

AMERICAN VICTORS ROYALLY WELCOMED

Unlimited Enthusiasm Prevails At Reception of Athletes Returning from London.

GOLD MEDALS PRESENTED

Spectators Give Vent to Raging Cheers as Olympic Heroes Step Up To Receive Their Tokens.

New York, Aug. 28.—Unlimited enthusiasm prevailed throughout the public demonstration and the exercises in the city hall today in honor of the athletes who so successfully represented America in the Olympic games in London last month.

The celebration began with a monster parade and along the entire route which comprised sections of Broadway and Fifth avenue, the sidewalks were jammed with spectators, and stoops and windows also were filled to the utmost of their capacity.

Forming the most conspicuous part of the imposing procession, which numbered more than 25,000 marchers, the heroes of strength, speed and endurance were greeted unintermittently with cheers. The warmth of the reception for any lack of cordiality on the other side of the water and their smiling faces plainly indicated full appreciation on their part.

NATION AND STATE THERE.

In the great parade both the nation and the state were represented by imposing detachments of troops, national guardsmen, and naval militia, while the city showed its official favor not only in granting its freedom to the athletes, but also in decorating the city hall from pit to roof with the national colors and the emblems of the various victorious athletic clubs. An element of the procession that was second in the favor of the unnumbered throngs only to the Olympic victors and their teammates, was the division containing 15,000 boys from the Public School Athletic League.

ATHLETES IN AUTOS.

Battalions of marines, United States sailors and soldiers and all the Manhattan national guard regiments were in the first and second divisions of the parade. The third was made up of the Olympic team in big automobiles, city officers and the reception committee. These were followed by civic organizations and delegations from all the athletic clubs. The Catholic Athletic League, school societies and miscellaneous bodies formed another division.

The organizations began assembling shortly after 9 o'clock at their designated stations and it was soon after 10 o'clock when the parade started from Forty-sixth street and Broadway with Gen. George H. Wingate, grand marshal in command.

Arrived at the city hall the paraders were greeted by the city officials and their guests, and here the athletes, nearly 100 in number, received from the hands of Acting Mayor McGowan the cups, medals and tokens which were provided for each member of the team, whether a prize winner or not. The organizations began assembling shortly after 9 o'clock at their designated stations and it was soon after 10 o'clock when the parade started from Forty-sixth street and Broadway with Gen. George H. Wingate, grand marshal in command.

MEDALS FOR VICTORS.

Each athlete was royally applauded as he received his gold medal. Melvin Shepard, the largest point winner, Ralph Rose, the giant weight thrower, and John J. Hayes, the diminutive winner of the Marathon; J. S. Carpenter of Cornell and W. C. Robbins of Yale participated in the much discussed 400-meter run, were favored by the crowds. Hayes, Carpenter and Robbins were given silver cups in addition to their gold medals as marks of distinction. Carpenter, who was disqualified after outrunning the English champion, Lieut. Halswelle, and Robbins, who finished second in that 400-meter run, but declined to compete in a run-off, were given ovations as they bore off their cups.

All the athletes will go to Oyster Bay on Monday to pay a visit to President Roosevelt.

OFFICERS DEFTY ANGRY MOB.

Douglas, Ariz., Aug. 28.—Defying a mob of several hundred inflamed men,

a cordon of six heavily armed officers late this afternoon marched out of the Douglas city hall with a negro, Frank Butler, who had shot and killed Ernest Phares, a white man, between them. Placing Butler in an automobile the party, holding the crowd at bay, hurried out of the city and went cross country to Tombstone, the country seat, where Butler was placed in the county jail. Butler claims he was being persecuted by Phillips and that Phillips tried to strike him with a rock. The weapon used was a shot gun and a load of buckshot was fired. There is some excitement still in the city, but no indication of racial troubles.

PRESIDENT'S AFRICAN HUNT.

Capt. W. J. McDonald Accepts Invitation to Accompany Him.

Fort Worth, Texas, Aug. 28.—Yielding to a pressing invitation, Capt. William J. (Bill) McDonald, ex-Texas ranger, more recently famous for his part in the investigation of the shooting up of Governor's office, will accompany President Roosevelt on his hunting expedition to Africa.

While in Fort Worth today Capt. McDonald admitted that President Roosevelt had admitted that he was going on the African trip and that he had accepted, although arrangements are yet to be perfected. These details will be arranged during a Texas bear hunt which the president has promised to make this winter. This bear hunt will be in Hardin county, southwest Texas, but the date is not yet fixed.

GOVERNMENT SUES FOR EXCESS FARE PAID

Washington, Aug. 28.—The United States government appears in the role of a seeker for 35 cents reparation in a complaint filed with the interstate commerce commission, entitled "The United States of America against the Delaware & Lackawanna and Western railroads." The government charges that George Ducas, a federal employe, was charged for transportation over the two lines mentioned between Cleveland and New York last summer 35 cents more than the regular and just rate between those points.

