LONDON, 29.—The *Pall Mall Gazette* declares Granville's request to Turkey to send 15,000 troops to the Soudan more serious than the scheme for multiple control of the ministers. The people knew what Granville was doing when he proposed to surrender to France; but they stood aghast when they heard this proposal to Turkey to send troops. Turkey on Tuesday signified its acceptance of this proposition. It is not clear how the cabinet can repudiate Turkey's acceptance without insisting upon Granville's resignation.

The same paper says the Egyptian conference will meet June 23d. Before that time the question of multiple control and the limit of English occupation concluded between Waddington and Granville will have been agreed to by the other powers.

Lord Tennyson is elected president of the Society of Authors, formed chiefly for the purpose of effecting international copyright laws between England and America. Matthew Arnold is vice-president of the association.

Dublin, 29.—At a meeting of the Irish National League, Timothy Harrington, secretary of the League, mentioned that two or three years ago from \$1,000 to \$2,000 was received weekly from America. The League is now obliged to depend almost exclusively upon funds contributed in Ireland.

Vanderbilt returns to New York June 5th.

Nubar Pasha, Prime Minister, is preparing a statement to the powers, showing that Egypt is unable to support the present rates of taxation. The land tax is often greater than the value of the lands.

A serious fire occurred at Phum-pak, capital of Cambodia. The whole quarter outside the French concession was destroyed. Among the buildings burned were 105 houses belonging to the King. Three persons perished.

An explosion of dynamite occurred outside the detective office at Scotland Yard, London, at 9.30 this evening. The corner of the building, which was composed of thick brick work, was blown off to the height of 30 feet, taking with it a portion of the side walls, and revealing an aperture 15 feet wide. Many cart loads of debris lying around attest the strength of the explosive. A broughman standing opposite the point of the explosion was wrecked, and the coachman injured. A policeman was thrown across the yard, and striking against the wall was injured. Several others were injured by cuts from glass, which flew in all directions. The explosive appears to have been placed in the urinal let into the wall at the rear of the large building occupied by the detectives.

Later search resulted in the discovery of more explosive materials. A canister of unexploded dynamite was found in Scotland Yard.

The individual who lighted the fuse in St. James Square was pursued by an indignant and excited crowd, but managed to escape by jumping into a cab which had been in readiness and which was lost sight of in the darkness of night and the great confusion. The policeman and a few others of the injured are pronounced in a precarious condition. Sixteen packets of dynamite with fuse attached were found at 10:30 to-night under the Nelson Monument, Trafalgar Square.

Berlin, 29.—Ex-Minister Sargent's return to Berlin was for the purpose of presenting his letters of recall to America.

The annual spring review of troops in Berlin was held to-day by the Emperor, who appeared on horseback. The Royal Princes and Princesses were present.

Vienna, 29.—There was a fierce encounter to-day between the Kossuth and government parties near Erlane. Two persons were killed and many wounded.

Cairo, 29.—News has reached here that a new black false prophet has appeared before Darfour, and defeated El Mahdi's troops. The new Mahdi states El Mahdi was one of his former dervishes.

A Catholic bishop of Soudan, just arrived at Cairo from the south, reports seven Italian priests and four Sisters of Mercy were massacred at El Obeid. He also reports three priests were exposed naked to the sun for four days, and died from the effects.

The Nile is rising rapidly, and it is expected Gen. Gordon's armed boats will be able to drive the rebels from the banks above and below Khartoum, and open communication with Berber and Cairo.

Paris, 29.—Rocheport, the editor of *L'Intransigent*, continues his violent attacks upon Gen. Grant. It is reported his reason is that Grant refused to receive him when in America.

Gaulois declares the French cabinet has decided to reject the proposals of England in regard to Egyptian finance.

Rocheport, in replying in his journal to the statement that Gen. Grant has refused to receive him, says: "I never solicited Gen. Grant for an audience. I would have received one, but guarded myself from accepting. I could not forget how as President of the United States and during the war of 1870, he lost no chance to show his hostility to France. Not only were our defeats saluted at the White House by toasts to German successes, but Washington, American Minister to France, abused without shame his diplomatic

immunity and made himself the active agent of Bismarck, and twice passed through his advices the state of the siege, addressed to King William. Kereboy, now prefect of police at Paris, arrested several American agents who were spies in the service of Prussia, and whom he expelled from the country. In 1878, when ex-President Grant was entertained at a state dinner in Berlin, following a review of German troops given in his honor, he proposed a toast to the Emperor, Bismarck and the German army which had beaten France, saying, 'And after what we have just seen, will always beat her.' This style of recognition of the services of France during the struggle for American independence arose from a need Grant felt to manage the German vote in his campaign for the third presidential term." Rocheport's statements are attracting unusual attention in Paris.

