SOUTHERN PACIFIC TO BE BALLASTED

Line Between Sacramento and Truckee Will be Improved.

YESTERDAY'S CONFERENCE

No Conclusion Was Reached but Good Feeling was Manifest-Electric Lines for Hawali.

Now that the Southern Pacific company owns the Central Pacific, the Kentucky corporation is preparing to expend considerable money in needed improvements on the Ogden line. Engineer K. G. Curtis of the maintenance of way department states that the company will shortly begin the ballasting of the line between Sacramento and Truckee, and expects that the entire work will be completed before the end of the present year. A gigantic rockcrushing plant, the largest in Califorhia, has been established at Natoma, and will soon be in operation.

AGREEMENT WITHOUT CONCLUSION Conference of Railroad Officials Develops

a Disposition to Fairness. The conference of tallroad officials held here yesterday, adjourned at 5:30 in the evening without having entirely settled the coast passenger schedule between the Southern Pacific and the Rio Grande Western and its eastern connections. One thing was developed, however, and that was the friendly willingness of the Southern Pacific to meet all consistent requests of the Western and its allies. It was agreed that another meeting should be held on Jan-uary 29th, at which time it is expected that the passenger officials of the roads interested will have decided upon the best time schedules suitable to their conditions and convenience so that a definite plan may be adopted. The next meeting will be held in San Francisco. with the same personel present as en-gaged in yesterday's conference, with obable additions.

F. J. Lewidge, the trustee in bank-ruptcy for the estate of D. G. McGinley and company filed two suits in the Federal court this morning. The first sult was brought against George Allen, to recover \$125, which had been collected by the defendant from book accounts received by him from the estate after the action of bankruptcy was entered in the United States court.

The second suit is brought against C. D. Ives, of Ogden City to recover \$3,500, being the alleged value of goods obtained by the defendant from the bankrupts by the means of a sale which the plaintiff alleges was fraudulent. The plaintiff sets forth in his prayer

that the goods were purchased by Ives for \$2,000. Their value being at least the amount suit is brought for and that at the time of the transaction the de-fendant knew that the firm was bankrupt.

THEY CAN COLLECT.

Attorney General Bishop handed down an opinion today which will be of great interest to Utah teachers, es. pecially, as well as the taxpaying public. In answer to a question by State Superintendent Park, as to whether school teachers could collect salaries for the time the schools are closed on ac-ocunt of the smallpox, the attorney general gives it as his opinion that un less it was supulated in the contract between the teacher and the school board that the teacher could collect for time lost. After saying that the matter is one that dogs not properly come be-fore the atterna concerls office but fore the attorney general's office, but that an opinion of the character has been asked several times. He proceeds to cite several authorities and concludes by saying:

"I am clearly of the opinion that un-less a district has provided against such a contingency by express or implied contract, it would not be relieved from its itability to pay a teacher for the time of such enforced suspension, and that a teacher is, therefore, entitled to his wages for such period. The contract submitted to this office contains no such reservations, and the teacher is there-fore entitled to his wages for such enas possible by Dr. McCurtain

The State board of health today commenced the distribution of the following circular which will be sent to all parts of the State:

"In view of the fact that there has an view of the fact that there has been delay in reporting many cases of smallpox throughout the State, and from the further fact that the cases have not been reported, all health officers are requested to promptly report to the State board of health, as pro-

vided by law, any case that comes to their notice. All cases of eruptive dis-ease should be looked upon with sus-picion and held under surveillance until any doubt as to the diagnosis is cleared up. A severe epidemic of smallpox threatens this State and the earnest and conscientious co-operation of health officers and citizens is imperative if the

calamity is to be prevented. "The State board of health also recommends general vaccination through-out the State, advising that none but pure virus be used (preferably "Glycerinated"), and that the operation be performed with strict antiseptic precautions.

Ten People Hurt,

Ten persons were injured in a train collision on the Great Northern at Hill-yard, four miles east of Spokane, yesterday morning. The eastbound passenger was standing on the main line by the depot. There was a dense fog, and a freight train running at high speed crashed into the rear sleeper. The wrecked car was filled with escaping steam from the locomotive, and son of the passengers were pinioned by the debris, and were rescued with some The shock of the collision difficulty knocked down several persons to the dining car, and a number of them suf-fered slight injury. None of the injured persons are seriously hurt.
