

## BY TELEGRAPH.

## AMERICAN.

NEW YORK, 24.—The *World's* Washington special discredits the reports of the intended large movements of southern negroes to the north, and says the return of more prosperous times and higher wages in the south than they can earn in the north will prevent a large exodus. It also states that a counter exodus has been started, and arrangements are about completed by Mississippi and Louisiana planters, for importing colored labor from Missouri and the border states. Several railroad companies are about to issue tickets over their roads at excursion rates, for the purpose.

The *World* ridicules the position into which it says Carl Schurz was betrayed, at Denver, by those peculiar creatures, the Colorado republicans, who, besides pledging the State for Grant in Schurz' presence, afterward compelled him to make a speech approving the platform which he next day discovered contained a radically unsound plank.

The Clearing-House exchanges for the third week of September are altogether encouraging as to the standing of business, except on the Pacific Coast. San Francisco is the only city of importance in which the transactions are materially smaller than at this time last year, and the causes of decrease there are of a local character. According to the table to be published by the *Public*, to-morrow, the following towns show losses over the corresponding week last year: San Francisco, three-tenths per cent; Cleveland, eight and four-tenths; New Orleans, two-eighths; Milwaukee, one one-tenth; Syracuse, four-tenths. All others have gained. The *Public* thinks there is nothing discouraging in these comparisons. They tell of a very great increase of the volume of business since September 1st, and yet it will be remembered that crops of unprecedented magnitude were then coming forward, and the demand from abroad was already enormous. Transactions outside of this city, notwithstanding the remarkable decline at San Francisco are larger than they have been at any time this year, except in the first weeks of March, April, May and June, and the monthly disbursements and settlements usually make the exchange of the first weeks larger than those of the other weeks of the month. The fall business has been entirely satisfactory thus far, and it is especially encouraging to notice the great vigor of trade in those cities which depend largely upon the iron interest and other branches of manufacture.

BOSTON, 24.—The Prohibitory State Convention was held to-day, Rev. A. Miner, presiding. Resolutions were adopted, and the following nominations made: For governor, Rev. Daniel C. Eddy; lieutenant governor, Timothy K. Earl; secretary of state, Charles Almy; treasurer David N. Skillings; auditor, Jonathan H. Orme; attorney general, Samuel M. Fairfield.

Resolutions were passed inviting the co-operation of women in the work of the party, and invoking her use of the ballot.

MILWAUKEE, Wis., 24.—A special to the *Sentinel* from Madison, says: George Baumgartner, 16 years old, the fiend who so horribly murdered little Sandy White, at Fulton, yesterday, was captured this p.m., at Prairie Du Sac. When arrested he was riding the horse stolen from Mr. White. On being charged with the crime he said he must have been insane when he did it. The sheriff started with the prisoner for Lodi, and was met by sheriff Baldwin of Dane Co., with a posse, who brought the prisoner here to-night. Baumgartner will be taken to Janesville to-morrow. There is considerable excitement here to-night, but no attempt has been made at a rescue.

BOSTON, 24.—The jury in the case of the State versus Dr. Kimball and Madame Goodrich, for the murder of Jennie P. Clarke, whose body was found in a trunk, came in this morning and reported a disagreement. The jury were discharged. It is reported that 11 were for conviction.

TOPEKA, 25.—Senator Ingalls is almost unanimously endorsed by both democrats and republicans. He has asked no favors and demands the most searching investigation. The now expressed is, that "so small" a number of

characterless men could have caused the United States Senate to order an investigation.

WICHITA, Kas., 24.—Secretary Schurz arrived to-day, en route to Indian Territory, whither he goes with Indian Agents Miles and Whittemay and Captain Morse.

SCRANTON, Pa., 24.—A terrific explosion of fire damp took place here to-day, in Sloan colliery, by which five men were badly burned.

FORT SCOTT, Kas., 24.—The President arrived this afternoon after a pleasant trip, having been warmly greeted at every station where a stop was made.

