OFFICIAL TEXT RECEIVED.

OFFICIAL TEAT internet in the internet of the correspondence between Rear Admiral Davis and Gov. Swettenham of Jamaica, which did not differ from the communications transmitted by the Associated Press last Sunday night, caused the naval officials again to study the situation to see if Admiral Davis had in any way transgressed the bounds of propriety on his visit to Kingston. They not only found a precedent for his landing men from his ships to preserve order, strangely enough in the case of another British island in the West Indies, but also saw nothing in the whole affair to warrant the letter addressed to him by Gov. Swettenham. Seey. Metcalf late this alternoon gave out the following statement bearing on the subject: "The department has received the foll text of the correspondence between Rear Admiral Davis, commanding the suguatron of naval vessels which visited Kingston, Jamaica, after the earthquake, and Sir Alexander Swettenham. The commander-in-chief acted promptly and sent immediately vessels having the largest number of men and supplies, and offered such help, in the way of medical attention and food, as lay in his power, which action was further helped by the department dis-patching two store ships, laden with large quantities of food supplies in-tended for the fleet and which were diverted from this duty and sent to Kingston.

"My wife was taken badly with co-sema for three years, and she employed a doctor with no effect at all until Secy. Metcalf here quoted Gov. ORRETT'S ACCOUNT OF LANDING.

Kingston, Jamaica, Wednesday, Jan. 23.—Gov. Swettenham has written a letter to John F. Stevens, chief engi-neer of the Panama canal, thanking him for the tents and supplies sent here

from the isthmus by the steamer Ad-vance. The governor said: "Convey my grateful and heartfelt acknowledgment to the citizens of the United States and the officials and employes of the canal commission, who so promptly testified their sympathy with suffering Kingston." suffering Kingston." I kept on with medicine for about five weeks until I saw the Cuticura Rem-edies advertised, and I at once pur-chased the Cuticura Resolvent, but had not the slightest hope of them curing me. After I had used the first set of the Cuticura Remedies I saw the improvement, and in just six weeks my skin was as smooth as ever. I advise any one suffering from this terrible disease to use the Cuticura Remedies. Henry J. Stelljes, 132 Spring St., Charleston, S. C., June 12, 1906." Davis

While in the midst of this in-terview the deputy inspector general arrived hurriedly and ceported to the colonial secretary that there was a ser-ious mutiny at the general penitentiary and added that it could be quelled only with an armed force. "Only a small guard was landed with the working party which saved the archives at the consulate and when these men had completed their work they joined the general working party. "Everything that Admiral Davis did was with the full knowledge and con-sent of the authorities." Conditions here are slowly improving. There is no scarcity of food. Cash ai-lowances to the needy are being made by the archbishop and the relief com-mittee. There are 2,000 persons desti-tute and without homes. Many bodies are being recovered daily; 40 were found yesterday. The exact number of bodies burned or cre-mated is not known, but it will prob-ably reach 600, and it is believed that the total fatalities will reach 800 per-sons.

There is great consternation here as a result of a cablegram from London saying that all the insurance companies disclaim liability for losses incurred as a result of the earthquake and fire. The earth shocks continue, but they are not severe

#### LONG BEACH TERMINAL RATES.

Long Beach, Cal. Jan. 24.—The city at-torney is preparing a brief for submission to the interstate commerce commission relative to terminal rates. The brief will set forth that by reason to its mavigable waters and harbor facilities this city is entitled to terminal rates, and that this is practically the terminal point of both the Sait Lake and Southerhn Pacific, which operate lines into Long Beach. The fact that Long Beach has late competition is to be the principal point of argument.
