

GOV. SPARKS IS HAVING HIS WAY

Senate and Assembly Pass Resolution Petitioning President to Keep Troops at Goldfield.

UNTIL ACTION CAN BE TAKEN.

No Argument on Either Side—Governor Receives Many Congratulations From Both Parties.

Carson City, Jan. 16.—The Nevada state senate passed a resolution at its morning session today, petitioning the president to maintain troops in Goldfield until the legislature adjourns, by the passage of a law, provides either for a police force or some other method of maintaining the peace. The resolution was passed unanimously. The senate then adjourned until tomorrow at 11 o'clock.

Mr. Husky of Washoe, by request, explained the action of the special committee that drew the resolution. He said that while members of the mine union or the Mine Owners' association would not be asked to allow a committee to address the committee, yet any citizen or any body of citizens would be given consideration by the introduction of a bill or measure bearing on the subject of constabulary or military establishment. This rule was offered in committee by Mr. Syphus of Lincoln county, and supported by Mr. Hamilton of Esmeralda county, who is a member of the Western Federation of Miners. He denied that it tended to make a "game" rule, but said it would expedite legislation and bring the matter to an immediate issue. It was further ordered that the special committee appointed to handle the question of military rule, make a standing committee. The assembly adjourned until 1:30 this afternoon, when the resolution will be taken up and the first strength of the opposing factions will be tested.

At the afternoon session of the assembly the resolution which passed the senate this morning, petitioning the president to retain the troops temporarily, passed without a negative vote. There was no argument on either side as to the merits of the measure. Gov. Sparks was at the speaker's desk and as he came into the hall was greeted with applause. Speaker Skaggs, who has opposed the governor in the matter of calling troops to Nevada, left the chair and Speaker Pro Tem Folsom placed the motion before the house. Skaggs failed to vote on the measure, absented himself at roll call. The governor is receiving congratulations from both parties since the passage of the bill. There is to be a meeting of the joint committee this afternoon in reference to taking up a measure for policing the state. It is likely that this measure will be introduced by Monday. The assembly adjourned until tomorrow at 11 o'clock.

At a meeting of the special committee of the two houses of the Nevada legislature this afternoon a resolution was adopted which will be presented in both houses tomorrow, placing the limit on all bills relative to the Goldfield situation on Monday at 2 o'clock p. m. Up to that period any citizen may frame a bill or any union or body of men may present a bill or

Do Your Hands Spoil Your Appearance?

If so a little care and attention will make a wonderful difference. We have a splendid variety of Manicure Goods—cuticle knives, scissors, brushes, nail files, polishers, powder boxes, etc. Our prices are always reasonable.

formula that they believe will be in the interest of the state, solving the Goldfield problem. The joint committee will consider all such measures that will be introduced.

It is conceded that the bill will take the form of a state warden measure, such as is used in Pennsylvania, or on that line.

Under the ruling of the joint committee it will be impossible to present any measure before next Monday and the shortest possible time that any law could be passed will be the latter part of next week.

Word was telegraphed to President Roosevelt stating that a resolution requesting the retention of the troops in Goldfield had passed both houses. This cannot be in force until some time tomorrow as the bill will have to be enrolled and signed by the governor.

Considerable comment is heard on Speaker Skaggs' action in absenting himself when the joint resolution was voted upon in the house. The members of the Western Federation of Miners and Fitzpatrick, refused to vote on the measure, this being the only opposition to the bill. It is expected that both houses will adjourn tomorrow until Monday.

DIED OF EXPOSURE.

Jas. Taggart, Uncle of Maj. Taggart and Friend of Horace Greeley.

Chicago, Jan. 17.—A dispatch to the Record-Herald from Orrville, Ohio, says:

His limbs frozen in a night spent wedged in a wood-box into which he had fallen head first, at his home, here, James Taggart, 92 years old, uncle of Maj. Eldmore Taggart of army divorce case fame, died of exposure yesterday.

