

change this forenoon brought \$2,143.12. The market was featureless and nothing of special interest entered into the trading. Only 27 shares of Daly_West. were sold, two on the regular board at \$21.25, and the balance on the open board at \$21.15. An even 100 shares of Grand Central was brought out, the stock going at \$4.57%. May Day passed the calls without serious fluctuation, while Sacramento tumbled to 14%. Yankee Consolidated was started off at 37 cents, closing two points higher. one is satisfied to hold on and share in the dividends that are almost cer-tain to come soon. There is a dullness centered about Century and the buyers

John Woodside of Philadelphia pur chased at auction a few days ago 8,500 shares of Tonopah ctock, paying therefor \$10.50 per share. The stock had been carried by a large brokerage house for a period of two years and was sold to close out disposed of his holdings in the Tono-pah several months ago at \$6 a share. the The remains of the late Timothy Sullivan, formerly superintendent of the Silver King mine of Park City, who died in Los Angeles of miner's consumption, are expected to reach here this afternoon. The deceased was popular in Park City and enjoyed the ac-quaintance of a large circle of friends. Arrangements for the funeral had not been completed this foremoon. J. T. Hodson, manager of the Lin. coln mine, is in from the property. He reports work is going on in the mine and that the developments are highly satisfactory. The mill has not been started up but it is expected to re-sume reducion of ore in about a week. It has been impossible to haul concentrates away for more than two months, and the company has not desired to pile up any more until that on hand could be started to market—Boise Stateman Statesman. The United States supreme court yesterday affirmed the opinion of the su-preme court of the State of Colorado in the case of the Clipper Mining company vs the Eli Mining and Land company The case involves the extensive tract of land at Leadville, Colo., known as the Earl Placer and was a conflict between the owners of the placer and the owners of four lode claimants. The dewas favorable to the placer claimants.

DALY-WEST DIRECTORS. Regular Meeting May be Deferred Until

Fresident Bumberger Arrives. In mining circles the general impres-sion prevails that the directors of the Daly-West Mining company, who are to meet in a few days, will make a cut in

There is considerable comment among prospective visitors to the world's fair egarding the rates put in by the rail roads. Locally it is felt that as usual the west is "getting the worst of it." Just why westerners should have to pay more in proportion that do the effete easterners is not at this time forthcoming, unless , to quote some Salt Lakers, "they think we are easy." It is the general expression that a single fare plus \$1 should prevail instead of plus \$5, as is the case. In any case it is maintained that the rates are outrageous as compared with those made

The Single Fare Rate for the

Round Trip.

The Putman company announces that a quarterly dividend of two dol-lars per share from het earnings has been declared payable May 16, 1904, to stockholders of record at close of business, April 30, 1904. Mr. J. R. Koontz has been appointed general freight agent of the Santa Fe system withh headquarters at Topeka. This announcement was given out from

MR. TURNER IS BUSY.

Said to be Meeting With Success in Interests of West Quincy.

Private advices received today from Glasgow, Scotland, were to the effect that G. D. B. Turner, manager, is matching of stock in the West Quincy mine of Park City, the proceeds from which are to be used for development

Until Mr. Turner's return, which is scheduled for some time next month, little will be done in the way of pushing development work.

ABOUT READY FOR BUSINESS. Ore Shipments Will Soon be Inaugurated

From the Buckhorn.

The Western Exploration company is the Buckhorn mine at Ophir. One of last night's arrivals from camp declared that the shipment of ores to the Honerine mill at Stockton will com-mence within the next 60 days. An accmence within the next so days. An ar-ial tramway will be built over the mountain to a point in Dry Canyon where the ore will be dumped into bins to be built somewhere near the Mono mine, on the road to Stockton.

ENTER BLACK WARRIOR.

E. H. Dewey, of Namps, Idaho, and Associates Bond a Gold Proposition.

E. H. Dewey of Nampa, Ida., and as-sociates, have decided to enter the Black Warrior district in that state, where they have bonded a group of three claims, the White Ribbon, Hum-beidt and Golden Eagle. The properly was examined recently by W. H. Lin-ney, general manager of the Checkmate mine at Pearl. Ida. at Pearl, Ida.

