

aged that they must be pulled down. The houses in many valleys were greatly shaken, but no lives have been lost.

### FOREIGN.

LONDON, 9.—In the House of Lords, this evening, Granville denied that the government had any knowledge of a Secret Treaty concluded between the Czar and Prussia before the war.

Napoleon has addressed a communication to the President of the French Assembly, protesting against the vote by which that body declared that his dynasty had forfeited the throne, as unjust and illegal. The Assembly, he says, was created only to make peace and has exceeded its power. The foundation of all public right is the plebiscite; to that he is ready to yield and to that alone.

A dispatch to the *World*, dated Paris, 10, says: Thiers will soon dissolve the Assembly and appeal to the people, to decide the future Government. Ducrat, Chanzy and Faidherbe are working for the Empire. Bonapartist meetings in the provinces are numerous. Changarnier is seriously ill. The navy has been greatly reduced, and the navy yards, at l'Orient and Rochefort, have been rented by private companies. The foreign squadrons have been recalled. The Montmartre insurgents have erected an immense barricade in the Rue De St. Pierre and an attack is expected to-day.

PARIS, 11.—Rochefort's death is announced.

The city is quiet. Forty thousand mobiles have left.

The "Reds" propose a new republic with Hugo as President, Garibaldi as Minister of War, and Blanc, Rochefort and Flourens as ministers. A number of regiments of the line has been sent to Versailles to protect the Assembly.

Thiers' influence is waning.

PARIS, 11.—Trochu is insane. Rochefort died of heart disease.

The insurgent national guards still hold possession of four hundred and seventeen cannon. The report of the death of Rochefort is contradicted.

The *Union Libérale* of Versailles, has commenced an inquiry into the acts of violence and plunder perpetrated by the Germans during the occupation of the city.

It is stated that requisitions and destruction of property are continued by the Germans.

The rioters of the 20th of December have been tried by a council of war. Blauqui, Flourens, Girard and Aveyllé are condemned to death; Goupel to two years imprisonment and Valles six months imprisonment. The rest are acquitted.

The *Election Libre* says the rumor of Trochu's insanity is unconfirmed.

LONDON, 11.—Moltke demands the departure from Paris of unarmed mobiles exceeding the authorized garrison of 40,000 men.

The schooner *Hope* has sunk near Glasgow, all lost. The *Northern Star* is a wreck off Wexford, and it is believed all are lost. The bark *Daring* has been driven ashore and several drowned.

Montmartre is quiet. The nationals return the cannon on condition they will not be dissolved, and with the continuance of the allowance of a franc and a half per day till work is resumed.

The *Etoile Belge* says the mobiles sent to Algeria have been disarmed by the natives, who are masters of the situation. A regiment of Zouaves has left Paris to re-establish order.

The *Times* special says the nationals at Montmartre have surrendered the cannon. The remainder have been formally summoned to surrender their arms, and if they refuse their pay will be stopped.

Eleven persons were killed and twenty-three wounded, by the accident at Puteaux, on the North-Western railroad of France.

The report that the Emperor Napoleon is coming to Chiselhurst is premature. He is not expected at present.

BERLIN, 11.—The *Nord Deutsche Zeitung*, to-day, states the position of the German armies, during the next phase of the occupation of France, will be an uninterrupted line from the Lower Seine to Dijon. An order has been issued that the landwher, in organized corps and garrisons, shall be dismissed to their homes. Prisoners from the ceded territories are to be released, but officers, soldiers, and other portions of the French service, will only be set at liberty after negotiations for a definitive treaty of peace.

HAVANA, 12.—Col. Lapaya surprised a party of insurgents, in the woods, at San Vicente, on the 17th of February and after a short engagement killed eight of them and took ten prisoners,

among whom was the rebel commander Horatio Slinorl, a native of Puerto Principe and who was married to an American lady, daughter of a Mr. Fairchild, who was a very prominent man here at one time, but is now living in New York.

Special dispatches from Kingston, Jamaica, state that the commissioners are making their reports, which are strong for annexation.