Taggart and Horace Greeley were close friends, the Ohioan visiting the New York editor frequently. Taggart had been wealthy, but signing of bail bonds for a score of men who fled, wrecked his fortune.

RANCHER BEATEN TO DEATH.

Butte, Mont., Jan. 17.—J. B. Graham, said to be a well-to-do rancher from near Dickinson, N. D., is dead here from the effects of being drugged and beaten yesterday. Graham was found in an unconscious condition near the railroad tracks, his pockets rifled and a bad wound on his head above the temple.

BURGLARS AFTER PRECIOUS STONES

Sought to Steal Famous Kunz-Morgan Collection in American Museum of Natural History.

FATALLY INJURED WATCHMAN.

He Succeeded in Blowing His Whistle For Aid but Robbers Gone When Police Arrived.

New York, Jan. 17.—Burglars attempted late last night to enter the room in the American museum of natural history, where the famous Kunz-Morgan collection of precious stones and gems is kept, and John Kenny, a watchman, was perhaps fatally injured before they were driven away. At a late hour Kenny was making his rounds and opened a door leading from the main corridor into the stuffed bird room from which double iron doors lead into the gem room. As he opened this outer door he was suddenly struck on the head with some heavy instrument, presumably a hammer, and half stunned. He quickly grasped with his assistant, but the latter drew a pistol and fired a bullet which passed through Kenny's hand. Then striking Kenny a blow in the face that knocked him down, the burglar made his escape. As soon as he recovered sufficiently, Kenny crawled to a window and after blowing his whistle for aid, made his way to the front door, where he found a policeman. The reserves were sent for and the building was thoroughly searched, but no one was found, an open basement window showing where the burglar escaped. Kenny was taken to a hospital. There the surgeons say that his skull may be fractured.

The Kunz-Morgan collection of gems, which consists largely of gifts to the museum from J. Pierpont Morgan, is one of the largest, most complete and most valuable of the kind in the world. Its cost was more than half a million dollars, and it would probably be impossible to duplicate it. The collection is protected by double iron doors, which are closed at night and locked with a combination lock, a watchman being locked into the room. It is supposed that the burglar—Kenny saw but one—intended to force his way through these iron doors.

GEN. PUTNAM'S DESCENDANTS TO SEEK ENGLISH FORTUNE

Chicago, Jan. 17.—Descendants of Gen. Israel Putnam of revolutionary fame, will within a few days, hold a family council at which time plans will be made to prove the right of the family to a fortune of \$20,000,000 which is said to be lying in the vaults of the Bank of England. The move is the result of the receipt of a letter from the public trustee at London, asking if the family intended making any further attempt to prove its right to the money. The last attempt to secure the fortune was made by Miss Clara Putnam, a descendant of Gen. Putnam. She spent much time in securing proof of her descent from the original owner of the estate and when she had practically completed her work all her papers were destroyed by fire.

PROMOTER RICHARDS FAILS TO RETURN FROM EUROPE

Boston, Jan. 16.—Through the failure of George Livingston Richards to return from Europe, where he went last July on permission of the court and to the dissatisfaction of many investors in a number of Richards's companies, Francis W. Hunnewell was today appointed receiver by Judge Lowell in the United States circuit court for the George Livingston Richards company and the Agnew Auto-Mailing Machine company.

Richards, from the time he came here 10 years ago penniless, has had a meteoric career and is now believed to be a millionaire. He built a magnificent residence in Brookline and his reputed \$500,000 stable of racing horses received wide attention.

He attracted small investors from all parts of the country and started numerous enterprises, the golden tide constantly flowing in as new propositions were launched.

"The Brown Book" was the first publication which brought Richards's name prominently before the public, the magazine having a claimed circulation of over half a million. It was

NEGLECT DANGEROUS.

Neglect of even an ordinary cough or cold is apt to leave the lungs sore and especially susceptible to bronchial affections. To break up a cold quickly and cure any cough that is curable there is nothing more effective than a mixture of one half ounce of Virgin Oil of Pine, with two ounces of glycerine and a half pint of good whisky. Take a teaspoonful every four hours. Five ounces of tincture of Cinchona compound can be used instead of whisky with the same result.

