

A FORECAST OF ELECTION RESULTS

Managers of Both Parties Agree Democrats Will Make Gains In Next Congress.

N. Y. CENTER OF INTEREST.

It is Very Doubtful—A Great Struggle In Western Pennsylvania—Tex. as Campaign Levy.

Washington, Nov. 4.—With election day but a few hours away, the political situation has crystallized to an extent that permits a survey of the field, limited, however, to the points where the battle has waged the fiercest between the two dominant parties for control of the Sixtieth Congress and for state supremacy.

The managers of both the Republican and Democratic campaigns agree that the Democrats are to make gains over the present representation in Congress. Both also are agreed as to the states where these gains are to come from and both are directing the energies of the closing hours of the campaign to these battlefields.

In New York, where the state campaign has culminated all else, the vote for congressmen will be distributed by local conditions to such an extent that the returns Tuesday night will furnish perhaps the most interesting reading for those at the headquarters of both congressional committees. The chances for either candidate for governor would carry with it unexpected results as to the congressional ticket. It is conceded, on a normal basis, that the Democrats will make gains in this state.

Pennsylvania furnishes another interesting situation with the governorship fight between Lewis Eney, Democrat and Lincoln party candidate, and Governor Stuart of Philadelphia, Republican nominee. Many Republican and Democratic heavyweights have been sent into the western part of the state and the campaigning has been lively.

Representative Dulz of Pittsburg is having opposition which some time ago assumed serious proportions in Dr. H. J. Black, former mayor of McKeesport.

In the south the interesting points are in Texas, Mississippi and Tennessee. In Texas a campaign against the reelection to the United States senate of Joseph W. Bailey is making things lively. M. C. Crane is regarded as the leader of the anti-Bailey forces. In Mississippi, Representative Williams, Democrat, is being opposed by the Democratic party leader of the house, making a race for the senate against Gov. Vardaman. Tennessee furnishes interest because of the gubernatorial fight between M. Clay Evans, Republican, and Representative M. R. Patterson, Democrat. The Republicans in the state have hopes of electing more than two members to Congress.

The districts where Samuel Gompers, president of the American Federation of Labor, has made a fight, are also points of interest. The labor leader paid his compliments last to Representative Mudd of Maryland and Democrats predict the defeat of Mr. Mudd. In Ohio Representative James Kennedy, representing the Cincinnati district, has received a call from Mr. Gompers, who supported John C. Welch, the Democratic nominee. The Democrats, now holding but one district in Ohio, are making vigorous contests in a half-dozen others.

Mr. Gompers has been also heard from in the fight in Chicago, where the Republicans now have all 10 of the congressional districts. Both sides agree that this solid delegation will be broken into and that Representative Rainey, now the only Democrat from Illinois in the house, will have company.

In Missouri, the Democrats have great hopes of regaining the five districts lost to them in the tidal wave of two years ago.

Much has been done in the state to arouse the party vote by Bryan and Folk.

In Idaho the Republicans raised the issue of "law and order" in support of the state's prosecution of the officers of the Miners' Federation for complicity in the murder of former Gov. Steunenberg, while Senator Dubois, who is leading the Democratic fight, declares Mormonism the issue.

In Utah the Mormon church is said to be supporting the Republican nominee for Congress.

W. D. Haywood, one of the Miners' Federation leaders, new a prize in Idaho, is the Socialist party candidate for governor of Colorado.

Democrats are confidently looking for gains in Indiana and Iowa.

In Massachusetts, the governorship fight eclipses all else. Cuthis Guild, Jr., Republican, is opposed by John B. Moran, nominated by the Democrats. Prohibitionists and Independent league, summed up, the states in which both sides seemed agreed that Democratic gains may be made are New York, New Jersey, Pennsylvania, Ohio, Indiana, Illinois, Missouri, Iowa and Maryland.

COL. OLCOTT, THEOSOPHIST, HURT IN RAILROAD WRECK.

