the Female System.

Letter from Mrs. Wright, President of Brooklyn, N.Y., Round Table, Proves this Claim.

A great many women suffer with a form of indigestion or dyspepsia which does not seem to yield to ordinary medical treatment. While the symptoms seem to be similar to those of ordinary indigestion, yet the medicines universally prescribed do not seem to restore the patient's normal condition.

Mrs. Pinkham claims that there is a kind of dyspepsia that is caused by derangement of the female organism, and which while it causes disturbances similar to ordinary indigestion cannot be relieved without a medicine which not only acts as a stomach tonic, but has peculiar utero-tonic effects as well; in other words, a derangement of the female organs may have such a disturbing effect upon a woman's whole system as to caust serious indigestion and dyspepsia, and it cannot be relieved without curing the original cause of the trouble, which seems to find its source in the pelvic organs.

As proof of this theory we beg to call attention to the letter from Mrs. Wright, of Brooklyn, N. Y., herewith published:

MRS. MACGIE WRIGHT.

"DEAR MRS. PINKHAM :- For two years I suffered more or less with dyspepsia which so degenerated my entire system that I was unfit to properly attend to my daily duties. I felt weak and nervous and noth-ing I ate tasted good and felt like a stone in my stomach. I tried several dyspepsia cures, but nothing seemed to help me permanently. decided to give Lydia E. Pinkham's Vegetable Compound a trial, and was happily surprised to find that it acted like a fine tonic, and in a few days I began to enjoy and properly digest my food. My recovery was rapid, and in five wooks I was a different woman. Seven bottles completely cured me, and a dozen or more of my friends have used it since.' - MRS. MAGGIE WRIGHT, 12 Van Voorhis St., Brooklyn, N. Y.

How a Serious Tumor Case Was Cured.

" DEAR MRS. PINKHAM : - Some time ago I wrote you that my regular physician had made an examination and told me I was afflicted with a tumor in my womb. I had backache, headache, bearing down pains and very peo fuse menstruation. My limbs would ache so I could not sleep and I was very weak and nervous. I was bloated from my head to my feet. After receiving your letter I took Lydia E. Pinkham's Vegetable Compound and Blood Purifier, and followed all the rest of your advice as near as I could, and the tumor was expelled in pieces, and I regained my natural tinued taking your Vegetable Compound for a while longer and felt like > new woman. I cannot thank you enough for your kind advice and what you medicine did for me. It certainly saved my life." -- MRS. PERLEY S. WILLI Vershire, Vt. (March 11, 1901.) It would seem by these statements that women would save tim and much sickness if they would write to Mrs. Pinkham for ad-vice as soon as any incipient illness appears. Her advice is free and has put thousands of women on the right road to recovery. \$5000 REWARD. - We have deposited with the National City Bank of Lynn, \$5000 which will be paid to any person who can find that the above testimonial letters are not genuine, or were published before obtaining the writer's special permission. Had the pumps been operated during he summer of 1909 and since that time, loss of over \$2,000,000 would have men averted. This is a conservative estimate of the lesses of over 100 farm-ers, based on the staple crops produce After the banquet the guests made

Here dancing interspersed with speeches was indulged in during the specches was included in during the evening, the speakers being Messrs. Argus M. Cannon of Salt Lake, and A. J. Evans and W. H. Among the decorations of the vas a pump, with mottoes on eli-ride bringing to our minds that thro operations of that plan "profitiess ds" would be turned into "fruitful ds," "And Soil" into "Abundant ps," "Poverty into Wealth," and Despair into Rejoicing." If he who makes two blades of grass
