

THE YELLOW AND ANGLO-SAXON PERIL

The Russ Denounces a Russo-Franco-Germanic Alliance to Oppose It.

RUSSIAN WOUNDED ARE DYING.

Said to be from Poisonous Gases Emitted from Japanese Shells—Liao Yang Transformed.

St. Petersburg, April 7.—The Russ in an editorial investigation against the section of the Russian press which is proposing an alliance of Russia, Germany and France against what is termed the yellow and Anglo-Saxon peril, economic and political.

"Why not," the editorial asks, "follow the example of France and England and boldly undertake to reconcile differences which now seem hopelessly entangled? Then it would be shown how few they are and what benefit would come from an alliance between us and America against the more grave and common enemy, Germany. This may be the real coalition of the future."

A correspondent of the Voshinsky Vesnik states that many of the slightly wounded in the first bombardment of Port Arthur have died as a result of the poisonous gases emitted from the Japanese shells. He notes that many of the enemy's projectiles fall in or near the hospital and adds that it has been determined to evacuate the city hospital at Dainy if that place is bombarded, because of an unwillingness to trust to the humanity of the Japanese.

In the Amursky Krai it is reported that there is a lack of locomotives and other rolling stock for the Chinese eastern railroads. Viceroy Alexieff, while returning to Mukden experienced delay in consequence of hot boxes and noted the slow transportation of troops over this line, the service of which compares unfavorably with the trans-Siberian and Ussuri roads. Insufficient fuel and the absence of facilities for providing water, it is further reported, also hinder efficient service.

Vice Admiral Stark has received the Order of St. Vladimir and Rear Admiral Prince Ukhomsky has been decorated with the Order of St. Stanislaus in recognition of their able defense of the torpedo attack by Japanese on Feb. 8.

The Order of St. Vladimir has been bestowed upon Capt. Reitzenstein for his able handling of the Vladivostok squadron.

A special dispatch from Port Arthur describes how the cruisers Bayan and Novik during the attack on Port Arthur on March 27 covered the torpedo boat destroyer Sini which was surrounded from the enemy's fire, hauling her off the shoal and bringing her back to port. It further describes how subsequently the whole Russian fleet sailed out of the harbor and formed line of battle ready to accept a combat which the Japanese declined.

Three of the Japanese iron ships sunk in attempts to block the harbor have been raised and towed into the harbor at Port Arthur, where they are being armed with rapid fire guns for service against the enemy.

A correspondent of the Novosti writes from Liao Yang, March 23, that small towns had been transformed into a military city as a result of the arrival of many troops. Living had become extremely expensive due to the inability of merchants to obtain private freight. No goods were allowed to be shipped to Liao Yang from Port Arthur. A table of prices shows that the necessities of life had risen to two and three times the normal prices. American beer was quoted at 50 cents a bottle whereas before the war it brought only 10 cents.

No relief from the high prices can be had, as the military requires the use practically of all the space in the railroad cars.

FAIR WEATHER.

It was quite cool this morning, the mercury falling to 30, two degrees below the freezing point, and another cold spell is predicted by the weather office for tonight, with frost, if the wind does not blow. There is a cool wave blowing over the entire northwest, which may last a couple of days. Fair weather is likely to continue for several days, which will be likely to largely drive the enemy from the coast.

SUING A SCHOOL MAN.

Wife of Ex-Principal McKay of the Lowell, Wants a Divorce.

Mattie E. McKay today filed suit for divorce in the district court against Geo. N. McKay, formerly principal of the Lowell school, on the ground of failure to support. They were married at La Veta, Colo., on Aug. 26, 1888.

Mr. McKay is the man whom the board of education last year refused to re-engage. There was a great ado over the board's refusal, but a majority of the

members were firm, some of them saying that they had reasons they did not care to discuss publicly. Whether the troubles that culminated in the action taken by Mrs. McKay today, quietly figured in the matter, is not publicly known.

INFORMATION WANTED.

