

GUINNESS FARM HOOSIERS' MECCA

Ten Thousand People Visit Place
Of Many Murders to Glut
A Morbid Curiosity.

SOUVENIRS WERE ON SALE.

Hundreds Took Lunches With Them
And Made the Day One
Of Festivities.

Laporte, Ind., May 17.—The scenes of last Sunday were repeated today at the Guinness farm. Fully 10,000 people, not quite as many as a week ago—visited the "farm of mystery," and saw all there was to be seen, even to viewing the skeletons of the seven unidentified dead, for the temporary morgue was open part of today and persons were permitted to gaze at the bones of Mrs. Guinness' victims.

Hundred brought their lunches along, for the day was an ideal one, and at noon family groups dotted the orchard and the large front lawn of the Guinness farm. Souvenirs of all kinds were sold on the grounds, the people buying readily, nobody going away without a reminder of some kind. Refreshments also were dispensed on the grounds by enterprising owners of lemonade, ice cream and peanut stands. Excursion trains were run on the Pere Marquette and Lake Erie and Western railroads, while all Lake Shore trains carried extra cars for Laporte. The traction cars were crowded all day.

The Laporte county grand jury will convene tomorrow morning for the purpose of taking up the Guinness case. Forty-one summonses for witnesses have been already served, and it is understood that at least 10 more witnesses will be called, making 50 in all. It is expected that from 10 to six days will be required for the grand jury to hear all the evidence, and so no report is looked for until the end of the week. The grand jury is composed of six men, Coroner Mack tonight signed a release for the body of Ole Budberg, which was identified last week by the two sons. The body will be shipped to Iowa, Wis., where it will be buried in the family lot. Budberg came to Laporte in April, 1907, and drew \$1,200 from an Iowa bank through a Laporte bank. Mrs. Guinness being with him at the time. Budberg never left the Guinness farm. Coroner Mack gave the cause of death as unknown.

PRESIDENT WAS BUSY.

Could Not Spare Time to Receive Delegation of the Unemployed.

New York, May 17.—Alexander Law, who was delegated to convey to Washington a resolution passed at the recent convention for the unemployed held here, reported to a gathering of unemployed today in Manhattan. He said that Congressman Furness of New York had promised to introduce in the house of representatives the resolution of the convention calling for large public works to furnish employment for the idle.

President Roosevelt, Mr. Law reported, had been too busy with the conference of governors to grant him a hearing, if any, are to be retired this year. The system has come to be called "promotion by elimination," and is yearly the object of a great deal of interest to the navy, as the board of rear admirals has to select the most meritorious for promotion, and the least meritorious for retirement.

TO RETIRE NAVAL OFFICERS.

Washington, May 17.—An early decision will be made by Secy. Metcalf of the board of rear admirals to determine what number of naval officers, if any, are to be retired this year. In accordance with the naval personnel act, so as to relieve stagnation in promotion. Last year a number of officers were compulsorily retired, resulting in the promotion of a like number of others. The system has come to be called "promotion by elimination," and is yearly the object of a great deal of interest to the navy, as the board of rear admirals has to select the most meritorious for promotion, and the least meritorious for retirement.

WELLS-FARGO ROBBERY.

Deputy Sheriff Farmer of Dawson, N. M., Arrested in Connection With It.

Springer, N. M., May 17.—Deputy Sheriff W. M. Farmer of Dawson was arrested here today in connection with the robbery of the strong box of the Wells-Fargo Express company of \$35,000 at French last Thursday. Farmer had been detailed to guard the treasure from French to Dawson, where the money was to be used in paying off miners. Farmer was taken to Raton and incarcerated with two men arrested yesterday. It is reported, but unconfirmed, that one of the men under arrest has confessed, implicating two men not yet apprehended.

LITTLEFIELD CALLS CONGRESSMEN COWARDS

New York, May 16.—Congressman Charles E. Littlefield of Maine, speaking at a banquet at the Union League club, Brooklyn, tonight, characterized congressmen as the most cowardly class in America, and quoted Speaker Cannon as saying that "the only thing more cowardly than a member of Congress was a member of Congress."

"Congressmen are the most cowardly set on earth," said Mr. Littlefield, "and conditions are such that they could secure re-election, and therefore they are afraid to act in any manner which could prejudice their re-election. This is one reason why I resigned."

"I believe the people of the country

should control the government of the country, but because of this cowardice of legislators I doubt if direct election of senators would improve conditions any. They would then be in the same position as the members of the lower body."

Mr. Littlefield deprecated the branding of all rich men as malefactors.

ARCHBISHOP BOURGADE DEAD.

Chicago, May 17.—Most Rev. Peter Bourgade, archbishop of Santa Fe, died at a hospital here today of heart failure, aged 63 years.

The archbishop came to Chicago May 1 from Hot Springs, Ark. He was suffering from a slight physical weakness, but until yesterday had not been confined to his bed. On the contrary, he took short drives on days when the weather permitted, and his condition was not considered serious.

