

# LAST RACE, MEET AT FAIR GROUNDS.

Alfonso Surprises the Talent by a Wonderful Burst of Speed in Special Race.

## PROGRAM WAS A GOOD ONE.

Postponed Special Trot and Pace from The Day Before Was Captured By Minnie B.

Beautiful weather and a splendid program marked the last day's races at the state fair yesterday afternoon. Yesterday's events were more in the nature of "extras" and the field of starters was not so large as it would have been otherwise.

The feature of the program was the victory of Alfonso, son of Altona, in the special trot and pace. There were five starters in this event, Alfonso and Jimmie R picked as the favorites. But the winners of the latter were greatly disappointed, owing to the contrary actions of the horse. The driver had a hard time to get the horse started, but finally the animal started off with a rush and looked like an easy winner. Alfonso was in the rear while George's son, Belya A, was fighting for second. Then it was that the big horse began to move rapidly to the front. Hal Brown, who was driving Alfonso, took plenty of room and let the animal out for all he was worth. With wonderful strides and going with a regular swinging motion, the horse was soon even with the others and when he rushed under the wire was a good two lengths in the lead. It was a pretty finish and set the crowd to cheering loudly. In the second heat Jimmie R again acted badly and the driver could do nothing with him. Alfonso at once took the lead and by the end of the third heat was also easy for him.

The finish of the special pace and trot of the day before was captured by the little mare Minnie B. The mare took the lead at the start and was never in danger of losing the race.

The five-eighths mile event was taken by Honest John, although handicapped by a light trot and pace. The winner was never passed. The summary follows:

First race, finish of Wednesday's special trot and pace: Honest John (Evans), Argot (Nathans), Moile Allistot (McIntyre). Time, 1:04.5.  
Second race, special trot and pace: Alfonso, H. W. Brown (Brown), 1 1/2; George M. Al Penelope (Brown), 2 1/2; Toni (Brown), 3 1/2; Chester S. Spier Bros. (Hanson), 4 1/2; Belya A. Gus Layton (Brown), 5 1/2; Jimmie R. C. H. Thompson (Ratner), 6 1/2.

Third race, quarter-mile dash—Rattler (Dy), Gullie (Livingstone), May Flower (Evans). Time, 2:24.  
Fourth race, five-eighths-mile dash—Honest John (Evans), Argot (Nathans), Moile Allistot (McIntyre). Time, 1:04.5.  
Fifth race, five-eighths-mile dash—Minnie B. (McIntyre), The Commodore (Brown), Saxby (Livingstone). Time, 1:06.

## BOSTON WON ANOTHER.

Enthusiasm in World's Championship Series Has Not Abated in the Least.

Pittsburg, Oct. 8.—That the enthusiasm in the world's baseball championship series has not abated to any extent was shown when another large crowd turned out to witness the third home game, although high western winds made it rather uncomfortable for the spectators. Boston won, six to three.

Ground rules were again adopted, allowing three bases for hit into the outfield. The heavy rain of the last night and early morning softened the playing field somewhat, but this did not seem to handicap the players. Some very fast fielding was done by both teams. Leever and Dineen did the pitching, and each allowed to hit. The batting and base running of Beaumont and the fielding of Parent were features.

The visitors scored three runs in the third on Leach's throw to first, on a hit on Stahl and singles by Dineen, Colton and Stahl. In the fifth they added two more on Stahl's single, Parent getting first by being hit with a pitched ball. Ferris' single and Wagner's hit threw the plate. Their last run came in the seventh. After Freeman had struck out Parent hit to the ropes for three bases and scored on Leach's double to left. Pittsburg was unable to reach first hit until the seventh inning, when Sebring at first advanced them one base and both scored on Beaumont's fine single to center. Clark's two-bagger to left scored Beaumont. Leach went out on a fly to Stahl. Dineen then sent Wagner and Bransfield to first on balls, filling the bases, but Rife was unable to bring in, going out. Parent to Ferris, retiring the side. Attendance, 11,556. Score: Boston, 6; Pittsburg, 3.

