nese killed, five Americans wounded.  
Chaffee's losses, six killed, 30 wounded,  
two days' fighting."The navy department understands  
from the reference to the palace that  
the American troops after penetrating  
the Imperial City were, when the dis-  
patch was sent, attacking the Forbidden  
City. This is the inner enclosure of  
the Imperial City.

## GERMANS WERE DELAYED.

Berlin, Aug. 22.—The German war of-  
fice has received a dispatch from Taku,  
dated August 17, saying the advance  
of the German battalion was delayed  
by violent rains. It reached Peking Au-  
gust 18. Yang Tsun, it is added, was  
threatened by the Chinese troops on the  
imperial canal.

## REPLY TO LI.

Washington, Aug. 22.—As a result of  
the conference between the President,  
Secretary Root and Acting Secretary  
Adee, the reply to Li Hung Chang was  
agreed upon and drafted. It will be  
delivered to Minister Wu, and it is ex-  
pected the text will be made public  
later.

## HEAVY FIGHTING LOOKED FOR.

Washington, Aug. 22.—The war de-  
partment announced early in the day  
that it was in receipt of a casualty list  
from General Chaffee and this was  
made public about noon. It was learned,  
however, that the Chaffee dis-  
patch contained a considerable  
amount of matter besides the list of  
killed and wounded, and it was the  
subject of an extended White House  
conference between the President, Sec-  
retary Root and Acting Secretary  
Adee. It was hoped by the official  
claim that the receipt of detailed news  
from General Chaffee would simplify  
the situation considerably and enable  
this government to map in a large de-  
gree its future line of action in China.  
This was not the case, however. Gen-  
eral Chaffee's telegram indicated that  
there may be yet considerable heavy  
fighting around Peking and between  
that city and the coast. It was impos-  
sible to make any prediction as to the  
date of the cessation of the fighting  
thus furnished, and the adminis-  
tration is not able to fix an approximate  
date for the withdrawal of our troops  
from Chinese territory.

## WU WAITED A WHILE.

While the White House conference  
was in progress the Chinese minister  
arrived at the state department. Mr.  
Adee was absent and the minister  
waited patiently for two hours, the ex-  
pectation being that the reply to the  
United States government to Li Hung  
Chang's peace application would be  
handed to him. At 12 o'clock Minister  
Wu had heard nothing as to the return  
of the acting secretary of state, and he  
returned to the Chinese legation ex-  
pecting to call tomorrow unless advised  
before then that his presence was de-  
sired.

## BLOODY WORK IN PEKIN.

Bloody work has been going on in  
Pekin, according to a dispatch received  
today by the navy department from  
Admiral Remey, dated Taku, the 20th,  
and Pekin the 16th. The message shows  
that the American forces were then  
fighting, along with the allies, and that  
progress had been made which could  
only have been accomplished after mil-  
itary efforts of a severe character.  
Officials of the war department who  
are familiar with the physical condi-  
tions of the defenses of Pekin say that  
the fact that all but the Imperial City  
had been cleared of Chinese troops is  
evidence enough of the severe fighting  
which must have occurred. In order for  
the American troops to penetrate to  
the gates of the palace they must have  
stormed a wall about thirty feet high,  
which, no doubt, was stubbornly de-  
fended.It is a source of satisfaction to the  
military officials here that the allied  
commanders succeeded in clearing the  
region outside of the Imperial city of  
Chinese troops, as thereby the danger  
of attacks in the flank and in the rear,  
while the invaders were storming the  
Imperial City, would be obliterated.  
Admiral Remey's dispatch, in stating  
that all but the Imperial City had been  
cleared of the Chinese soldiery, left  
the impression that a force of defend-  
ers was still entrenched in that section  
of Pekin and would have to be routed  
out.

## WORK WAS HARD.

General Chaffee's brief report stated  
that he entered the legation grounds at  
5 o'clock on the evening of the 14th,  
and that eight men were wounded in  
the attack. The Chinese troops, it was  
stated, were not dispersed but were still  
clinging to the outskirts of the city.  
The invaders and harass them as much as  
possible.It could also mean to press hard  
fighting for the allies if they should  
tempt to return from Pekin, and for  
the reinforcements which will be sent  
forward to Tien Tsin and Peking. Evi-  
dently, according to the military au-  
thorities, the country about Tien Tsin  
and between that city and Peking still  
harbors hostile forces which will have  
to be overcome by the allies before the  
road can be opened from Pekin to the  
sea.