Yesterday, feeling more than usually indisposed, he remained in bed. He had a sinking spell early today, from which he appeared to have rallied, when he was again stricken and died at 5 o'clock in the afternoon. Rev. S. Gates, chaplain of the hospital, and Rev. Thomas Carahan of Buffalo, the latter a patient in the hospital, were at the bedside.

Archbishop Bourgade had held his present charge since Jan. 7, 1899. Born and educated in France, he went to Arizona as a missionary in 1889, was ordained at Santa Fe the same year and began work at Yuma in 1870. He was consecrated in 1885 vicar apostolic of Arizona, with the titular rank of bishop of Taumaco, and resided at Yuma until promoted to be archbishop.

PORTUGAL REDUCING DEFICIT.

Lisbon, May 17.—The budget statement for 1908-9, as prepared by the minister of finance, shows a reduced deficit as compared with 1907 of \$270,000. It is estimated that the revenue will amount to about \$70,000,000 and the expenditures to about \$72,000,000.

TREATING TUBERCULOSIS.

Very Satisfactory Results Had from Use of Mercury.

Washington, May 17.—Recent advice from the new naval hospital at Fort Lyon, Colo., confirm the promising report made by Surgeon E. L. Wright on duty at that sanitarium, regarding the results of treating tuberculosis by the use of mercury. Naval surgeons have been closely observing the 37 cases subjected to this treatment, and progress, it is said, has been such as to add to the confidence that they have made an important discovery.

PAN ANGLICAN CONFERENCE.

Will Convene in London June 16 and Continue for a Week.

London, Tuesday May 17.—Delegates from a thousand dioceses scattered throughout the world have been selected to attend the Pan-Anglican conference to be held in London in June. These delegates, including laymen and clergymen, will in most cases be accompanied by the bishop and the prophecy of the organizers is fulfilled, the congress will rank among the great gatherings of religious workers. Most of the American bishops have sent their acceptance, and as each diocese in the United States will also send one or more clergy and laymen, America will be well represented, both as regards numbers and ability; all the colonies will have their spokesmen and missionaries from every portion of the globe are coming to tell of work among native tribes.

The program of the congress embraces problems of divers characters, and in order to get through the list of papers, the work has been divided into six sections, which will sit simultaneously during the week, June 16 to June 22.

Washington, May 17.—Secy. of the Navy Metcalf arrived in Washington tonight from San Francisco, where he reviewed the combined Atlantic and Pacific fleets last week.

NORTH DAKOTA DIVORCES ARE INVALID IN ENGLAND

London, May 16.—A decision was handed down in the chancery court this morning holding that divorce decrees in Dakota was not valid in either Canada or Scotland. By it a youth named Richard Stirling, a resident of British Columbia, is deprived of estates in Scotland worth \$40,000. Richard's mother was married first to a Scotchman named George Smith and the couple went to Canada. Smith subsequently secured a divorce from his wife at Fargo. Mrs. Smith later married a man named Walter Stirling in San Francisco. Richard, an offspring of this later union, would have succeeded to the estate of George Smith but for the decision of the court that he is illegitimate on the ground that George Smith was not domiciled in Dakota. The court holds that the divorce and the subsequent re-marriage of Mrs. Smith both are invalid.

THAW THROUGH WITH HIS ORDEAL

Was Very Nervous and His Ex-
perts Told Him Conduct on
Stand Prejudiced Case.

DECISION ON NEXT MONDAY.

Evelyn Nesbit Thaw's Counsel Trying
To Get Postponement of the
Divorce Proceedings.

Poughkeepsie, N. Y., May 17.—Frightened after his three days' attendance upon the hearing before Justice Morchauer to determine the question of his sanity, and the trying ordeal of last night, brief though it was, upon the witness stand, Harry K. Thaw slept soundly through the night in the sheriff's room in the court house, and today was up, as usual, at 6:30 a. m.

He looked at all the morning papers and told Jailer Havens that he did not think he was as nervous on the stand as some of the reporters described him.

He said that he had tried to be careful of what he said, and he thought it was his extreme caution that caused his apparent nervousness. He was fatigued, he said, when he went on the stand after the long court session. He also said that the changing of stenographers just after he took the stand caused him some confusion. He was glad that the trial was over. He said he had been told by his experts that his conduct on the stand had prejudiced his case, and he felt some discouragement.

Mrs. William Thaw, his mother, arrived here at 12 o'clock, and Thaw sent a note to Dr. Pilgrim asking him to call and see her. Thaw wished to have his mother cheered up for her long journey to Pittsburgh, and as she is not very well, he particularly requested the doctor not to say anything to cause her anxiety. The note did not reach Dr. Pilgrim in time for him to get to the court house before Mrs. Thaw left, shortly after 3 o'clock, for New York.

Thaw and his mother, who arrived in the city at 12 o'clock, were met by the services conducted in the jail for the prisoners, who used the hymn books purchased by Thaw for the jail.

