CONGRESSIONAL.
SENATE.

Washington, 25.—The President's veto on the omnibus reconstruction bill was received from the House. The bill passed over the veto, 35 to 8, Davis having first delivered a long eulogium on the President.

HOUSE.

The committee rose at half past two, and the Speaker presented the President's veto on the bill admitting the several Southern States to representation. The message is quite brief, the President declaring he does not deem it necessary to open the discussion upon the grave constitutional objections to the former reconstruction bills, or repeat the objections formerly urged against similar measures. He declares a bill to impose conditions in derogation of the equal rights of states, is founded upon a theory subversive of the fundamental conditions of government. In the case of Alabama, it violates the plighted faith of Congress, by forcing upon the State a constitution rejected by the people. The bill passed over the veto, 105 to 30.

GENERAL.

Jackson, Miss., 23.—At noon to-day General Biddle, commander of this post, demanded the surrender of the Governor's office. Gov. Humphreys refused, when Biddle asked if he would have to use force to get possession? to which Humphreys replied that he would. Biddle then brought in a squad of soldiers and took possession. Humphreys has fitted up another office and claims to be Governor.

The estimates sent in by Gen. Schofield, to the committee on military affairs, show that the army will be reduced to 29,667 men on the 1st of January next, and on the 1st of July to 31,759.

A terrible accident occurred in north Chicago yesterday. While the workmen were engaged in putting a heavy cornice to a new building, the entire upper portion of the wall gave way, precipitating bricks, mortar and five workmen to the ground, a distance of fifty feet. One man was killed and others badly wounded.

San Francisco, 25.—Democratic primaries, for the election of a new county committee, are being held to-day. Considerable difficulty has occurred in the first ward, and a large police force is in attendance.

A. Roman & Co., publishers, announce that a magazine, to be called the *Overland Monthly*, will be issued on July 1st in this city.

London, 23.—Dispatches from Madrid announce the news of the proposed mediation of the United States in the question at issue between Spain, Peru and Chili. It is generally accepted in official circles as a practical termination of the war.

Latest advices from South America state that the Spanish Pacific squadron under Admiral Nunes had arrived at Rio Janeiro.

In the Lords this evening the Scotch reform bill passed its second reading.

Rome, 23.—A Consistory was held yesterday, at which many new bishops were appointed. The Pope delivered two special allocutions: one concerning the papal bull calling a general council of the Roman Catholic Church; the other on the present state of religion in Austria.

Paris, 23.—*Le Liberte* publishes a report that Menotti Garibaldi is raising volunteers to make another attack on Rome.

At a public banquet at Civita Vecchia Gen. Dumonte, Commandant of the French forces in the Pontifical States, in a speech, declared that France would never abandon the Holy Father.

Belgrade, 23.—Milan IV, the new Prince of Serbia, has arrived from Paris; he was received with the greatest enthusiasm.

London, 23.—George Francis Train was arrested to-day, and brought before the Court of Bankruptcy. He vehemently protested against his arrest and declared that it proceeded from political motives, and appealed to the United States army and navy for protection. He was cheered by the spectators. After a brief examination he was remanded to prison.

New York, 24.—Haytien advices to the 23d state that Salmave has ordered an exchange of prisoners at Cape Hay-

tien, as he wishes to prevent the population of the capital from revolting. He threatens to bombard the city rather than let the insurgents get possession. He threatens the same thing if any of the foreigners are caught introducing warlike material or stores. Salmave insults all foreigners but Americans, and an English bearer of dispatches was maltreated by him, and afterwards put in prison. Gen. Fanbert attacked Efort Alexander four days ago. Four hundred troops were killed and wounded; among the latter were General Narcisso. Salmave refuses all parley and is determined not to relinquish the presidency until he is compelled.

San Francisco, 23.—The Pacific mail steamer, *China* arrived this morning. She left Hong Kong, May 23, Yokohama, June 5th, and brings over 100 cabin passengers and 56 Chinese in the steerage. She brought 40 passengers for New York and Europe, and over 1000 tons of freight. She experienced strong gales on the passage to Yokohama, and from thence to this port favorable weather. She made the passage nearly in a plump line. The health of the passengers and crew was excellent. The cargo was kept lighter than might have been, in order to insure quick voyage. At the instigation of the Chinese companies here, forty-three girls, imported for vile purposes on the *China*, have been arrested, and will be returned to China or apprenticed here to respectable families.

FOREIGN.

London, 24.—It is reported that Italy has issued a circular note to its representatives abroad, announcing that Italy will be strictly neutral in the event of war between France and Prussia.

London, 24.—The last papal allocution on the state of religion in Austria, declares that Austria should have the concordat which is perpetual in effect; and warns all persons who approve of the laws recently passed by the *Reichsrath* concerning the press, religious toleration, civil marriage and public education, to beware of the pains and penalties attached to the violation of the sacred rights of the church.

On the occasion of the delivery of this allocution the Pope announced that he had granted a general pardon and amnesty to those who invaded the States of the church last year, with a few specified exceptions.

Sunday has been appointed a day of thanksgiving throughout Great Britain for the success of the Abyssinian expedition.

Vienna.—The *Reichsrath* has adjourned to November 1st. Before adjournment the Prime Minister assured the members that the threats of the bishops would not hinder the rigid enforcement by the Government of the law with regard to the confessional.

Worms.—Extensive preparations are being made for the coming celebration of the reformation. All protestant dominations will unite in the celebration. Crowds of foreigners, the majority of whom are Americans, arrive in the city by every train.

Southampton.—Farragut's squadron has arrived off Cowes.

Nassau dates to the 29th state business stagnant, failures frequent and starvation cases frequent.

A Havana letter states that an American brig had been compelled to pay two dollars duty per ton on her cargo, instead of the usual rate of fifty cents. The American Consul had laid the case before the State Department at Washington.

Ottawa.—A reply has been received from the Colonial office to the Nova Scotia appeal for a dissolution of the union with Canada. It represents that the union is the imperial as well as the provincial policy, and the crown relies on the loyalty of Nova Scotia to support it.

A SPRIGHTLY writer expresses his opinion of old maids in the following manner:

I am inclined to think that many of the satirical aspersions cast upon old maids tell more to their credit than is generally imagined. Is a woman remarkably neat in her person? She will certainly be an old maid. Is she particularly reserved toward the other sex? She has all the squeamishness of an old maid. Is she frugal in her expenses, and exact in her domestic concerns? She is cut out for an old maid. And if she be humane to the animals about her, nothing can save her from the appellation of an old maid. In short, I have always found that neatness, modesty, economy and humanity are the never-failing characteristics of that terrible creature—"old maid."
