

LOCAL AND OTHER MATTERS.

WEATHER.—The highest point reached by the thermometer today was 85.

GENERAL R. DE TROBAND.—General R. de Troband arrived by the evening train last night, to resume the command of the post at Camp Douglas. The greater part of his time during his absence, was spent in France. He has been away about seven months.

MESSAGE.—There are messages at the W. T. Office for Orlando Hall, Samuel H. and Morris Jacobs.

ACCIDENT AT BEAVER.—The following was received by Deseret telegraph line, this morning:

BEAVER, June 30.
John C. Tyler, son of Daniel Tyler, aged thirteen years, was thrown from a horse about 3 p.m. yesterday, by which the left leg bone was broken short off. Doctor Woodrow was in immediate attendance, and with his usual skill replaced the broken bone, and the lad is as comfortable as could be expected.

LAKE'S CRUCIFIX.—This mammoth crucifix arrived in our city this morning, by special train; they will give their first performance this evening at 8 o'clock, under the spacious pavilion which they have erected on Emigration Square. Unavoidable delay prevented an afternoon exhibition to day. The monster balloon will be inflated between 6 and 7 o'clock this evening, at which time an ascension will be made from the circus lot.

TEMPERANCE AND FREE SPEECH.—Usab, in the opinion of many of those persons who live by their wit, and who are upon the notion that the world owes them a living, is a promising field for carrying out their operations. Every scheme for making money and gulling the public has been, or will probably be resorted to by this class, they depending for their success upon the credulity of the public. It is only a short time since that we had a specimen of this class in the shape of a wandering teacher of mathematics, who with an abundance of impudence, a voluble tongue and a smattering of the science he professed to teach, succeeded in obtaining from among our citizens a number of subscribers to his system, the knowledge of which he was to impart for a certain sum, the pupil on his part binding himself not to communicate the secrets to others. We understand he secured \$2,000 here, and went off doubtless laughing in his sleeve at the ease with which he succeeded in bilking his patrons. If any one who paid him for his system ever found it of any benefit to him, we have not heard of it. Yet he carried off with him the signatures of prominent citizens, and obtained very likely as those were in other places which he brought here with him. It is the easiest thing in the world to obtain signatures and certificates, and therefore they are not always to be trusted. A charlatan or bill collector always shrewdness to obtain them, and when these itinerant mathematicians, music-teachers, the King of Pain, &c. come here, come with their string of certificates and recommendations, it is always easy to distrust them, unless they are accompanied by evidences of ability and worth of a more trustworthy character.

We understand that there has been a new system to teach, and who has been desirous of obtaining the privilege of lecturing on his system in this city. He has a novel and unusual method of giving publicity to a scientific system. To obtain this privilege we understand he applied to the Mayor, who referred the matter to the City Council, by whom the privilege was granted; but to aid him in making his system public, we learn he has secured the Mayor, offered him the use of the large room in the City Hall, without charge, at any hour in the day which he chose to occupy it; the room being already engaged every evening. We have been informed that this person has been making remarks to one and another since this offer has been made to him, to the effect that he has been denied the privilege of holding a free public meeting in Salt Lake City. Whether this be true or not, we cannot say, as we are not acquainted with the facts; but we are so informed by a person upon whose word we can rely. We have learned the above facts about this case, and think it is but simple justice to the Mayor and the City Council to make them public. When public buildings are offered to any one as in this case, we want no other evidence to satisfy us that a person who will say, after that, that he has been denied the right of free speech in Salt Lake City is no gentleman.

THE LECTURE ON WOMAN SUFFRAGE.—Probably about four hundred persons attended the lecture of Mrs. E. C. Stanton, at the Tabernacle last night. As to her ability as a lecturer, she can be but one opinion; she is logical, clear, forcible, and her companions are exceedingly happy. The lecturer showed that woman's enjoyment of the suffrage would not, as conservatives have declared, destroy unity of organization, unless they are so stupid as to imagine that woman's suffrage is in the march of freedom. Plurim Fathers landed on Plymouth rock, and said that the extension of the suffrage to the women could not be attended with effects that would impair the happiness and improve the condition of the race. Mrs. Stanton said, "Man will give as much as woman by an equal partnership in the nearest and holiest relationship of life."

