MONTANA PLAYERS.

Mostana has furnished a list of players for the game. They are: Auerbrose, Craig. Kommech. Fisher. Flaherty. Harriman, RR. Lewis. McCarthy. Lawrence. Spencer, Wainstein. Wallace, Mangall, K.nz. D. King. Bishop and Berry. The squad to be largest that ever came journeying to Bish. and this means that either the cosch wants to win very badly or cles is giving all who have an excuse to ge an autism outing. TWICE DEFEATED.

Utah his twice defeated Montana and the team has therefore had a chance to learn what to expect. In the last game lisher at right end was Montana's mast formfable man. He plays again this year, and is an old Carlyle player, and is well conditioned for the game through years of practise. Another strong man was McLed at tackle, but he is missing this year for Utah Herbst played quarter, there was the same back field as this year, except McKinnon, and the line was fairly leavy except for Varley at center.

Why O'Day and Johnstone Are Enjoying Perpetual III Feeling.

at the time last season when President Pullam penalized Umpire O'Day with a 39 fine for failing to prevent the fight between McGinnity and Peitz in Pitaburg, which resulted in the fine and suspension of both those players, Umpire O'Day was to incensed at what he considered Pullam's injustice that he resigned from the safe of umpires. Fraident Pulliam then came out with a suspent to the effect that he had put makeness in O'Day's way by appointing him umpire in the world's champions; series between the Giants and Atheora had had favored him in various otherwis.

DDOCK'S MEN | WORST ECZEMA DOCTORS EVER SAW

Spread Rapidly Over Body - Limbs and Arms Had to Be Bandaged and Scalp Looked Dreadful -Suffered Untold Misery for Three Years - Better in Two Months

MARVELOUS CURE BY **CUTICURA REMEDIES**

"My son, who is now twenty-two years of age, when he was four months old began to have eczema on his face, spreading quite rapidly until he was nearly covered. We had all the doctors around us and some from larger places, but no one helped him a particle. The eczema was something terrible, and the doctors said it was the worst case they ever saw. At times his whole body and face were covered, all but his feet. I had to bandage his limbs and arms; his scalp was just dreadful. I used many kinds of patent medicines before trying the Cuticura Remedies, all to no avail.

'A friend teased me to try Cuticura. At last I consented, when my boy was three years and four months old, having had eezema all that time, and suffering untold misery. I began to use all three of the Cuticura Remedies; the Cuticura Soap helped as well as the Ointment. He was better in two months; in six months he was well; but I gave him the Cuticura Resolvent but I gave him the Cuticura Resolvent one year,—using twelve bottles, I think,—and always used the Cuticura Soap for bathing, and do now a good deal. He was four years old before he was well, and his skin became perfectly fair when cured. I give you permission to publish this letter for I am always glad to do good when I can. I think I have told you all there is necessary to tell." Mrs. R. L. Risley, Oct. 24, 1905. Piermont, N. H. Complete External and Internal Treatment for every Oct. 23, 1905.

this umpiring career a pitcher, and he is said to have had his own troubles with the "umps," more, in fact, than usually falls to the lot of players, with some few exceptions. Johnstone, now umpire and wearing a halo as the squelcher-in-chter of John J. McGraw, when a pitcher was "something fierce as an umpire baiter," remarked an old player rec ntw. "W y. you should have seen the way Pitcher Johnstone smashed Umpire "Sik" O'Loughlin once in a game over in Newark several years ago. O'Loughlin's face was a holy show," continued the old player.

And to think that now Umpire John-stone poses as the chief assistant of Presi-dent Pulliam in the elimination of rowdy ball playing! Surely "all's not gold that gl!tters." glitters."

But, all the same, if the sport, however done, can be brought to a more respectable status, even by the efforts of the tained Johnstone, he should be given credit for a change of heart.

YOUNG THOMPSON TO MEET HYLAND

Pair of Lightweights to Clash at Ogden on the 16th in Roped Arena.

THEY WILL BOX 20 ROUNDS.

In First Contest "Fighting Dick" Lost On a Foul in the Ninth Round -"Cyclone" Looks Husky.

