WASHINGTON.

A Plan for Adjusting the Debt of the Central Pacific.

WASHINGTON, May 23.—Mr. Littler, of the Pacific Railroad Commission, addressed the Senate Committee today to which the commissioner's report was referred. In reference to his plan for adjusting the debt of the Central Pacific, the judge said two per cent. on the debt of $58,000,000 would amount to within $175,000 of the entire present income of the road. He would first cause to be ascertained the present income and its prospect of future increase. He would then ascertain how much of this it required to pay two per cent. and would devote the balance to the payment of the principal, extending it over a period of years sufficient to wipe it out. Judge Littler said he believed that some of the strong men who had either legitimately or illegitimately made a vast number of millions of dollars out of the road would, in order to avoid further discussion of their conduct before the American people through the press, go down into their pockets and contribute something towards the payment of the debt or at least they would contribute from the earnings of other lines of the roads which they owned.

THE FISHERIES TREATY.

In secret session today a motion was made by Senator Sherman to proceed to the consideration of the fisheries treaty in open session. A half hour's debate followed, at the end of which the Senate adjourned without action. It is expected the question will be revived tomorrow and the republicans think from present indications that the doors will be thrown wide open.

NEW LIGHTHOUSES.

The secretary of the treasury has transmitted to Congress the recommendations by the lighthouse board that lighthouses and fog signals be established at the following named points on the Pacific Coast: At Point Buchon, California, to cost $32,000; at Stewart Island, W. T., $15,000; at Pater Island, W. T., $12,000; and at Point Arguello, California, $55,000. In each case the board reports that the lights are very necessary because of the existence of a dangerous current and prevailing fogs on well established routes of travel.

AN AGRICULTURAL DEPARTMENT.

The Senate committee on agriculture has ordered a favorable report on the Hatch bill to enlarge the duties of the department of agriculture and make it an executive department. The committee, however, struck out that portion of the bill which looks to the transfer of the weather bureau to the department of agriculture.

COLONIES FOR FRANCE.

The Department of State is advised that the French government has taken possession of the Islands of Fuahnaine, Dait Raitea and Borabora in the Pacific. The lives of several natives and French ensigns were lost at Borabora.

REPORTED FAVORABLY.

The Senate committee on mines and mining today decided to report favorably with some modifications, the bill submitting to the court of claims for adjudication, the title of William McGanahan to the mineral interests of the "Rancho Panoche Grande" in California. A minority report is also to be made.

THE PRESIDENT

will leave Washington next Tuesday evening for New York, to take part in the memorial day exercises in New York and Brooklyn the following day. He will review the parade in New York in the morning and in Brooklyn in the afternoon. At the close of the exercises in the latter city, he will go to Jersey City and take the first train for Washington. Mrs. Cleveland will not accompany the President to New York on this occasion. She will make a visit, however, to that city later in the season.

The President and Mrs. Cleveland left Washington this morning for Philadelphia to attend the Presbyterian centennial anniversary. They will hold a reception at Overbrook this afternoon. The President will return tomorrow but Mrs. Cleveland will remain with friends in Philadelphia about a week.

GENERAL SHERIDAN.

It is stated at army headquarters that the reports regarding the illness of Lieutenant General Sheridan are very much exaggerated. He seemed to be suffering from fatigue or overwork, and Monday last he decided to remain at home and rest for a few days, but he has not been confined to his bed.

INDIAN APPROPRIATIONS.

The Senate committee on appropriations has completed the consideration of the Indian appropriation bill, and will probably report it tomorrow. It has made a net reduction of $226,000, making a total reduction of $8,712,080 in round figures; $65,000 is appropriated for the payment of the Saw or Kansas Indian scrip; $35,000 for Indian industrial schools in Nevada, to be erected on donated land; $25,000 for the support of the Indian day and industrial schools, and $10,000 for the Indian school at Grand Junction, Colorado.

PENSION ARREARS.

