

## PARDON BOARD HOLD MEETING.

Action Taken in Twelve Different  
Cases at Monthly Session  
Today.

### JAMES T. HILL GETS PAROLE.

Samuel Richards and Moss Kifford  
Have Sentences Commuted—  
Others Are Denied.

The state board of pardons held its regular monthly meeting today and acted upon the following applications for pardon, parole and commutation of sentence:

#### FOR PARDON.

James T. Hill, grand larceny, convicted in Second district court, Weber county, sentenced Oct. 6, 1904, by Hon. H. H. Rolapp, presiding judge, to two and a half years in state prison. Parole granted.

James T. Daly, adultery, convicted in district court, Kane county, sentenced May 10, 1905, by Hon. J. P. Chidister, presiding judge, to 15 months in state prison. Petition denied.

John Armstrong, house breaking, convicted in Fourth district court, Utah county, sentenced July 10, 1905, by Hon. J. E. Booth, presiding judge, to nine months in state prison. Petition denied.

Harry Moss, involuntary manslaughter, convicted in district court, Weber county, sentenced May 8, 1905, by Hon. J. A. Howell, presiding judge, to 19 months in state prison. Petition denied.

Brigham Lyon, rape, convicted in Seventh district court, Sanpete county, sentenced May 19, 1905, to 10 years in state prison. Petition denied.

#### FOR PAROLE.

Clarence Kinney, assault with deadly weapon, convicted in district court, Salt Lake county, sentenced Sept. 25, 1904, by Hon. T. D. Lewis, presiding judge, to four years in state prison. Case continued.

#### FOR COMMUTATION.

Samuel Richards, burglary, convicted in Seventh district court, Sanpete county, sentenced Jan. 11, 1905, by Hon. F. Erickson, presiding judge, to two years in state prison. Sentence commuted to Feb. 1, 1906.

M. A. Conley, burglary, convicted in Second district court, Weber county, sentenced Dec. 7, 1904, by Hon. J. A. Howell, presiding judge, to two years in state prison. Sentence commuted to Feb. 1, 1906.

#### FOR COMMUTATION.

Moss Kifford, involuntary manslaughter, convicted in district court, Salt Lake county, sentenced Dec. 5, 1905, by Hon. G. W. Morgan, presiding judge, to five years in state prison. Sentence commuted to Oct. 1, 1906.

John Quinn, robbery, convicted in Second district court, Weber county, sentenced April 17, 1904, by Hon. C. H. Hart, presiding judge, to five years in state prison. Case continued.

#### FOR EXECUTIVE SESSION.

George Parry, attempt to rape, convicted in Third district court, Salt Lake county, sentenced Dec. 7, 1905, by Hon. S. W. Stewart, presiding judge, to 20 years in state prison. Petition denied.

Charles R. H. Burton, arrested for restoration of good time. Petition denied.

**TO CURE A COLD IN ONE DAY.**  
Take LAXATIVE BROMO Quinine Tablets. Druggists refund money if it fails to cure. E. W. GROVE'S signature is on each box. 2c.

### MR. WILSON'S BOOK PRAISED.

Dr. G. Stanley Hall of Clark university, Worcester, Mass., has written Mr. L. A. Wilson of this city the following letter:

"Permit me to thank you for the little book, entitled 'Outlines of Mormon Philosophy' which I read through with care, interest and profit on the way home. There is certainly much in it that must commend itself to every thinking man, although there are other things in it that are quite at variance with the kind of philosophy I have been in the habit of teaching, but when one realizes the great diversity of standpoints among students of philosophy, this is not strange.

"I was also much interested in the work of Prof. Nelson, I am sure.

"G. STANLEY HALL."

Coming from so high an authority, Mr. Wilson was specially gratified by receipt of the letter.

#### LAI TO REST.

Services Over Remains of Mrs. Walsh, An Angel and Respected Woman.

The ranks of the older generations of those who first embraced "Mormonism" lost one more member this week, when Mary Ann Walsh, a member of the Church since 1842, passed away, and was laid to her rest in the city cemetery.

