LOCAL AND OTHER MATTERS.

SNOW, four to six inches more of it this morning.

ANOTHER WHOPPER, sent east by the wires—

"Full half of the Mormon vote at the city election is believed to be illegal."

INDEMNIFIED.—Says the Chicago *Post*—

"If a man loses in a fire fifty thousand dollars in government greenbacks, and can prove it, the bills will be duplicated by the government and loss prevented."

LEFT HER HOME.—We are requested to publish the following: Left her home, in Lehi, March 1st, Minnie Kiezel, a young woman 24 years of age, late from Germany. She is a little deranged in her mind. She wears a brown Kentucky jeans dress and green gingham bonnet, and her hair is cut short. Any information of her whereabouts would be thankfully received by her mother in Lehi.

CHRISTINA BRITTON.

PARTED.—Dr. Newman, says an exchange, has preached his farewell sermon in the Metropolitan Church, Washington, D. C., and bid adieu to his fashionable congregation. He told them he should still reside in Washington. Possibly it takes him all his time to pray in the Senate, keep Congress up to the Methodistical mark, superintend the crusade against the "Mormons," encourage the "judge with a mission," strengthen the religious part of the Presidential backbone, and insist that the heavens will fall unless Mr. Bates be removed from Utah.

ARRESTED.—A man named Antonia Pizanie was arrested yesterday on a charge of obtaining goods under false pretenses. The case is set for two o'clock, before Judge Clinton.

RECOVERED.—The span of horses belonging to a young man from Tooele, and which were taken from Wickel's livery stables on Monday night, were recovered, in this city, yesterday.

PRINTER'S PARTY.—The Typographical Union party, at the Fourteenth Ward Music Hall, comes off to-night.

THE STOCK INTEREST ON THE PLAINS.—Dr. Latham sends us cheering messages of the condition of the stock interest on the Plains. It is the concurrent opinion of Latham, Hutton, Kingman, and other heavy owners that notwithstanding the terrible severity of the late unprecedented winter, the loss will not exceed one per cent.—a great victory for winter grazing on the Plains.—*Omaha Herald.*

LECTURE.—Mr. Frink lectures on chemistry in the 20th Ward schoolroom this evening.

WHY SHOULD SHE BE.—An exchange says:

"Utah is not to be defeated in her attempt to secure admission as a State. The new apportionment law is not considered an obstacle to this result, though it requires a population of 135,000 to entitle her to the right."

There is no good reason why she should be defeated, and the apportionment bill should be no obstacle. The population, however, may be nearer the apportionment bill requisition than is generally supposed. If Utah should be defeated the responsibility will not be with Utah, but with those who would refuse to accede to her just request. Utah but asks for her lawful and constitutional rights.

THE PROPER THING TO DO.—Everybody knows that the administration have got themselves into a very bad predicament over the Utah imbroglio, and seem to be very much puzzled as to which way to turn in order to get free from the difficulty.

Anybody might be excused for entertaining the opinion that the judicial officer who has been the chief cause of the muddle—"the Judge with a Mission"—had a mission not altogether of a political character. Recent developments would tend to indicate that the mission of the ex-Methodist preacher was somewhat of a religious nature. If the dispatches in relation to the poking of Dr. J. P. Newman's clerical nose into the affairs of the administration be true, we hope, for the sake of the heads of the government and everybody else concerned that he will be suitably snubbed and informed that he had better attend to his own business. We would certainly never wish to have so poor an opinion of President Grant as to believe him to be either so short-sighted or so slightly disposed to respect the laws of right as to be in any degree influenced by a bigoted, uncharitable parson, in any action he may take or advise to be taken relative to the people of Utah.

It is well understood that Dr. Newman would not be particular as to the means employed to accomplish what appears to be his pet idea—the destruction of a religious system because it differs from that of which he is a representative. Should any influence that this religious persecutor might bring to bear on the Utah question be heeded, then all who do not know it already would know then that the Mormons are persecuted on account of their religion, and it would be an eternal disgrace to the Government of the United States, to have it established beyond all controversy that the administration supported and maintained a religious crusade.

