RAILROAD CASUALTIES.

Particulars of the May's Landing Horror.

JERSEY CITY, N. J., 12.—This afternoon the east bound train on the New Jersey Railroad, when half a mile east of Spring Valley, was thrown off the track and down an embankment 30 feet high. There were a number of passengers in the cars, but so far as could be ascertained only a baby was killed. All the passengers were, however, more or less injured.

St. Paul, 12.—A freight train on the St. Paul & Duluth Railway was wrecked near Pine City this morning by a broken rail. Nine cars were thrown from the track. Three boys living at Minneapolis named Pete Martin, Jno. Ervine and Geo. Adams, who were stowed away in the freight car to steal a ride, were killed.

May's Landing, 12.—Sarah Collins, who was terribly scalded and received frightful internal injuries, by inhaling steam, died at the Pennsylvania Hospital, and Sarah Wright died at her residence in Camden this morning. Her mother is lying beyond hope of recovery. The list of dead now numbers seven.

The Union Hotel is a hospital and in the parlor are several dead and dying of the disaster. Mrs. David M. C. Cristal, with her face and body frightfully scalded, lies in one room and by her side her husband also badly scalded. In an adjoining room lies Mrs. Boodle badly scalded about the head and face; near her and covered with cloth is the dead body of Katie Welsh, aged 11. Near by is Lillie Grace, who suffers internally. At neighboring cottages are other victims. The body of James Sweeny was sent to Philadelphia while those of Miss Mary Henrielly, Freddie Carr, aged 11, and Annie Gillespie remain here. Owen Welsh and James Mullen, tied up in raw cotton, present a terrible appearance. They were sent to Philadelphia this morning. At a farm house Mrs. Mary Waddell, of Camden, is lying in a precarious condition.

Edward Aiken, engineer of the second section of the train, says the accident was caused by the air brakes failing to work. He believes had the air brakes operated his train would have stopped in time to have prevented the collision.

Mrs. M. C. Cristal died this p.m. Lillie Grace, terribly scalded, is not expected to live until morning. C. M. Hoagland, conductor, and Edward Aiken, engineer of the second section of the excursion train, have been arrested on a charge of manslaughter and held in $1,000 each.

Attending physicians give little hope of recovery of Mrs. Wright, at the Pennsylvania hospital. Joseph McGovern, aged 12, died this afternoon. Physicians state that three or four more of the victims of the disaster would probably die before midnight.

Philadelphia, 12.—Died in the Pennsylvania hospital this afternoon: Rose Murphy and Kate Murphy, sisters, aged 18 and 20 years, Mary Gallagher, aged 22, and Mrs. Wright died at her residence in Camden to-night. The number of deaths thus far is 13.

Bankers' Convention.

SARATOGA, 12.—The Bankers' Convention resumed its session today. Alex. Mitchell, of Milwaukee, was re-elected president. Vice-Presidents were also chosen from each State and Territory. The resolutions in favor of a general bankrupt law was endorsed by the executive council and laid on the table. A letter from Secretary Sherman was read.

In his letter read before the Association, Secretary Sherman gives the history of the connection of the National Banks with the General Government. He said the only limit of the National Bank issue is the demand for them. With the depression resulting from the panic of 1873, the circulation of National Bank notes decreased from $355,438,578 in 1875 to $316,396,940 in 1877, when it reached its minimum, and with the return of prosperity it has already increased to $344,150,313. With such elasticity there can hardly be for any considerable period in this country either inflation or stringency in the circulating medium, and relief in such cases is fortunately afforded without any special act on the part of the government. By the refunding of the public debt already accomplished, an annual saving of $19,907,697 has been effected without withdrawing currency from circulation, excepting for a small balance adjusted at the sub-treasury. The banks have also at all times and in various ways strengthened the hands of the government in its efforts to bring about specie payment. He called attention to the value such banks had been to the government in comparison with banks organized under State law. He disavowed any desire to express preference for depository banks as against the sub-Treasury system.

A. L. Snowden, superintendent of the Philadelphia mint, read papers opposing bimetalism and urging the repeal of the act remonetizing silver.

A paper prepared by the Japanese minister on banking and financial matters in that kingdom, was read, the etiquette of Japan not allowing the attaches who brought the paper to appear on the stage while the paper was being read.

ST. JULIAN'S TIME.

Best Record of the King of the Turf.

ROCHESTER, 12.—The first trial against time St. Julian made 2.13½. St. Julian's second trial against time made 2.14; third trial, 2.14½. Maud S's second trial was 2.20½. The judges decided to divide the purse.