Mrs. Walsh was in her seventy-second year, and while she has been in Utah only since 1881 before that time she was well known in England as a faithful member of the church, and one of whose home missionaries were always given entertainment. Mrs. Walsh died Tuesday afternoon, at her home in the Twenty-first ward, and the funeral services were held Thursday afternoon in the ward meetinghouse. Bishop M. S. Woolley presided, and short tributes of respect were paid to the departed sister by Bishop Walter J. Beattie of the Seventeenth ward, Elder H. J. Fowler and President Francis M. Lyman, of the Council of Apostles. The opening prayer was offered by Elder H. W. Nalbitt, while the benediction was pronounced by Elder W. J. Tuddenham. In opening the services the ward choir rendered "I Need Thee Every Hour" and "Thou dost not weep to weep alone." At the close, a solo "Angels ever bright and true" was feelingly rendered by Mrs. Mable Peckham Kirk and at the grave a short service was held in which a quartet rendered "The Christian's Goodnight." The dedicatory prayer was offered by Bishop M. S. Woolley.

#### DOMESTIC SCIENCE.

Practical Demonstration Made by Students of L. D. S. University.

The domestic science girls of the Latter-day Saints' university gave a practical demonstration last evening of their methods of cooking and serving. The occasion was the visit of the bas-

ket-ball team of the Weber Stake academy, who were served with a six-course dinner in the dining room of the Lion house. The menu was as follows: Olives and jelly, cream of tomato soup, roast chicken, potato crequettes, sweet potatoes, hot French rolls, oyster patties, fruit salad and punch, maple and nut ice cream, cake and bon-bons.

Thaddeus Hammond, president of the senior class, presided, and Levi Fuller of the junior class acted as const-master. Remarks were made by Principal McKay and Instructor Bradford of the W. S. A. and by President Paul, Prof. Mills and student Lindsay of the L. D. S. U.

The ladies who served were Misses Anna Grant, Lucile Jones, Leona Cowley, Vida Jones and Alice Nibley, while Mrs. Amy Hicks and Misses Ardelia Hiltner and Hattie Sedgwick aided Miss Holmgren in preparing the dinner. The affair was well managed and the repast was excellent.

### DEATHS EXCEED BIRTHS.

Twenty-Six of the Former as Against  
Twenty of the Latter During Week.

The report of the city board of health for the week ending Jan. 20, shows 24 births, 12 males and 12 females. There were 26 deaths reported, 12 males and 14 females. Fourteen cases of contagious diseases were reported, consisting of one case of diphtheria, seven of smallpox, five of chicken pox and one of tuberculosis.

### A FAREWELL SOCIAL.

Bishop Beattie of the Seventeenth Ward  
Pleasantly Remembered.

In spite of the blizzard which raged last evening, the Seventeenth ward meetinghouse was crowded to overflowing, the occasion being the farewell testimonial to the retiring Bishop W. J. Beattie, and a greeting to the new Bishop, Elders Tingle, Barnes and Willie.

Decorated and representatives of every organization in the ward vied with each other in making the affair a grand success. The following program was rendered:

Singing, "Zion stands by hills surrounded."—Chorus.

Invocation—Elder Rulon S. Wells Singing, "Departure."—Choir.

Contralto solo—Miss Mary Colbert Recitation—Edward P. Kimball Piano solo—Miss Mary Smith

Baritone solo—Hugh W. Douglas Sentiment, "Our Good Wishes."—Choir.

Solo—Miss Jessie White Recitation—Miss Judith Anderson Recitation—Miss Irene White

Elder Geo. Albert Smith then briefly spoke to the subject "The Bishopric," followed by President Anthony H. Lund.

Delicious refreshments were then deliciously served, during which the following responded to toasts: John W. White, Mrs. Clara S. Williams, John Henry Smith, Alfred C. Rees, Mrs. Nellie Summerhays, and President Geo. H. Emery.

A pleasant feature of the evening was a presentation paper rendered by Elder Duncan M. McAllister, in which he reviewed the services of Bishop Beattie, and closed by presenting him with the best wishes of the ward with a beautiful signed ring, set with two diamonds and containing his monogram. Bishop Beattie made a feeling response, which was greatly appreciated by the audience.

During the evening many touching and beautiful tributes were paid the retiring Bishop by the speakers, and the incoming Bishop were at the same time given a warm welcome and assured the heartiest of support.

Bishop Beattie, Mrs. Beattie and their daughter, Mrs. C. S. Burton, leave for Los Angeles on tonight's train.