So far as the matter has gone already, however, the crusade has been considerably a religious one, and the best thing that can be done by the administration is to shake themselves clear of it by setting the matter to rights, to put things right by prompt and energetic action. Wherein the rights of the people have been taken away let them be restored to them. Wherein there have been judicial and official usurpations of power, let such usurpations cease from this time forward.

It is well known by all intelligent people who have given the Utah difficulty any consideration, that usurpations have been effected, and that the entire course of the officials who have been the main cause of the "muss" has been vexatious, extra-judicial and altogether illegal. If any are still in doubt, let them examine the matter for themselves and be convinced. The proper thing for the government to do is to show that they give no countenance nor support to any such unconstitutional, unrepublican and consequently unjust proceedings.

APPROVES.—In the Utah Territorial Convention at Salt Lake City, for the purpose of forming a State Constitution, quite a debate sprang up on the name that should be given the new State. The committee had reported the name Deseret, but there was a strong effort to substitute Utah. That effort, however, failed, and the Convention showed its good sense in retaining the musical name Deseret in preference to the ugly word Utah, and, beside, the derivation of a word has something to do with its beauty. Deseret signifies "honey bee," and that name was adopted by the Mormons because of the habits of the "busy bee." Utah refers to a nasty, filth-infested grasshopper-eating tribe of Indians. The ground taken by the advocates of the name Utah, was that a great Gentile prejudice exists against the name Deseret, as one that the Mormons had appropriated to themselves. But, certainly every candid Gentile will admit that the Mormons are industrious to an unusual degree, and no people, so far as their habits of industry are concerned, are better entitled to the appellation of bees than are the Mormons. It was all a mistake about the supposed prejudice against the word Deseret.—*Cleveland Herald.*

STOP THAT.—According to Dr. Toner, the eminent statician, who has prepared a diagram in regard to the relative longevity of the sexes, and a curious table, showing the number of children born to each thousand women between the ages of fifteen and fifty, there are but half as many children born to the number of women mentioned now as there were in the year 1800. Dr. Toner's table further shows that there has been a regular decrease of births every decade. According to his theory, the depopulation of the world is but a matter of time—say of a few thousand years.—*Washington Star.*

A GREAT MEDICAL DISCOVERY!

MILLIONS BEAR TESTIMONY TO THE WONDERFUL CURATIVE EFFECTS OF

J. WALKER'S VINEGAR BITTERS

Which are a true Medicine, made from the Native Roots and Herbs of California, free from all Alcoholic Stimulants. They are the **GREAT BLOOD PURIFIER, and A LIFE GIVING PRINCIPLE,** a perfect Renovator and Invigorator of the System, carrying off all poisonous matter and restoring the blood to a healthy condition. No person can take these Bitters according to directions and remain long unwell, provided their bones are not destroyed by mineral poison or other means, and the vital organs wasted beyond the point of repair.

They are a **Gentle Purgative** as well as a **Tonic,** possessing also the peculiar merit of acting as a powerful agent in relieving Congestion or Inflammation of the Liver, and all the Visceral Organs.

FOR FEMALE COMPLAINTS, whether in young or old, married or single, at the dawn of womanhood or at the turn of life, these Tonic Bitters have no equal.

For Inflammatory and Chronic Rheumatism and Gout, Dyspepsia or Indigestion, Bilious, Remittent and Intermittent Fevers, Diseases of the Blood, Liver, Kidneys, and Bladder, these Bitters have been most successful. Such Diseases are caused by Vitiated Blood, which is generally produced by derangement of the Digestive Organs.

DYSPEPSIA OR INDIGESTION, Headache, Pain in the shoulders, Coughs, Tightness of the Chest, Dizziness, Sour Eructations of the Stomach, Bad taste in the Mouth, Bilious Attacks, Palpitation of the Heart, Inflammation of the Lungs, Pain in the regions of the Kidneys, and a hundred other painful symptoms, are the offsprings of Dyspepsia.

They invigorate the stomach and stimulate the torpid liver and bowels, which render them of unequalled efficacy in cleansing the blood of all impurities, and imparting new life and vigor to the whole system.

Cleanse the Vitiated Blood whenever you find its impurities bursting through the skin in Pimples, Eruptions or Sores; cleanse it when you find it obstructed and sluggish in the veins; cleanse it when it is foul, and your feelings will tell you when. Keep the blood pure and the health of the system will follow.