The ingredients for this mixture are not expensive and can be purchased at any good drug store. It will always be found more satisfactory, however, to purchase each separately and mix them at home. Virgin Oil of Pine is a pure compound guaranteed by the manufacturers under the Food and Drug Act, Serial No. 451, and is prepared only in the laboratories of the Leach Chemical Co., Cincinnati, O., being put up, for dispensing, only in half-ounce vials, each vial securely sealed in a round wooden case.

So great was the shock to her that she died. Since then nothing has been done by other members of the family, eight of whom live in New Jersey, and as many more in New England states.

RICHARD McCURDY RETURNING.

New York, Jan. 17.—It is rumored in New York that Richard A. McCurdy, the aged ex-president of the Mutual Life Insurance company, who has been abroad since the insurance scandal several years ago, is on the Atlantic bound for New York. Servants have been ordered, it is said, to have the family residence at Morristown, N. J., ready for occupancy on Jan. 25. It is said that Mr. McCurdy and his wife sailed Wednesday, the only ship leaving on that day being the Adriatic, which is due in New York, Jan. 22. Mr. McCurdy has been ill during a greater part of the time since he left America, and it is said that Mrs. McCurdy is also very seriously ill.

PROMOTER RICHARDS FAILS TO RETURN FROM EUROPE

Boston, Jan. 16.—Through the failure of George Livingston Richards to return from Europe, where he went last July on permission of the court and to the dissatisfaction of many investors in a number of Richards's companies, Francis W. Hunnewell was today appointed receiver by Judge Lowell in the United States circuit court for the George Livingston Richards company and the Agnew Auto-Mailing Machine company.

LENIHAN AND PLUNKETT.

President to be Petitioned to Pardon Butte Linemen.

Anaconda, Mont., Jan. 17.—President Roosevelt will be petitioned by the

used to advance the interests of later companies promoted by Richards. More than a year ago, it is said, Richards was arrested at the instigation of a dissatisfied investor and was obliged to give bonds. The litigation is still pending. As a result, when Richards wished to go abroad in 1907 he had to get permission of the court and gave two additional bonds. The appointment of a receiver today was the result of a petition brought by John A. Goodwin of Richmond, Va., an old soldier, who invested \$700 in each of the two companies, the George Livingston Richards company and the Agnew Auto-Mailing Machine company. The petition alleges mismanagement and fraud.

According to the last statements filed in July of last year, the George Livingston Richards company had a capital stock of \$1,000,000, assets of \$1,675,215 and a floating indebtedness of \$181,990.

The statement of the Agnew Auto-Mailing Machine company showed a capital of \$2,000,000, assets of \$3,885,159 and a floating indebtedness of \$35,321.

ORMAN AND CROOK. CONTRACTORS. BANKRUPT.

Denver, Jan. 16.—A petition in bankruptcy was filed this afternoon with the clerk of the United States court by Orman & Crook, railroad contractors, this city. This firm had the contract for the construction of part of the Moffat road.

Liabilities are given as \$741,136 and assets as \$1,282,771. Of the assets \$349,958 consists of debts still due and \$330,000 of this amount is considered "not good."

The firm places the value of its machinery and tools at \$172,700, its horses at \$52,550, and its stocks and bonds at \$125,000.

James B. Orman, head of the firm, was formerly governor of Colorado. William Crook is the other member of the firm. It has been identified with a number of big contracts in the west. Both partners filed their entire personal property, reserving nothing except their Pacific homes, which are owned by their wives.

Judge R. E. Lewis signed papers declaring the firm bankrupt.

The principal creditors of the firm are the First National bank of Pueblo and First National bank of Denver. Liabilities to the Denver bank are stated at \$148,000, covered by security amounting to \$150,000, and of the Pueblo bank at \$173,000, with securities amounting to \$80,000, principally Pueblo real estate. The latter bank, however, has also individual holdings of Gay, Orman and Mr. Crook amounting to \$155,000 and \$50,000 respectively.