A dilemma confronts the House committee on rules in the shape of the arrears of pension bill, which threatens to prove as embarrassing as was the direct tax bill. Johnson, of Indiana, has introduced a resolution which is now before the committee, making the pension bill a special order for Friday, with the provision that its consideration shall continue in the House from day to day until the bill is finally voted upon. If reported favorably it is believed the bill would pass the House upon final vote. The large appropriation required in that event would negative the idea of tariff reduction. On the other hand, should the opponents of the measure, as in the case of the direct tax bill, succeed in defeating action on the bill it may be at the expense of the tariff bill, as the defeat will have to be accomplished by the adoption of filibustering tactics.

Representative Walker, of Missouri, from the committee on invalid pensions has prepared for presentation to the House a minority report adverse to the bill extending the time during which claims may be allowed for arrears of pensions. The report states it will require $500,000,000 to carry out the provisions of the bill. Walker says the bill if past will not only dispose of the surplus but will also add several hundred millions to burden the nation already weighed down by taxation. He says in conclusion the American people have been fair and just to the ex-soldiers but have enacted pension laws with a liberality and generosity unparalleled in the pension legislation of any country on earth. In behalf of the taxpaying public, the large majority of whom are struggling to make a living, many even struggling to keep the wolf from the door, he protests against the passage of the bill.

THE LEGAL FRATERNITY.

The convention of delegates from state and local bar associations of the country having for its object the formation of a national bar association, met again this morning and adopted a constitution. It provides that the name of the same shall be The National Bar Association of the United States, the object of which shall be to promote the unification so far as practicable, of the laws of the various states, which relate to matters in which the people of the United States have common interests, to study and promote the improvement of the judicial system of the states and United States and to consider the necessity and practicability of the establishment of international codes between civilized and commercial nations. The annual meeting is to be held at Cleveland on August 8th next, Col. James O. Broadhead, of St. Louis, was elected president for the coming year, and A. S. Worthing, of the District of Columbia, and Judge John H. Doyle, of Toledo, Ohio, vice-presidents.

POLITICAL NEWS.

Cleveland's Candidacy and Tariff Policy in General favor with Democrats.

SOUTH CAROLINA PROHIBITIONISTS.

COLUMBIA, S. C., May 23.—The state convention of prohibitionists today organized the South Carolina prohibition alliance. Its object is declared to be the legal prohibition of the manufacture and traffic in alcoholic beverages within the state.

TEXAS DEMOCRATS.

FORT WORTH, Texas, May 23.—The democratic state convention today selected James W. Throckmerton, D. C. Geddings, George Clark and Horace E. Hilton delegates-at-large to St. Louis, J. W. Bailey, A. W. Smith and A. W. Terrell were named electors at-large.

WISCONSIN PROHIBITIONISTS.

MADISON, May 23.—The prohibition state convention assembled this evening. They elected T. H. Richmond, S. D. Hastings, E. C. Durant and Mrs. Amy Kellogg Morse delegates-at-large to the national convention, and took a recess until tomorrow.

BELVA LOCKWOOD.

PITTSBURG, May 23.—Belva Lockwood said today she was a candidate for the purpose of political agitation. She thought the nomination of Blaine would have no effect upon her candidacy. She defeated him before, and will again as she is confident he will be nominated.

NORTH CAROLINA REPUBLICANS.

RALEIGH, May 23.—The republican state convention met here today, and while the committee on credentials was considering its report listened to speeches by prominent republicans, and cheered each mention of Blaine's name. Hon. G. H. Dockery was nominated for governor by acclamation, J. C. Pritchard for lieutenant-governor; and George W. Stanton for secretary of state.

MISSISSIPPI DEMOCRATS.

JACKSON, Miss, May 23.—The state democratic convention was held here today. A resolution endorsing President Cleveland's administration and the Mills bill was unanimously adopted. A memorial from the Women's Temperance Association asking the convention to endorse prohibition principles was referred to the committee but not reported. Delegates-at-large: H. W. Sims, R. H. Taylor, W. H. Martin and E. B. Calhoun.

ILLINOIS DEMOCRATS.

