

\$3,000,000 RESORT FOR LOS ANGELES

How Parties Who Are Buying
Salt Lake Realty Do Things
There

O. R. RULE TELLS THE STORY.

"The Venice of America" is Now Being
Erected at Ocean Park—Salt
Lake's Interest.

O. Ray Rule, son of Fred K. Rule, who is well known in Salt Lake through his connection with the Chamber of Commerce of Los Angeles, and the Salt Lake Route in early days, arrived this morning from the coast and is quartered at the Knottford. Mr. Rule is a student at Stanford and is taking a vacation trip which will include the intermountain states and as far east as Texas. Incidentally he is representing the Venice of America, a \$3,000,000 resort at Ocean Park, 14 miles as the crow flies due west from the center of Los Angeles. This resort is being built up by parties who during the past three weeks, have invested heavily in stock street realty here. David Evans of this city also is interested in the proposition, as are several other people here.

Pictures shown by Mr. Rule taken in April of this year and others photographed a few days before he left southern California give some idea of what these gentlemen have accomplished. Where there was apparently a barren waste early in the spring now are springing up steel and brick hotels, cottages and stores. One feature is the general design which is being carried out to make the town as near a duplicate of Venice as possible. Windowed avenues, the main business street, is to be areaded, while a large harbor and a system of canals embracing the Grand, Cabrillo, Coral, Lion, Venus, Aldebaran and Altair canals are other features.

The tract, which is to be made the Venice of America consists of 750 feet of shore front, running back on the land level for a distance of 200 feet, and 120 acres of land lying five feet below this level will be converted into a system of canals lined with concrete, crowned with a large boulevard and a promenade upon which are going up artistic villas of the south of France and Italian type. A big pier has been built and 100 feet from shore is being erected a large auditorium with accommodation for 3,000 people. Several Salt Lake musicians, including Adelbert Bessley, who is already on the ground, have been engaged to play with the band there during the season.

While Venice caters to the millionaires, it will be in reach for the masses, as the wage earner in search of a vacation can rent quarters in the tented city that is to be one of the features of the resort.

In speaking of the proposition this morning Mr. Rule said to the "News": "What promises to become one of the most beautiful resorts in America is springing up on the Pacific coast some 14 miles west of Los Angeles. Venice of America, the new city is appropriately named, and the complete system of navigable canals winding through the residence section, its arched streets and the ever present Venetian architecture, make America a worthy representation of the historic Venice of Italy."

"But the modern idea of a pleasure city has not been forgotten, and the visitor finds provided for him the most varied attractions, ranging from the miniature railroad, the gondolas, and the distinctly American features, to the \$25,000 pipe organ in the massive Auditorium, the 50-piece band giving daily concerts, and the great educational congresses to be held in the Auditorium. Venice of America will be open the year round, and winter and summer will find it equally attractive. A unique feature of the new city is the ship hotel and restaurant. Here we have a complete full rigged ship, built out over the ocean on piling and exactly modeled after the old Spanish galleon, navigated by a crew of discovered California in 1542. Close by on the shore stands the fine Saint Mark's hotel, and opposite this building a still finer hostelry is being erected. This new hotel to be known as the Venice hotel will be six stories, fire proof, contain over 500 rooms, and will be the largest and finest hotel on the Pacific coast. Another interesting feature of the new city is the \$125,000 breakwater, the first to be built in the United States by private capital, which will give a nice absolutely safe harbor where the smallest canoe and the ocean liner may alike ride in safety.

"To construct and improve the new pleasure city, over \$3,000,000 have already been invested, and more millions will be spent in fully completing the present plans. Venice will be the ideal pleasure and residence city of the world."

SOCIAL AND PERSONAL.

The wedding of Miss Lela Edredge and Mr. Chas. F. Carlson, both well known residents here, took place last night at the home of the bride's parents, Mr. and Mrs. J. U. Edredge, on First North street, the ceremony being performed by Bishop O. P. Whitney. The marriage took place in presence of only the near relatives, but the wedding reception was held later at the home of the bride's brother, Mr. J. U. Edredge. A large number of friends attended and showered Mr. and Mrs. Carlson with congratulations. The rooms were beautifully decorated in pink and green, a profusion of pink roses and carnations being effectively used with potted plants and vines. The bride's maid was Miss Lela Spencer, and George Butler acted as best man. Little Lela Edredge carried the wedding ring. During the evening a number of musical renditions were given, notable among which was the singing of Viola Pratt Gillette, a cousin of the bride. Willard Welthe, Mrs. Agnes Osborne, and Fred Graham were also heard.