The failure is mainly due to inability to collect large amounts owing to the firm from other contractors. It is also reported that the firm has lost \$200,000 in the last five years on government contracts at Belle Fourche, S. D., and in Wyoming.

After a heavy meal, take a couple of Doan's Regulets, and give your stomach, liver and bowels the help they need. Regulets bring easy, regular passages of the bowels.

President to be Petitioned to Pardon Butte Linemen.

Anaconda, Mont., Jan. 17.—President Roosevelt will be petitioned by the

Prolonged Life

There are many persons living to-day, whom doctors have given up to die. Dr. Miles' Heart Cure has added years to their lives. It strengthens the heart nerves and muscles, restores normal heart action, so that it can send the blood through the veins to nourish and sustain life.

"I am glad to recommend Dr. Miles' Heart Cure and Nerve Tonic for they have been of great benefit to me. The doctors said I was liable to die any time; my case was incurable. I was told by doctors in this village and Southern Minnesota, I have used four bottles of Heart Cure and the same of Nerve Tonic, and although not a young man, having passed through the war, I feel younger than I did before. I am feeling better in every way and sleep like a healthy six year old boy. I was advised to use your medicines by a man who is now a perfect specimen of manhood. He tried Dr. Miles' remedy and he said it cured him of heart trouble, twelve years ago after the doctors had given him up to die."

CHAS. E. MURPHY, Verndale, Minn.

Dr. Miles' Heart Cure is sold by your druggist, who will guarantee that the first bottle will benefit. If it fails he will refund your money.

Miles Medical Co., Elkhart, Ind.

labor bodies of this city to pardon Lenihan and Plunkett, two men imprisoned for violating an injunction granted the Rocky Mountain Bell Telephone company, protecting their non-union employees from interference by the unions.

HEINZE'S BUTTE BANK.

Hearing of Application for Receiver Continued to February 17.

Butte, Mont., Jan. 17.—Acting upon the request of Atty-Gen. Albert J. Calen and Bank Examiner Timothy E. Collins, Dist. Judge George M. Bourquin has continued the hearing on the application for a receiver for the State Savings bank of this city, which suspended during October, until Feb. 17, the court stating that while the conditions he had imposed upon those interested in the bank had not been fully complied with, yet by P. Augustus Heinze, the general condition of the institution was such that he felt the bank would be in shape to resume business by the 17th of next month.

Yesterday was the date set for P. Augustus Heinze, who was the principal stockholder in the bank, to deposit \$250,000, which sum he owed the bank. Whether or not this deposit was made the court did not state.

OFFICERS WHO COULD NOT STAND RIDING TEST.

Washington, Jan. 16.—It was announced at the war department that the following named officers of the army will be placed on the retired list because

of disabilities incurred in the line of duty.

Lieut. Col. John C. Muhlenberger of the pay department, stationed at the Presidio of San Francisco.
Capt. Solomon P. Vestal, Ninth cavalry, now in the general hospital at Fort Bayard, N. M.
Maj. Pierce M. B. Travis, Eleventh infantry, now in the general hospital at Washington barracks, Washington, D. C., and Capt. Frederick K. Krug, Twentieth infantry, stationed at Honolulu.

These officers were included in the list of officers examined by the Davis retiring board in this city because of their failure to qualify for the riding test prescribed by President Roosevelt.

In response to an inquiry Secy. Taft said today that it had been decided to retain Col. W. L. Marshall, corps of engineers, on the active list, in charge of harbor improvements at New York, for the reason that he was fully capable to perform the important duties, despite the fact that his size and weight prevented his taking part in the riding test at Fort Myer. Col. Marshall stands ready at any time to ride with his brother officers, but so far the army quartermasters had failed to provide a horse strong enough to carry one of his weight with safety.

Many ills come from impure blood. Can't have pure blood with faulty digestion, lazy liver and sluggish bowels. Burdock Blood Bitters strengthens stomach, bowels and liver, and purifies the blood.

TAKING PAINS