### LOCAL AND OTHER MATTERS.

#### FROM FRIDAY'S DAILY

CAPTURED.—Charles Rose, one of the prisoners who escaped from the City Prison on Tuesday night, was captured last night, and is now safely ensconced in his old quarters. The others are still at large.

PROVIDENCE F. R. S.—By letter from John F. Maddison, we learn that the ladies of the Providence, Cache Co., Female Relief Society had a party on the evening of the 3d inst., the proceeds of which were appropriated for the benefit of the association. Sister P. Morgan, the presidentess of the F. R. S. of Cache Co., was present and everything passed off very agreeably. The society is progressing favorably, under the direction of Sister Margaret Matthews.

NEW MUSICAL STORE.—Messrs. Daynes and Son, watchmakers and jewellers, on the south side of First South Temple St., have recently had their store enlarged and improved, and converted into a watch, jewelry and music store, and now offer for sale a well selected stock of articles in both lines. Their musical merchandise is well worth the attention of purchasers. They have a choice assortment of violins and organs, the latter from the three firms of Smith, Bower and Needham, of Boston and New York. The organs are a fine quality, and are offered at prices to suit and command buyers.

ROBBERS CAUGHT.—The following dispatch was received by Mayor A. O. Smoot, of Provo, last evening:

"Provo, March 9, 1871.  
A. O. Smoot,  
Salt Lake City:

Joseph Boren and a man from Provo Valley are arrested with the government tents, &c., they stole. Larry is also arrested and is now safe in camp."

The government property alluded to in the dispatch consisted of tents, stoves and other articles, and was stolen from the military post at Provo some time since. This property was, a short time since, discovered hid up in Boren's field; a guard was placed near it, and it is probable that the thieves were arrested whilst attempting to remove it. Boren is said to be an apostate Mormon and we are informed that Larry was one of those exemplary (?) characters who were not long since enrolled as U. S. Deputy Marshals.

SALE OF U. P. R. R. LANDS.—The following concerning the sale of lands along the line of the U. P. R. R. is from the *Omaha Herald* of the 7th inst.:

"The sale of lands yesterday, up to noon, amounted to 3,200 acres, and receipts for the same were \$11,072.80; a pretty good beginning for March. Two gentlemen from Omaha who had been prospecting along the road, bought tracts for seven others, near Merrick county, one hundred and twenty-five miles west of Omaha. They said they were obliged to go some distance to find a place to stay all night. Every house was full of homesteaders, looking for land, and this is only the advance guard of the rush which will arrive next month. The excellent and truthful description of the railroad lands and plain directions how to secure a homestead which have been so widely circulated by the Land Department of the railroad, has called attention to Nebraska, and in every instance which has come under our observation, those looking at this country return perfectly satisfied to invest, and settle on the rich lands along the great railroad. No years of labor in cutting away forests, clearing and grubbing, but the land is ready for the plow at once and gives an immediate return. The future of this State will exceed anything the most sanguine anticipate."

BUSINESS—IMPROVEMENTS.—The report of the richness of the mines in Utah, so industriously circulated through the country by speculators and other interested parties for the past few months, is attracting crowds hither from almost all parts, and in consequence, the half Sunday air, so characteristic of this city at almost all times and seasons, is disappearing; and if the influx of hundreds of men, hungry and earnest in the search for wealth be any indication of an increase of business and brisk times, they are close at hand in this city.

As if in expectation of this, several of the business men on East Temple St. are making changes in their premises, and tearing down, improving and reconstruction seem to be the order of the day. On the east side of East Temple St. the changes made by Dunford & Sons and Mr. George Goddard, in the appearance of their stores, are very noticeable, and the improvement in appearance striking; on the west side the enterprising proprietor of the "Railway News

Depot," Mr. James Dwyer, is enlarging, to make room, in a very short time, for a large arrival of the best English and American works. Lower down still, on the next block, is the store of Messrs. T. & W. Taylor, which, though not one of the largest stores on the street, is certainly one of the neatest, having recently been reconstructed and fitted up with large and elegant plate glass windows; while its internal arrangements correspond therewith, and make it decidedly one of the neatest stores in town.

