend the first paragraph of Article No. 11 of the Articles of Incorporation a second time by rescinding the amendment adopted on the 22nd day of September, 1891, designating the number of Trustees who might constitute a quorum as seven, and to re-enact the original article, to make the same read as follows: "A majority of the entire Board of Trustees shall be necessary to form a quorum, and be authorized to transact the business, and exercise the corporate powers of the corporation."

5. To elect a Board of Trustees to serve for the ensuing term, and to transact any other business that may lawfully and properly come before the said meeting.

I, A. CLAYTON, Secretary of the Brigham Young Trust Company.