### HARRIS MAKES REPORT.

Ex-City Treasurer Files Annual Statement With Mayor Thompson.

The annual report of former City Treasurer Fisher Harris for the year 1905 was filed today with Mayor Thompson, and it shows the balance on hand at the close of the year at \$113,562.90. The report contains the following interesting figures:

Balance on hand Jan. 1, 1905, \$122,938.31  
Total receipts for year, 2,242,396.13  
Disbursements for year, 1,229,771.56  
Balance on hand Dec. 31, 1905, \$113,562.90

This balance is distributed among the various funds as follows:

Contingent fund, \$49,472.89  
Irrigation and water supply, 21,558.55  
Streets and sidewalks, 72,514.14  
Sewers and drains, 18,686.82  
Waterworks, 52,281.12  
Special funds, 59,919.84  
Total, \$113,562.90

### 100 Doses

### For One Dollar

Economy in medicine must be measured by two things—cost and effect. It cannot be measured by either alone. It is greatest in that medicine that does the most for the money—that radically and permanently cures at the least expense. That medicine is

### Hood's Sarsaparilla

It purifies and enriches the blood, cures pimples, eczema and all eruptions, tired, languid feelings, loss of appetite and general debility.

"I have taken Hood's Sarsaparilla and found it reliable and giving perfect satisfaction. It takes away that tired feeling, gives energy and puts the blood in good condition." Miss Evelyn Coleman, 1533 10th Street, N. W., Washington, D. C.

Hood's Sarsaparilla promises to cure and keeps the promise.

## TRAIN SAVED BY A TRACKWALKER.

Oregon Short Line No. 8 Stopped  
In Time Early This Morning.

### STRUGGLE THROUGH DRIFTS.

Watchman Fought His Way Through  
The Snow on Finding a Tree  
Across the Track.

Once more has the humble trackwalker saved a train carrying sleeping passengers from destruction and again has an employee of a railroad braved the elements and suffered hardship in the course of the performance of his duty.

The only thing lacking is the name of the man who stopped No. 8, the Oregon Short Line train from Butte in Beaver canyon early this morning. After he had flagged the engine he went ahead and assisted in removing a tree and some rocks that had fallen across the track.

The storm was raging at its height when this man started out to patrol the track through drifts of snow four feet deep. By the time he struck the obstruction he was staggering through drifts in some places that reached his neck. Almost exhausted he struggled on to flag the oncoming train with its sleeping freight and warm in the cars. It took him the greater part of an hour to cover a mile and over just long enough to confirm the story of a union depot for Los Angeles and then left for the east. Accompanying him were Mrs. Wells and George and Alfred, and Passenger Agent Gillette and wife.

Positive information regarding the proposed depot reached Mr. Wells and General Supt. R. H. Ingram of the Southern Pacific on Wednesday night. The new station is to cost \$500,000, as already told in the dispatches, is to be of mission style and the most complete and elegant passenger station west of Chicago.

Work has already commenced on a temporary station for the Southern Pacific while the present structure is being torn down and the new depot erected. It is believed that the Santa Fe will also come in on the proposition.

The new station will be almost half a mile in length, fronting for more than 2,000 feet on Central avenue, extending from Third to Twelfth streets, below Seventh street. There will be seven passenger tracks affording ample accommodation for local and through service, and the old-fashioned, high arched, individual sheds will be erected between tracks. There also will be a special baggage track and yard for cars. A half mile and a half of tracks will be practically in the same position as the present entrance to old Arcade depot.

### GOING TO BRAZIL.

M. M. Murtagh, Formerly of the  
Short Line, Gets a Good Job.

Another former employee of the Oregon Short Line is going to South America. This time it is M. M. Murtagh, who was connected with the engineering department of the short line and later joined the Salt Lake Route forces as water expert on the desert during the time the road was being constructed.

Mr. Murtagh has accepted the vice presidency and general management of the Sao Paulo Tramway, Light & Power company at Sao Paulo, Brazil, at a salary of \$9,000, American gold, and all expenses.

Until a few days ago he was assistant general manager of the Twin Falls Land & Water company with headquarters at Twin Falls, Idaho. He is now in Salt Lake with his family making preparations to sail from New York Feb. 2, for Santos, Brazil, which is some 45 miles distant from his destination.