A most modest appearing young man, accompanied by a tall aggressive looking chap who travels under the cognemen of 'Rawhide" Kelly, were busy in Salt Lake this morning looking up the sport-ing editors of the different papers. The modest looking youth is "Cyclone" (John) Thompson, a lightweight fighter from the coast, and he comes here to swap walcoast, and he comes here to swap wallops with "Fighting Dick Hyland." "Rawhide" is Thompson's drainer. Tomorrow
they will go to Ogden and begin training
for the coming unpleasantness.
Knewing little Dick Hyland's ability as
a fighter, and judging from the appearance of Thompson, it is safe to predict
that the doings in the ring at Ogden on
the lith will be of the stremuous order and
will greatly please the fight fans who are
present. They will bear at 133 pounds
ringside, a weight within easy reach of
both. The money will be divided 9) and
40 per cent.

per cent.
This pair met once before, not long ago,
I Los Angeles, when Thompson was
twarded the referee's verdict on a foul.
Hyland says it will be enferent this time,
Thompson designers that he (Thompson ago, designers) Ayland says it will be different this time, and Thompson declares that he (Thompson) will win by the knockout route. Both feeling this way indicates. After the Los Angeles bout they were matched for a fight at Colma, but Thompson became ill and the bout was called off.

Hyland and his manager. Sammy McClintic, are in Sait Lake and will train here.

CONTINUED UNREST IN SOME CUBAN PROVINCES.

Havana, Nov. 1.—Reports received at army headquarters from the provinces of Santiago, Santa Clara and Havana show continued unrest, although no instances of actual violence are mentioned. The commandant of the marines at Santi Spiritus telegraphs that the town is quiet, but that the adjacent country is unsafe, owing to the presence of outlarys whom the rural guard is apparently unable to suppress. Similar conditions prevail near Sagua La Grande and Guantanamo, but they are without political significance.

Upon the recommendation of the chief surgeon, and for the purpose of insuring sanitary conditions in garrisoned towns, the medical officer attached to each command has been ordered to act as a member of the municipal board of health.

Gov. Magoon, acting upon the recom-mendation of the head of the depart-ment of agriculture, has notified the authorities of the Jamestown exposition that Cuba will be unable to participate

therein.

Poverty Is a Disease

The power of suggestion is now a recognized force in the world of business. Think poverty and it is hard work to get away from it. Think success and you will soon be on the path of attainment. The same law applies to bodily conditions. Allow the mind to dwell on disease, and sickness is hard to shake off. Direct the thoughts toward health, and improvement soon begins when you obey the suggestion to use

a successful remedy that promptly dispels all the sickness caused by derangement of the stomach, liver and bowels. These vegetable pills are quick to relieve indigestion, nausea, biliousness, sickheadache, constipation and sleeplessness.

Beecham's Pills cleanse, soothe, tone and strengthen; create appetite, promote digestion, regulate liver and bowels, relieve brain-fag and bring refreshing sleep.

When despondent, blue or discouraged, think health thoughts and remember the suggestion that nothing succeeds like Beecham's Pills when you are suffering with an upset stomach, a bilious attack or sluggish bowels. All's well that ends with Beecham's Pills.

FAIR PLAY.

The American People are Noted for Their Love of Fair Play. So True is This, That It May Be Said To Be a National Trait of Character.

The nan who strikes another a foul blow, or maliciously tries to injure him in his fusiness, or in his social standing is detested and abhorred. The American people are for generally slow to manifest their disapproval of such unfair treatment when an opportunity is afforded.

Illustrative of this disposition is the fact that although base, false and malicious attacks upon Dr. Pierce, of Buffalo, and his widely celebrated Family Medicines have sometimes injured the sale of these meritorious remedies for a time, yet when such unjust assaults have been met and their falsehoods completely refuted, a natural reaction has followed and their sale has been fully restored again.

pletely fluted, a natural reaction has followed and their sale has been fully restored again.

