# THE CHADLE OF CIVILIZATION.

THE CHABLE OF CITILIZATION.

Reference has been made formerly
to these columns to Dr. Augustas Lie
Plengeon's accessingly luterathing
week Queen Moe and the English
spiniar. The volume is the result of
spiniar the volume is the result of
spiniar the volume is the result of
subject study of the antiquities of
Yucatas and much research on the
vast field of sord in legy. The learned
author times the official of the ancient electrication of Egypt, Chaldes
and clottinations of Egypt, Chaldes
and clottinations of Egypt, Chaldes
and clottinations of Egypt, Chaldes
and clottination and the proofs, by goinked. He introduces proofs, by goinked. He introduces proofs, by goinked, He introduces proofs, by goinking gave and the American
continent at least as early
as the hundred years before the birth
of Christ, and gives the Maya version
of the destruction of the least of Mo.
Planc's Atlantis.

of the destruction of the sand or sacy. Plairé Atlantis.

Every chapter of the back has a facetinating interest to all who swell intowings about the remois past which is veiled in mysiety. For instance, Dr. Plongeon propieses a very plancible answer to the puzzling question of the origin and meaning of the name the Aslatic particle ever it that country. The tion of the origin and maning of the name the Aslatic prople give to that country. The Hobsen's called it Mirraim, and the Assyrinon Muars, and so on, forms of come of which the seltiers M. Z and R form the resicute. N. Z and R form the resicute of the series of t

ficience."

Dr. Piongous does not process to present theories but aims at placing authorit America in the historical rank that belongs to the confinent. His places in this direction must be considered epoch-making. He has excluded epoch-making. He has excluded expended in the key to the gates of knowledge, and when the was field regular disalt have been sufficiently expended also have been sufficiently expended in the work of the process to include a sele fermionism for that the in process that more of the process that the process the process that the process the process that the process the process that the process that the process that the process the process that the process that the process the process that the process the process that the process that the process the process that the process the process that the process the process the process that the process that the process that the process that the process the process the process that the process that the process the process that the proces

DESERBY EVENING HEWS.

THIS COMPANY, LEGISTED.

## A CHEGOVICLE ERROR.

Thursday's Entroise. Chrystice, is an editariation President Mo-Kinhy and the Utha Jobbee, dwells on the not into the chief magistriae of the nation, for his own sace as well as the good of the county even the dealines of which he has tome county even the dealines of which he has tome county even the dealines of which he has tome chosen to preside, by visiting each great section of the land, morth, south, each and week, and action in the land, morth, south, each and week, and action in the land of the county of the county of the land of the

Westingant, yevene maps think othersize for the Indifference or marry all
our Presidents is the receiver states.

The Chronicule is eigent a syling that
a chief magistrate should vailt such
main seeins of the country, in order
to become familiae with its people and
their nearly. But it is in event in anying that the present confugant of the
White House 'flass revier crossed the
plains and the McMen.' Prevident
McKinley has done both. Then he
was not as prominent then as now,
but no hold bean, in Congress, though
he was not at the time referred to, if
heling a "Demorstic year." Min.
Wen. McKinley, hose Prevident,
visited Utah on a western trip, ramixed in Hait Jake City several
days, being the guest of Wn. L.
Pickard, Edg., of this city, and durting his clay he manifested much inleased in the resource and development of this part of the country at
heast. Be the President is not allegether without information on the
West from personal observation; but
another visit after a layer of events or
eight years would be of averaging the
country hise are qual claim on the
personal atterdance of the President
at the gether sevent such as the President
at the grains event such as the Premesses eventuals, the Utah Jobbe,
and the Omain Transmissipply exposition.
