New York, Sept. 21.—The violence of the break in Reading which got down to 160 before it was stopped caused a considerable shifting of accounts else-where and a great deal of stock came on the market. A break in Lehigh Valley in the Philadelphia market of about 13 points aggravated the liquida-tion in Reading. General losses ran well over a point, western stocks also showed extreme weakness. Union Pa-cific, Chicago & Alton and Delaware & Huidson lost 3 points, St. Paul and Re-public Steel 15, New York Central 15, and Amaigamsted Copper 1%. There was a rally later running to 15 in Reading and to 15 in Union Pacific which putied prices up substantially. The market closed strong and active. Pennsylvania's aggressive rise of 2 points over last night pulled the list up and effected a substantial dimini-tion of the losses. United States Steel, was a rally later and Consolidated as extreme six points and United states Reduction 5.