Batteries—Leever and Phelps; Dineen and Criger. Two-base hits—Clark, La Chance. Three-base hits—Stahl. Parent bases on balls—off Leever, 2; off Dineen, 3. Struck out—by Leever, 2; Dineen, 3. Umpires—O'Day and Connors.

After the game here tomorrow the clubs will leave for Boston, where the concluding games will be played, beginning Monday next. This is in accordance with an agreement entered into by the captains of both teams previous to the first game.

## SMATHERS GREAT LUCK.

His Saddle Mac Captured the Historic Kentucky Futurity.

Lexington, Ky., Oct. 8.—Saddle Mac, E. E. Smathers' recent purchase, won the historic Kentucky Futurity for three-year-olds with ease and without apparent effort in three straight heats, going the last mile in 2:12 1/2, which is two seconds faster than the record made by Ferno three years ago. She won by several lengths in each heat, and at only one time was she in danger. That was in the first seven-eighths of the first mile, when Ethel's Pride kept nose to nose with her. Ethel's Pride broke, however, and finished poorly in all three heats. The two races were the first quarter in 2 1/2 seconds.

The pure-gaited little trotter with frictionless mechanism utilized every movement of her body in shortening the distance between her and the goal. Every muscle that she brought into play counted for time and distance. The track was lumpy and damp and full three seconds slow when the starters of the Tennessee Stake were called at 2 o'clock. ## HE USED A "RINGER."

Such is the Charge Made Against Turfman Ed Farley.

Detroit, Oct. 8.—The examination of Ed E. Farley, the Chicago horseman, on the charge of "ringing" the mare Almira at the Chicago race track, was held today. The prosecution created a sensation by introducing two letters to Billy O'Hara, turf speculation syndicate office in that city. In one of the letters written at New Orleans in March, 1902, it was said that a mare had been secured that could go three-quarters of a mile in 1:12 1/2, and that she looked like Sarah Black; that Sarah Black had been put out of the way and that this mare could be entered as Sarah Black to the Roby track and big killing be made at the expense of the bookmakers.

## BATTLE WITH HIGHWAYMEN.

Took Place in Aurora, Ill., One Being Killed.

Aurora, Ill., Oct. 8.—In a battle between three highwaymen and two policemen in Aurora tonight, one of the robbers was killed and another wounded. The wounded highwayman and his uninjured companion escaped.

Previous to the encounter with the policemen these highwaymen held up an electric car of the Riverview Park branch of the Aurora Electric line and after robbing the motorman and conductor of their valuations took possession of the car and ran it to within a short distance of the city limits. They were found later in a car house in Chicago. The dead highwayman was apparently 35 years of age.

## Colonization Scheme.

London, Oct. 8.—The Duke of Westminster has acquired 160,000 acres of land in the most fertile section of the Orange River colony, and will leave England for South Africa this week to inspect the property. He purposes to colonize the territory with English farmers, and Mexican consuls will be one of the principal features of the cultivation.

## Judge Riner Takes Charge.

Topeka, Kan., Oct. 8.—Judge Riner of Cheyenne, Wyo., today took charge of the business in the United States circuit and district courts for the remainder of this year. He is taking the place of Judge Hook, who will attend the session of the United States circuit court of appeals in St. Paul.

## Forbade Chinese to Enter Mexico

Bisbee, Ariz., Oct. 8.—Max Gavito, Mexican consul at Bisbee, Ariz., yesterday refused to permit four Chinese to enter the confines of Mexico at Naco, nine miles from here. The Chinese were brought to Naco from San Francisco in bond. The consular officer at Naco had a permit from the vice president of the republic, but Gavito would not recognize it. Both the American and Mexican consuls wired their respective governments the state of affairs and international complications are expected to arise. The Chinese are in the care of Inspector C. T. Connell.