His contract with the company is for two years by which time it is anticipated that the construction work which he is to superintend will be completed.

### DELAWARE & HUDSON.

New York, Jan. 20.—A special meeting of the stockholders of the Delaware & Hudson River Railroad company will be held in this city on February 15, for the purpose of considering and acting on the question of increasing the capital stock of the company by \$7,000,000. It is proposed to issue new stock in exchange for a proposed issue of 4 per cent ten year debentures of the company amounting to \$14,000,000, on the basis of five shares of stock for each debenture of \$1,000 within five years of the date of the debenture.

It is understood that part of the proceeds of these issues will be used in paying for trolley properties at Albany, Troy and Cohoes recently purchased by the Delaware & Hudson company.

### SPIKE AND RAIL.

Charles Seyler of Los Angeles has been elected a director of the Salt Lake Route to fill a vacancy caused by the resignation of J. S. Lawson.

W. R. Kidd, conductor on the St. Anthony branch run, has been promoted and henceforth will take No. 9 out of Peacotele northbound.

R. N. Stockinger, ticket agent for the Oregon Short Line at Peacotele and son of C. O. Stockinger, chief justice of the supreme court of Idaho, is here today en route to Los Angeles on a leave of absence.

### REFUND OF BONDS.

Proposed Action Will Result in Big  
Savings to the County.

County Commissioner Miller will, at the next meeting of the commissioners on Monday, introduce a resolution providing for the refunding of \$300,000 worth of the county's bonds, which are now drawing interest at 5 per cent and

## 5 Big Leaders HEWLETT'S Three Crown

Baking Powder,

tracts,  
Pure Fresh Spices,  
Fine Teas,  
Fresh Roasted  
Coffeees.

Ask your grocer for "Three  
Crown", and refuse all sub-  
stitutes. Money refunded if  
you don't like them.

WHEN THE QUALITY  
IS SUPERIOR, WHY  
NOT BUY UTAH  
GOODS?

are due July 1, 1915. By making the refund it is expected that the new bonds can be placed at 4 per cent or perhaps as low down as 3 1/2 per cent interest, which would mean a great saving to the county. At 4 per cent the county would save \$35,000 in interest on the bonds in 10 years and at 3 1/2 per cent the saving would amount to \$52,500. The present bonds provide for refunding on July 1, 1905. There is no question but that the resolution of Mr. Miller will be adopted by a unanimous vote.

Suit was filed in the district court today by Carl R. Lund against the Utah Light & Railway company to recover damages for the sum of \$15,000 for injuries received by him in a collision between two Caldor's Park cars just east of Liberty Park on Nov. 11, 1905.

### WAS NO COLLISION.

Engine and Street Car Merely Left the  
Track Close Together.

A peculiar accident occurred at 11 a. m. today at Fourth West and First South streets. An engine jumped the track on the street car right of way so as to block one track. The cars in consequence had to use the other track both ways, and in making the necessary switching a streetcar also jumped the track and invited to a collision.

The appearance at a little distance of a collision, and caused such a report to be spread up to the street car line, that the tracks were blocked for passage for an hour, but no other damage was done.

### SCANDINAVIAN CONFERENCE.

The Scandinavian Saints of Granite stake will hold a conference in the Granite stake Tabernacle, Sunday, at 2 p. m. President Anthony H. Lund will speak at the meeting. All Scandinavian Saints are invited to attend.

### MAN BADLY BURNED.

Thomas Close, Operator at Jordan Station, Has Narrow Escape.

A singular and serious accident happened at 5:30 p. m. yesterday at the Jordan station of the Utah Light & Railway company, due to the lightning. Chief Operator Thomas Close of 21 south Seventh street, was standing on the street car right of way and protected against all supposable dangers by asbestos bushes and other devices to prevent accident and injury. Suddenly there was a blinding flash of lightning with a sound like a gun, and electric fluid striking the high tension wires, ran into the building. It tore out the oil switch and wrecked the transformer, and shot a sheet of flame right into Mr. Close's face.

He instinctively closed his eyes, and thus saved them from destruction, but lost his eyelashes and eyebrows, and his neck and face were badly and terribly burned. He was knocked unconscious for the time, but was quickly picked up and medical help summoned.