ST. LOUIS, 24.—The Kansas City and St. Louis passenger train, this morning, while approaching Centralia, Mo., switched on a freight train, and the reclining chair car was completely upset, and all the passengers more or less hurt. One woman is said to have since died.

MEMPHIS, 24.—Ten cases to-day; two more deaths.

WASHINGTON, 24.—The National Board of Health, to-day, received a telegram from Pres. Plunkett, of the Tennessee State board of health, at Nashville, announcing the probability of an injunction being granted against that board restraining them from enforcing rule 6 of the rules established by the board, and inquiring whether, in such an event, the National Board would continue to give protection to the remainder of Tennessee. The secretary of the board at once replied that if the injunction is granted against the enforcement of rule 6, the executive committee, before taking action to the end of abandoning the work in and around Memphis, will watch the effect of the change.

## SAN FRANCISCO, 24.

The announcement that General Grant would visit the Baldwin Theatre this evening, sufficed to pack the building to the utmost capacity. The proscenium box designed for the occupancy of the General and party, was handsomely decorated with flowers. General Grant and party arrived shortly before nine o'clock, between the acts. A great crowd gathered at the entrance, cheering vociferously as he alighted. On making his appearance in the box, the whole audience rose to their feet and cheered and applauded for several minutes, while the orchestra struck up "See the Conquering Hero Comes," followed by a medley of national airs, accented by discharges of musketry from behind the scenes.

NEW YORK, 25.—D. Justo A. Roseman has been appointed minister to Washington from the United States of Colombia.

The *World's* Washington reporter has interviewed Postmaster General Key regarding the shooting of the Blackville postmaster. "We have but a one-sided story," he said, "and I intend to know the case fully. From what I hear, I should judge under similar circumstances, the same thing might happen in any northern town. Nix is a negro and the whites don't want him in office. Had the community been an ordinary one probably he would not have been appointed, but the population of Blackville is largely colored, and it seemed impossible to avoid appointing a negro to some office. There was special reason for it in his case, because the agent recommended him. No sooner had he taken his place, however, than Senator Butler wrote that he was vulgar, rude, and incompetent. I regard Butler as an honorable man, and I have no doubt but what he wrote he believed true. If it was true, of course Nix was unpopular for other reasons than his color, and although the method by which the attempt was made to quiet him was decidedly reprehensible, it was evident that a white person alone could fill the office acceptably."

The papers to-day, publish Nix's account of the shooting: While I was at the letter box getting his (Williams') mail for a man whom he had sent, I was disturbed by the clicking of a pistol at the delivery window, about six feet from the letter box at which I was standing. I half turned, and as I turned, he (Williams) who had slipped from across the street into the room and up to the delivery window, fired, putting his hands through the window, the ball taking effect in my right arm and across my chest, and entered the letter box. After he fired he immediately went into the street, pistol in hand, which created quite an excitement. I called upon the authorities for assistance, but being

all democrats, they refused to render any.

A special meeting of the American Society of Civil Engineers was held last evening, to discuss the various plans for the inter-ocean canal across the Isthmus of Panama. T. C. Clark presided, and F. M. Kelly was requested to relate the results of his explorations of the Isthmus during the past 20 years.

Kelly said he first began to devote his time to the study of the canal in 1851 and had sent out engineers at his own cost. He favored the Atrato Truando route, and had always insisted upon a canal without locks or dams, having been assured by ship owners, insurance men, and ship captains that locks and dams would be a great objection. The cost of the canal proposed by him would be about \$18,000,000. It would be still water, the canal 28 feet deep, 120 feet wide at the bottom and 125 feet wide at the surface. The tunnel through the mountain would be 80 feet wide, allowing the passage of only one ship at a time, or two hundred ships in twenty-four hours.

S. F. Shelbourne said he did not believe in the Tehuantepec route, and advocated by De Garry, but advocated with Kelly that a sea level canal was the most practicable. As to the tunnel through the mountain, he had treated it more heroically than Kelly had done. He showed a drawing of the proposed tunnel in which the vertical section was shaped like a Minnie bullet, 100 feet wide at the bottom and 168 feet high from the bottom to the crown of the arch, or large enough to pass the largest vessel now afloat. He thought such a tunnel would be perfectly safe, but if necessary it could be supported by iron abutments on the inside. The whole amount of excavation for this tunnel, by the San Blas route, would be a little more than 18,000,000 cubic yards and the cost of the canal, at the highest estimate, including the tunnel and open cut work, would be \$60,000,000.

