## UTAH AS A STATE.

THE Omaha Herald has the follow ing under the above caption-

"The House Territorial Committee has under consideration a bill providing for the admission of Utah

tee has under consideration a bill providing for the admission of Utah as a State. Mr. Cannon, the dele gate from that Territory, asserts that there is a larger population there than are in Colorado when it was admitted. The trouble about Utah's admission is the Mormon question, or rather, the question of polygamy. Utab's admission as a State will, we apprehend, be long deferred, on account of an obnoxi-unged that people to put in abso-lute abeyance. "We still finist that George Q. Cannon and the strong man whom he so distinctly represents, the head of the Mormon Church, ought to act upon a fact which we certainly involves the people of Utah. Statehood is which these people med, and they would gain much by getting it. But realstance to the admission of the State will get on the real committee. The demounced the man start in the most unmeasured the strong man whom he so distinctly represents, the head of the Mormon Church, ought to act upon a fact which as certainly involves the people of Utah. will prove correct; but if we hold this opinion it must be a matter of faith, not of evidence. What are the facts upon which judgment should be founded? The Czar's Clawson J K Cowan W Campbell W should be founded? The Czar's Moscow speech remains unmodi-fied by any dater utterance. The Russian army is now indisputably in a high state of preparation. The latest news from Odessa, in a letter dated January 12th, and pub-lished in the Cologne Gazet's, is that the railway company has again been ordered to suspend the goods traffic from January 15th, as large numbers of troops, especially Davis Mr Duffin A Dahlgren-C Davis R of 16 years, at Jersey City. —A member of the chain gang in Des Moines, Ia., was working in a culvert, his hands encased in lav-ender kids. —One good turn deserves an-other. wants an excuse to refrain from war, or is it simply a demonstration of his zeal for peace, which, having failed, leaves him free to fulfill the Moscow declaration? One alterna-tive is as plausible as the other. In connection with the above it is to be noticed that the Belgrade correspondent of the *Times* says the information derived from Russian officers who arrived at 'Belgrade from Kicheneff, shows that the previous accounts of the bad con-dition of the army were exagger-ated. "I am inclined to believe," continues the correspondent, "that the Russians are not averse to al-lowing their enemies to underrate the strength of the blow they are prepared to deal." A Berlin dispatch to the *Times* says preparations to cross the Pruth actively continue. A Pera special to the *Daily Tele*-An eastern contemporary saye, "In the Russian communes the lot of each family is in proportion to the number of males or of married couples; and there is a are double those of France."

The true story of the \$8,000 check has been discovered by the New York correspondent of the Boston Traveller, who unfolds the tale as follows: Your correspondent has just concluded a long interview with Jordan, cashier of the Third National Bank in this city. He declared the \$8,000 check transac-tion was undertaken by three members of the democratic nation-al committee, who determined to General Tchernayeff, being inter-viewed in Pares, said he doubted not that the war would be renewed

in the spring. The Daily News' dispatch from Constantinople says the ultimatum is a more efficient document than at first supposed. It does not sacri fice the executive powers of the international commission.