Kansas City, Nov. 4.—Col. Henry Steele Olcott of Adyar, India, the president-founder of the Theosophical society and co-worker in her life time of the late Helen P. Blavatsky, has been seriously injured in a railway wreck in Italy, according to private advices received today by a member of the society in this city. Beyond stating that he has been placed in a hospital and is "in a bad way," no details of the wreck are given. Because of his advanced age fears for his recovery are entertained.

Col. Olcott at the time was on his way to India from Chicago, where he had presided at the annual convention of the American section of the Theosophical society held in that city in September.

Col. Henry Steele Olcott received his title in the civil war. He is 75 years of age. In his early life Col. Olcott was a newspaper man and at the execution of John Brown of Ossage

TREE TEA

The Pure Good Tea Imported and packed only by M. J. BRANDENSTEIN & CO. San Francisco, Cal.

William H. represented the New York Tribune. He left newspaper work in the 70s and, with the late Helen P. Blavatsky, founded the Theosophical society in New York in 1875. For years these two worked together, Madame Blavatsky as the writer and Col. Olcott as the organizer. After Blavatsky's death, he went to London and from there has, in connection with Mrs. Annie Besant, directed the entire movement. His authority in the Theosophical society is supreme. The character of the American section is entirely under his control and with the stroke of a pen he could wipe out of existence the 70 different branches with their hundreds of members in this country. He is a lecturer of great power and has written some books on theosophy. He was prominent in the famous split in this society in April, 1895, when William C. Judge seceded with his followers after charges of fraud and falsehood had been preferred against him. That event served to make known in all parts of the world.

Col. Olcott, for the first time in many years, came to this country from India recently to personally preside at the twentieth annual convention of the society, which opened in Chicago on Sept. 16. His presence was a great attraction to the country from India recently to personally preside at the twentieth annual convention of the society, which opened in Chicago on Sept. 16.

Col. Olcott was accompanied to and from the United States by Mr. Schumann of Amsterdam, president of the Dutch branch of the society. They were implicated in the recent "gas" case. Col. Olcott was noticeably feeble and was greatly fatigued upon his arrival in Chicago. They sailed from New York on Sept. 25.

Col. Olcott, vice president of the Theosophical society, is next in line for the presidency. Mr. Sinnett is a journalist of note and has held several important government positions in India.

GAS PIPE MURDERS ARE UNDER ARREST.

San Francisco, Nov. 4.—In the arrest of Lewis V. Dabnet, or John Kain, and John Simpson, after they had robbed and murdered assaulted Harry A. Behrend, a jeweler, last night, the police believe they have captured the men who were implicated in the recent "gas pipe" murders in this city. After Dabnet was captured last night he was escorted by the police and as a result of his statements the police arrested Simpson while he was walking home with a woman lady to whom he was engaged to be married. A remarkable feature of the case was the call of Simpson at the police station soon after Dabnet had been arrested. Giving his name as James McGuire, he reported that he had been robbed of \$100 and a \$50 diamond ring. Simpson, when arrested, admitted that his story was a hoax and that he had called at the station to get information about his companion, Dabnet. Simpson about seven years ago was given a five-year sentence in San Quentin for being up a Powell street car.

It was admitted today by Hilda von Hofen, the woman lady, that she was Simpson's company when he was arrested, that they were married two days before the robbery. Simpson, who is a Hawaiian, represented to her that he was a police officer and that he had been promoted to a higher position. Miss von Hofen is only 16 years old.

MARCHING THROUGH CUBA.

American Troops Will do it for the Moral Effect.

Havana, Nov. 4.—It is the intention of the provisional government to have the American troops make extensive practice marches throughout the country. This should not be interpreted as a threatening demonstration; the step is taken for its moral effect on the restoration of confidence. In a general order, Gen. Branklin Bell enjoins all officers and enlisted men of the American army of occupation to manifest all possible courtesy toward Cubans of all parties.

LUNCHEON WITH KAISER.

Berlin, Nov. 4.—Two delegates from each country represented at the international wireless telegraph conference took luncheon with Emperor William today. John I. Waterbury of New York, and Rear Admiral Manners attended.