## WU WOUND UP.

Washington, Aug. 22.—The state de-  
partment made public the following  
statement at 3 o'clock today:  
"The acting secretary of state au-  
thorizes the statement that a reply has  
been made today to the Chinese minis-  
ter's communication of two telegrams from  
Li Hung Chang, dated respectively the  
19th and 21st, inst., relative to a ces-  
sation of hostile demonstrations and  
the appointment of representatives to  
negotiate with China. The correspon-  
dence will not be made public until  
tomorrow (Thursday) morning."

## BRAVE MUSICIAN TITUS.

The war department has prepared  
the following sketch of Musician Titus,  
who, according to an Associated Press  
dispatch published this morning, from  
Peking, scaled the walls of Pekin with a  
company of Chinese troops who the others  
climbed to the top."Calvin P. Titus, enlisted April 5,  
1899, at Wichita, Kansas, aged 25 years.  
This was his second enlistment, his  
first service being in Company K, First  
Vermont infantry, from which he was  
discharged November 2, 1898. He was  
assigned to Company E, Fourteenth  
United States infantry. He was born  
at Union, Iowa. A cablegram from  
Peking dated August 17th shows that  
he was wounded in the neck slightly."

## GREAT DANGER AT SHANGHAI.

New York, Aug. 22.—The executive  
committee of the American Asiatic  
company has received the following ca-  
blegram from the American association  
of China at Shanghai, and have for-  
warded it to the secretary of state:  
"Situation Yang Tze valley increas-  
ingly critical, military estimates 15,000.  
A detachment of Chinese troops in the  
vicinity of Shanghai, government immedi-  
ately to send troops."

cipher to the following effect:Pekin, Aug. 19.—Secretary of State,

exception of the Imperial palace is oc-  
cupied by Japanese, Russian, British,  
Americans and French. It is being ap-  
portioned into districts for police super-  
vision. The Chinese army fled. The  
Imperial family and the court have  
gone westward, probably to Shan Fu,  
in the province of Shen Si. No repre-  
sentatives of the Chinese government  
are in sight in Peking, and the condi-  
tions are chaotic. The palace is ex-  
pected to be taken immediately.Many missionaries have started for  
home, while others remain in charge of  
the Christian refugees, numbering  
about 1,000.

Waterworks Department Employees  
Were Not Paid Off Today.Most of the city employees received  
their salaries today. The amount paid  
out by Treasurer Morris was \$7,944.40.  
The waterworks employees were again  
subjected to the annoyance of having  
their payroll hung up, owing, it is  
said, to one or two irregularities.  
Auditor Scott took a trip to the au-  
thority of a resolution passed some  
time ago, in a communication ad-  
dressed to last evening's council, called  
attention to a slight increase in the pay  
of the several engineers, and did the  
payment of \$275 a day to Frank T.  
Hines, as master inspector. The finance  
committee took the waterworks pay-  
roll from the council chamber last  
evening, and was to have met this af-

upon the alleged irregularities.

## W. DAUNT SCOTT.

Young Minister Still Missing and  
Friends are Much Disturbed.Friends of W. Daunt Scott are very  
much concerned over his absence and  
the delay in his return. Several weeks  
ago Mr. Scott took a trip to California  
for a summer vacation, and since leav-  
ing here no personal word has been re-  
ceived by his friends. After so long a  
time inquiry was made in California by  
Mr. J. H. Walker, who is now jour-  
neying there. After three weeks of inquiry  
it was found that Mr. Scott had left  
Santa Cruz on August 1st, intending to  
come home, but further than that no  
trace of him has been found. Inquiry  
of Mr. J. H. Walker today elicited the  
information that no further word had  
been received, and now his friends are  
more deeply concerned than ever, and  
fear that some harm has befallen him.  
The search will be continued, however,  
and some further trace of him is se-  
cured.

lake to some extent, the bathing is  
still very delightful.The excursion will afford a good op-  
portunity for friends to meet and in-  
tercourse. The committees that have the  
affair in hand have been strenuous in  
their efforts to make the event one of  
the signal features in the history of the  
association. The excursion is for the  
benefit of the cause of mutual improve-  
ment, and the thing to insure its suc-  
cess is mutual support.