His body and face were carried to his home, where he is under the doctor's care. He was not shocked by electricity, but the shock to his nervous system by the accident was very severe. What the result will be from the burns cannot be ascertained for some days. The company was deprived for the time of 3,000 volts power by the destruction of the transformer. The accident was a most peculiar one, and was unexpected, as every precaution had been taken to prevent trouble.

### DECREE OF FORECLOSURE.

Judge Ritchie today rendered a decree of foreclosure of mortgage in favor of plaintiff in the case of the Western Loan & Savings company against James Christensen et al and appointed H. M. Byland receiver of the property to be foreclosed, and the bond fixed at \$300. The amount of the judgment is \$575, with \$19.30 costs and \$75 as attorney's fees.

### HIGH SCHOOL CHANGES.

Miss Ward Succeeds Miss Mayne as  
Instructor of Physical Culture.

The committee on teachers and school work of the board of education held a meeting today and accepted the resignation of Miss Mary Mayne, instructor of physical culture in the High school, and decided to recommend that Miss Elsie J. Ward be appointed to the position. The committee will also recommend the appointment of Eloise R. Allen and Mary Connelly as teachers in the High school at a salary of \$85 per month each. The recommendations of the committee will be submitted to the board at its next meeting for final consideration.

### BANKRUPTCY CASE.

In the federal court today a number of bankruptcy cases were considered by Judge Marshall. In the cases of Charles Wilkinson, Charles Bonnetti, Henry C. Mathews and Charles T. Harkinson of Salt Lake and Daniel J. Hammond of Roy, Weber county, the petitioners were discharged. Bernard W. Liddell, Charles E. Ellis and A. C. Young of Salt Lake were adjudged bankrupts.

## GROUND SOAKED OVER THE STATE.

Reports Indicate That the Storms  
Of the Past Few Days Have  
Been Quite General.

### FINE OUTLOOK FOR SUMMER.

Between Four and Six Inches of Snow  
At Beaver, Other Towns North and  
South Fairly Equally Well.

Rain, hail and snow, accompanied by high winds, tells the story of climatic conditions throughout the state for several days past. The result is that the ground for miles around is thoroughly soaked, and the hills and mountains are burdened with a solid deposit of "the beautiful" that will send forth its life-giving moisture well into the summer months.

The storm of last night seems to have been general between 30 and 50 degrees north latitude, and the entire western part of the country, and today the storm center is over eastern Colorado. The precipitation at Modena was .12 of an inch. The weather office predicts fair weather for tomorrow, as the barometer has been rising rapidly, and high barometric areas are approaching from the west. The weather is colder, so that there is fair sleighing again today.

### OVER THE STATE.

To ascertain the exact condition of affairs meteorologically, the "News" today got into communication by telephone with the principal towns of the state and learned that the storms of the past few days had been quite general. As far south as Beaver there is a splendid snowfall, between four and six inches having fallen during the night. At Cedar City there is six inches, while at Mt. Pleasant the fall was four to five inches. At Ogden and Provo there is four to five inches, while at Logan, Provo and Tooele, the reports from over the state are as follows:

### WEATHER REPORTS.

Logan—Snow last night, about one and a half inches; cloudy today. Ogden—About two inches of snow last night. Heber—Snow last night; rain for two or three days; cloudy. Tooele—Three or four inches of snow; rather cloudy. Cedar City—Snow last night; rain for two or three days; cloudy. Richfield—Cloudy and cold; two inches of snow yesterday; hail and rain Thursday. Beaver—Four to six inches of snow during the night; clearing.

### WAS ON THE LIMITED.

Salt Lake Man Talks of Wreck and  
Conditions in Los Angeles.

L. B. Rogers says relative to the ditching of the limited train running this way from Los Angeles, that it occurred on the Santa Fe's track, and was due to the condition of the road bed made soft by rain, of which there was a half inch or more. No one was really hurt, but a boy had his face scratched, which made it bleed, and the claim agent of the company settled with the boy for \$5, which tickled him and made him very happy.

Mr. Rogers said there are so many Salt Lake people in Los Angeles and southern California that they are met by everywhere. He ran into a bunch of three in the Angeles hotel, and found four more in a bunch in a cigar store. One cannot go a block without meeting some one from this city.

### CARPENTER SUICIDES.

William A. McDonald Takes a Fatal  
Dose of Carbolic Acid.