Justice Morchauer will go to White Plains tomorrow to sit there for a week. He will return to his home here the latter part of the week, having in the meantime received the briefs in the case from Messrs. Jerome and Graham, and he has promised to hand down his decision on the following Monday.

EVELYN'S DIVORCE SUIT.

New York, May 17.—Efforts will be made by Daniel O'Reilly, counsel for Evelyn Nesbit Thaw, to secure a further adjournment of the hearing scheduled for Tuesday next in the proceedings brought by Mrs. Thaw for the annulment of her marriage to Harry K. Thaw. Former Judge Deyo is referee in the case. Mr. O'Reilly will base a request for further postponement on the ground that certain evidence which he expects to present is being utilized in the Thaw habeas corpus proceedings. Mrs. Thaw contends that her husband was insane at the time of their marriage on April 1, 1906.

Col. Franklin Bartlett, one of Thaw's attorneys, says he will move to have the proceedings dismissed when the case comes up Tuesday. He probably will object to a further postponement.

KOREAN CONDITIONS ARE IMPROVING

Seoul, May 17.—Conditions throughout Korea are improving. The determination of Prince Ito, the resident general here, to suppress the disorderly element so that the peaceful farming population may prosecute their work in the outlying districts, where armed bands are harrying the farms and villages, is shown by the prompt arrival of reinforcements of gendarmes numbering about 5,000, who will be scattered throughout Korea.

ACTORS WILL HAVE HARD TIME COMING SUMMER.

New York, May 18.—The coming summer gives every promise of being the hardest one in years for members of the theatrical profession. It has been a long time since there has been such a season theatrically as the one just closed and there is no prospect of any better times for the actors for many months, in fact until after the election next fall. In the height of the season it was estimated that more than 2,000 actors and actresses were out of work in New York, the largest number of unemployed in the profession for many years. Several hundred companies that started in the season with every prospect of success were forced to close soon after the opening of the theatrical season. For this season, a comparatively small number of the actors secured positions, but thousands were forced to be satisfied with short seasons and were therefore unable to lay by amounts to keep them through the summer when work in their professions is always slack.

The actor's fund, the great charity of the theatrical profession, is not in a position to carry on the work which it will be asked to do, for at the annual meeting held a few days ago, a deficiency of more than \$20,000 on the year's work was reported.

The question of living through the summer is a serious one to hundreds of players, and Coney Island and other similar resorts are over-run with members of the profession who are seeking work of any sort that will provide food for the summer months. But in spite of the efforts of managers and others to do all in their power to assist those out of employment and money, it is certain there will be considerable suffering among members of the profession during the coming months.

PRESBYTERIAN ASSEMBLY.

Kansas City, May 17.—Everything is in readiness for the one hundred and twentieth general assembly of the Presbyterian church of the United States of America, which will convene in convention hall in this city next Thursday and remain in session until Saturday, May 30.

Rev. Dr. William Henry Roberts of Philadelphia, the present moderator of the church, will arrive next Tuesday, and he will preside over the assembly until the opening session of the general assembly in making preparations to expedite the important business to be transacted.

KING MANUEL LOVES A LASS

She Is Young Daughter of a Lady
In Waiting to Queen
Amelie.

MAY DISRUPT MARRIAGE PLANS

Alliance With a European Royal
House Desired, a British Con-
nection Preferred.

Lisbon, May 17.—The Mundo prints a story about King Manuel's attachment for the young daughter of a lady-in-waiting to Queen Amelie which threatens to disrupt the matrimonial plans which are being laid for him. King Carlos and Queen Amelie were fully aware of the fondness of Manuel, when a prince, for the girl, who is connected with the highest Portuguese nobility, but they considered it simply a childish fancy.

Since Prince Manuel's unexpected accession to the throne, a suitable alliance with an European royal house is regarded as a necessity of state. Queen Amelie and the Duke of Oporto have been casting about to find an available princess, both favoring one of British extraction because of the close relations between the countries. A few days ago they were openly canvassing the matter in the king's presence, when, to their great surprise, he suddenly announced as his unalterable choice his early love, and proclaimed his determination either to marry her or nobody. Remonstrances on the ground of reasons of state were without effect, and as a consequence, the lady-in-waiting and her daughter will be asked to go abroad in the hope that a long separation will cure the king of his boyhood love.

MIDSHIPMAN DROWNED.

Annapolis, May 17.—Midshipman Arthur Linford Lucas of Cleveland, one of the graduating class, was drowned today, and Midshipman Carl D. Hubbard of Northfield, Minn., who was with him at the time, nearly lost his own life in an effort to save that of his friend. Immediately after dinner at

the academy, the two started out in a 16-foot canvas canoe. They had proceeded from the boathouse around the Santos dock, when the canoe was capsized by the wash of a passing schooner. Lucas lost his grip upon the overturned canoe and showed signs of distress almost immediately. Midshipman Hubbard, who went to his rescue, was almost drowned, but persisted in diving for his friend after the latter had gone down. The body was recovered within an hour after the drowning.