In the case of the Ladies' Home Journal, of Philadelphia, which, in 1904, published a most maliciously lifes, slanderous and livelous article, attacking Dr. Pierce and his "Pavorite Prescription"—the we known cute for woman's peculiar weaknesses and distressing adments—Dr. Pierce brought suit in the supreme Court of the State of New York against the publishers of that paper and a verdict was given the Doctor, the udgment hang for a substantial mount, (\$16,00,00) vet not for enough to properly recommense Dr. Pierce for the great injury and injustice done him. While he and his "Favorite Prescription" were completely yindicated and the latter remedy was proven in open court, to contain no alcohol and pone of the dangerous and injurious drugs which he above trapitioned paper had alleged it contained, yet Dr. Pierce has, through his afterneys, moved for a new trial trusting that thereby he may finally be accorded a more just and adequate compensation for the great damage which he was made to safer by reason of the base falsehoods published concerning him and his business.

There are hundreds of thousands of people all over this blessed country of ours who have been cured of obstinate, chronic diseases through the use of Dr. Pierce's Medicines and it is only natural that such people should rise up and speak their sentiments pretty freely when Dr. Pierce and his medicines are so unjustly attacked.

clearsing and specific currative effects when Dr. Pierce and his medicines are so unjustly attacked.

These grateful patients of Dr. Pierce are to be found in almost every hamlet and country village, and in the farmhouses and mechanics cottages in every mook and corner of this great country. Common gratitude prompts such people to stand up and defend Dr. Pierce and malicolas attacks.

Dr. Pierce's Medicines have been on saie in drug stores all over this country and in many foreign lands for more than forty years and yet their sole continues to grow in a substantial and most graiffing way. This could not be the case if they were not remedies of more than ordinary merit.

WHAT DO THEY CURE?

Dr. Pierce's Favorite Prescription is not advertised as a "Cure All" but admirably fulfills a singleness of purpose, being a superior and most positive remedy for one class of diseases only—those easily recognized weaknesses, derangements, Irregulating all the womanly functions, banishing pain and bringing about a regular and healthy kignous condition of the whole female system. A year or more ago a decree of divorce was granted in a court in Delawars to Mrs. Burke Roche and she was afterward married to Mr. Bara-vi. V. En ke Roche alleged in his present suit that under the laws of E.gl nd the court granted to his wife was not valid and he charges her with bigamy.

N. Y. CHAMBER OF COMMERCE

New York, Nov. 1.—The New York chamber of commerce today adopted a report of a special committee which recommended the establishment in this country of a bank to issue currency similar to the bills of the Bank of France. There was much opposition to the plan, and many speakers declared that it was impracticable.

Jacob H. Schiff suggested that in lieu of a central bank the national banks form a central issue association to take up the matter of circulation. He also proposed that the law requiring the banks to hold a reserve of 5 per cent of their denosits be so amended as to allow the issue of one-fifth of the reserve in emergencies.

noon for Newport News.

This, he said, would provide an emergency currency of \$125.001.000, which would be sufficient to tide over unusual distrubances and could be restored to the reserve when the emergency was passed.

Mr. Schiff declared that there is distrust of and opposition to the plan throughout the country, especially by the \$.000 national banks, and that the public is opposed to such centralization. The

5.00 mational banks, and that the public is opposed to such centralization. The approval of the idea, he said, would increase the distrust among the busides interests of the south and west of all suggestions emanating from New York. Stuyvesant Flsh, president of the Illinois Central railroad, declared that he was opposed to a central bank under government control, and that the national banks of France and Germany are private institutions. He was not opposed to a private central bank. The plan was then adopted by a large majority. CIRCULATION STATEMENT. Washington, Nov. 1.—The monthly circulation statement of the comptroller of the currency shows that at the close of business Oct. 31, 1906, the total circulation of national bank notes was \$583.171,385, which is an increase as compared with Oct. 31, 1906, of \$58,763,736, and an increase for the month of \$9,298,577. The circulation based on United States bonds amounted to \$536,593,199, an increase for the year of \$46,995,382, and for the month of \$91,93,245. The amount of circulation secured by lawful money was \$46,228,816, an increase for the year of \$11,758,373 and for the month of \$104,245.