William A. McDonald, a carpenter, aged 44, and residing at 779 east Fifth street, took carbolic acid at 7:30 last evening, at his home, and the results were fatal in a very short time thereafter, notwithstanding all that medical aid could do for him. The body was removed to Evans' undertaking parlors where arrangements are making for the funeral tomorrow under the auspices of the Woodmen and the Maecobees of which the deceased was a member. McDonald has been in ill health for a long time, but whether it was a deliberate case of suicide, or whether there was circumstances which might mitigate such a supposition could not be ascertained yesterday.

### GOV. WELLS THE OLDEST.

Name Will Be Sent to Vermont, Ac-  
cording to Request.

A letter was received today by Gov. Cutler from the governor of Vermont stating that the ex-governor of that state will give a reception on Feb. 15 to ex-Gov. Frederick Holbrook, whose ninety-third birthday falls on that date. The reception will be attended by 12 former governors of the state of Vermont. The communication expresses the belief that Gov. Holbrook is the oldest ex-governor in the United States, and Gov. Cutler is asked to furnish the name of the oldest former governor of this state, inasmuch as former Gov. Heber M. Wells is the only governor before Gov. Cutler who has ever served the State of Utah, he is entitled to the honor of being the oldest ex-governor.

### ARRESTED FOR ROBBERY.

Butte Man Nabbed on Street With  
Large Sum of Money and Revolver.

Detective Burt arrested a man on Second South street today, who is said to be wanted in Butte on the charge of robbery. The prisoner gave the name of William Paisley, and had on him at the time of his arrest the sum of \$1,382 in currency and a Colt's revolver. He was accompanied by a woman, said to be his wife, and had just come down from the north when intercepted. Paisley will be held pending word from the Butte authorities.

## THE KING DAVID TOTALLY SUNK

On Vancouver's Island, Crew  
Getting Ashore and Reach-  
ing Indian Village.

### THE FATE OF BOAT'S CREW.

Went in Search of Assistance—May  
Have Been Picked Up—May  
Be Lost.

Victoria, B. C., Jan. 20.—A Claycoquet dispatch received last night gives an interview with a member of the wrecked ship King David's crew seen on board the steamer Queen City, which picked up the survivors at Bajo Point and is bringing them to Victoria. The belief was expressed by the survivors that Chief Officer Walstrom and his men, who left the wreck in a ship's boat on Dec. 21, had been picked up when bound to Cape Beale by the bark Pass of Melfort, lost with all hands at Amphitrite point on Dec. 27. The King David had a moderate passage until when nearing Vancouver island, when a series of south and southwest gales were experienced, with hail and snow squalls and on Dec. 19 the ship was driven into Nookia Sound. While trying to beat out, she ran on Bajo reef. The crew took to the boats and reached shore safely. The salmuker, Donald McLeod, 60 years of age, went ashore when the vessel struck, and has since died aboard the Queen City. After getting ashore Capt. Davidson had the men return to the shelter to get provisions, several boat loads of which were taken on shore. Two men were sent to seek some sign of habitation and after two days' search met a prospector who told them erroneously that the steamer would visit the place until March. On hearing this Capt. Davidson ordered the chief officer and six men to go to Cape Beale to get provisions, and the others remained on the ship. Since then, however, since heard from them, although they may, the survivors say, have been picked up by the Pass of Melfort. One of the crew on board the Queen City is dangerously ill.

**STORY OF WRECK.**

Victoria, B. C., Jan. 19.—The British ship King David, long overdue from Seattle, was reported to have been totally wrecked on Bajo point, Vancouver island, on Dec. 13. The crew managed to get on shore and reached an Indian village in the vicinity, where they took to the boats and reached shore safely. The salmuker, Donald McLeod, 60 years of age, went ashore when the vessel struck, and has since died aboard the Queen City. After getting ashore Capt. Davidson had the men return to the shelter to get provisions, several boat loads of which were taken on shore. Two men were sent to seek some sign of habitation and after two days' search met a prospector who told them erroneously that the steamer would visit the place until March. On hearing this Capt. Davidson ordered the chief officer and six men to go to Cape Beale to get provisions, and the others remained on the ship. Since then, however, since heard from them, although they may, the survivors say, have been picked up by the Pass of Melfort. One of the crew on board the Queen City is dangerously ill.