Nashville, Tenn., Aug. 28.—A negro named George Johnson was hanged by a mob at Murfreesboro, 30 miles south of here about 10 o'clock tonight. The negro attempted an assault on a Miss Morris seven miles from Murfreesboro. He was captured and taken to Murfreesboro, where the young lady identified him and he confessed soon after.

HORSE FAIR HELD ON SAGAMORE HILL LAWN

Oyster Bay, Aug. 28.—A horse fair which, as President Roosevelt's wife remarked, rivaled in beauty Rosa Bonheur's well known painting of that name, was held on President Roosevelt's lawn at Sagamore Hill this afternoon. It was a private horse show had especially for the president so that he might compare the qualities of two of the best classes of horses the world knows—the desert Arab and the Just-in's Morgan. The president had especially invited two of the highest officers of the United States army, one of whom hurried here from San Francisco to be present. Besides the president and these officers, Gen. Bell, chief of staff, and Gen. Alshire, quartermaster general, there were present Mrs. Roosevelt, the president's sons, Miss Ethel Roosevelt, Mr. and Mrs. Nicholas Longworth, Cornelius Vanderbilt, Hon. Davenport and his son Hon. Clyde Davenport, Peter B. Bradley, Maj. Charles I. D. Beverse, commander of squadron C. of the New York national guard of Brooklyn, Republican Vice President of Candidate James E. Sherman, Congressman William B. McKinley and Henry C. Loudenslager, and several of the president's relatives who live near by.

The horses on exhibition were the Arab stallions Hamra, Musaf, Ephraim, Haleb, El Bulad and Beder and the mare Abeyah.

NO NEED TO RAISE FREIGHT RATES

If Railroads Would Conduct Affairs Along Lines of Well Managed Manufacturing Concerns.

HANCH REPLIES TO MULLIKEN

Vice President of National Manufacturers' Association Gives Reasons for His Stand.

Chicago, Aug. 28.—"If the railroads would conduct their affairs along the lines of any well managed manufacturing or other corporations and put a proper amount of the earnings into betterments, there would be, no necessity for increasing rates and public animosity would not be aroused. The railroads have pursued the policy of the Arkansas farmer. When it rained, they could not fix their roof, and when it didn't rain they did not need to fix it."

This is the keynote of a letter received yesterday by the Illinois Manufacturers' association, C. Hanch of Indianapolis, vice president of the National Manufacturers' association, in reply to a pamphlet favoring an increase of freight rates recently issued by A. H. Mulliken of Chicago. Mr. Hanch admits the necessity for enormous expenditure upon the part of the transportation companies, but deems a general increase in rates is unnecessary. He asserts that the railroads themselves are to blame for hostile legislation. Many practices of the road are criticized severely by the writer, who says that large communities in many cases have been built up at the expense of the smaller cities on account of railroad discrimination rather than by reason of natural advantages of location.

WAS ROBERTS VICTIM OF AN ENTANGLEMENT?

Atlantic City, Aug. 28.—Refusing to accept the stories that Charles B. Roberts, wealthy club man of Baltimore, was shot by a highwayman while in a rolling chair on the board walk with Mrs. W. S. G. Williams, also of Baltimore, on Wednesday night, the police of this city tonight are still working upon the theory that the Baltimore man was the victim of an entanglement. While they will not say that they believe Mrs. Williams' husband knew something about the shooting, they admit that he will not be eliminated from the case until he has proved that he was not in Atlantic City, but that he was entirely ignorant of the shooting.

The wounded man is still in a serious condition at the city hospital. The physicians will not probe for the bullet in his liver until his condition improves. The police will cooperate upon him now might prove fatal. Mrs. Williams is still at the Hotel Brighton. The colored man who was pushing the rolling chair in which Roberts and Mrs. Williams were riding at the time of the shooting, is still held as a witness.

BRYAN AT FAIRVIEW.

For Short Time Only, Starting on Speaking Tour Sunday.

Lincoln, Aug. 28.—Travel-stained and dusty, William J. Bryan, Democratic candidate for president, and the members of his party, returned here late this afternoon, after an absence of over a week, during which Mr. Bryan delivered speeches in Iowa, Illinois, Indiana and Kansas, and held political conferences in Chicago, St. Louis and Kansas City.

The journey from Topeka to Lincoln, begun early in the morning, consumed the entire day. The route of travel today carried Mr. Bryan through the settled sections of Missouri and Nebraska, and in consequence he found opportunity to transact considerable business aboard the train and at the same time secure a much needed rest. No speeches were made at any point.

Mr. Bryan's stay in Fairview will be brief, as he will start again Sunday afternoon on a three-day speaking tour, commencing at the fair grounds between St. Paul and Minneapolis Monday.