Elder J. R. Halley, whose mission address is 157 east Main street, Amsterdam, N. Y., is desirous of receiving information concerning the whereabouts of Robert Allen, who joined the "Mormon" Church in England, and emigrated to Utah in 1877. He is supposed to have had something to do with the mason work on the Salt Lake Temple. Information will be gladly received by Elder Halley at the address given.

PRESS COMMITTEE.

Real Estate Dealers Name Four Men as Official "Boosters" for Organization.

The Real Estate Dealers' association has appointed Messrs. Reavis, Cummings, Little and A. Richter as a committee of publicity to furnish the local press with such information of the actions of the association as may be intended for publication. The association extends thanks to Health Officer Dr. Wilcox for his efforts to extend sanitary regulations throughout the city, and improve local health. Little and A. Richter are a committee of publicity to furnish the local press with such information of the actions of the association as may be intended for publication. The association extends thanks to Health Officer Dr. Wilcox for his efforts to extend sanitary regulations throughout the city, and improve local health.

TAKEN TO THE HOSPITAL.

Harry Wilson, the Alleged Calientes Holdup, in a Bad Way.

C. H. Moore, whose true name is Harry Wilson, the man who is charged with holding up a gang of workmen at Calientes several weeks ago and who received an injury in the holdup that necessitated the amputation of one of his arms, will have to be taken to the hospital again this afternoon for further treatment. He has been confined in the county jail since he was released from the hospital, but his wound is getting so serious that he will have to undergo additional treatment at the hospital.

CITY JUSTICE DEAD.

Maurice Lyons of Eureka Passed Away At City Hall This Morning.

(Special to the "News.") Eureka, Utah, April 7.—City Justice of the Peace Maurice Lyons died at the city hall this morning from a complication of diseases. Deceased was a native of Ohio and a veteran of the civil war, serving with an Iowa regiment for several years. He served as an engineer in Illinois and Missouri and also held the position of sheriff in Nevada and was a deputy United States marshal in Utah. Mr. Lyons was about 55 years of age and came to Eureka about 15 years ago. He was elected city justice of the peace last fall, which position he held at the time of his death. The remains will be buried Saturday in the city cemetery.

DESTRUCTIVE FIRE.

Basin, Wyoming, the Scene of a Disastrous Conflagration Today.

(Special to the "News.") Basin, Wyo., April 7.—The business portion of the town had a narrow escape from total destruction by fire at noon. As it was over \$5,000 worth of property was destroyed, also the J. C. Exler saloon.

A high wind prevailed at the time and but for the fact that every able bodied man and woman in the town turned out and fought the fire fiercely the entire place would have been wiped out. Ten business houses were slightly damaged. The stocks of goods were seriously damaged by water and moving to places of safety.

Mrs. Shaw, the Bell Telephone operator, was one of the heroes of the conflagration. She crawled to the roof of the exchange building and for over one hour swept away the sparks of fire blown from the burning buildings and several times she smothered fires that started on the roof.

WOODARD FIRED.

Fumigator Discharged to Make Way for Lee Nickerson.

Another change was made today in the employees of the health department by which R. F. Woodard, who has been fumigator in the department for several years past, is discharged and Lee H. Nickerson of the First precinct takes his place. Mr. Nickerson will assume the duties of his office tomorrow morning.

Hood's Pills

Are prepared from Nature's mild laxatives, and while gentle are reliable and efficient. They

Rouse the Liver

Cure Sick Headache, Biliousness, Sour Stomach and Constipation. Sold everywhere, 25c. per box. Prepared by C. T. Reed & Co., Lowell, Mass.

STRIP MEDICINE OF ITS MYSTERY.

The most skillful Physician in the world has but three weapons against disease. These are sedatives, stimulants, and the knife.

He uses them according to his ability, his conscience, and the symptoms described or revealed to him by the patient. Scarcely any two doctors will diagnose symptoms in the same way, or fully agree upon a case.

Because symptoms are unreliable, and often indicate only a small part of the ailment. It is folly to waste time and money in treating the part of disease indicated by symptoms, when the more obscure and important cause is not removed.