It was announced last evening that Miss Susan B. Anthony would lecture this evening, at the same hour and place.

SHOOTING AFFRAY.—Last evening a shooting affray occurred between two men named respectively John Spiker and L. V. Winans, in the beer saloon under the new store of Mr. George Goddard. These two gentlemen had been drinking too much beer, which induced them to quarrel, over some disputed mining claim. But few words passed between them when each man drew his pistol. Spiker, however, was the quickest, the bullet from his weapon hitting Winans on the left side of the head, a region of the ear, glancing round and lodging in the back of the skull, outside the bone. Dr. Volium was called in and speedily extracted the bullet, and laid Spiker was arrested and taken to the City Hall. The case was up for investigation before Dr. Clinton this morning, but was postponed till four o'clock this afternoon.

ALDERMAN'S COURT.—Lafayette Sutphen and David Honeyman were brought before Alderman Clinton this morning on a charge of having, last evening, been engaged in a rough and tumble fight, in which a pistol was flourished. It appeared from the evidence that Sutphen is the son of the gentleman who is "running" the restaurant part of the Revere House, and that Honeyman, who is a "colored individual," is employed as a waiter for the establishment. Young Sutphen thought that Mr. Honeyman was putting on too many airs, and told him so, whereupon high and angry words ensued, during the delivery of which Honeyman drew a five-shooter and threatened to perforate his antagonist. Sutphen then stepped up and told him to "blame away," which advice, however, the other didn't follow. Sutphen turned to go when the other called him an ugly name, so he came back and the two commenced a regular fight. In endeavoring to wrest the pistol from Honeyman, Sutphen was shot through the hand. The latter was freed, by Dr. Clinton, and Honeyman was freed.

ACCIDENTALLY KILLED.—Yesterday afternoon, about three o'clock, Walter Hogan lost his life while quarrying rock in the State Canyon. It appears that Hogan and a son were endeavoring to get out a very large rock, and while he was in a stooping posture it became loose, falling over upon him, crushing his head, and killing him instantly.

At the time of the accident Hogan was forty-five years of age, two months and ten days married, and was a native of Scotland. He was a very good man, and was well known in the canyon. He is spoken of as an excellent man, and his death will be interred at five p.m. to-day.

A YOUNG SWISS, named FERDINAND BARTH, who by driving a government team across the plains in 1858, and by two-and-a-half years service in the employment of the California Mail Co., at Fish Springs Station, earned some money, came in the fall of 1861 to Salt Lake City and worked there all winter in the Cooper-shop of Mr. Lamb. During his stay in the city he buried his money, \$700 dollars in gold, on the side of a ravine, just above the grave-yard, where in the spring of 1862, when he was ready to make use of it, he found it gone, for somebody, who had cut down the oak trunk to the roots, had found it. Any information about the finding of it is solicited and will be thankfully received by the above; a liberal reward is offered to the finder. Address "Deseret News" Office, or

NEW REPORT.—The introduction of Soda Water and Sarsaparilla, by Day & Co., has done more in the way of a Temperance Reform than all the lectures that have been delivered in the country. The natural condition of man is a thirsty one, and it has long been an established fact that water will not quench thirst. The question then arises, can we find a substitute as harmless in its effects, and more delicious in taste than anything yet discovered? We find in Day & Co.'s Soda and Sarsaparilla. If every one would take the Soda and drink nothing but this Celebrated Beverage, much degradation, misery, shame and crime would be prevented in its way. If any one doubts the truth of our remarks let them step into the first place they come to and try it. It will prove for itself.

CURTIS HOBBS—PRICES REDUCED.
We have been thinking of our system for cutting all kinds of garments by Ladies, Gentlemen and Children are known by scores of ladies in this City and Territory, and the sure way is to go to us for our system. This system requires all sewing, regarding the FIT or purpose, as all its directions are absolutely perfect. There will be no altering—no taking up or letting down, which is the worst of all, and which ruins the garment. The system is very simple and can be learned in a few hours.