Mr. and Mrs. Carlson will be at home to their friends after July 1, at 55 north Main street.

COMMERCIAL MEN OWN LOGAN TODAY

Town in Gala Attire, With Flags,
Bunting and Pleasure
Everywhere.

FINE PROGRAM OF SPORTS.

Includes Baseball and Horse Races
With Big Parade, Concerts and
Dancing Parties.

(Special to the "News.")

Logan, Utah, June 8—Logan is in gala attire today, and the visitors from Salt Lake own the town. Flags and bunting drape the streets throughout the central districts, while the business houses are buried in yards of bunting. Predominating are the white and red colors of the Cache Commercial Travelers' club, and the yellow and blue of the U. C. T. Center street from the depot to Main street, and on Main from the court house to South Main street, the telegraph poles are decorated, while streamers cross the street at frequent intervals, and at one place a large electric display is arranged to flash a welcome to the visitors tonight. At the intersection of Main and Center streets a grand stand has been erected, from which speeches will be made tonight. The roads leading into Logan are thronged with incoming visitors, while the streets are already well filled. At frequent intervals booths have been arranged at which the multitude may obtain food and soft drinks, while at the tabernacle grounds a band stand and hundreds of electric lights have been placed, preparatory to the opening concert this afternoon and evening. Held's band of Salt Lake and the Agricultural college band of Logan. About a dozen members of the bureau of information and the local entertainment committee left for Brigham City early this morning, where they will meet the incoming special and accompany their guests to Logan early in the afternoon. Carriages have been provided to take the travelers to their hotels, and then the general program will begin in earnest. A horse parade on the streets is to be followed by races at the driving park, and later by a game of baseball between the Salt Lake and the local clubs, and in the evening by two grand balls and an open-air concert.

TRAIN ARRIVES.

Commercial Travelers Tax Logan's
Ability to Furnish Accommodations.

Logan, Utah, June 8, 2 p. m.—The special train from Salt Lake carrying the numbers and friends of the United Commercial Travelers, arrived here at 12:45 o'clock. Practically all of Logan and its environs were at the depot to meet and greet the visitors, and a tremendous ovation was the consequence. Fully 1,000 people were at the depot, mostly from Cache county points. The train consisted of 13 coaches and two excursion cars, carrying fully 1,000 excursionists. Despite the fact that almost every vehicle in Logan was at the depot, many of the excursionists had to walk to their hotels. The bureau of information makes the announcement that ample accommodations have been provided for all visitors.

At the hotel the horse parade is just beginning, and will be followed by the horse races and baseball game, at 2:30 and 3:30 o'clock.

AMUSEMENTS.

Tonight occurs the big popular recital in the Tabernacle by Miss Emma Lucy Gates. The presence in town of nearly one thousand delegates to the Improvement Association conference assures a handsome turnout, and about 800 tickets have already been reserved for the visitors, who are to be guests of the city associations; they will occupy the front portion of the Tabernacle this evening, about one-third of the downstairs part.

Miss Gates' program will be precisely as printed in the "News," the only change being that Mr. Plashman will play a flute obligato to her "Pearl of Brazil" number, and her "bell song" from "Lakme."

The concert will begin sharp at 8:30 and be over before 10 o'clock.

At the Grand Theater tonight "Camille" was given its first performance by the Grand company, and drew the fact that it is a well known play here, the performance did not suffer from comparison with previous renditions—that is, of the popular picture order. Both in staging and in acting there was considerable care displayed, and the result was fully equal to the best previous efforts of the Grand company. Mr. Kovan was successful as Camille, while Ella Bittner as Madame Prudence, made most of the laughter. "Camille" will remain the bill for the rest of the present week, including a Saturday matinee.

Many new numbers, some not yet published, among which are several dedicated to Clarence Eddy, will be found upon the program which the noted Eddy is to play at the Tabernacle next Monday evening. He is to have the able assistance of Mrs. Grace Morel Dickman, a well known New York City contralto. No local talent will be associated, much to the regret of Mr. Eddy, who was desirous of having a number or two rendered by the choir and organist. This was found to be impossible on account of the choir's having so much work to do at the present time. Mr. Eddy dedicated the great organ in Topeka, Kansas, and played some time ago and was successful in his mastery of the organ. It will interest Salt Lake residents to know that this organ was largely patterned after the Tabernacle organ.