But, what Physician in practice, can afford to admit this? He will do his best to cure, and he often succeeds. He will experiment till he finds a drug which seems to take hold. He will prescribe a relative which humors the Pain or a Tonic which stimulates the sick organ to temporary activity, but the inevitable reaction is bound to follow. He will do his best, but can't afford to tell you he is only experimenting.

There is but one sure way of eradicating disease. That sure way is to go straight for the cause, no matter how tedious the process. The "Cure-quick" method of medicine is as risky and uncertain, as the "Get-rich-quick" schemes of finance.

Even things in treating disease are positively known. The rest is mere opinion. I, who am writing this article, have been thirty years a Physician, and have treated over two million cases.

This has taught me some certainties. I have proven beyond doubt, that nearly all diseases (except some surgical cases), are due to weakness of the innervated nerves. Not the nerves we feel with, the cerebro-spinal system—which is usually treated. But the Power-nerves that operate the Heart, Liver, Kidneys, and all the vital organs.

I have never found weakness of these nerves where any of the organs were sick. It is these nerves alone that give power to operate each organ. It can throw off its poisonous waste matter and rebuild new tissue from the blood to replace it.

When we strengthen these nerves—provide them with a surplus of power—we do more than give new life to the organs known to be affected. We also repair unsuspected weakness in any other organ in complications which do not reveal themselves through symptoms.

This is why my mode of treatment cures in so many cases that baffles other Physicians who rely on symptom treatment.

After years of experience and observation, I have found that the chemical would directly and vitalize these innervated nerves. To this I added, Subtracted from and modified, noting carefully each result till I perfected a prescription which never fails to give strength to the source of Power—to the innervated nerves—strength from the very first.

With it I cured, on an actual test of 2,000 cases, 25 out of every 30 sick people. It is not a "quick-cure" because I have not used in it a single drug that could accumulate, nor be dangerous. If a hundred failures were to occur, I have no sedatives in it to lull the patient into a decision that his pains are disappearing. There are no Narcotics nor injurious Stimulants to exhilarate him temporarily, at the future expense of health.

This prescription is now widely known as "Dr. Shoop's Restorative" and have an I of its curative effect that I will place it on a month's trial, at my own risk, with practically any sick one who writes for it.

If this trial does not convince him it is succeeding, I will bear the whole cost. When Dr. Shoop's Restorative succeeds, as it does in 25 out of 30 cases, the cost to the patient for the entire treatment is but \$2.00. There are no professional help in the case.

And you alone shall be the judge as to whether Dr. Shoop's Restorative is a treatment—your mere word shall decide this without snubbing or question. I have written six books of vital importance to every sick person.

Tell me which book to mail free for yourself or for a sick friend. I will mail it at a Book 1 on Dyspepsia, which book you Book 2 on the Heart, want and address Book 3 on Kidneys, Book 4 on Rheumatism, Book 5 on the Stomach, Book 6 on the Blood.

STREET IMPROVEMENTS.

Mayor Approves of Appropriations for This Purpose—One Veto.

Mayor Morris today approved a number of matters passed upon by the city council last Monday night. Among them are the amendment to the resolution of A. J. Davis, providing for the creation of the office of clerk to the land and water commissioner at a salary of \$50 per month. The original resolution provided that the salary should be \$75 per month, but the mayor vetoed it on account of the excessive salary. The amendment was made and the resolution was accordingly approved by the mayor.

The resolution of Black, providing for the appropriation of \$500 for estimates and plans for the paving of certain streets was also approved. The appointment of J. T. Berry as a fireman and the Tuddenham resolution providing for the appropriation of \$1,500 each to the First, Second and Third precincts, and \$1,000 each to the Fourth and Fifth precincts for crosswalks and street improvements also met the approval of the mayor.

One matter was vetoed by the mayor, viz., the ordinance introduced by Black providing for the humane officer to appoint a deputy dogtax collector. The mayor holds that the power to appoint dogtax collector is vested in the city treasurer, who, by ordinance, is the dogtax collector.

BREWERS MAY COME

Jake Morris is in correspondence with the headquarters of the United States Brewers' association in New York, with a view to inducing them to hold their annual June convention in Salt Lake City. He is in hopes of bringing the meeting here, and the presence in this city at one time of many immensely wealthy men is regarded in business circles as likely to prove of importance to the town.

