

CIRCULAR LETTER TO THE RAILROADS

Chairman Knapp Calls Attention To Section Six of New Freight Rate Law.

MUST AMEND SCHEDULES.

Asked to Send Representatives to Confer With Commission on the Subject.

Washington, July 27.—Chairman Martin A. Knapp of the interstate commerce commission, on behalf of the commission, has directed a letter to all the railroad companies and corporations of the United States directing their special attention to section 6 of the recently enacted railroad freight rate law. The section provides that every common carrier subject to the provision of the act shall file with the commission and keep open to the public for inspection schedules "showing all the rates, fares and charges for transportation between different points on its own route and between points on the route of any other carrier by railroad, pipe line, or by water when a through route and joint rate have been established."

After quoting in the letter the whole of section 6 of the law, Chairman Knapp says: "It is manifest that existing schedules must be changed or amended to bring them into full compliance with the provisions of law above set forth. These changes or amendments can be made most satisfactory and at the same time with greater uniformity through the prompt action and cooperation of all carriers subject to the law, and to that end such carriers, through special committees or their representatives in traffic associations are requested to confer immediately and thereupon propose to the commission such methods of procedure respecting the changes necessary to be made in tariff construction, including the simplification of present rules and regulations and of exceptions to the application of specified rates and definite statements of joint routes upon which through rates are to apply, and appropriate means of certainly indicating evidence of concurrence in joint through rates, both to the commission and to the public, while at the same time providing for plainly showing upon suitable schedules the services and the various changes shown by the law to be published and filed."

"The commission is of the opinion that this duty should rest primarily with the carriers themselves, in view of their liability to forfeiture and penalties in case of failure to comply with the mandatory requirements of the sixth section. The commission will, however, cordially cooperate with representatives of the carriers and will freely discuss with them all pertinent questions which in the execution may arise, reserving always its right to make at such times as may appear necessary any general or special orders within the scope of its authority."

MISS BOWLIN'S ASSAILANT.

Frank Kern, Her Companion, Says It Was Albert M. Crone.

Kansas City, Mo., July 27.—Frank Kern, who, with Bertha Bowlin, were brutally assaulted late at night a week ago on the Kersey Coates terrace, fully regained consciousness tonight and made a statement in which he said that Albert M. Crone committed the assault. Crone is now in the county jail, charged with murder in the first degree, awaiting his preliminary hearing. Kern, in his statement, said that he and Miss Bowlin were walking along the terrace when they met Crone, and that the latter immediately began to abuse both of them. Before Kern realized Crone's intentions, according to the statement, Crone hit Kern over the head with a loaded pipe, and Kern never fully regained his senses again until tonight. Miss Bowlin, who died two days after the assault, during a period of semi-consciousness, when asked who struck her, murmured the word "Bert." Crone has stoutly maintained his innocence ever since his arrest. He asserted that he was in a saloon on Grand avenue, a mile from Kersey Coates terrace, when the assault occurred. Several witnesses support his alibi. Kern stated positively tonight that he and Crone were acquainted.

OFFICERS ABANDON IDEA OF CAPTURING DIETZ

Chippewa Falls, Wis., July 27.—Thomas Rice, one of a party of officers who went to arrest Dietz, returned to this city today, the party having given up the idea of taking Dietz. Rice says the story of the battle was not exaggerated. There was a 15-minute terrible battle between the six members of the Dietz family and the seven officers.

Dietz informed the men that he had enough ammunition to last three months. He has a strong fort and will resist.

TARTARS MURDER ARMENIANS.

Erivan, July 27.—A band of Tartars last night attacked eight Armenians near Arax. The corpses of two of the Armenians were found on the spot, but the fate of the others is not known.

BIG STORM IN CLEVELAND.

Cleveland, July 27.—A tremendous electrical, rain, wind and hail storm broke over the city this afternoon. Immense hail stones and a torrent of rain fell. The wind reached a maximum velocity of 42 miles an hour.

A number of runaways were caused by the pelting hail. A city employee at one of the city waterworks eribs in Lake Erie was killed by lightning.

EXPLOSION INJURES SIX.

New York, July 27.—Six men were injured tonight by the explosion at Sixteenth street and Third avenue of a bomb believed to have been thrown from an elevated railroad train. The explosion took place in a group of about a hundred plumbers who were standing in front of Teutonia hall waiting for a meeting to begin.

MANY ARRESTS IN MOSCOW.

Moscow, July 27.—Dozens of persons were arrested here last night while attempting to placard the walls of the city with the address of the people, drawn up at Viborg, Finland, July 27, by the members of the outlawed parliament.

STILL AFTER STANDARD OIL.

