Wesley Hill, work as paster of the First whose work as paster of the First Methodist church, Ogden, is well re-membered, a number of years ago, is anxious at this late hour, when the church is almost out of debt, owing only about \$1,000 on its property, to some to its rescue and pay off the mount, but as usual this service he does not desire to do without compenfation. He asks as a reward for his generosity that the name of the church be changed to the "Hill Memortal church" in honor of his deceased wife. Rev. Largely attended funeral services were held at the Second ward meeting-house commencing at 2 o'clock. Some beautiful musical selections, very appropriate, were sung by the ward choir. The speakers were Bishop McQuarrie, President C. F. Middleton and Heber Scowcroft, who for many years had been personally acquainted with the deceased. They testified of her many noble traits of character, of her devotion to the Gospel, which she espoused in her native land, England, and for which she made many sacrifices, and of the excellent work she had done since coming to Utah. Her large posterity numbering nearly 200 souls, was terity numbering nearly 200 souls, was referred to with pride by the speakers, who were sure that her name would be handed down for many generations in honored remembrance. Had Grandma Etherington lived until Feb. 7, 1996, she would have been 92 years old.

The floral tributes were both numerous and beautiful.

PENNELL BOUND OVER. Ed Pennell was given a preliminary hearing before Judge Murphy this morning on the charge of burglarizing the Gasberg rooming house on Twentyfifth street, and stealing therefrom one coat. The evidence against him was conclusive, and he was bound over to the district court in bonds of \$250, in default of which he was turned over to the sheriff. Pennell was also arraigned on the charge of burgiarizing A. F. Richie's home and stealing an overcoat, but in this case he waived preliminary examination, and was bound over in a similar bond.

On going, however, Messerly demurred, and refused to work, whereupon he was taken to jall and locked in the dungeon with a diet of bread and water. It developed during the hearing that the man forces the woman's children by a former husband to pay \$2 per week for their board, thus preventing them from attending school, as they should do. It was also shown that several days ago Messerly became somewhat morose and in a fit of anger attempted to commit suicide by taking laudanum. When he discovered what he had done he soon changed his mind, and to the nearest drug store he went for an an-tidote. This had a salutary effect and the man recovered from the effects of the poison.

Hence his supporters in the press complain that he still gives no definite lead upon which the Unionists can go before their constituents. In the course of his speech Mr. Balfour declared frankly that he was not afraid of the opposition, but of his own friends. With great deliberation and

emphasis, he added:

It is announced, says the Tribune, that the vicar intends in fu-ture to make New York his permanent headquarters where he will bombard the ritualist side of the Protestant Episcopal church. Dr. Fillingham sailfrom Liverpool on the steamer Iver-a, on Nov. 7 and should reach Bos-n this week, whence he will come direct to this city. In a forward sent out by the vicar's friends it is an-nounced that "he will continue his at-tack on Bishop Potter and other ritualists and announce principles of a new and modern religion" which he has fixed on since he left New York.

HABITS CURED BY

"TRIB." Price, \$12.50 a full four weeks treatment and a GUARANTEED cure Liquor or tobacco causes a diseased condition of the nerve cells. You have no doubt often made strong resolutions, saying you will never use either again but when every little nerve cell cries out for the poison it has been accustomed to, you are easily persuaded to grant that desire and return to its use. You are unable to keep this resolution without the sid of a remedy which will take charge of your entire system and place it in its natural healthful condition.

The nerves are especially affected by the use of liquor or tobacco, and they become so accustomed to the use of this poison that they are dependent upon it and will not perform their duties unless under its influence.

"TRIB" permanently restores the discussed organs to their former activities and leaves the patient in the same physical condition in which he was before he formed the habits. The action of "TRIB" is wonderful. It commences at once to dump the impurities out of the body so that, when you open the pores of the skin with a hot bath you are truly surprised at the disagreeable odor coming from the body.