FOUND DEAD BEHIND SALOON.

Ira K. Wright of Salt Lake City Succumbs to Chronic Alcoholism.

A NOTE OF INSTRUCTIONS

Discovered in His Pocket—Fred Planz Arrested—Jack Furey Up—A Young Lady Dies.

(Special to the "News.")

Ogden, Utah, April 7.—This morning early Officer Wilson found the body of a man named Ira K. Wright at the rear of the Oak saloon on Twenty-fifth street. In one of his pockets was found a note reading as follows:

"If anything happens to me notify my wife at 101 north West Temple, Salt Lake City, Utah."

The deceased had evidently died from the excessive use of alcohol as it had been known for some time that he had been drinking heavily. He has been employed in the Sidney Stevens Implement house, as a bookkeeper.

Wright is about 35 years of age, and is believed in Ogden that he has a number of relatives in Salt Lake besides the wife referred to in the note.

Judge Howell was summoned and empaneled a jury, consisting of O. T. McDowell, James Carlin and I. N. Stanley, who held an inquest on the case at 10 o'clock this morning, but as there were several witnesses to be subpoenaed it was postponed until 2 o'clock this afternoon. A brother of the dead man came up to Ogden this morning to arrange for his burial.

CHARGED WITH CRIMINAL RELATIONS.

A complaint has been sworn to in the justice's court by Mrs. Martha Smith, charging one Fred Planz with fornication with Edna M. Smith, a daughter of the complainant. Planz employs Attorney Lesinger to appear in his behalf, who waived the reading of the complaint and gave a bond to appear for trial on Tuesday, April 12, at 2 p. m.

JACK FUREY HELD.

Yesterday afternoon Jack Furey was arraigned before Judge Howell on a charge of robbery, being implicated with the gang robbery and also a number of other cases in Ogden. He waived the preliminary examination and was bound over to the district court under a bond of \$1,000, which he could not furnish and was returned to jail.

DEATH OF A YOUNG WOMAN.

Mrs. Rose Kershaw-Miller, wife of Oliver Miller, died here last night at 11 o'clock at the hospital from the effects of undergoing an operation for a tumor. The deceased was 21 years of age, was born in Ogden, and married Mr. Miller about two years ago. She was well known and a highly respected lady, having lived here all her life, and having been married to her husband for 2 p. m. Friday, at the Fourth ward meeting house.

WANTED FOR MURDER.

Man Arrested at Ogden Thought to be The Guilty Party.

(Special to the "News.")

Ogden, April 7.—This morning Officer Bott arrested a man giving the name of James Moor on suspicion of being the party wanted at Columbus, O., on the charge of fatally stabbing a guard at the Columbus penitentiary in 1894. Moor was serving time for robbery and was turned into a dispute with the guard, when he stabbed him with a knife, inflicting a wound from which he died some time later. The prisoner then made his escape and has been at large ever since. The arrest was made on a description from the Cleveland police, who have been wired for further means of identification.

BANK ST. ANTHONY.

The Application of J. E. Cosgriff and Others Has Been Approved.

(Special to the "News.") Washington, D. C., April 7.—The application of James E. Cosgriff, of Rawlins, Wyo., John B. Cosgriff, Marcellus J. Gray, Thomas R. Hamer and Frank W. Ross, to organize the Commercial National bank of Saint Anthony, Idaho, with \$25,000 capital has been approved by comptroller of currency.

MORE PENSION FOR W. C. ROBERTS.

(Special to the "News.")

Washington, D. C., April 7.—Senator Smoot has introduced a bill to grant an increase of pension to W. C. Roberts, Provo, from \$12 to \$24.

Japs Cruising Near Port Arthur.

St. Petersburg, April 7, 6 p. m.—The admiralty has received information that a Japanese squadron has been cruising off Port Arthur since yesterday.

Everybody Enjoys Three Crown

It's Imported from Japan's Choicest Tea Gardens by

Hewlett Bros. Co.