LONDON, 31.—Daylight showed the damage by the explosions fully equal to the worst anticipations. A crowd of excited people are visiting the scenes. Policemen are drawn up in line across the streets in the vicinity to prevent access of the multitude. Orders are given to leave the wreckage untouched until an examination by Majendie.

At the St. James' Theatre, 100 yards distant, the explosions sounded like two claps of thunder. The audience were alarmed and nearly panic stricken. Several ladies fainted, and men started a stampede, but were reassured by shouts bidding every one to sit still, as no harm was done. The second bomb in St. James' square, exploded against the residence of Sir Watkin Wynne, produced a huge white fracture four feet in height, and three in breadth. The windows were smashed and furniture damaged.

LONDON, 31.—The explosion created great havoc at the Junior Carlton Club House, numerous cases of wine being destroyed. The Club will remain closed several days. An hour before the explosion there was an outbreak of fire at the war office, which was speedily extinguished. It is unknown whether it was incendiary or not. So far as known up to noon, 13 persons were injured, including five women. All the wounded are in the hospital. Five, including a policeman, are in a precarious condition.

LONDON, 31.—It is rumored four dynamiters are captured.

Glasgow, 31.—In the burning of the tramways of the company's stables to-night 200 horses perished.

Berlin, 31.—The *Gazette* publishes a programme issued by a committee of peasants for a convention which will convene the 4th of July. The programme advocates protective duties on agricultural products, reduction of railway tariff on such products, the creation of bank credit foncier, a more equitable distribution of taxation on landed property, diminution of legal costs attending land transfers, and the creation in every district of peasant associations.

A procession from this city was met by General McCook and the military at the Fort, and the ceremony of decorating the graves of the dead then took place. Music by the band and peals of artillery interspersed the other proceedings. Speeches were made by Secretary Thomas and Chaplain Jackson, and a poem by Captain J. Witherrill was read by that gentleman.

**Struck by Lightning.**—During the storm last evening the residence of Mr. George Shell, of South Cottonwood, was struck by lightning. Mr. Shell and wife were sitting in the house when a thunderbolt struck a large locust tree near the house. The tree was about a foot in diameter, and was splintered into atoms. The entire trunk and main portion of the tree were torn to pieces. Leaving the tree the lightning shot into the house, stunning both Mr. Shell and his wife. However no one was seriously hurt, though

both the lady and gentleman named were severely shocked.

**Other Pictures.**—In noticing the Art Show in Thursday's issue, we inadvertently omitted from the list of paintings, three by Mrs. T. W. Gillette, a coast scene, a landscape and a copy of the Magdalene; also two snow scenes on velvet, by Miss Emma Jennings; "Source of Bear River," by George Beard, and two small paintings, a lake and a sea coast, by John Morris, a lad of 14 years. The above, with the exception of Mr. Beard's, arrived too late to be entered in the catalogue. Some nice work on porcelain, unnumbered and unnamed, also escaped notice in like manner.

**A Good Book.**—A short time ago we noticed the coming out of a little volume by Elder J. H. Ward, entitled "Gospel Philosophy," and promised a future notice when the contents of the book should have been scanned. Having read it carefully we are prepared to say that in our opinion it is in every way worthy of public recognition and perusal. It is indeed what it claims to be, "a death-blow to infidelity," and can be read with profit, not only by those who are inclined to be skeptical, but by champions of truth who have the assaults of the infidel to meet. It vindicates genuine religion at every point, and demolishes error with a skillful and unsparing hand. "Gospel Philosophy" is for sale at the *Juvenile Instructor* office.

**Verdict of Guilty.**—The Biddlecome case went to the jury on Thursday evening, as expected, and the jury, after being out all night, returned into court about 9 a. m. on Friday with the following verdict:

The People of the Territory of Utah vs. Joseph Biddlecome, indicted for murder. We, the jurors impaneled in the above case, find the defendant, Joseph Biddlecome, guilty of murder in the first degree, as charged in the indictment, and recommend him to the mercy of the court.

