SESSION OF CITY COUNCIL.

Commissioners Sit as Board of Equalization—Wedding Bells.

Special Correspondence.

Logan, Cache Co., June 21.—Logan city council met in regular session last night, President Lindquist presiding. In the matter of water extension, district No. 19, an order was made for the publication of the notice of intention to sue.

Treasurer Thatcher asked for the amount of the new ordinance providing for the levying and collection of the special tax, so as to provide that the special tax shall furnish the treasury with a list of all persons and property affected by the ordinance. A resolution was passed instructing the city engineer to secure the information necessary.

A motion was presented by representatives of the various irrigation companies interested in the Little Logan canal, asking that the cement bridge over that stream on First Street be made much larger than the one at present indicated by the plans; petition returned.

An ordinance providing for the appointment of an inspector of electric light wiring was discussed and passed. The ordinance provides that the mayor appoint said officer within 30 days after his salary at \$100 per year and to hold at \$100.

The resignation of Judge Cardon was read and accepted.

George Wood and others petitioned for the setting of a water district and for the setting of a two-inch pipe on Fifth Street between Fourth and Fifth Streets; referred to waterworks committee.

In the case of the damage suit of No. 1000 Jacobson, who was injured by driving into the gravel pit one of the committee was authorized to pay \$100 in settlement of her claim.

The Plat from Works, who hold the city notes for \$100, payable in one year, requested that the notes be taken up and notes due in six months be paid. The claim was made that six months notes would be handled by the bank while one-year paper would not.

The petition of the Fourth of July committee asking that the streets be closed on July 4 was read and the committee on streets was instructed to attend to the matter.

The mayor stated that Mrs. C. B. Hobbs had made a proposition to sell to the city her property on Main Street opposite the courthouse for the purpose of erecting a city hall thereon. A committee of three was appointed to investigate the proposition.

BOARD OF EQUALIZATION.

The county commissioners met Wednesday and completed their work as a board of equalization. Outside of the usual statements of taxes to widows and orphans, few changes were made in assessment rolls.

PAIDON.

Three Couples Wed.

Rousing Fourth—Prizes Will Be Offered for Winners in Sports.

Special Correspondence.

Payson, Utah Co., June 21.—Two marriages in the Salt Lake temple and one at the home of one of the bride's parents, was the record for Payson Monday. TAGGART-HINCKLEY NUPTIALS.

Boy Falls and Breaks His Arm—Frost Nips Tender Vegetation.

Special Correspondence.

Morgan, Morgan Co., June 20.—John H. Hinkley and wife, formerly Miss Jessie Taggart of Cowley, Big Horn Co., Wyo., have been spending their honeymoon the past few days here visiting with friends and relatives. They returned last Wednesday in the Salt Lake temple.

Glen, the seven-year-old son of Marion Heiler, while playing with some little boys in the barn yesterday, fell from the hay loft and broke his right arm. Dr. Fugimie set the arm and the boy is doing nicely now.

A frost occurred here last night that froze some potatoes and garden plants, such as corn, beans and cucumbers. The loss will not be serious.

MESA, ARIZONA.

MARICOPA STAKE GROWING.

Inviting Zone to Those Who Want Milder Climate Than Utah.

Special Correspondence.

Mesa, Maricopa Co., Ariz., June 5.—Tuesday morning, following the stake conference, Elder George Teasdale and Mrs. Teasdale, and Elder Hodge Clawson, accompanied by F. T. Pomeroy, went to Phoenix, where they were joined by President Robinson, and spent the day visiting the Indian school, and other places of interest in the city. They were accorded a kind reception by Pres. Goodman of the Indian school and shown by a guide through the grounds, and had the pleasure of seeing the Indian boys at work at the bench in the shops, in the tailoring departments, of both the sexes, and examining articles made by them from battenberg work to a farm wagon. They were entertained for a short time in the sitting room of the girls' ward by Miss Catherine Valenzuela, who sang a beautiful selection from the "Bohemian Girl" for them. Elder Robinson also rendered a solo, and a very pleasant time was enjoyed.

Miss Valenzuela has just returned from the Brigham Young university, which she attended the past year, and has a bright future before her. She is a daughter of Elder Valenzuela, one of the counselors in the bishopric of the Payson ward, and is a very talented young lady.

At 8 o'clock they took train. Elder Robinson for Tucson, where he has some Elders laboring, and the other brethren and sister for Thatcher, where they are to hold conference the following Saturday and Sunday.

President J. H. Fisher, at the stake conference held in February, when the statistical report of the Maricopa stake was read, invited the people to make note of our number; declared

Keep Your Nerve

It is nerve energy that runs the organs of your body. The storage battery is the nerve cells in the brain and spinal cord, and from this battery nerve force is sent out through the system of nerves. To keep the body healthy you must have plenty of nerve force; if you have not, the organs work imperfectly, the circulation is sluggish, digestion bad, appetite poor, kidneys inactive, and aches, pains and misery are the penalty.

You can keep the system strong with Dr. Miles' Nerve. It assists in generating nerve energy; it strengthens the nerves and makes the whole system strong and vigorous.

"I take pleasure in recommending Dr. Miles' Nerve to those suffering from nervous prostration, insomnia, and melancholy. After several months suffering from above diseases I tried this medicine and found immediate relief. It soothes and strengthens the nerves, chases away the gloomy and depressing thoughts and gives the sufferer renewed strength and hope. It is a superb nerve restorer."

that we were at the bottom of the ladder, and would begin to grow and our numbers would increase.

This is being verified already. In April three families from Fairview arrived here, and last week six more families arrived from the same place, and report others coming later. Yesterday a number of them were driven over the country and were both surprised and delighted at what they saw. At the Johnson ranch they pulled sugar beets that weighed six pounds and measured 18 inches around. They pulled one 17 inches in circumference, also fresh tomatoes. They walked through one of the finest gardens they had ever seen.

They have selected locations, and there is still room for others. They say that if the people of the north had any idea what a fine country this is and what a good future it has, many more would come and locate here in this warm garden spot of the world.

UNKNOWN FRIENDS.

There are many people who have used Chamberlain's Colic, Cholera and Diarrhoea Remedy, who are not known to each other, but who are unknown because they have stated about giving a testimonial of their experience for publication. These people, however, are none the less friends of this remedy. They have done much toward making it a household word by their personal recommendations to friends and neighbors. It is a good medicine for its cures of diarrhoea and all forms of bowels trouble. For sale by all druggists.