DAVIDOFF RELEASED.

St. Petersburg, Nov. 4.—M. Davidoff, president of the General section of the union of the Russian people, who was arrested here yesterday, has been released. His arrest was a mistake.

MAIL MATTER NOT HELD.

New York, Nov. 4.—Regarding the report that a large quantity of campaign literature deposited at a sub-station of the postoffice last night, was held up pending a decision by the postal authorities as to whether the matter was mailable, Postmaster Wilcox tonight made the following statement: "There was matter whatever" held up at the sub-station. The 40,000 letters arrived late Saturday night and two clerks in charge of the sub-station thought that perhaps they were not mailable matter. They notified the main

office and then placed the letters in the various boxes ready for distribution. "Word was received at the sub-station early this morning that the matter to go through the mails and it was promptly released."

GIFT BY MRS. SAGE.

New York, Nov. 5.—Mrs. Russell Sage has arranged to make a gift to the First Presbyterian church of Syracuse, where she and her private guest to worship. It will be a stained glass window, 30 feet high and 12 feet wide on the subject of St. John baptizing the savior. It is in memory of the Rev. John Watson Adams, D.D., who was the first pastor of the church and who baptised Mrs. Sage some years ago.

LIPTON AT LAMBS CLUB.

New York, Nov. 5.—Sir Thomas Lipton was a guest last night at the first annual dinner of the Lambs club, given by the Lambs club. Sir Thomas keenly appreciated a musical song and dance, in which yachting received some humorous treatment at the hands of several members of the club.

VOLIVA HAS PLANS FOR BUILDING A NEW ZION.

Chicago, Nov. 4.—Wilbur Glenn Voliva, successor to John Alexander Dowd as head of the Christian Catholic church, outlined to some of his followers in Kenosha tonight plans for the erection of a new Zion, which he said he would make the greatest religious colony in the world.

"My policies will be as different from those of John Alexander Dowd," he said, "as day is different from night. The first command to be observed in the new city will be absolute freedom from debt. Neither Zion nor a man in Zion shall owe a cent. It is my plan to establish colonies where the homeless and friendless shall be cared for. I shall have a tract of a thousand acres of land to which I shall be able to invite the homeless of the world and ask them to take 20 acre tracts and earn an honest living. It will be my plan to build factories for the working men and to go down to work with them. I shall do away with the aristocratic city that has grown up in Zion and shall be of equal standing."

Voliva declared that he had no use for orthodox churches. "If the churches of the day," he said, "represent the modern religion, I will take the platform as an infidel and smash them."

JAP OFFICERS MAKE MAP OF PHILIPPINES.

Manila, Nov. 4.—The story that a Japanese army officer had been placed under arrest here for sketching certain of the fortifications of Manila harbor was denied today by Maj. Gen. Leonard Wood, commander of the division of the Philippines. No such arrest has been made, and no Japanese have taken sketches of the fortifications. It is well known that since the American occupation Japan has been keenly engaged in making maps of the Philippine islands. There is no existing law to prohibit them, although such laws were in force under the Spanish regime.

Col. P. Wood has just returned to Manila from a hunting expedition.

CARNEGIE INSTITUTE THREATENED BY FIRE.

Pittsburg, Nov. 4.—Fire today threatened the destruction of the Carnegie institute, valued at \$6,000,000 and having a beautiful structure of its kind in America. The fire originated in the power room in the basement from defective electric wires. The fire spread rapidly, threatening the building to the extent of \$2,000,000. There were many persons in the music hall of the institution attending an organ recital when the fire was discovered, but all reached the street in safety.

MONTANA CAMPAIGN.

Both Parties Claiming State as Strongly as Ever.

Helena, Mont., Nov. 4.—The only development in the campaign in this state is that candidates on the Democratic ticket for the legislature are being out and pledging themselves that, if elected, they will vote for Gov. J. K. Toole for senate.

It is claimed he already has enough to control a democratic caucus. Both sides are claiming the state as strongly as ever.

SALTION SEA TROUBLE.

Commission of Mexican Engineers Will Make a Study of It.