SPRINGFIELD, May 23.—The democratic state convention was called to order at noon. General Jesse J. Phillips was elected chairman and briefly addressed the convention. Committees were then announced and a recess taken until two o'clock.

In the afternoon delegates at large were elected as follows: Wm. R. Morrison, Wm. C. Goudy, N. E. Worthington and James S. Ewing. Presidential electors at large, Charles H. Schwab and M. C. Crawford.

The platform heartily endorses and eulogizes President Cleveland's administration and the tariff message, and declares the public good demands his re-election.

Ex-Governor John M. Palmer was nominated for governor by acclamation; A. J. Bell for lieut.-governor, N. D. Ricks for secretary of state, Andrew Welch for auditor, Charles Wacker for treasurer and Jacob R. Creighton for attorney general, were also nominated by acclamation.

CALIFORNIA FOR STANFORD.

BUFFALO, May 23.—Supreme Master Workman Jordan, of the A. O. U. W., says California is for Stanford first if he would run, but preferred Blaine to any other candidate.

PENNSYLVANIA DEMOCRATS.

HARRISBURG, May 23.—The democratic state convention to elect delegates at large to the national convention, electors and a candidate for the supreme court, met in the Opera House at 10:30 o'clock. The indications are that the proceedings will be rather tame owing to the withdrawal this morning of Congressman Speer, a contestant for delegate at large, thereby smoothing the way for Congressman Scott's programme to send himself, ex-Congressman Boyle, ex-Attorney General Cassidy and ex-Congressman Mutchler at the head of the delegation to St. Louis.

After the election of temporary officers and the appointment of the committees the convention took a recess until 2 o'clock.

The committee on resolutions held a meeting immediately after the adjournment of the convention. Ex-Congressman Storm at once offered a set of resolutions one of which, relating to the tariff, declared a revision of the tariff laws was necessary with a view to their simplification, the correction of their incongruities and inequalities, and the regulation of duties in such a manner as will put American industry on a firm and permanent basis covering the differences in this country and in foreign countries, the abolition of taxes on raw material for manufacture and the relief of the people from useless and onerous taxes and from extortion by trusts and monopolies controlling the prices of the common necessaries of life.

Hearty and emphatic endorsement is given to the recommendation of President Cleveland's last annual message to Congress. A recommendation was made to Congress to promptly pass the revenue bill reported from the committee on ways and means. The resolution urges the democratic representatives in Congress from Pennsylvania to give it their earnest and undivided support.

Saunders, of Philadelphia, then offered a substitute for the tariff section of Storm's proposed platform. The substitute reaffirms the principles of the democratic platform of 1884 and endorses the President's message, but makes no mention of the Mills bill.

After an extremely lively debate, the substitute was defeated receiving only two or three votes, and Storm's resolution was adopted and ordered reported to the convention as the platform.

The convention was called to order at 2:30, and Wm. Wallace made permanent chairman. At the conclusion of his address, the platform was presented and adopted.

L. E. Cassidy, Charles F. Boyle, Wm. T. Mutchler and Wm. L. Scott were chosen delegates at-large. Presidential electors-at-large, ex-Congressman Spear and A. F. Keating. Supreme judge, J. B. McCollom.

Embezzlement and Bankruptcy.

CHICAGO, May 23.—Liberman & Co., wholesale gentleman's furnishing goods house, confessed judgment for $100,000 this morning and the sheriff took possession of the store. No statement of the affairs of the firm has yet been made. It is stated tonight the failure is due to the embezzlement of $48,000 by one of the firm. Samuel D. Levy, the junior partner, is the accused member. When Liberman senior died a few years ago his son made Levy, who was then bookkeeper, a partner and manager. Young Liberman was on the road most of the time and supposed his affairs were in a prosperous condition until a few days ago, when he received a note from his clerk, saying Levy, who had gone to New York temporarily, was systematically robbing the establishment. Liberman had the books examined by an expert and on Levy's return confronted him with the result. Levy has now disappeared but he is supposed to be in the custody of detectives. Liberman has also disappeared and no statement can be had other than the above which is furnished by the chief clerk in the house.