From there he will proceed to Fargo and Grand Forks, N. D., where, on Tuesday, he will deliver his address. Wednesday he will be in Sioux City, Ia., and on the following day he is scheduled for a speech at the Nebraska state fair in Lincoln.

LIEUT. HAZZARD'S CASE.

He is Retired from Service and Proceedings Against Him Dismissed.

Washington, Aug. 28.—First Lieut. Russell T. Hazzard of the Seventh Infantry, in whose case court-martial was ordered at Fort Wayne, Mich., in January last for trial on charges that he had contracted a marriage at Wakefield, Ontario, on the pretense that he had been divorced from his wife in California and on alleged fraudulent financial transactions, was today wholly retired from active service in the army. Hazzard, who was court-martialed at Fort Wayne was suspended by a section of the secretary of war on the representation that the accused was not in proper mental condition to undergo trial.

MRS. RUSSELL SAGE GOT FROM ESTATE \$66,778.800

New York, Aug. 28.—The report of the appraisal of the estate of the late Russell Sage, as approved by surrogate Beckett, includes loans of great value to him of the most prominent firms in Wall street. All of these loans have been collected in cash since Mr. Sage's death, as failure to give up the required amounts would necessitate forfeiture of the stocks or bonds deposited as security.

There is also in the report an interesting account of the stocks and investments that Mr. Sage went into, apparently without profit, as the appraiser places their value as "nominal."

Mrs. Sage's share of the estate was appraised at \$66,778,800, while the 29 collateral relatives went \$620,000. The transfer tax on the entire estate was \$467,868.

According to the appraiser's esti-

PUBLIC DEMAND FORCES AN EXTENSION OF TIME!!

Crowds of anxious people who were unable to see Drs. Shores before their splendid offer of \$5.00 a month for a cure for Catarrhal Diseases was finally withdrawn, demanded that the offer be held open long enough to give them a chance to be cured.

Scores of letters by every mail, and messages by telephone urging little more time in which to take advantage of the special offer to obtain Drs. Shores' new treatment at such low rates, convinced Drs. Shores that they must either grant another extension of time, or disappoint and displease many who needed their aid and could not afford to pay high prices for the treatment—and in order to give every one a fair and square deal, Drs. Shores have consented to one more extension, this is to be the final notice and the final chance to secure this wonderful new treatment at such ridiculously low rates. And when a certain number have been placed under treatment, and Drs. Shores find they cannot properly handle more cases, then this special offer will be withdrawn forever.

In order to make it an object to every parent to see that the children are put in proper shape for the winter, Drs. Shores make a special offer for this week only to treat any school child, suffering from Catarrh or Catarrhal chronic ailments for the low rate of \$3 a month all medicines free. Drs. END OF SECY. TAFT'S SUMMER VACATION

Hot Springs, Va., Aug. 28.—William H. Taft, Mrs. Taft and Master Charles left here tonight for Missie Bass island in Lake Erie. Mr. Taft will address a gathering of veterans of the Civil and Spanish-American wars at Athens, O., tomorrow.

The readers of this paper will be pleased to learn that there is at least one great disease that science has been able to cure in all its stages, and that only positive cure has been known to the medical fraternity. Catarrh is the constitutional disease, requires a constitutional treatment. Hall's Catarrh Cure is taken internally, acting directly upon the blood and mucous surfaces of the system, thereby destroying the foundation of the disease, and giving the patient strength by building up the constitution. HOW MANY MONTHS DOES IT TAKE TO CURE?

Drs. Shores have been frequently asked this question, by patients who foolishly imagined that it was to Drs. Shores' interest to keep a patient under treatment as long as possible in order to obtain the small monthly charge made for treatment.

Drs. Shores welcome the chance to answer this question frankly and plainly.

WE CURE IN THE SHORTEST POSSIBLE TIME—ONE MONTH IF IT CAN BE DONE.

For the simple reason that it is more money in Drs. Shores' pockets to cure QUICKLY than to have a case long drawn out.

CURED PATIENTS MAKE A DOCTOR'S REPUTATION.

And the sooner Drs. Shores cure each patient, the sooner that patient sends his friends and neighbors to be cured. Every case CURED means four or five NEW PATIENTS FOR DR. SHORES; hence it does not take a mathematician to figure out that it pays Drs. Shores better to cure a case in one month, and then treat four or five of that patient's friends a month than to have a single patient live or six months for the few dollars that patient would pay each month.

SCORES OF PATIENTS AND SMALL PROFITS.

Makes a better business, and is better for all concerned, than a few patients at big prices—especially when such patients soon become dissatisfied and skeptical.

If you treat with Drs. Shores you can rest assured as soon as a cure can be made—no more, no less. If your case can be cured in one month, Drs. Shores will guarantee to cure you in one month.