J. HAZELGROVE, Foreman.  
May 30, 1884.

The defense gave notice of a motion for a new trial and hearing thereon will be given June 7th. This is the fourth conviction of Joseph Biddlecome on this charge of murder.

**Badly Bruised.**—David Grace, a section hand on the Salt Lake and Western Railway, who met with an accident on Sunday last, was taken to Ogden this morning to be placed in the Union Pacific Hospital. The accident occurred as follows: He with others was on a hand-car just a little way out of Iron-ton, west of Lehi, when Mr. Grace, who was working the lever, slipped and fell backward upon the track and two wheels of the car passed over his side. He was severely bruised, though no bones were broken, and has since been suffering with pleurisy and pneumonia. Dr. Mitchell, U. P. surgeon at Ogden, went down the road yesterday and arranged for the patient's removal to the hospital. Grace is an Englishman, about 42 years of age.

**Washington Square.**—A large number of people witnessed the games and races on the Square yesterday, which, under the circumstances, were a decided success. More riders and a better class of machines than ever before, were on the track.

Mr. Wood won the gold and Mr. Jennings the silver medal. The race for the silver cup was won by Mr. Findley Brooks. Other events were abandoned on account of rain.

The Red Boys and Blue Stockings, in their neat uniforms, presented a fine appearance and did some excellent playing on the bright green field in front of the grand stand, which was pretty well filled with people as was also the open stand next to the race track. The Red Boys led the game for some time, but were eventually distanced by the Blue Stockings by two points, when the game was terminated by another shower.

**Missionary Appointments.**—The *Millennial Star* of May 12th says:

The newly arrived Elders have been assigned as follows: Albert Jones, Wm. S. Read and James W. Paxman to the London Conference; Rollin R. Tanner, Frank Tolton and Thos. ## Land Surveys.

OFFICE OF UNITED STATES  
SURVEYOR GENERAL,  
SALT LAKE CITY,

May 31st, 1884.  
The following township plats of surveys executed by E. W. Koeber, U. S. Deputy Surveyor, were this day filed in the U. S. Land Office, viz:

Tp. 13 South, Range 1 West	Salt Lake Meridian.
" 24 " " 4 1/2 "	
" 25 " " 4 1/2 "	

FRED SALOMON,  
U. S. Surveyor Gen'l.By O. E. SALOMON,  
Chief Clerk.

FROM MONDAY'S DAILY, JUNE 2.

**Registration.**—The registration officer of the third precinct will be at the 16th Ward School-house, from 11 to 1 and from 5 to 7 o'clock each day this week, for the purpose of revising and completing the registry list for that precinct.

**Married.**—On Wednesday last, Bishop Adam Spiers, of the Tenth Ward, performed the ceremony which united in matrimonial bonds Mr. Solomon Kingsbury and Miss Augusta Anderson, both of this city. The groom is the son of our respected friend, Brother Joseph C. Kingsbury, the bride the daughter of Mr. and Mrs. W. Anderson, of the Ninth Ward. We tender our best wishes for their happiness.

**Wedded.**—The congratulations of the News are extended to Mr. and Mrs. David C. Dunbar, the latter nee Miss Libbie Hooper, daughter of the late Hon. W. H. Hooper, and the former the enterprising business manager of our contemporary the *Salt Lake Herald*. Their marriage occurred last week, but was not known in time for us to notice it earlier. We heartily wish the young couple well.

**Immigrants Arrived.**—The immigrants in charge of Elder Ephraim H. Williams arrived in the city yesterday about noon. They had a quick and prosperous voyage from Liverpool, which they left on the afternoon of the 17th ult., and were therefore less than fifteen days on the way. This is perhaps the fastest trip ever made by an immigrant company. The *Arizona*, one of the fleetest steamers afloat, was the vessel they came on. No accidents occurred, and the company arrived in good health.

**The President's Party.**—President Taylor and party are expected home to-morrow night. They held conference meetings at Ephraim, Saturday and Sunday, and then drove to Manti and inspected the Temple. President Taylor will hold meeting at Wales to-night, President Smith at Moroni, Apostles E. Snow and J. W. Taylor at Mayfield (also at Gunnison Tuesday morning) and Elders W. Foxman and George Reynolds at Fountain Green. Brothers Snow and J. W. Taylor will go on south to visit the settlement and attend the Kanab Conference next Saturday and Sunday.