Development work will commence in the very mear future—just as soon as the roads are in condition to take in supplies. The White Ribbon claim is said to contain some very rich gold

None of the directors dividend. have been heard to say this much, as far as can be ascertained, but if such action is not taken it will be somewhat

action is not taken it will be somewhat of a surprise along Broker's row. The regular, date for the director's meeting is next Thursday. An officer of the company said this morning the chances are that no action will be taken in the matter of the dividend until the return of President J. E. Bamberger, who is expected to arrive from the east within the next few days. This being the case, the meeting will probably be adjourned until he gets here, when a full representation of the board will be present.

present. The company's stock was decidedly weak this forenoon on the exchange.

KNUDSEN GAS WELL.

At Brigham City Still Spouts Fire-Periodical Eruptions.

The Knudsen natural gas well at Brigham City is still belching forth fire and nightly, since last Friday, the citizens of the Box Elder county town have been treated to an illumination of the skies. Mr. C. W. Knudsen, one of the owners of the lands upon which the strike of natural gas was made last strike of natural gas was made last week, was in the city today. He left home last evening and the well was still ablaze. The well acts a good deal like the geysers of Yellowstone park, except that it spouts fire instead of water. At times the flames will dart up into the air for a distance of 15 or 20 feet, and then subside almost entirely, the fire appearing to be entirely extinct. Pre-ceding each eruption a loud rumbling noise can be heard and the ground sur-rounding the well trembles as it would in the case of an earthquake. The fact that the well contains no

The fact that the well contains no casing retards the force of the gas. The cave-in of the sands keeps it back and. Mr. Knudsen thinks, this accounts for the periodical eruptions. The gas is oderless and the ground about the well

appears to be covered with ashes where the fire has burned. LIVE STOCK.

> PRODUCE. CHICAGO.

Chicago, May 3 .- July wheat opened 1/4

by eastern roads. Take the New York Central, for instance: The regular fare on this road between St. Louis and New York is \$2.25. The New York Central makes the round trip fair rate with a 10-day limit an even \$20, or \$4.25 less than the reg-

ular one-way rate. That there is some hope of the rate being yet reduced is evidenced by the following concession which was sent

out by the Associated Press from Chi-cago this morning: "The time limit of St. Louis world's fair tickets has been extended by nearly all of the western roads from 10 days to 15 days. Nearly two weeks ago the Western Passenger association decided that the limit of world's fair tickets should not exceed 10 days on those sold in the association territory on a fare and one-fifth basis. One or two of the roads were not satisfied with that action and they gave individual notice that they would make a 15 days' limit on such tickets.

on such tickets. "Since then seven of the lines have extended the time limit. They are the Burlington, Chicago, Milwaukee & St. Paul, Rock Island, Frisco, Illinois Cen-tral, Missouri Pacific and Union Paci-fic."

In any case, however, the attendance to the world's fair from Utah will not be nearly as large as it was to Chica-go II years ago. In this connection it may be observed that the Elkin's bill is now in force and no passes are handed out to merchants and prospective shippers in order to secure busi-ness. In 1963, to quote a local traffic man, every man who shipped "a case of eggs" over the line clamored for a

pass, and so disorganized were freight affairs that he invariably got it." The number of merchants who went east "to buy goods" during that memorable summer was stupenduous. Now they all have to pay their fares.

Briefly summed up, if a man wants to go to the world's fair this summer, the best he can do is \$42.50 for a ticket, \$18 for Fullman fare and, say, \$10 for meals, or a total of \$70,50 aside from the money he will spend in St. Louis. If he takes his wife along he will have very little change coming out of three \$50 bills.

COAL LAND DEAL.

P. J. Quealy, the Kemmerer Colliery Owner, Gets Foothold in Utah.

The deal in coal lands situated on Quitshem-pah Creek, in Sevier county was this week cleaned up by W. L. Rich-ardson of this city. In all 3,940 acres of coal lands have changed hands, the price paid original owners being in the neighborhood of \$9,000. The deal which has been pending for the past 18 months, was closed by Atty. A. D. Dickson of Castledale who was acting for Mr. Richardson, who in turn, de-clines to divulge who the true pur-

chasers are. Since Mr. Richardson took possession of the land several thousand dollars have been spent in opening up the mamhave been spent in opening up the mam-moth coal vein upon it through tunnels, shafts and smaller openings, says the Emery County Progress. Wyatt Bryan and son were employed to look after the property and work and these men have almost continuous-ly resided upon the property since the date of the first transaction. In all about \$6,000 has been paid out for la-box surveying improvements, etc. upbor, surveying, improvements, etc., up-on the property.

This coal land almost joins that

the general offices at Topeka yesterday, in confirmation of a Chicago dispatch. Mr. Koontz succeeds Mr. Norman.