Oriental Advices.

SAN FRANCISCO, May 23.—From advices received today by the steamer *City of Pekin*, it is learned that representatives of a German syndicate have received a concession from the Corean government to work a gold mine in Pong Yang Do, and will loan the government $8,000,000 if necessary.

A disastrous conflagration occurred at a town called Ohne in Yuchizen several weeks ago. Out of 2,000 houses constituting the town, 1800 were destroyed and several people lost their lives.

The statement of the officers of the steamer *San Pablo* regarding the loss of that vessel in the channel of Formosa, says hundreds of Chinese pirates who infest these waters attempted to board the steamer soon after she struck the reef, and were only kept from her by the use of firearms and fire pumps. The pirates, however, boarded the *San Pablo* as soon as she was abandoned, and shortly after she was seen to be on fire fore and aft.

Wholesale Frauds.

DUBLIN, May 23.—Investigations into the frauds on the Equitable Life Insurance Company of New York unearthed at Belfast, leading to the arrest of a prominent merchant there, have been extended to this city, and similar frauds on the company have been discovered. In consequence Lyne, the manager of the Equitable agency in Dublin, has absconded.

The Convention of Butchers.

PHILADELPHIA, May 23.—The National Butchers Protective Association re-convened this evening. The Butterworth bill was endorsed and Congress asked to pass it soon.

The question of lard adulteration was then taken up and it was decided to continue the agitation of the question before Congress until a law is passed prohibiting the sale of adulterated lard, or if its sale be allowed, it be branded as such.

Resolutions were adopted directing the local associations in each state to see that bills are introduced in the legislature to the end that it shall be unlawful to expose, sell or offer for sale any dressed beef or any other fresh meats, unless said beef or fresh meats shall be inspected by officers of the state. This seems to be the death blow to the western dressed beef companies.

The local committee of three appointed to prepare a paper against beef monopolies, submitted a lengthy and vehement report. The committee style the "cattle pool of Chicago as the most infamous tyranny that ever existed in the United States." The report goes on to say, "We think also the worst combination in the country is the pork and adulterated lard packers. They have no equal in the Standard Oil Trust, the sugar or copper trust, or any other trust. They have had a powerful influence over our business for years. The prices of cattle to the producer have gone down 50 per cent, and the price to the consumer has increased, and every dollar of difference has gone into the pocket of the combination."

The report concluded with an injunction to strive for the inspection bill.

Shot His Wife.

CLEVELAND, O., May 23.—Late this afternoon Wm. S. McFarland quarreled with his wife while under the influence of liquor. In his fury he drew a revolver and shot his wife and three-year-old daughter and then himself. All will die. The family was a happy one till a month ago, when the oldest child died. This affected McFarland greatly, and ever since he has been drinking hard and has been very ugly.

[Continued on Fourth Page.]

Renews Her Youth.

Mrs. Phœbe Chesley, Peterson, Clay Co., Iowa, tells the following remarkable story, the truth of which is vouched for by the residents of the town: "I am 73 years old, have been troubled with kidney complaint and lameness for many years; could not dress myself without help. Now I am free from all pain and soreness, and am able to do all my own housework. I owe my thanks to Electric Bitters for having renewed my youth, and removed completely all disease and pain." Try a bottle, 50c. and $1, at A. C. Smith & Co's Drug Store. (4)

Worth Knowing.

Mr. W. H. Morgan, merchant, Lake City, Fla., was taken with a severe Cold, attended with a distressing Cough and running into Consumption in its first stages. He tried many so-called popular cough remedies and steadily grew worse. Was reduced in flesh, had difficulty in breathing and was unable to sleep. Finally tried Dr. King's New Discovery for Consumption and found immediate relief, and after using about a half dozen bottles found himself well and has had no return of the disease. No other remedy can show so grand a record of cures, as Dr. King's New Discovery for Consumption. Guaranteed to do just what is claimed for it.—Trial bottle free at A. C. Smith & Co's Drug Store.
