A bold hold up and robbery was committed last evening at about 8:30 o'clock, in which two Chinamen were the victims. The affair occurred near the Ogden river bridge, where the Chinamen live and conduct a market garden. At the time mentioned four young, smooth faced, well dressed men met the Chinamen in a dark, secluded place and, grabbing them, two men to place and, grabbing them, two men to ceach Chinamen, they threw the Celes-tials to the ground, gagged them and tied their hands and feet and then went through their pockets, securing two open faced sliver watches and \$30 in money. Each of the hold ups held a pistol, and when they commanded the Chinamen to hold up the sume news Chinamen to hold up, the guns were placed in their faces and they were compelled to surrender. One of the Chinamen received a severe gash in the head by being struck with one of the need by being struck with one of the guns, and they were each severely beaten by the holdups. The China-men made a noise after they were left alone by the robbers and got loose. Some of the neighbors heard the noise and came to their rescue. The police were telephoned for and officers went immediately to the severe of the hold immediately to the scene of the hold up, with an interpretor, and secured every clue possible. Great excite-ment prevailed among the Chinamen. During the afternoon yesterday two well dressed young men, smooth faced,

called at the Chinese home and tried to sell the Chinamen a silver watch, but fid not succeed, and it is now thought the police that the purpose of their lsit was only to obtain a lay of the surroundings for their work last night. The police are also convinced that the hold ups were Ogden boys, and feel confident that they will be apprehended, as their victims gave a good de scription of their assailants.

DEMANDS SYSTEMATIC BOOK-

We call attention to the negligent and

incompetent method of keeping the city accounts. For lack of a proper system of accounting in many of the depart-

ments of the city government, neither the people, Mayor nor City Council is able to obtain a correct knowledge of the financial condition and operations of the municipality. A system should at

once be adopted which will furnish to any citizen, at any time, and in pub-lished reports at stated periods, intelli-

gible information showing the revenues and expenditures of the city.

We condemn the present administra-tion for its reckless extravagance in

squandering the taxes gathered from the people and for the appointment and

employment of incompetent officers and employes, who hold their position, not

by reason of efficiency, but as a reward for political services. We especially condemn its notoriously inefficient man-

ENDORSES REISER'S SYSTEM.

We commend the Republican city officials for abolishing the antiquated inetbods formerly in vogue of keeping city accounts, and for instituting a modern system by which any citizen at any time can obtain intelligible information concerning the revenues and ex-penditures of the city. Under this system regular reports are made and var-ious funds are kept distinct as provided by law, thus assuring taxpayers of their proper use, and giving full and correct knowledge of the financial condition and operations of the municipality.

ENDORSES THOMSON'S ADMINIS-CONDEMNS RECKLESS EXTRAV. TRATION.

We approve the course of the city administration in securing large tracts of government land as a forest reserve, thus protecting our water supply. We indorse the administration's action in adding to the water supply (for which purpose bonds were voted by the peo-ple), thus giving to Salt Lake City the finest and most valuable water system in the west and all owned by the muniipality.

We denounce the platform of the Democratic party in asserting that the indebtedness of Salt Lake City is in excess of \$4,000,000, or that the city debt is an actual mort-gage of \$4.50, or any other sum, on the home of every citizen. The truth is that the city's Habilities are less than \$3,000,000, and the city's assets are over \$6,000,000.

We hereby approve and indorse the action of the present mayor and city council in the course of their economical and able administration of municipal affairs during the past two years.

SUNDAY CLOSING PLANK.

We approve the action of the Republican administration in suppressing gambling houses, and in closing saloons on Sunday; and in closing sa-loons on Sunday; and we pledge the Republican nominees to the enforce-ment of laws and ordinances for the preservation of public morals. We denounce the action- of the Democratic party in its persistent and wilful effort to mislead the public as to facts and to bring discredit on the name of our fair municipality.
