A TERRIBLE ORDEAL.

C. D. BRINTON TOOK BY A BULL AND DIED.

About a week ago Mr. Caleb D. Brinton, of South Cottonwood, purchased a Jersey bull from Mr. Barton Snarr of this city.

Shortly after Mr. Brinton's return he went into the pasture himself to take a cow within the enclosure.

At the junction the bull made another assault striking his flanks with such force as to send him clear over the enclosure beyond his reach.

Yesterday morning two of Mr. Brinton's brothers entered the pasture on horseback for the purpose of securing the bull, when the latter called right after them.

The Proposed Waterworks.—For a long time a water supply for the people living on the North Bench has been intrinsically one of the leading questions connected with the corporation.

TRAGEDY NEAR DILLON.

A SHOWMAN MURDERS HIS ASSISTANT.

The Butte Miner of the 9th has the following dispatch from Dillon: "Prof. C. A. Lewis, who is well known in eastern Montana, having traveled through that section with a magic and slight of hand performance, charged with the commission of a terrible crime near this city yesterday.

When first arrested, Lewis acted crazy and talked incessantly in almost incoherent language, the drift of which seemed to be that Eva wanted to die and be an angel, and now she had her wish.

Run Over and Killed.—An insane man was killed by a light engine on the Oregon Short Line, at McCannan Junction, Wednesday morning.

A Candid Admission.—The following appeared in an English paper in connection with the discussion in Parliament on the bill to legalize marriage with a deceased wife's sister:

Proposed Panorama.

We are pleased to note the fact that Brother Reuben Kirkham, one of our home artists, formerly of this city, now of Logan, Cache County, is engaged on a very interesting piece of work.

It will be remembered that he and Mr. Alfred Lamborne painted a panorama called "Across the Continent," which was exhibited in many of the settlements of the Territory.

It displayed considerable merit on the part of the artist. Since then, however, Brother Kirkham has had considerable experience and the one now evolving from his brain and brush will doubtless be much superior from an artistic point of view.

His talents are quite undiminished regarding his subject, which will be of much deeper interest to the majority of the community than the other. The idea was suggested to him by a friend years ago, when at work on the former one, and the desire to put it in shape has adhered to him ever since.

It is a well-established axiom that in skillful casting the chief condition of success is the use of a good line, or equivalent to a well-defined proficiency of a rodster, whether he be fly, midwater, or bottom fisher.

When these different exercises have been successfully performed with a fair length of line, the rodster may safely try his hand upon the bottom of the water element.

Read What the Farmers of Utah Say of the

Osborne No. 11 Twine Binder

RANDY, Utah, July 31st, 1883.

Messrs. D. M. Osborne & Co.,

Gentlemen:—Last year I bought a Marsh-Whitney Low Down Binder and fooled away the entire season trying to harvest my crop.

Knowing that the Osborne No. 11 Twine Binder was running all around me and doing good work I went to town yesterday and purchased one. To-day it was set in motion and after thoroughly testing it in short and tall grain alike, I feel like recommending the Osborne to the farmers of Utah, as a machine that will give entire satisfaction.

Mr. Hardcastle is my neighbor, and after witnessing the working of both Binders above referred to, I heartily endorse all he has said.

JAMES C. BROWN, WALKER, Utah, August 1st, 1883.

We, the undersigned, farmers of Sanpete County, this day witnessed the cutting and binding of an Osborne No. 11 Twine Binder, and hereby certify that it did excellent work—the best we ever saw.

We would confidently recommend it to any farmer wishing a Binder and say, say to no other.

JOHN E. REESE, O. E. MILLER, WM. LAMB, JOHN EDMUNDS, R. T. LAMB, RICHARD LAMB, THOS. RICHARDS, JNO. GALLOWAY.

LEHI, Utah County, July 23rd, 1883.

Gentlemen:—My No. 11 Osborne Twine Binder was star's 1 to 6, and it gives me pleasure to state that it works to my entire satisfaction. Consider it the best Binder in market. Yours truly, WM. C. CLARK.

KATY'S CREEK, Utah, July 7th, 1883.

We, the undersigned, farmers of Kayville, Davis County, Utah, present at an exhibition of the Osborne No. 11 Twine Binder, on the farm of Thomas Sandall, Jr., Esq., of this place, do hereby certify that the machine exceeded our expectations in every respect, binding a good sized bundle, trim and tight; we consider it a grain and labor-saving machine. In short it works to perfection and we recommend it to our farmer friends.