COME HERE ALSONational Convention Will be Called For  
the Day After Meeting of  
Livestock Men.Resolution Passed in a Meeting Held at the Knutsford Hotel  
This Morning States it as the Sense of the Woolgrowers  
that the National Convention be Held in Salt Lake City on  
January 19th, 1901—Vice President Bennett is Empowered  
to Make the Call and He Will Consult Secretary Markham  
—No Doubt But It Will be Held Here—Committees  
Authorized.At a well attended meeting of wool-  
growers held at the Knutsford hotel  
this morning it was declared to be the  
sense of the woolgrowers of the West  
that a national convention be held in  
Salt Lake City on January 19, 1901.The meeting was presided over by  
Mr. Jesse M. Smith, and Mr. B. F.  
Saunders was appointed secretary. A  
distinguished visitor was First Vice  
President Bennett, of the National  
Woolgrowers' association, who had  
come out West from Boston to consult  
with the woolgrowers as to the ad-  
visability of making the national as-  
sociation a complete and more thorough  
organization and to provide for the  
holding of national conventions. Mr.  
Bennett explained that the old con-  
stitution provided for the calling of na-  
tional meetings by the president and  
secretary, but he desired some expres-  
sion from those present as to the lo-  
cality desired. So acting upon this  
suggestion of Mr. Bennett, who is now  
president of the association on account  
of the death of the late President Law-  
rence, the meeting passed a resolution  
declaring for Salt Lake City as theplace for holding the national con-  
vention and naming January 19, 1901, as  
the date preferred therefor. Chairman  
Jesse M. Smith was also authorized to  
name a committee of three on trans-  
portation and a committee of three on  
publicity. Mr. Smith said that he  
would later announce his appointments  
and notify the appointees.Mr. Bennett said that he would con-  
sult Secretary Markham, and that he  
had no doubt but a conclusion agree-  
able with the resolution would be  
reached by them.This means that the national con-  
vention of woolgrowers will be held in  
Salt Lake City on January 19, 1901, just  
after the close of the national con-  
vention of the Livestock Association,  
which will be held here on January 15,  
16, 17 and 18, 1901. The object of the  
resolution will be to direct officers, pas-  
sage, by-laws, perfect organization and pro-  
vide for regular annual conventions.A vote of thanks was given Mr. Ben-  
nett for the interest he has taken and  
is taking in the welfare of the wool-  
growers and their national association,  
as well as for the support given them  
by the Shepherd's Bulletin, of which  
Mr. Bennett is the publisher, and which  
magazine is attracting much attention  
from woolmen throughout the United  
States.

Tsin—Chinese Movement Circumvented—Britain's  
Naval Brigade Delayed.London, August 22.—"The allies are  
fighting the Chinese outside from Tien  
Tsin, August 19." So Rear Admiral  
Bruce wires to the British admiralty  
from Taku under date of August 20,  
adding that the engagement was re-  
ported to have occurred six miles south of  
Tien Tsin.Admiral Bruce also sent a dispatch  
dated Pekin Aug. 17, from the general  
office commanding there, in which  
nothing is said as to the situation at  
Pekin. It gives a partial list of the  
British casualties during the siege of  
the legation, the death of Captain  
Bernard Stouts and regrets that "Owing  
to the heavy rain and forced march,  
the naval brigade was unable to partici-  
pate in the entry," adding that "the  
troops they brought with them by boat  
and road from Tien Tsin is an achieve-  
ment of which they may be proud."(Admiral Remey's dispatch of August  
20 says the Chinese outside of Tien Tsin  
were defeated by the British.)

Hugh Conway Morris, Brother of the Late Bishops Elias and  
Richard Morris, Dies at His Home in Samaria,  
Idaho—Funeral Tomorrow.Hugh Conway Morris, the last of a  
family of six brothers, five of whom  
came to Utah from Wales, their native  
land, many years ago, is dead, having  
succumbed to a long siege of sickness  
at his home at Samaria, Idaho, at an  
early hour yesterday morning.The news of his death was received by  
his nephew, Nephi L. Morris, in a letter  
from his cousin Elias Morris, a son of  
the deceased. Hugh Morris was widely  
known in Utah, from where he moved  
fifty years ago to take up his resi-  
dence in Samaria, Idaho. When he  
lived here he was associated in business  
with his brother, the late Bishop Elias  
Morris in the execution of many pub-

may be cited those of the Ontario and  
Maraca mills, the Germania and Horn  
Silver smelters and many business  
blocks both in and out of this city.The deceased was a most excellent  
mechanic and builder, and his ability  
in this direction has left an impress  
in the region in which he passed the last  
years of his life, where very substantial  
buildings designed and constructed under  
his supervision can be found. Mr. Morris  
leaves a wife and six children. His fu-  
neral will be held tomorrow. The news  
of his death was received in sorrow by  
his many relatives in this city.As stated in the opening sentence of  
this article his family removed from  
this sphere of action the last of a fam-  
ily of brothers who were closely iden-  
tified with the development of Utah. The  
brothers who came to this country were  
in the order of that age, Price, Elias,  
Richard, Hugh and John. William, an-  
other brother, died in Wales. The Mar-  
tinez brothers had one sister, Mrs. Bar-  
bara Jones, who died in this city several  
years ago.