**A Singular Suit.**—A suit has been planted in the Third District Court by some of the heirs to the estate of the late James W. Cummings against the executors of the estate of the late President Brigham Young. The suit is nominally to recover possession of a piece of property now held by the widow of Mahroni M. Young, who received it under the will of his deceased father. The proceeding looks very peculiar as the executors are not in possession of the property, and the widow of M. M. Young seems to be the proper defendant if there was any real cause at issue, which we believe there is not. The affidavit is sworn to by L. A. Cummings, and the attorneys for the plaintiffs are Darke and Kenner.

**Supreme Court.**—The Utah Supreme Court held a brief session this afternoon, called the calendar, disposed of a few cases and adjourned till Tuesday, June 3d, at 10 a. m.

In the case of Allen G. Campbell et al., appellants, vs. Thoms Taylor et al., respondents, the motion for rehearing was denied.

In the case of Campbell et al respondents vs. Taylor et al appellants, judgment of District Court was reversed.

The cases of the People ex rel Christian vs. Cox, and people ex rel Compton vs. Coombs, were continued for the term.

Silas Reed vs. W. F. Hayt, appeal dismissed.

F. Auerbach vs. Robt. Mulhall; remittitur recalled.

Z. C. M. I. et al, respondents, vs. O. J. Hollister, appellant; order of District Court affirmed.

**Young Family Reunion.**—Yesterday the family and relations of the late President Brigham Young met at the Social Hall for the purpose of holding a reunion commemorative of his birth-day. Upwards of two hundred were present, and a most enjoyable season was spent by all. During the meeting the subject was broached of nominating a head of the family, in order to preserve the unity of its members and take charge of future gatherings of like character. Father Lorenzo D. Young, the only surviving brother of the President, was chosen for this position and unanimously sustained as President of the organization which was then formed. Feramor Little and Brigham Young were chosen as Vice-Presidents; Hyrum S. Young as Secretary and Don Carlos Young, Treasurer. It was decided to hold June 1st, the birthday of President Brigham Young, as a memorial day for the family to meet annually upon. Picnic was served in the hall, after which the family proceeded to the President's grave and decorated it with flowers.

## THE ART SHOW.

A STROLL THROUGH CALDER'S  
GALLERY.

Agreeable to promise of last week to do further justice to the Art Exhibition, then given but a passing notice on account of limited space, a NEWS reporter to-day paid a visit to the gallery where this very creditable collection of Utah's art products is on display. We do not pretend to say that we shall do full justice to the subject this time, but shall try to mention some, at least, of the many objects which possess merit and attract general attention.

The veteran painter, G. M. Ottinger, has quite a number of new works, the most meritorious of which, in the general estimation, is "After the Battle," a maritime picture and a very faithful portrayal. Mr. Fred. Lambourne is a prolific contributor in landscapes. His best are the "San Carmel Mission" (interior), "Golden Gate," and "Sunset on Great Salt Lake." Lorus Pratt has some very good new portraits, among them President A. M. Cannon and Mayor James Sharp. But his finest is a portrait of his brother, a mere head, but considered by the artist to be his most successful effort, up to date. F. W. Billings' "Lake Mary" is much admired and worthily so. It is simply beautiful. This gentleman has other landscapes as well. Dallin's sculpture, which has been mentioned at length in this paper, is all on display, and this talented young artist also has several brush sketches, among them a local one, viz: "Old Barn, Liberty Park." John Tullidge, among other good things, gives us "Cañon in Springtime," and "Mill Creek." W. C. Morris has a pleasing and animated landscape entitled "Early Morn, Ophir," among his several contributions. H. L. A. Culmer's best efforts are "Moonlight in Parley's Cañon" and the "Exterior of the San Carmel Mission." The largest painting exhibited is a group by J. Gilmer, the subject being the children of Mr. John W. Lowell. He also, in sculpture, has a very good bust, portrait of John Tullidge, the painter.

J. W. Clawson has some very nice pastelle crayons. J. T. Harwood's "Roasted Apples," "Fruit Piece" and "Moonlight" are little gems, every one of them. W. Armitage has some very good figure drawings; his best, perhaps, is "Hero and Leander." Reuben Kirkham exhibits several excellent studies, a minute pair eliciting general praise. Miss Louie Wells shows much taste in coloring and contour in her ideal "Eastern Girl," and her sister, Miss Kate, furnishes some exquisite specimens of photo-coloring. F. H. Reeves, Chas. Bowring, G. W. Browning, and W. B. Wechsler also contribute to the exhibition.
