

# FLOOD SITUATION IS UNDER CONTROL

## Heroic Work of Officers and Citizens Gets Upper Hand of City Creek.

### DANGER POINT IS PASSED

Residence in Canyon Road for a Time Seriously Threatened—Cool Weather is Favorable.

During Saturday and Sunday, the greatest flood City Creek has seen in years poured through the city threatening destruction to everything in its course. But for the excellent work of the men under the direction of Superintendent Hobbday and the water department, the homes of the residents on Canyon road would in all probability now be laid waste. At 6 o'clock Saturday morning, the men from the street and waterworks departments went to work and stayed bravely with it for 16 hours, when a new shift was put out.

From West Temple to First West the railroad track was torn up and rendered utterly useless. Farther down the stream again broke out at Sixth West and from there on to the Jordan river the street is flooded. The water comes out of the creek crosses Third West, the entire roadway is filled with gravel, and teams are still busy bringing in sand bags, rocks, etc., being used to hold the water out of the yards of the residences.

### DANGER POINT PASSED.

All danger is now passed, as far as the city creek is concerned. Mr. Hobbday says that with a few men to guard the debris and keep the aqueduct from clogging, there is no more danger from that section. Between Third and Sixth West, the water is being held back by a line of sand bags and poles anchored to the banks with all the rope that could be had on Saturday. On North Temple from Sixth West back to the original course for some days, banks are made securely to hold the water from flooding the homes on that street, and Mr. Hobbday says that they have it under complete control. The water has been greatly receded since yesterday, and around the Oregon Short Line depot little danger is threatening now.

From Tenth West effort is being made to get the water out of the street. It is little property in that vicinity that can be injured, so all the work is being concentrated in protecting the property further down the street.

The Jordan river is doing its generous share in the trouble. It is at present a foot higher than it has ever been known to be in the last 20 years. The river has overflowed its banks and many of the people are completely shut in their homes. The conditions in the canyons are now past danger, and the men in Cottonwood and City Creek are at present able to handle the streams with little trouble.

### RESIDENCE IN DANGER.

The situation on Canyon road near Fourth Avenue yesterday looked rather serious, especially near the residence of V. L. Halliday. The retaining wall on the east side of the house which stands very close to the bank, was entirely washed away, and the bank for 20 feet went in. The small bridges in that neighborhood are being undermined, and the water is being washed away from the bridges for several feet.

At the culvert near the O. S. L. depot there is less work being done today and only a few men are stationed watching the rubble that is being washed away. The water is being held back by a line of sand bags and poles anchored to the banks with all the rope that could be had on Saturday.

At the culvert near the O. S. L. depot there is less work being done today and only a few men are stationed watching the rubble that is being washed away. The water is being held back by a line of sand bags and poles anchored to the banks with all the rope that could be had on Saturday.

# TEN PERSONS WERE DROWNED

## Freight Wharf on Which Crowd of People Had Rushed for Steamer Suddenly Collapsed.

### SIXTY-FIVE WENT INTO WATER

Rescue Party Searching for Bodies of Those Known to be Missing—Who Number Seven.

Mandeville, La., June 7.—By the collapse of a freight wharf here upon which about 65 people had rushed after yesterday evening to board the excursion steamer Margaret on her return trip to New Orleans, 10 persons are known to be dead and a rescue party is searching for the bodies of seven other persons who are missing.

All were residents of New Orleans. The Margaret did not land at the wharf to which she was accustomed to the up. Instead, she ran into a dock built especially for skiffs and small craft. This small wharf was pulled by the steamer's ropes entirely away from the main pier and some 70 people went into the lake in about eight feet of water. The cries and shrieks of those precipitated into the lake were heard all over this place and many men rushed to the wharf to join in the work of rescue. The officers and crew of the Margaret rescued many by throwing them life preservers.

The bodies were all taken to New Orleans last night on the Margaret.

### DR. MACLAURIN MADE PRESIDENT OF MASS. TECH

Boston, June 7.—Dr. Richard Cockburn MacLaurin was today formally inducted into office as president of the Massachusetts Institute of Technology. President MacLaurin was formerly connected with Columbia University.

### COREY NOT NEGOTIATING WITH GERMAN STEEL MAKERS

Paris, June 7.—William E. Corey, president of the United States Steel corporation, today authorized a denial of the report current Saturday, that he is conducting negotiations with the German steel federation, with a view to arranging an agreement on behalf of the United States Steel corporation regarding steel imports and exports in the two countries. He said that he had no such negotiations with the German steel federation.

