A lively scrap took place in the city council chamber Monday evening, when Chief Browning sent in the name of N. A. Herrick for confirmation as patrol man. It seems that Mr. Herrick is "Mormon," and Councilman Hender abot, who is not of that faith, stated

that at the request of a prominen citizen he wished to call the attention of the council to the fact that all th ecent appointments to the police de partment had been members of the dominant Church, and he protested against this. There was a tumult at ance on the floor of the chamber. Sev eral members desired to be recognized by the president to reply to Mr. Hen-derahot, but President Driver informed Mr. H. and the other members (the council that he would have no church or anti-church business in this council. Hendershot retorted that he "did not want any church game played Several members replying to this remark, denied the statements made and scored the gentleman

most severely, and it is believed that no future attempt will be made to lu: hurch questions into the council again LOST HIS FINGERS.