General Wright, of Philadelphia, said he had studied carefully the various routes of the proposed canal across the Isthmus, and that he had come to the conclusion that the Panama route was by all means the most practicable. A ship railway, as proposed by Captain Eads, was then discussed. Kelly said that there would be no difficulty about building such a railway. It would be merely a matter of dollars and cents, but it might be difficult to select a route with the proper grades.

Clark agreed with Kelly that a ship railway was perfectly feasible, and thought the suggestion of Ammen, that the whole question be carried to a convention of American engineers, was a good one.

A resolution, appointing a committee of three engineers to study the various routes, will probably be offered at the next regular meeting of the Society.

At 3 o'clock the score was, Weston, 295; Rowell, 361; Hazael, 328; Guion, 318; Ennis, 279; Merritt, 334; Hart, 305; Krohn, 277; Taylor, 170; Federmyer, 256. Rowell left the track at 1:38 and came on again at 2:11. Ennis has taken possession of the tent vacated by Jackson. Hazael came on the track at 2:38 very stiff, apparently. He moved slowly at first, but gradually increased his gait. Hazael, Rowell, Westyn, Guion, Merritt, Krohn, Ennis and Federmyer were then all on the track.

BUFFALO, 25.—On Tuesday last Charles E. Schuyler, of Little Falls, telegraph operator, called on the daughter of one of the prominent citizens, at her school. Schuyler represented to the girl that he was in the employ of her father, who had been injured by the fall of a building, and desired to see her. She accompanied Schuyler to the place where he said her father was lying, and as the two entered the room he locked the door and told the girl she was a prisoner until money had been paid him. He then forced her to copy the following part of a letter to her father, which he had written:

"Dear Papa:—I ask you to give this man \$500, for unless he raises that sum within a week he is ruined. He pledges you his word and honor that it shall be returned to you in sixty days. For this loan he has no security to offer, except myself, whom he has in keeping. He must have this sum immediately, within a week. So long as I think you intend to pay

this sum just so long shall I be kindly dealt with, but at the first indication"—At this point the girl stopped writing and begged to be released, promising to raise the required sum and bring it to him. On her swearing to never disclose what had happened she was released, and yesterday told the story. Schuyler was arrested, and confessed, to-day, his crime. On his person was found a letter to the father of the girl, in substance, that he had his son Willie, six years old, in custody, and would release him on the payment of \$5,000, and if not forthcoming, the child would be drowned. Schuyler was held to bail in \$5,000. The names and residences of a number of children of wealthy people were also found with him.

BRIDGEPORT, Conn., 25.—A few hours after the coroner's jury had acquitted Mrs. Lounsbury of any criminal responsibility for the murder of her husband, a complaint was issued by the grand jury, and returned to Justice Smith, who went to the residence of Mrs. Lounsbury, and after reading the charge put her to the plea without counsel. In an agonizing tone she pleaded guilty. The justice announced that he would defer further proceedings until this morning. Meantime the friends of Mrs. Lounsbury arrived and engaged counsel. Mrs. Lounsbury is quieter this morning, and realizes the enormity of her crime, and expresses her willingness to suffer the full penalty of the law. Lounsbury's funeral has been arranged for Saturday, at Christ Church. Bishop Williams, Rt. Rev. Bishop Bedell, of Ohio, and a large number of clergymen will be present.

MEMPHIS, 25.—One new case reported this a.m. One death has occurred.

SAN FRANCISCO, 25.—A dispatch from Susanville says: The entire business portion of Alturas, Modoc County, was burned on Monday night last, no particulars.