The announcement that Maud S. and St. Julian would each be trotted, the latter to beat his own best record of 2.12½ and the former to beat this and Sleepy Tom's best pacing record of 2.12½, attracted 15,000 people to the track. The sport opened with the 2.30 and the free-for-all trotting contests, the former resulted with Farana first, Hector second, taking the first heat. Time 2.23, 2.21¾, 2.23¼, 2.21¾. In the free-for-all, Darby was first, with Hopeful second, taking the two first heats. Time 2.15¾, 2.16¼, 2.18¼, 2.19, 2.22. Darby won the last two heats by less than one length.

At 5 o'clock, the California wonder and king of the turf, St. Julian, was driven out upon the track by Orrin A. Hickock. Prolonged applause and cheers greeted him as he was trotted around to get heated for the greatest effort of his life. He went down past the judges' stand several times before Hickock nodded to the judges to give the word, then he darted around the track without his running mate or anything else than his driver to urge him.

When St. Julian was brought out for the second heat, there was less enthusiasm than before, but he got away in fine shape and trotted to the end of his first quarter in 31½, second in 1.04½, third in 1.38½ and a mile in 2.11½. The cheers of the crowd this time were strongly mingled with expressions of dissatisfaction, for not a single expert timekeeper, other than those in the judge's stand, made St. Julian's time less than 2.12, but the official record had to stand. Each horse had now earned the special purse of $2,000 offered to each, and Stone, of Cincinnati, refused to permit the mare to be speeded again, while Hickock took the same position. Maud S. was trotted again, however, but she only made her second mile in 2.20½, and was excused from a third heat. St. Julian trotted a third heat in the ordinary time of 2.24½. Handsome testimonials were presented the drivers of the king and queen of the turf. Thus terminated the greatest trotting event the world has ever known.

Trouble over a Dinner Set.

NEW YORK, 12.—The evening papers have the following Washington special: It will be remembered that some time ago the newspapers were filled with elaborate descriptions of a state dinner service that had been painted for the White House. The set was to be distinctively American, and Theo. R. Davis, one of the artists of Harper Bros., was charged with the work of painting it. Fish, fowl and vegetables peculiar to the American continent were to be painted upon appropriate dishes. This was done with much satisfaction to the occupants of the White House, but not so as regards the bill for workmanship. The gossip is that the White House people through Davis & Bros., artists in France, who gave their time and skill to the task, were doing so with only a desire of recompense in the thought of having done something patriotic, or on the part of French artists as complimentary, hence there if a misunderstanding and dispute that is now in the direct line of a law suit.

Republican Skill.

The *Herald*, commenting on the Connecticut Republican Convention says: A more admirable example of the subordination of personal rivalry to the general welfare of a party seldom is witnessed in practical politics than occurred yesterday at Hartford.

In Indiana and every other doubtful State the republicans appear to be shaping and managing their canvass with more skill than their adversaries.

World's Fair.

Mayor Cooper declined the chairmanship of the executive committee of the World's Fair, and W. L. Strong was chosen. Mayor Cooper said it would be desirable to hold the exposition in Central Park, but special legislation would be required to this end. Several committees were appointed, and the executive committee adjourned subject to a call of the chair.

Bonds Filed.

The United States inspector of steam vessels, on charge of manslaughter in the *Seawanhaka* disaster, have filed bonds to answer the charge at the October term of court.

Nominations.

RICHMOND, Va., 12. — George C. Cabell has been renominated for Congress from the Fifth District.

San Francisco, 12.—H. F. Page has been renominated for Congress from the Second District State Central and Executive Committees were appointed, and the convention adjourned sine die.

Cincinnati, 12. — The Democrats First and Second Congressional districts of Ohio, this noon nominated Samuel F. Hunt, First District, and General H. B. Banning, Second District.

Lewiston, 12.—The Greenbackers of the Second Congressional District endorsed the democratic nominee, A. M. Frogg.

Petersburg, Va., 12.—The democrats of the Fourth Congressional District nominated Samuel F. Coleman for Congress.

Cleveland, 12.—Judge L. D. Thomas was to-day nominated for Congress by the democrats of the Seventeenth Congressional District.

Toledo 12.—The democrats of the Sixth Congressional District renominated Frank H. Hurd for Congress.

Warren, Ohio, 12.—Judge Ezra B. Taylor, of this city, was nominated to-night by the republicans of the Nineteenth District as the successor of Gen. Garfield.

Nashville, 12. — The democrats nominated John V. Wright, straight out debt paying democrat, for Governor.

The repudiationists held a meeting, with seventy delegates present, and nominated S. F. Wilson for Governor.

Alaska Affairs.

WASHINGTON, 12.—The Treasury Department is dissatisfied with the administration of affairs in Alaska. They complain that the thousands of dollars expended their annually for revenue collections are simply wasted. They believe Collector Bell, of Sitka, an honest efficient officer, but assert that he has nothing to collect. Sitka is but one of the half dozen ports where goods can be landed, and half of the others he never sees. He occupies his time, not in collecting or preventing smuggling, but in keeping wild Indians in order. The Alaska Commission, composed of the chiefs of Bureaus of the Departments, recommends the substitution of four Justices of the Peace, with extensive jurisdiction, for the present expensive collection machinery. This scheme will be brought before Congress next winter.

