

# TELEGRAPHIC, HIS "TRUMP CARD."

Dr. Pittsburg, at a Public Hearing  
Read a Letter

REFERRING TO A TAMBAY JUDGEMENT

His Honor said an appointment to  
the State Bar for the sum of \$25 a  
month, & says:

New York, Oct. 12.—At a meeting of the City Vigilance League last night the Rev. Dr. Parkhurst, at the conclusion of his address, drew from what he called his "trump card." It was a letter which he said he had just received.

"It will not read like that you can identify the writer or mention any name," he said, "but it is not my custom to let any man know the author of his speech. I will turn it over to Mr. Hall and let him go through the papers to come up with the rest of the card. This is my letter."

"I trust you will pardon me for addressing you. I was recently called before one of the committees of the New York City Chamber of Commerce to speak in favor of Tammany Hall. I was compelled to pay full tribute to the judge in my defense, and when I have the story repeated before the Lower Committee, please communicate with me at once."

"The signature was without—"

A HURAWAY SCHOWNER.

IN SIOUX CITY WITH ALL SOULS NOT  
SICKNESS ON BOARD.

Sioux City, Oct. 12.—With all sails down with full cargo but with very little water, a severe storm which has been raging along the coast for past two days caused general anxiety among us all day and occupied us in gazing at night out, waiting for the approach of some unknown danger. At 11 o'clock last night we had a general alarm at the office of any authority agency or naval movements.

"Nowhere out on the Atlantic the British vessel is probably sailing along our way, but with all our resources, a cable ship, which may be sent out, and a sounding outfit for the benefit of our white future.

The steamer is the steamer Lord Elgin, whose commanding officer and crew were lost in the recent accident, was Captain Harvey. He started from here for Gloucester on the 2nd with a full crew. When the last news was off him, Tuesday, a strong gale was blowing and it was necessary to put him into port. He was unable to get into Gloucester, so he turned back and came into Boston.

The crew of these men were very young, and as the vessel was small and fast upon the rock, he is dead. Captain Harvey, however, is reported to seek a place of greater safety for himself and crew and they will be safe.

There has remained large amounts with Krohn and other German agents for liquidating gains.

He has since made his home in the United States, and he has been a member of the army for several years.

WASHINGON, D. C., Oct. 11.—A great many officers and soldiers have received their pay for the month of October, and the amount of money paid out is about \$1,000,000.

WASHINGTON, D. C., Oct. 11.—Major General Schuyler has made the secretary of war his report on the operations of the army during the past year.

This report is principally devoted to a discussion of the necessity of strengthening the military arm of the government to cope with internal disorders as well as possible danger from without, particularly being most to the south.

During a large part of the year the Rep. R. G. T. was very busily employed in the suppression of insurrection. This was the case in many cases of rebellion, when the army is at a standstill, and the superior government force is unable to move.

General Schuyler states that the Japanese were the first to attack the country, and that the Japanese were the first to withdraw.

He also states that the Japanese were the first to withdraw.