Mexico City, Nov. 4.—A commission composed by Mexican engineers and experts has been dispatched by the Mexican government to study the cause of the Colorado river, to study the problem which has troubled the country for the attention of the United States and Mexican governments. The Salton sea, an extraordinary power in forecasting the discussion through ordinary means, has been, however, but asserted that "everything was all right." A discrepancy of about \$15,000 was found in the accounts of Eskildsen and his associates. Amounts for adjusting the tangle were made Saturday.

A RIVAL WEATHER BUREAU.

Pacific Grove, Cal., Nov. 5.—Information has been received here of intended establishment of a rival weather bureau in San Francisco, in Cuba and Mexico there has been found a "weather plant" said to have extraordinary powers in forecasting not only atmospheric but seismic disturbances. Its botanic name is abrus gregoriensis. Prof. Josef Norvack, an eminent Austrian, recently arrived in England with 22 cases of these remarkable plants. They have been found peculiarly sensitive to magnetic and electric influences. When changes in the weather its twigs and leaves perform peculiar and abnormal movements, each of these having its definite significance.

By it it is said weather forecasts "can be made from 2 to 7 days ahead of time or fog and earthquake forecasts as much as 25 days in advance over an area of 100 square miles. It also predicts volcanic eruptions and accumulations of fire damp in mines. Norvack will establish a bureau in San Francisco, Bombay and Tokyo.

BILL NYE'S WIDOW DEAD.

New Orleans, Nov. 4.—Mrs. Edgar Nye, widow of the late "Bill" Nye, died at the home of her daughter, Mrs. E. W. Phair at Avera Plantation, near Morgan City. Mrs. Nye was 56 years old and formerly was a resident of North Carolina.

GEN. J. W. ST. CLAIR DEAD.

Charleston, W. Va., Nov. 4.—Gen. J. W. St. Clair, prominent lawyer and Democratic politician, died at his home in Fayetteville tonight, aged 53 years. He was a member of the board of managers of the world's fair at Chicago. Acute indigestion following heart failure caused his death.

POLICE HELD FOR EXAMINATION

New York, Nov. 4.—The four special policemen, John H. Thurler, Thurler Waters, Warren Leverman and Lazarus Loria, with the three strike-breaking chauffeurs, Theodore Shaller, William S. Drieslander and Max Cutler, who were arrested by a mob last night, were arraigned in court today and held for examination. The special officers were charged with doing the shooting from an Eight axle car, as a result of which August Lamb, striking chauffeur, is in a hospital dangerously wounded.

Bill was furnished by representatives of the New York Transportation company, strike of whose chauffeurs resulted in last night's rioting.

PEABODY'S METHODS.

Secy. Fish of Policyholders' Assn. in Statement Calls Them Unwarranted.

New York, Nov. 5.—The following statement was given out last evening by Russell Fish, secretary of the Mutual Life Policyholders' association: "The unwarranted methods adopted by President Peabody and other officers of the Mutual Life in electioneering have not only aroused the indignation and protest of policyholders throughout the country, but have also stirred up the insurance departments of a number of states, notably Kentucky, Michigan, Minnesota and Missouri. At the request of the Mutual Life Policyholders' association, a number of state insurance commissioners will soon meet in New York to make a thorough investigation of these matters. The charges against the present management of the Mutual by Mr. Calvin Tompkins, vice president of the Mutual Life Policyholders' association, and filed with the Mutual on Oct. 19, 1906, which charges President Peabody has declined to investigate will probably form the basis for this investigation."

In a letter to the members of the executive committee, Mr. Fish says that although valuable time has passed, there is still hope for action against Messrs. Peabody, Rogers and others, as a result of which, Fish declares to be a conspiracy. This case was placed before Dist. Atty. Jerome on Oct. 15.

THE APPLE CROP.

New York, Nov. 5.—The apple crop in the United States has just been estimated at \$4,120,000 barrels. This is 12,655,000 barrels more than the 1905 crop.