Silver Sale.

The Treasury Department to-day purchased 375,000 ounces of fine silver to be delivered at the Philadelphia, San Francisco and New Orleans mints.

The Treasury Department to-day issued an order providing for the shipment of standard silver dollars from the mints of the United States at the expense of the mint in sums of $500 or any multiple thereof upon the deposit of United States notes, fractional currency, fractional silver coin or National bank notes with any Assistant Treasurer or National bank depository. Small sums will be sent by mail free of postage at the risk of the party to whom it is sent.

Victorio's Movements.

DENVER, 12.—A Santa Fe special to the *Tribune* says: Information from El Paso is to the effect that 75 to 100 Indians, either from Victorio's own band or Indians from Mexico, who had aided Victorio and who had been hovering for the past few days between old Fort Quitman and Eagle Springs, crossed the Rio Grande near Quitman early this morning, heading south in the State of Chichauhaha. Colonel De Valle, commanding the Mexican troops in the field against these Indians, has been notified by courier and will endeavor to cut them off. A column of Indians, about 100 in number, and probably the main portion of Victorio's band, crossed the Rio Grande later in the day. They evidently found Col. Grierson's command, after the fight in Rattlesnake Canyon, in possession of the watering places and passes north, and had to retreat. Gen. Hatch thinks the Indians will try and get through the lines into the Miembres or Mogallon Mountains. To prevent this, he has disposed his troops under Col. Buell's command along the road from Fort Cummings to the river. Col. Buell's headquarters are now at Slocum's ranch, about the centre of the line.

A Mining Excitement.

SANTA FE, 12.—A sensation was created here yesterday by the announcement of a rich mining strike in the Mexican village of Los Placitas, about 30 miles distant. The village is built of adobie huts, corrals and the foundations of the houses are of rock. A prospector, Jesse Martin, detected mineral in this rock, pounded up and hammered some of it, getting rich results in gold. He located the streets of the town whence the gold rock was taken, and had assays made, with the result of $14,000 in gold to the ton. The lowest grade of rock assayed $43. Gov. Lew Wallace has just returned from the place. He paced off the ledge, making it 84 paces in width. Its vein had been located. Subsequent assays in Santa Fe give from $3,000 to $6,000 per ton. The whole village is built on the ledge, and rock worth $3 per pound has been thrown about as worthless.

Veterans' Parade.

COLUMBUS, O., 12.—A grand parade of the veterans of the late war took place to-day. It is estimated that 15,000 were in the procession, which was over three miles long. Each regimental organization had its old battle flag and ensigns. In a few cases only one member of a regiment was in the procession, but that one carried the flag. The Presidential party viewed the parade from carriages.

Personal.

The Presidential party leave for Washington at midnight.

The Secretary of the Ex-Soldiers' and Sailors' Association received a letter from General W. S. Hancock expressing regret that his engagements would not permit his attending the reunion, at which it would have been a pleasure for him to be present.

St. Albans, Vt., 12.—Vice-President Wheeler was among the speakers at the republican mass meeting here to-night.

Liberal League.

BUFFALO, 12.—The fourth annual convention of the National Liberal League will be held in Chicago on the 17th, 18th and 19th of September. The most important work of the convention will be the selection of a Presidential ticket or endorsement of one of the present nominations.

The Color Line.

RICHMOND, 12.—In Henries county court, J. W. Hoerringer refused to serve with a negro juror. The judge imposed a fine of $250 and 10 days imprisonment. Hoerringer subsequently consented to serve and the penalty was removed.

Fires.

WHITEHALL, N. Y., 12.—A fire at Sherlock's steam mill burned the mill and store with 12 dwellings. Loss heavy; insurance, $40,000.

New York, 12.—A fire occurred at the factory of Wm. Weller, at Bushwick, this morning, and $50,000 worth of fuse was destroyed.

Marblehead, Mass., 12. — The Universal Street Church was burned by incendiary this morning. Loss $25,000.

A Gentle Father-in-Law.

CINCINNATI, 12.—The *Gazette's* New Albany special says: Roger Russell, 70 years old, this morning fired two barrels of a shot gun into the face and breast of John Norman, his son-in-law, tearing both eyes out and inflicting a mortal wound. The alleged cause is ill treatment by Norman of his wife.

Forger Caught.

BUFFALO, 12.—Martin Cline, Master arrived to-day from Queenstown, Ontario, and is in jail. The Bank of Commerce accuses him of forgery. His indebtedness, it is claimed, will aggregate $120,000.
