MINERS WHIPPED BY HOME TEAM.

Martin Pitched For Butte and Was Hammered For Twenty-One Safe Hits.

Toter Twirled for Salt Lake and Held The Visitors Down to Six Hits -Eastern Games.

Salt Lake walloped the Butte Miners yesterday afternoon at the ball park by a score of 14 to 1, and incidentally gave young Martin, Butte's new pitcher, his bumps good and plenty. Wilmot no doubt thought he had a great "find" in Martin, and perhaps he has, but he has not been fully "discovered" as yet. The local willow wellders fell on him with a dull sickening thud, or rather a series of thuds, and simply hammered him all ove. The scorer ran out of paper the lot.

the lot. The scorer ran out of paper trying to keep even in scoring the hits made by the hame crowd. If is known for a certainty that they pounded Mr. Martin for a total of 21 safe ones and they were good for 14 runs. Only once did the Butte runners con-pered in the third inning. McHale hit, was sacrificed, and scored on a hit by Martin. After that they could do nothing with Tozer. The latter pitched cham-posship ball, and is entitled to a few words of praise. He had splendid control and held the visitors down to six little and held the visitors down to six little bingles and kept them well scattered. The summary follows:

National Golf Games. Wheaton, III., Sept. 30.--Two rounds of Is holes each through a cold wind and drizzling rain tried the strength as well as the golfing skill of the players in the women's national tournament today. The features of the day's play were the de-feat of Mrs. Caleb Fox of Huntington Valley by Miss Bessie Anthony, the west-ern champion, and Miss L. A. Wells of Brookline, runner up to Mrs. Stout in last year's tournament, at the hands of Miss "Johnny" Carpenter of Westward Ho. Miss Anthony disposed of Mrs. R. H. Barlow of Marion in clever fashion in the morning round and her general play through the day makes ber a strong fa-varite of the western players for the finals. Miss Fannie Osgood of Brookline won both of her games so handly that she is looked upon as a very probable winner of the championship. Miss Os-good's and Miss Anthony's medal scores were the best of the day and showed ingh class golf.

Special Correspondence Special Correspondence. Kansas City, Mo., Sept. 23.-Supply last week at Kansas City was 72.931 cattle and 7.035 calves, against 75,000 cattle and 8,500 calves the same week last year. Western grass cattle made up most of the supply, as usual, con-sisting largely of stockers and feeders. Stocker and feeder business was big, at nearly 1,100 cars bought by country feeders, or about 32,000 head. Supply of this class of cattle was much heavier than dur-ing any other week this year. How-ever, the country demand was some-what short of the supply, and all kinds lost 10 to 20 cents, principally on heavy feeders. Veal calves went up 25 to 50 cents, and the best light weights brought \$8.25. Top corn eattle brought \$5.55, but most western grass fat cat-tle sold from \$4.25 to \$4.60, and much unipe stuff was diverted to feeders buyers. Western stockers and feeders sold largely from \$3.00 to \$3.60, and cows and heifers above conners gold from \$2.25 to \$2.65. here is 10 to 15 cents lower, except for best corn steers. Country feeder buy-ers are here in large numbers today, but many of them are bargain hunters. Supply of sheep at Kansas City last week was more liberal, at 37,438 head, and market was very satisfactory, both on killing and country kinds. Packers put on 25 cents early in the week, but stock most of it off before the close. Country kinds gained steadily, and closed the week at top notch. New Country kinds gained steadily, and closed the week at top notch. New Mexico feeding wethers sold at \$3.60 Friday, but most feeding wethers sell at \$3.40. Western wethers sold up to \$3.85, but closed a little below that. Lambs sold early in the week at \$5.15 for westerns, but quality was good. Run today is large, at 12.000 head, mostly. New Mexican feeders, for "which there is a ready sale. Best lambs bring \$5.00 today.

Much Touted "Irish Giant" Was Very Easy and Proved to be a Rank Quitter.

Philadelphia, Sept. 30 .- "Con" Coughlin popularly known as the "Irish Giant, was to have fought six rounds with Bol Fitzsimmons tonight at the Washington Sporting club, but he was so greatly out classed by the former puglistic champion that he gult before the expiration of the first round. At no time during the two minutes and fifty-two seconds the round lasted did Coughlin have a show and in that brief time he was knocked down three times. He seemed to scared, and wanted to quit before he did, but his seconds would not permit him to throw up the sponge.

The round opened with both men cau tious for a few seconds, after which Fitzsimmons swung a left to the jaw and Soughlin put a light left to the mouth Fitzsimmons sent another to the jaw and a clinch followed. The former champion then struck out viciously and hooked Coughlin on the inw, which sent the giant to the flour for four seconds. As soon as he regained his feet a right and left to the jaw sent him down again, this time for the count.

He came back slowly and Fitz landed a terrific uppercut on the chin.

Coughlin appeared to be scared and wanted to quit, but his seconds sent him to the center of the ring. The moment he put up his fists Fitz again dropped him to the floor with a left to the jaw. Coughlin's second, Sam Fitzpatrick, then threw up the sponge. Coughlie was taken back to his corner in a half-dazed condition.

writes Mrs. Augustus Emory, Treasurer New Century Club, 34 Dean Street (Roxbury), Boston, Mass. She continues: " My work which before had seemed an easy task soon seemed like a heavy burden. Having no faith in doctors I decided to try Dr. Pierce's Favorite Prescription, which several of my friends praised so highly. I felt relief within a week, my appetite came back, the pains gradually decreased and I enjoyed sound sleep. Within fourteen weeks I had completely recovered my health." I seemed built up anew, my pulse, which had been weak became normal, and new life animated my entire being. I gladly endorse your medicine,"

It is much easier for a woman to confide in the average man than in the average woman. She knows that the man will respect her confidences and keep them to himself, and not one woman in ten places implicit confidence in her own sex. There is every reason why women should not trust their delicate constitutions in the hands of unskilled persons. It requires a thorough medical education to ap-preciate and understand the womanly organism. When a woman has ills and pains that she cannot bear-when life seems dark for any woman, she should con-fide her troubles to a physician of standing in the community or one who has a hde her troubles to a physician of standing in the community of one who has a national reputation. Certainly it would not be the part of wisdom to confide in an ignorant person without medical education simply because she *was a woman*. There is every reason why she should write some great specialist, one who has made the diseases of women a specialty for a third of a century like Dr. R. V. Pierce, founder of the Invalids' Hotel and Surgical Institute of Buffalo, N. Y. All correspondence is held sacredly confidential, and he gives his advice free and without charge without charge.

Dr. Pierce's Favorite Prescription restores weak and sick women to sound health by curing the local womanly diseases which are generally responsible for the failure of the general health. A woman's entire being is centered in her womanly nature. When the delicate womanly organism is attacked by disease; when there is irregularity or a disagreeable drain; when inflammation burns and ulcers gnaw

is irregularity of a disagreeable drain; when inhamination burns and dictrigularity the general health will reflect the progress of disease, in increasing weakness, nervousness, backache, headache, loss of appetite and sleeplessness. Dr. Pierce's Favorite Prescription cures all these ailments, and cures them per-fectly and permanently. It wipes out the record of suffering as a child wipes a sum from a slate. It makes the woman *fecl* like a new woman, and *look* like one, because it rounds out the form and restores the healthy color to the face.

So sure of it is the World's Dispensary Medical Association, of Buffaio, N. Y., proprietors of Dr. Pierce's Favorite Prescription, that they offer a \$500 reward for women who cannot be cured of Leucorrhea, Female Weakness, Prolapsus, or Falling of womb. All they ask is a fair and reasonable trial of their means of cure.