### ARRESTED IN CONNECTION WITH ADANA MASSACRES

Constantinople, June 7.—An official telegram received here today from Adana, Asiatic Turkey, says that 45 Moslems and 10 Armenians have been arrested there in connection with the rioting and massacres of April.

### FROHMAN GETS "CHANTICLEER"

Paris, June 7.—Charles Frohman announced that he has secured Rostand's "Chanticleer" for America.

### HARRISON IN LONDON.

London, June 7.—E. H. Harrison arrived today from New York, on his way to Paris.

### ADELIN KNAPP DEAD.

San Francisco, June 7.—Miss Adeline Knapp, the California novelist and magazine writer, died yesterday at her home in Alhambra, a suburb of Los Angeles, in her fifth year. Miss Knapp became widely known at the time of the Hawaiian revolution, when she journeyed to the islands as the representative of a San Francisco newspaper. Since then she has written several books that attracted attention.

### LEWISTON NAT'L BANK.

Warrants Issued Charging Ex-Officers With Embezzlement.

Lewiston, Idaho, June 7.—Warrants have been issued by a United States commissioner charging Clarence Robnett, ex-bookkeeper and J. L. Chapman, ex-assistant cashier of the Lewiston National bank with embezzlement. Robnett is charged with having embezzled \$91,375 from the bank and Chapman with having embezzled \$45,625, the total, \$137,000, being the amount of the shortage said to have been discovered recently in the bank's funds.

Chapman has been placed under arrest and released on a \$5,000 bond, supplied by ex-postmaster J. L. Chapman, his brother and John D. Chapman, a business man. Robnett, it is said, will arrive here from the east tomorrow. The preliminary hearing of both men has been set for June 21.

### VERY STRANGE BUT ADMIRAL SEEBREE FOR BIG NAVY

Portland, Or., June 7.—Rear Admiral Uriel Seebree, commander of the Pacific fleet, who arrived here last night, is in favor of a large navy.

"We want ships," said the admiral. "We want more of them. We ought to be building three or four Dreadnoughts every year, and we ought to have a fleet of 100 ships. We should lay down 10 Dreadnoughts at once, but we should see that some are started every year."

"I don't think that a greater fleet is so particularly necessary on the Pacific coast. We are not going to have war with the Japanese, at least not the kind you mean. But almost any of the foreign countries could build an army in New York, San Francisco or Seattle, and capture them, too."

### CRIMINOLOGISTS GATHER IN CHICAGO

Chicago, June 7.—Criminologists from all sections of the country gathered in conference here today under the auspices of Northwestern university. The law school, today and tomorrow will be taken up in the discussion of topics of criminal law and criminology. Unnecessary multiplication of criminal laws, reform in expert testimony, the jury system, simplification of judicial procedure, restriction of the right of appeal, supervision of "Black Hand" and such subjects, irresponsibility and insanity, mixed high schools, technical pleadings and similar topics have been selected.

# CULMINATION OF POLITICAL FEUD

## Fred Moheille, on Trial for Murder, Killed in Corridor of Court Building.

### VICTIM SHOT HIS SUPERIOR.

Moheille Asserts That Gang Had Threatened to Get Him, but He Refused to Reveal Their Identity.

St. Louis, June 7.—Fred Moheille, on trial for murder here, was assassinated in the corridor of the four courts by William Kane, an ex-deputy constable, today.

Moheille killed Constable Sam Young in North St. Louis several weeks ago. William Kane who shot Moheille today, was a former deputy under Young. The shooting occurred as Moheille was being taken to court to stand trial for the death of Young, and is the culmination of a bitter political feud.

Moheille had asserted shortly after the Young shooting, that the "gang had threatened to get him," but following the chairing of the "gang," he refused to reveal the identity of the men who had threatened him, saying that he could take care of himself.

# ADVENTURES OF THE AERONAUTS

## Two of the Balloons in the Great National Race Shot at but No One Was Hit.

Indianapolis, June 7.—All but one of the balloons that started in the Aero club of America's great national race Saturday, have been heard from. Two of the balloons were shot at, but no one was hit.

The St. Louis III, is supposed to be sailing toward the Gulf of Mexico. The New York, with A. Holland, Piers, and the Cleveland, with C. Corbitt, Miss, at 5:10 a. m. today.

The Hoosier, Capt. T. S. Baldwin, pilot, landed at Greenfield, Tenn. No details regarding the landing of either had been received.