The estimated crop in New York state is 4,900,000 barrels, or larger by 1,600,000 barrels than the production in any other state. The estimated New York crop equals the crops in Maryland, Virginia, West Virginia, Kentucky and Tennessee combined and is equally distributed to the people of the state and gives a barrel to each man, woman and child.

HARRY WILLIAMS MARRIED.

New York, Nov. 5.—Harry Williams, the song writer and Miss Caroline Downing of Detroit, were married in this city Sunday. Mr. Williams is a native of St. Paul, Mr. and Mrs. Williams will make a short journey west to visit the parents of both.

JACOB SHIFF A UNION MAN.

Takes Pledge Never to Work for Less Than 70 Cents an Hour.

New York, Nov. 5.—Jacob Schiff became yesterday a member of Journeymen Steamfitters & Setters union No. 84 of Greater New York. The financier took a pledge not to work for less than 70 cents an hour and never to have anything to do with a non-union job. He was initiated by William J. Skinner, business agent of the union, and then he got his card.

That act of making Mr. Schiff a union workman was necessary before he could lay the cornerstone of the new synagogue of the First Hungarian Congregation of Ohio Zedek.

CROSSES ATLANTIC 901 TIMES.

New York, Nov. 5.—Thomas Kinsey, purser of the American liner St. Paul, which returned yesterday from the English channel, finished his nine hundred and first crossing of the Atlantic ocean. Mr. Kinsey holds the unique record of having crossed the western sea more times than any other living man.

In the figures his mileage amounts to about 2,703,000 miles on the Atlantic alone.

CARL WACHE DEAD.

New York, Nov. 5.—Carl Wache, an elderly German resident of White Plains, who was formerly the valet of Prince Bismarck of Germany, died Oct. 29 of heart disease. The old man told many interesting anecdotes of the Iron Chancellor, and he had a collection of souvenirs he had made while in Bismarck's service.

ESKILDSEN HEARD FROM.

Chicago, Nov. 5.—J. Christian Eskildsen, supreme treasurer of the Danish Brotherhood of America, who has been missing since Oct. 20, has been heard from according to a statement made by his wife yesterday. It is expected that he will return and adjust his tangled affairs within a few days. Mrs. Eskildsen declined to say where her husband has been, however, but asserted that "everything was all right." A discrepancy of about \$15,000 was found in the accounts of Eskildsen and his associates. Amounts for adjusting the tangle were made Saturday.

A RIVAL WEATHER BUREAU.

Pacific Grove, Cal., Nov. 5.—Information has been received here of intended establishment of a rival weather bureau in San Francisco, in Cuba and Mexico there has been found a "weather plant" said to have extraordinary powers in forecasting not only atmospheric but seismic disturbances. Where Men Get Cured

This well known and reliable curative institution, the COOK MEDICAL CO., is a permanent fixture of Salt Lake City. It has stood the test of time and will continue to stand as a beacon of hope for afflicted men hereabouts. From time to time it has been remodelled in all its departments which are thoroughly equipped with every scientific instrument, apparatus and device essential to our modern methods of specialty practice. Its financial responsibility is as solid as gold, while the treatment it administers, as legions of its cured patients know, is skillful, scientific and successful. We invite all afflicted men who really desire a cure to inspect our offices, and to honestly investigate us. A private consultation, a careful personal examination together with a scientific and honest opinion of your case, will cost you nothing; and a perfect cure, if you decide to take it, will not be more than you will be willing to pay for the benefits conferred.

CONSULTATION FREE, CONFIDENTIAL AND INVITED. A personal and thorough examination is required, though if inconvenient at call, write me a full description of your trouble. Office hours, 9 a.m. to 9 p.m., except Sundays, from 9 to 12:30. Address or call.

COOK MEDICAL CO., 116 S. MAIN

We treat and cure by the latest and best methods known to medical science, VARICOCELE, SPECIFIC BLOOD POISON, NERVO-VITAL DEBILITY, BLADDER AND KIDNEY troubles, and all associate diseases and reflex complications.

W. A. COOK, M.D.
Founder of the Cook Medical Co.