Chicago, July 27.—Standard Oil company methods of transporting its products are to be investigated Aug. 8, when a federal court grand jury will convene in Chicago to take testimony on that subject. The decision to draw a special grand jury was reached late this afternoon after an all-day conference between the government lawyers

If there is one member of the human system that will pay you back in full measure for all the injury you do it, it is the teeth. Neglect is no worse than experimenting with worthless Dentifrices. Both will hasten the day of bitter regret. Stand by SOZODONT and your teeth will stand by you.

In the case and Judge Landis in the United States district court issued the order for the jury.

Morrison were in the conference at which it was decided to call a grand jury instead of filing an information against the defendants to place them on trial. It is believed that new and important evidence was discovered today, bringing about the change of program.

A DESPERATE MURDERER.

Threatened to Kill Officers and Had to Be Overcome by Ammonia. Birmingham, Ala., July 27.—It was learned today that last night when Sheriff O'Reary, of Cullman county, accompanied by several deputies, entered the jail here to secure John Williams, the aged condemned murderer of State Senator R. L. Hogg, who was to have been hanged at Cullman today. Williams seized a section of iron pipe, which he had torn loose from the sewer connections in his cell and threatened to kill the first man who attempted to enter his cell. He said he realized that removal from the Birmingham jail meant his death, and as he had to die anyway he might just as well die here as elsewhere. Not one of the officers dared to enter the cell. Finally, a quantity of ammonia was secured and dashed on the prisoner through the bars. The fumes of the drug overcame him and the officers missed the night train on which they expected to take Williams to Cullman. This gave the condemned man's

son an opportunity to secure a writ of habeas corpus from Criminal Judge Weaver, who issued a writ at midnight and ordered a hearing for today to inquire into Williams' sanity.

FIRE AT SYZRAN.

The Total Loss Was Five Million Dollars. Syzran, Russia, July 27.—The total loss resulting from the burning of the city July 18-20 is \$5,000,000. The insurance companies lost over \$2,000,000. During the fire Paul Orloff, who headed the Russian theatrical troupe which visited the United States early this year and was stranded in New York, narrowly escaped death at the hands of a mob. He was mistaken for a monk who was suspected of setting fire to the city, and was badly beaten and was thrown into a burning house, but he was rescued before the flames reached him.

KILLED BY DESERTER.

Richland, Mo., July 27.—City Marshal William James Price was shot and killed last night by James Price, alias Fritchett, a deserter from Jefferson Barracks, near St. Louis. Price escaped and is being hunted with bloodhounds. James Price was arrested and was on his way to town with the prisoner when a young woman saw them scuffling. She was asked by Marshal

Manes to assist in overpowering the prisoner, who had broken his handcuffs and was endeavoring to escape. The young woman started to the marshal's assistance, but was warned away by the prisoner, who threatened to shoot her if she interfered. Price then shot Manes and escaped.

CRUISER MILWAUKEE MEETS REQUIREMENTS.

Santa Barbara, Cal., July 27.—The protected cruiser Milwaukee fulfilled all requirements of the government in her four-hour straightaway run of 109 miles out to sea today. The start was made at 8 a. m., southwest, down the Santa Barbara channel. A full speed had been gained 30 miles off shore when the test run began at 8:15 o'clock. The engine revolutions for four hours averaged per minute, 1228. The required revolutions were 1234. The speed for four hours was 22.26 knots average. Twenty-two knots were required. The highest speed for 15 minutes was 22.5 knots.

The test was completed shortly after noon with turning, backing and helm tests, all of which were satisfactory to the inspectors and builders. The return run at 1.5 knots brought the Milwaukee into port at 6 p. m., conveyed by the torpedo boat destroyer Paul Jones. Admiral Goodrich of the fleet sails for Puget sound tomorrow. The Milwaukee will proceed to San Francisco to receive

her armament and equipment before she goes into commission in command of Capt. Grove.

THREE MINERS KILLED.

By Rockslides on 1,700-Foot Level in Gagnon Mine, Butte. Butte, July 27.—Rockslides in the mines here today claimed the lives of three miners, Evan Evans, Winifred J. Holt and Ernest J. Keene. Evans met his death on the 1,700-foot level of the Gagnon mine, a large mass of falling earth catching him while he was engaged in repairing some pipes. He was well known in the city. Holt took a chance with some ground which he knew to be unsafe, and while trying to pick it down was caught by the cave-in. Keene jarred a large mass of rock loose with a machine drill, which fell upon him.

LUMBER PLANT BURNS.

Bellingham, Wash., July 27.—The dry kiln of the Miller shingle mill and 1,000,000 shingles were destroyed by fire at Clearbrook, 20 miles north of here, today. The latest report is that the effort to save the mill itself will succeed.

BARRINGTON GETS STAY.

Washington, July 27.—The supreme court of the United States today re-

ceived notice from the chief justice of the supreme court of Missouri that that court had issued an order extending for 60 days from July 30 the time for the filing of the transcript of the record in the case of F. Seymour ("Lord") Barrington, under sentence of death in that state for murder.

MAY LIVE 100 YEARS.