The Indiana, Carl Fisher, of Indianapolis, pilot, and G. A. Bunnage, assistant, had come near enough to ground at Schuickel Island, Tenn., last night to get a fresh supply of water. They then mounted again to the higher currents to continue the race. Schuickel Island, Tenn., last night to get a fresh supply of water. # FAMOUS KENTUCKY SHERIFF AMBUSHED

## Edward Callahan, a Leading Actor in Breathitt Co. Feuds, Shot, Probably Fatally.

### THE EXCITEMENT IS INTENSE.

Blount County Put on Assassin's Trail—Victim Had Told Friends Was Fearful of His Life.

Jackson, Ky., June 7.—Ex-Sheriff Edward Callahan, famous throughout this section of the state for the part he played in the numerous feuds that have disrupted Breathitt county for years, was shot from ambush early today, and it is believed, fatally wounded, at his home in Crockettville, 15 miles from Jackson.

Callahan had swept out his store preparatory to opening for the day and was brushing the refuse from the front door when the shot was fired. The ball took effect in the left side of his abdomen. Two doctors left early for Crockettville. Bloodhounds have been put on the trail of the assassin, who it is believed, is a member of the "Cotton Pickers" gang. The excitement in this region is intense over the shooting.

Callahan was in Jackson Saturday in attendance upon court, a warrant having been served upon him for malicious shooting in a family affair some time ago. His case was continued and he at once left Jackson, telling one of his friends that lately he was fearful of his life.

### CAUSE OF SHOOTING.

Lexington, Ky., June 7.—It is reported here that the immediate cause for the shooting of ex-Sheriff Edward Callahan was a dispute over the management of a church he built, and of which he is deacon, at Crockettville.

Capt. W. G. Mulliken left here with a posse to trace the assassin.

Callahan was the chief lieutenant of Judge James Hargis, who was shot and killed by his son, Beech Hargis, the day after the shooting of Callahan. Hargis received a life sentence. Judge Hargis several years ago appointed Callahan sheriff of Breathitt county, and the enemies of the Hargis clan claimed that they were being persecuted. Six years ago Atty. Gen. J. B. Marcum was shot and killed in Jackson, and Callahan and Hargis were arrested. Many of the members of the Hargis clan had removed from Breathitt county and it was believed the feud had ended.

### SOCIETY WOMAN KILLS HER SON AND HERSELF

Salem, O., June 7.—Mrs. Elizabeth Sharp, a prominent society woman, and her son, John, were shot and killed on the night of June 3 by Patrolman Harold last night and then herself with a revolver. The tragedy occurred when the mother and son were returning from a party at the home of a friend. The mother was shot in the back and the son in the chest. Both died instantly.

The motive of the tragedy is believed to be the woman's sorrow over the death of her son, who was a member of the local police force. She had been mentally deficient from birth. Mrs. Sharp was 35 years of age.

### TRANSCONTINENTAL AUTO RACE.

St. Louis, June 7.—The two Ford cars in the New York-to-Seattle automobile race, arrived here at 6:35 a. m. today. They were followed two hours later by the Chevrolet machine, which was driven by the A. C. Meade and his partner. The A. C. Meade came in shortly before noon. All the drivers report having encountered no trouble in the run from Chicago. The heavier cars being handicapped by the mud.

### ITALIANS LEAVING McCLLOUD.

McCloud, Cal., June 7.—The Italian employees of the McCloud River Lumber company, who went on strike, are settling their accounts and leaving for their homes. The strike has lasted for several days longer. Everything is quiet, and all danger of serious trouble seems to have passed. Although work has partly been resumed in the mills it will not be resumed until the strike is over. The heavy cars being handicapped by the mud.

### FOR CHEAPER CABLE RATES.

London, June 7.—The question of cheaper cable rates between the colonies and the New York-to-Seattle automobile race, arrived here at 6:35 a. m. today. They were followed two hours later by the Chevrolet machine, which was driven by the A. C. Meade and his partner. The A. C. Meade came in shortly before noon. All the drivers report having encountered no trouble in the run from Chicago. The heavier cars being handicapped by the mud.

### ABERGAVENNY STAKES.

Lewes, Eng., June 7.—The Abergavenny stakes, for 2-year-olds, of five sovereigns, with 20 sovereigns added, a distance five furlongs, was won today by Wolfhound. The Israelite was second and P. W. Wines' Top O' the Morning third. Six horses ran.