Besides these improvements, there is on every hand on the street all evidences of a speedy and large increase of business during the coming season, warning the wonderfully protracted dull times that reaction is coming at last.

#### FROM SATURDAY'S DAILY.

ENLARGED.—Our contemporary, the *Herald* appears in an enlarged form this morning; another evidence of the enterprise of its conductors.

A VIGILANCE COMMITTEE AT PIOCHE.—A paper published at Pioche says:

"For the last week there has been considerable talk in Pioche about the business community organizing a Vigilance Committee.

AN ACCIDENT.—Bro. John Jolley, writing from Evanston, Wyoming Territory, on the 8th inst., gives an account of an accident that took place at the coal mines, near the above place, on the 4th inst., by which Bro. Samuel Pyke was "severely injured. He was conducting a car containing coal when by some means, it upset. When assistance reached him he was found lying on the ground with the car and its contents on him. He was severely bruised nearly all over his body but, at date of Bro. Jolley's letter, was likely to soon recover.

INFORMATION WANTED.—Herman Gehrenbeck, a German, formerly a resident of Prescott, Arizona, from which place he moved to Fort Mojave, from thence to St. George, Utah, and, in 1866, to this city, where he was last heard from by his parents. In a letter to them, in the above year, he stated that he was about to start for his home, in Germany, since which time no tidings have been heard of him. Any person who was acquainted with him or can give any information concerning him will confer a favor by communicating with this office.

ACCIDENT AT BRIGHAM CITY.—"A. C.," writes from Brigham City, on the 9th inst., "the day before yesterday Mrs. Susan Booth and Mrs. Sarah Davis, the daughter-in-law of the former, who was sick, and living about a mile off, and while crossing a hollow place, the hind seat of the carriage on which the two ladies were sitting broke, precipitating them headfirst to the ground, in a most violent manner. No sign of life could be perceived in Mrs. Davis for about fifteen minutes, and she was taken into Brother Samuel Henderson's house. Mrs. Booth was not hurt quite as badly; she was taken to her home in a sleigh. They are both gaining slowly."

CAPTURED.—The following dispatch was received, per Western Union Telegraph, too late for publication in yesterday's NEWS:

STOCKTON, UTAH,  
March 10th, 1871.  
Press.—Salt Lake:—The negro, Walker, who escaped from the city prison of Salt Lake was captured, after a chase, by John L. Pace and Chas. Shultz, to-day, about eight miles west of here, and turned over to Wm. Hyde.

OPERATOR.  
A later dispatch states that John L. Pace and Charles Shultz chased Walker, on a dead run, on horseback, for about a mile, when Walker turned and showed fight. Pace, however, charged him with horse and pistol, handcuffed and took him back to Stockton.

#### FROM MONDAY'S DAILY.

WHO WANTS BEES.—Mr. W. D. Roberts left this afternoon for the East, for the purpose of bringing on more bees. All parties desiring bees, or pigs, fowls, &c., through his agency can send on their orders immediately to R. L. Campbell, Esq., at the Historian's office in this city. Mr. Roberts expects to be back in three weeks, so that parties may expect to receive what they order through him by about April Conference.

PREACHING MORMONISM.—Elder Angus M. Cannon, now on business in the Eastern States, writes as follows, on the 6th instant, from Canton, O.

"Some gentlemen assailed me yesterday afternoon upon the subject of our faith, &c., when I gave quite a house full the best I had. A Mr. Schaffer, who claims to be an old friend of Judge Z. Snow, as this is where Mr. Snow formerly resided, kindly offered me the use of his Opera House, and said that he would see it lighted. I accepted and had the satisfaction of addressing a very attentive audience for one hour and a half. I proposed stopping short of this time, but the people cried 'go on.' I had great freedom, and feel that my talk yesterday and discourse last night cannot fail to effect good. I say this in justice to the liberal spirit evinced by some of the people of this place. A number of gentle-

men called upon me this morning and expressed their gratification to learn so much they had never before known about our history."

SABBATH MEETINGS.—The large and very attentive congregation at the Tabernacle yesterday morning was addressed by Elder Geo. Q. Cannon; an interesting discourse was delivered in the afternoon by Elder Charles W. Penrose.