## Taxes Behind in Morocco.

New York, Oct. 9.—The taxation has not been collected for two years, says a Times dispatch from Tangier. The Europeans who have supplied the sultan of Morocco with western luxuries hold bills for large sums, secured by the customs and holding precedence over any new loans raised. The correspondent says something like bankruptcy appears inevitable unless the powers come to his assistance.

## Col. Wright Made Umpire.

Scranton, Pa., Oct. 9.—Judge Gray, of the anthracite strike commission has appointed Carroll D. Wright umpire in connection with the question of the short working day on Saturday in the Schuylkill region. He has acted in a similar capacity over five previous questions.

## SHE WAS NOT SENSITIVE.

Employees in various lines of business who are out for tips are not easily insulted by chance or premeditated remarks of the people from whom the tips necessarily come. One woman who has had her pocketbook drained and her soul tortured by the insidious but persistent demands of such attendants had that fact impressed upon her early in the week.

She was a visitor in an up-town manicure parlor. She had been there several times before, and each time had courageously gone away without paying anything in excess of the regular taxation. On the occasion of her latest visit the girl who took charge of her hands adroitly introduced tipping as an appropriate subject for conversation. The woman availed herself of the opportunity to express her sentiments forcibly.

"I think it strange," she said, "that self-respecting people who have a good position should so demean themselves as to accept contributions from strangers in that way. If the people for whom I work should offer to tip me every time I drew an extra breath I should feel insulted. I should imagine that they considered me a mere servant."

When the work was at last finished the girl braced back and looked at the woman steadily.

## Special Correspondence.

Chicago, Oct. 6.—Not since Godfrey de Bouillon led the Christian crusaders under the banner of the cross in the historic campaign against the Saracens for the conquest of Jerusalem and the recovery of the holy sepulcher has there been such a crusade as that which John Alexander Dowie has planned to lead from Zion City against the empires of vice and unrighteousness in the great metropolis on the Atlantic seaboard. According to the advance notices, Dowie, with an army of his followers numbering 50,000, will be gathered from various sections of the middle west, to invade New York on the 10th of this month and conduct a two week's campaign for the restoration of the metropolis from the control of Mammon. The restoration host is the name applied to the Dowie crusaders, and it is said that it will take ten railway trains of ten cars each to convey them from Chicago to New York. Doubtless the numerical strength and extent of the Dowie crusade have been greatly overstated, but it will be big enough to make very much of a stir in Gotham. Dowie is a man who does things, and the New Yorkers will find that there is something doing when he gets there with his restoration host.

Whatever else John Alexander Dowie may be, he is a most remarkable and resourceful man. This has been amply demonstrated in the few years of his marvelous career in this city. Starting as an obscure and penniless faith healer on the south side of Chicago ten years ago, he began preaching his peculiar doctrines to a little band of poor and humble people in a cheap hall. Soon he had enough of a following and enough contributions to be able to hire the Auditorium, Chicago's largest and handsomest theater, for his Sunday services. Here he held forth for a number of years, attracting great audiences, some of whom came to scoff, but remained to pray. At all events Dowie now has an immense following, fairly estimated at 100,000 people, largely in this city and contiguous territory, who place absolute and unquestioning faith in him.

In the 10 years Dowie has been in Chicago he has accumulated a fortune of about \$15,000,000 and founded a model city of something like 10,000 inhabitants, which to all intents and purposes he owns. Zion City, as Dowie's town is called, has an area of 10 square miles and is located on the shores of Lake Michigan, seven miles from Waukegan, on the line of the Chicago and Northwestern railway, about midway between Chicago and Milwaukee. Three years ago this plot was unoccupied save by a few scattered farmhouses. Now it is fairly well built up and has the appearance of a thriving and progressive western town. There are several large stores and factories, a hotel with accommodations for 500 guests and other business houses that are usually found in a town of that size.

The Dowie meetings in Zion City are held in a big wooden, barnlike structure which will hold 8,000 people. This is to be replaced in time by a magnificent temple, elaborate plans for which have already been prepared. In the