WOODMEN OF THE WORLD.

All members Woodmen of World and visiting neighbors take notice that the annual memorial services will be held on Sunday, June 11th.

Graves will be decorated in the morning and joint memorial services will be held at Utahna Theater in the afternoon, commencing at 8 p. m. All neighbors and their families invited.

on Main between First and Second South, but perhaps he was best known in a business way through being the manager of the Salt Lake Herald, which he founded in conjunction with the late Edward Rosen in 1873. This paper was, prior to that time, known as the Telegraph, and was published by T. H. H. Rosenhouse. For 14 years he remained with and managed the paper. Then he opened a store on Second street and continued in business until ill health forced him to retire.

Eleven children survive him. They are William C. Dunbar and Joseph C. Dunbar of Boise, Ida.; Byron C. Dunbar of Merion, Or.; David C. and James T. Dunbar of Salt Lake, and Mrs. Hannah Hampton, Mrs. Eliza Hartenstein, Mrs. Kate Luff, Mrs. Elizabeth Chase and Misses Belle and Addie Dunbar, all of Salt Lake. All the children are in Salt Lake, except Joseph and Byron. These have been summoned by wire and will be present at the funeral.

FUNERAL SUNDAY.
His funeral will take place from the Twentieth ward meetinghouse on Sunday at 12:30 p. m. The remains may be viewed at the residence, which is the new house on Main between First and Second South, from 11 to 12 o'clock noon on the day of the funeral.

ATTORNEY JONES IS EXONERATED.

Disbarment Case Decided in His
Favor by the Supreme
Court.

CONTRACT WAS NOT OBNOXIOUS

Findings of the Court in Accordance
With the Report of the
Referee.

In an opinion written by Justice McCarty and concurred in by Chief Justice Harsh and District Judge Ritchie, the supreme court yesterday afternoon dismissed the disbarment proceedings against Attorney Rice H. Jones of Brigham City. The charge was made against the attorney by a committee from the State Bar association that he had entered into a champertous contract with a client. The matter was referred to a referee whose report to the court exonerated Mr. Jones. The report is set out in full in the opinion of the supreme court, which concludes with the following paragraph:

"While we recognize, as heretofore stated, the general doctrine which holds that an attorney cannot make a valid purchase of pending litigation from his client, yet we do not feel that the contract under consideration was so obnoxious and so against public policy that the making of it, under the circumstances, was such a breach of professional duty on the part of the defendant as would warrant this court in imposing a penalty therefor."

FORNEY GETS \$7,500.

Jury Awards Him This Judgment Against
The Short Line.

In the case of Herbert J. Forney against the Oregon Short Line Railroad company, which has been on trial for several days in Judge Ritchie's court, the jury yesterday afternoon returned a verdict in favor of plaintiff for \$7,500. The action was brought to recover \$20,000 damages for personal injuries received by plaintiff while assisting in the construction of a steel bridge for defendant on Aug. 5, 1903, near Opal, Wyoming.

NEARING A CLOSE.

June Term of Federal Court Almost
Over—Deer for Rotapp.

The spring term of the federal court, which commenced April 10, is nearly over, the trial of the last case on the jury docket having been commenced this morning with the case of the Oregon Short Line Railroad company against the Forney. The jury, which was selected by the court, returned a verdict in favor of plaintiff for \$7,500. The action was brought to recover \$20,000 damages for personal injuries received by plaintiff while assisting in the construction of a steel bridge for defendant on Aug. 5, 1903, near Opal, Wyoming.

FRANCHISE IS SIGNED.

Mayor Morris Has Appended Signature
To Light and Power Document.

Mayor Morris today attached his signature to the Utah Light and Railway franchise passed by the city council on Monday night and it now goes to the company to sign and accept or reject. The company has 60 days in which to signify its intention of accepting or rejecting it and just when it will take action in the matter is not known.

PRICE OF LANDS RAISED.

State Board Fixes Minimum Figure at
\$2.50 Per Acre.

The state board of land commissioners at its monthly meeting yesterday afternoon adopted a resolution fixing the minimum price for state lands sold by the board at \$2.50 per acre instead of \$1.50 per acre, as heretofore. This means quite an additional income to the state for said lands. All lands will be appraised by a member of the board before persons making application are allowed to buy up land if the appraiser decides that the land is worth more than \$2.50 per acre, the board will fix the price at whatever it considers reasonable.