NEW YORK, 25.—The score at 7 p.m. was Weston, 317; Rowell, 388; Hazael, 355; Guion, 338; Ennis, 301; Merritt, 350; Hart, 325; Krohn, 294; Taylor, 177; Federmyer, 275. Score at 1—Merritt, 367; Hart, 339; Krohn, 307; Taylor, 248; Federmyer, 288; Weston, 322; Rowell, 402; Hazael, 368; Guion, 345; Ennis, 310.

The *Commercial Bulletin*, strong railroad monopolist journal, says: "Cornell's letter of acceptance is as satisfactory an enunciation of the principles relating to the railroad question as any mere words could be," and that "Robinson's letter accepting the renomination is remarkable for the absence of one word relating to this question, notwithstanding the very pronounced utterances of the Syracuse platform concerning it. It thinks it hardly probable that the omission of any allusion to such a conspicuous issue can have been otherwise than designed."

The Tammany voters are very actively organizing in other parts of the State, as well as in this city, and believe they can command 50,000 votes against Robinson, this year, and against Tilden himself, if he should be nominated.

The *Tribune's* Washington special says: A telegram received to-day from Collector Brayton, of Charleston, S. C., says: Yesterday, Deputy Marshal Davis arrested J. B. Panther, near Spartansburg, S. C. Panther gave bonds and was released a few moments later. Davis and Panther had a fight at the top of the stairs, in which Davis was dangerously wounded in the thigh. Panther then fled down the staircase. Davis called for help to arrest him, and two colored men near by endeavored to stop Panther, but failing, one of them, Andy Westfield, shot him in the leg. Panther is at liberty and the colored men have been arrested and put in jail. The collector fears they cannot be protected by the United States as Davis seems to have had no right, as deputy marshal, to ask their assistance, yet they considered they were aiding him officially to prevent an escape.

The Hudson Tunnel Company resumed operations yesterday, after tiresome litigation of several years, begun by railroads and private citizens to restrain the work. The courts of New Jersey decided, last Monday, that the company were legally entitled to build their tunnel, and Dewitt C. Haskin, the president, immediately set to work with 50 masons and laborers at the original point of departure, on Jersey Avenue and Fifteenth Street, Jersey City.

Detroit, 25.—The English Eleven made 158 runs to-day, only four wickets down. NESHO FALLS, Kas., 25.—A presidential party arrived at 10 o'clock this morning. Preparations had been made for reception of the party. The president will proceed at once to fair grounds, where there will be speeches by Gov. St. John, on behalf of the State, and by Mr. W., member of Congress, the local population, enthusiasm and good will. The President will deliver a speech at 6 o'clock here for Emporia.

WASHINGTON, 25.—The *Star* publishes an account of the Senate committee to investigate the affairs of the First National Bank, in which the committee reported to have said that as he was the only member of the committee at present in the city, he felt constrained to lock on his mouth. He, "when we do make a move there will be startling news which I cannot now speak of."

DES MOINES, 25.—The *State Register*, from the roll Co., reports a disastrous fire in that city, resulting in a loss of \$200,000. The fire originated in the business of the city. The fire originated in Shaffman's saloon, and in two hours it was a mass of flames. The loss is about \$35,500.

MEMPHIS, 25.—There was an earthquake at 9:10 o'clock to-day, north west to south east. Seven new cases were to-day, among them Walter J. Jeff, the first of his class to be attacked this season. In all, to-day.

SAN FRANCISCO, 25.—Being set apart for the General Grant in California, containing General Grant and party left the Pacific wharf, at 10:15 a.m., and drove to the wharf, and ab and the *Amador*, of the considerable crowd was to witness the start. The wharf was followed by the crowd. At the wharf gathering was present, see General Grant, and was some crowding for a respectful quiet was. Just as the Grant party the *Amador* left the wharf, every available inch of the wharf was filled with people going to witness the receipt of the *Amador* left the wharf. The wharf was followed by the crowd. At the wharf gathering was present, see General Grant, and was some crowding for a respectful quiet was. Just as the Grant party the *Amador* left the wharf, every available inch of the wharf was filled with people going to witness the receipt of the *Amador* left the wharf.