SON KILLED IN RAILROAD WRECK.

(Special to the "News.")

Provo, April 7.—Information has been received by City Marshal Henry which causes him to fear that his son Boone was killed in a railroad accident on the Great Northern railway near Swinton, B. C., March 14. A letter written to his son by W. A. Wilson of Provo was found in the clothing of the dead man and was sent to Wilson by the Mr. Dixon. The former notified Mr. Henry and he has been making inquiries at Kallspeil, Flathead county, Mont., where the victims of the accident were buried, which leaves but little doubt that the dead man was Mr. Henry's son. His photograph has been sent to Kallspeil so as to make the identification more complete. Boone was 23 years of age and had lived here all lately when he started out in search of work.

GEORGE BROTHERTON BURIED.

George Brotherton of Ogden, aged 54 years, and a patient at the state mental hospital, died Tuesday from general progressive paralysis, and was buried today.

LATE LOCALS.

The remains of the late Dr. Garrison will be shipped today to his former home at Newburg, N. Y., for interment.

Mr. Kent White, a Denver revivalist, is holding nightly meetings at the Nazarine mission on State street, with results very gratifying to the members of that church.

A troop, First cavalry, boys put in three solid hours last night, overhauling their troop property to get them into shape for the coming inspection by Capt. Sturgis of the regular army next week.

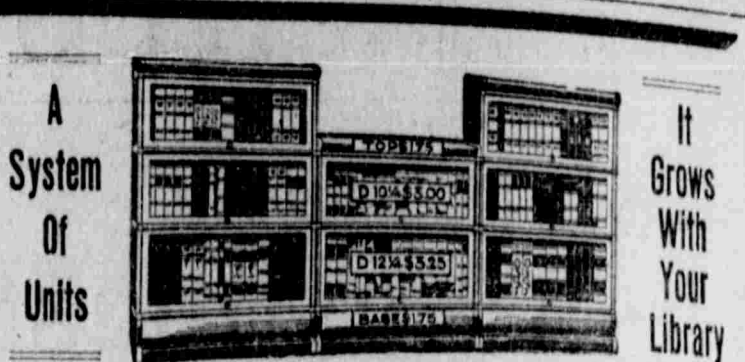

The Elks installed their newly elected officers last night, at the regular Wednesday evening session. Refreshments were served and a pleasant time indulged in.

Stone setting began this morning, at the Y. M. C. A. building, so that now the first story has begun to rise up. Work is also being actively pushed on the east tower of the Catholic Cathedral and much is being done in the way of brick backing, preparatory to hoisting the great steel roof trusses into position. The roof has been about completed and will shortly be let which will provide for the completion of the structure.

The general committee on the irrigation improvement scheme is meeting this afternoon, in the office of President Angus M. Cannon, with a view to taking some definite action relative to the position of the obstructionists in the South Jordan Canal company. Colonel Holmes remarked before the meeting his belief that something would be done of a definite nature, though at the time it would be impossible to outline the same in advance with any degree of certainty.

AFTERNOON STOCK SALES.

The sales of this afternoon were confined to four stocks as follows: Lower Mammoth—100 at 22½; Century—100 at 70; New York Bonanza—500 at 8½; Tetro—500 at 20½.

THE GLOBE-WERNIKE ELASTIC BOOKCASE

BUSINESS NOTES.

Today's local bank clearings amounted to \$405,555.12 as against \$442,514.41 for the same day last year.

Perry S. Heath has bought from Dr. S. H. Allen, Capt. Samuel Paul and J. M. Johnson of Brigham City, three lots at First West and South Temple streets, 8x133 feet, for \$22,000. Mr. Heath will erect there a building with a 123 foot front, two stories high, of buff brick, with six stores on the bottom floor, and 36 living rooms above, at a cost of \$12,000. J. Donnan Reavis has the building contract.

Articles of incorporation of Foster's military band of Ogden, were filed in the secretary of state's office today. Its capital stock is \$10,000, divided into shares of the par value of \$1 each. W. P. Foster is president, T. J. Eaine, vice president, C. M. Hiestand, secretary and treasurer.
